THE ACADEMIC PROCESSION

The following information, digested from "An Academic Costume Code and Ceremony Guide" prepared by the American Council on Education, may prove helpful in identifying the costumes you will see in the Commencement Procession.

When American colleges and universities desired to adopt some suitable system of academic apparel many years ago, a conference held at Columbia University in 1895, made up of representatives from various institutions, drew up a "By-Law Regulation, or Statute" for the establishment of a suitable code of academic dress for colleges and universities in the United States. This code, with modifications made in 1959, is still in force; the costumes and colors, trimmings, and patterns you will see are all traditional and interpret both degree and the field of learning. The bachelor's gown, designed to be worn closed, has pointed sleeves; the master's gown, which may be worn open or closed, has an oblong sleeve open at the wrist which hangs down in traditional manner. The rear part of its oblong shape is square cut and the front part has the arc cut away. The doctor's gown has bell-shaped sleeves. It may be worn open or closed. Bachelor's and master's gowns are untrimmed. Doctor's gowns are faced with black velvet with three bars across the sleeves; or the color of velvet may be that which is distinctive of the degree, agreeing with that of the edging of the hood. The colors you will see in the hoods and gowns of our faculty represent the various fields in which the degrees were taken. A few are:

- Accountancy, Commerce,
Business.....Drab (Yellow-Brown)
- Agriculture.....Maize (Pale Yellow)
- Architecture.....Blue-Violet (Purple)
- Arts, Letters, Humanities.....White
- Economics.....Copper
- Education.....Light Blue
- Engineering.....Orange
- Natural Resources.....Russet (Rust)
- Philosophy.....Dark Blue
- Veterinary Medicine.....Gray
- Science.....Bright Gold
(Golden Yellow)

The hoods, differing in length for the three degrees, (bachelor's, master's, and doctor's) are lined with the official colors of the university or college conferring the degree, usually with one color forming a chevron pattern over the other (for example, orange and maroon for Virginia Polytechnic Institute and State University). Hoods are edged and bound with velvet of the color appropriate for the degree. You will see in our procession many edged with dark blue, for doctor of philosophy. Mortarboards are the approved headgear. The tassel, worn on the left side of the cap, may be of gold if the holder has a doctor's degree.

Among the bachelor's candidates, honor students are distinguished by special sashes in white.

UNIVERSITY COMMENCEMENT SPEAKER

Rosemary Blieszner

Alumni Distinguished Professor Rosemary Blieszner is professor of adult development and aging in the Department of Human Development, Associate Dean of the Graduate School, and Associate Director of the Center for Gerontology. She served as the university's Director of Strategic Planning in 2000-01. A native of Pittsburgh, Dr. Blieszner completed her Ph.D. at The Pennsylvania State University in Human Development–Family Studies with a major in adult development and aging and a minor in sociology/social psychology.

Dr. Blieszner joined Virginia Tech's faculty in 1981 and currently teaches courses in adult development and aging to undergraduate and graduate students and is administrator of the Graduate Certificate in Gerontology. She has taught hundreds of undergraduate students and chaired the advisory committees for 8 M.S. students and 19 Ph.D. students. In 1997-98 she received the university's Alumni Award for Teaching Excellence and in 2002 she was named Alumni Distinguished Professor, a position held by 10 faculty members at the university. In 2000, she received the Alumni Recognition Award from The Pennsylvania State University's College of Health and Human Development.

Dr. Blieszner conducts research on family and friend relationships, life events, and psychological well-being in adulthood and old age. With colleagues at Virginia Tech, she is investigating the effects on families of having a relative diagnosed with mild cognitive impairment. Her other current work focuses on the contributions of spirituality to resiliency in old age. Her research has been funded by the Alzheimer's Association, AARP Andrus Foundation, U.S. Administration on Aging, U.S. Department of Agriculture, and U.S. Department of Health and Human Services. She is co-author of four books and co-editor of three others. In addition, she has published 31 chapters in edited books and 62 research articles in gerontology, family studies, psychology, sociology, and personal relationships journals.

Dr. Blieszner is a fellow of the American Psychological Association, Association for Gerontology in Higher Education, Gerontological Society of America, and National Council on Family Relations. She currently serves as editor-in-chief of *Journal of Gerontology: Psychological Sciences*.

Embracing the University's motto, *Ut Prosim*, Dr. Blieszner has served on many university governance committees, held office in several national and international scholarly organizations, presented lectures for community groups, served on church committees, volunteered in local schools, and had ongoing involvement with the Community Foundation of the New River Valley and the Montgomery County Christmas Store.

GRADUATE COMMENCEMENT SPEAKER

Elsa A. Murano

Dr. Elsa A. Murano is president emerita of Texas A&M University where she served as its 23rd president. She was the first woman and first Hispanic-American to lead this prestigious university, where she is currently a professor of nutrition and food science.

At only two years old, Dr. Murano's family fled Cuba after Fidel Castro seized power. After living in several Latin American countries until she was 14, her family settled in Miami, Florida. At that time, she spoke only Spanish, but quickly became bilingual in English and launched an educational career that carried her through to her doctorate, which was earned, along with her master's degree, at Virginia Tech.

Upon graduation in 1990 she became an assistant professor at Iowa State University. In 1995, she joined the Texas A&M faculty as an associate professor in the Department of Animal Science and associate director of the Center for Food Safety. She was named director of the Center in 1997 and quickly rose to the rank of professor in a named professorship position in the College of Agriculture and Life Sciences.

In 2001, President George W. Bush asked her to serve as under secretary for Food Safety for the U.S. Department of Agriculture, making her the highest-ranking food safety official in the U.S. government. President Bush also appointed her to the Board for International Food and Agricultural Development, which advises the U.S. Agency for International Development on agricultural development priorities and issues.

She returned to Texas A&M in 2005 in the joint positions of vice chancellor and dean of the College of Agriculture and Life Sciences. As Vice Chancellor, she led a transformation of agricultural programs and four state agencies within the Texas A&M University System.

Dr. Murano has been principal investigator or co-principal investigator in research projects totaling more than \$8.7 million. She has been widely published, as author or co-author of seven books, book chapters or monographs, and scores of scholarly papers, abstracts and related materials.

Dr. Murano earned her master's degree in anaerobic microbiology and her doctorate in food science and technology from Virginia Tech. She is married to Dr. Peter S. Murano, associate professor of nutrition and food science and director of Texas A&M's Institute for Obesity Research and Program Evaluation.

Virginia Tech Ring Tradition

The Virginia Tech Class ring embodies and invokes memories, traditions and pride that tie Hokies, young and old, together. The tradition began in the 1911-1912 school session. With the 2011 ring, the Ring Tradition will celebrate 100 years. Since the beginning, each Virginia Tech class has designed a ring distinctive and unique to its class. Today, Virginia Tech is one of only a few colleges and universities that redesigns its ring collection each year.

Each year, the sophomore class selects a Ring Design Committee responsible for designing and marketing their class ring collection, adding elements that reflect their class experiences on the class side. All ring designs have an eagle and crossed sabers, usually found on the university side and symbolizing the military heritage and traditions of the Corps of Cadets. The chain links that have encircled the ring bezel on Virginia Tech rings since 1940 represent class unity, the strength of many united as one.

Beginning in 1991, each class began naming their collection in honor of an outstanding Virginia Tech personality. During each class's junior year, the collection is unveiled in the fall at the annual Ring Premiere. Rings ordered in fall are delivered the week of Ring Dance, held in the spring of the class's junior year.

Ring Dance

The first Ring Dance was held on April 27, 1934, where the saber arch, ring figure and presentation of the ring by the junior's date were introduced. The Virginia Tech Ring Dance symbolizes a hallmark in a Virginia Tech student's career. Upon entering the dance, each couple receives a pair of ribbons. The woman wears her date's ring on her wrist with the darker colored ribbon, and the man wears his date's ring on his wrist with the lighter colored ribbon. The university president presides over the official ring presentation. The Corps of Cadets juniors enter the ballroom and form the ring figure in the shape of the class numerals. They are then joined with their dates who are escorted by freshmen corps members. As rings are presented, "Moonlight and V.P.I.," written in 1942 specifically for the Ring Dance by composer Fred Waring and lyricist Charles Gaynor, is performed. As the clock strikes midnight, the evening ends with an elaborate fireworks display on the Drillfield and the playing of "Silver Taps."

Turning of the Ring

For many years, it has been tradition for a current student to wear his/her class ring so that the name Virginia Polytechnic Institute and State University faces the wearer. Upon graduation, the ring is turned to face out to let the world know the wearer is a Hokie alumnus/a. Those who wear the ring proudly state to others, "I am a Hokie, a Virginia Tech graduate who understands the meaning of Ut Prosim (That I May Serve)."

For more information or inquiries about the ring, contact the Virginia Tech Alumni Association at www.alumni.vt.edu/classrings/ or 540/231-6285.

ALMA MATER

Sing praise to Alma Mater dear,
For V.P.I. we'll ever cheer;
Come lift your voices, swell the song,
Our loyalties to her belong.

CHORUS

So stand and sing all hail to thee.
VT, all hail to thee.

The Orange and Maroon you see,
That's fighting on to victory;
Our strife will not be long this day,
For our glory lies within this fray.

All loyal sons and daughters, one,
We raise our banner to the sun;
Our motto brings a spirit true,
That we may ever serve for you.

Words by L.G. Chase, '42
Music by E.T. Sparks, '40
