

Bringing it all together:

Mapping OER with Virginia faculty review

Sophie Rondeau, VIVA Assessment and E-Resources Program Analyst

Virginia's academic library consortium

Open and Affordable Initiatives

Investigates and supports open educational, resource, and access models that increase access and affordability to high quality educational resources for Virginia students.

VIVA's Course Mapping Project

- Support faculty in the discovery and identification of open curricular materials.
- Select OER suitable for high enrollment courses at Virginia institutions.
- Pilot phase involves mapping OER to Transfer Virginia courses.
- A VIVA Course Mapping Task Force oversees workflows and curation.
- OER are tagged to VCCS courses on VIVA Open.

Faculty Review Sprints

- Disciplinary faculty cohorts review curated, aligned OER.
- Ratings for quality of explanation of subject matter and comprehensiveness of OER are assigned.
- Endorsement is applied to OER considered suitable for the course or that would be recommended to a colleague.
- Standardized faculty rating comments are applied to aligned OER.

Bringing it all together

- Learning about what faculty value in course materials.
- Interacting as a cohort provided a dynamic lens.
- Engaging with OER increases likelihood of adoption.

Marking Faculty Reviewed OER

Virtual Library of Virginia (VIVA) on Aug 21, 01:48pm Reply

This resource was reviewed by Virginia faculty for the VCCS.BIO.141/142 and the VCCS.BIO.145 courses and was considered superior in the quality of explanation of subject matter and superior in comprehensiveness for these courses.

VCCS Transfer Course Mapping Hub

Find OER aligned to Virginia Community College System transfer courses.

[About the VCCS Transfer Course Mapping Hub](#)[VCCS Transfer Course Collections](#)[Groups](#)

About the VCCS Transfer Course Mapping Hub

The *VCCS Transfer Course Mapping Hub* provides a listing of OER selected and aligned specifically for VCCS transfer courses by librarians across the state. Since many of the transfer courses are high enrollment, general education courses, the selected OER may also be useful to equivalent courses offered at 4-year institutions. Filter subject collection resources by Course Alignments to see resources aligned to VCCS courses.

Thank you
