BUGLE

IN APPRECIATION

The memories we have been privileged to gather during these years at Tech have been largely due to your loving guidance, your sacrifices, your never-failing confidence in us. Though we have grown in wisdom through our experiences here, our greatest lesson has been one of appreciation . . . our deep and lasting appreciation of you, our parents.

LASTING MEMORIES

"What peaceful hours I once enjoyed
How sweet their memory still
But they have left an aching void
The world can never fill."

"Where is the heart that doth not keep,
Within its inmost cave
Some fond remembrance hidden deep,
Of days that are no more?"

"When time who steals our years away
Shall steal our pleasures too,
The memory of the past will stay
And have our joys renewed."

"Through varying wishes, hopes and
fears,
Fever'd the progress of their years,
Yet now, days, weeks, and months,
but seem

The recollection of a dream."

Cowper . . . Howarth . . . Moore . . . Scott

WE DEDICATE WITH PRIDE

It is with a real sense of pride that we, the Graduating Class of the Virginia Polytechnic Institute, pay special tribute to Major General John M. Devine.

He is a man that we all have come to know, for every member of our Class has had the privilege to work with him, to see him on the drill field, in his office, both during the day and late at night as he made plans to improve the over-all smoothness of the entire school, and particularly the Corps.

In carrying out his many duties as the Commandant of the Cadet Corps, he has also made a special effort to come to know the Civilian Student Body of V.P.I. He is deeply respected by all on the campus, but more than that, he has become a real and trusted friend to all of us. Many times during our four years at Tech, we have felt the strength of his friendship for us as he guided our over-all efforts, and also helped us with our own personal problems.

When General Devine came to Tech in 1952, he made it clear that he felt himself to be a part of the Class of 1956. We have never forgotten that thought, and over the years all of us have felt the devotion which he feels for the Class of '56. We have considered ourselves particularly fortunate to have a man of his high character and forceful thinking. Under his guidance many changes were brought about—changes which not only thoroughly revised our outdated systems, but gave us our most needed and valuable asset, an "esprit de corps" which has grown and thrived under his leadership.

To Major General John M. Devine, the most well-loved and fondly remembered member of our Class, we **DEDICATE** the 1956 BUGLE.

ADMINISTRATION

A MESSAGE FROM THE PRESIDENT

In the years after you leave this campus, what will be the more lasting impressions as you recall your student days at V.P.I.? If you are like most of us as alumni, you will from time to time recall experiences that you had on this campus that have influenced you most in achieving success. No doubt some of the greatest assistance that you received came through the example set by and the thoroughness of the teaching of certain of your professors. You also will recall that the degree of leadership you developed while a student was brought about by the opportunity afforded you to work with groups, learning to evaluate and recognize the worthwhile characteristics of leaders.

Happily some of your most priceless memories will be of the friendships made and continued among your classmates and other students and I expect that these associations will influence you throughout life as thoroughly as any other experiences. Again, as an individual, you will probably recall something that you and perhaps your friends did which contributed to the improvement of the school.

Suppose, and I hope that this will not be the case, you should not have an opportunity to visit the campus for twenty years after leaving. On returning, you might find the atom as our source of heat and power and playing an important part in many of our technical laboratories. This may happen because V.P.I., with its emphasis on science and technology, must move forward and keep abreast of technological development. During this same period, however, you will be contributing to the strengthening of the moral and Christian aspects of our social order and democratic society and, upon a visit to the campus, I am certain that you will be looking for the strengthening of these aspects of student life.

V.P.I. will take its place among the great institutions to the degree that its faculty, students, and alumni contribute to its expanding service through instruction, research and extension activities.

EDWARD JOHN JABLONOWSKI
South Amboy, New Jersey

Metallurgical Engineering

Capt., 4th Bn. Staff, (Air); Sigma Gamma Epsilon, President, 4; American Society for Metals; Newman Club; Senior Representative to Association for the Advancement of Engineering; Yankee Club; Intramurals.

WILLIAM EDWARD JAMERSON
Appomattox, Virginia

Building Construction

Sigma Lambda Chi, 3, Vice-President, 4; Association for General Contractors, President, 4; Cotillion, 4; Building Construction Club, 2, 3, Treasurer, 3; Varsity Football, 1, 2, 3, 4; Monogram Club, 3, 4.

STANLEY JOHN JANUSZ
Newark, New Jersey

Industrial Engineering

Transfer from Newark College of Engineering; A.I.E., 1, 2, 3, Parliamentarian, 4; Intramurals, 4.

JOSEPH EDWARD JENNETTE, JR.
Norfolk, Virginia

Electrical Engineering

Transfer from Norfolk Division; A.I.E.E.-I.R.E., 3, 4; Honor Court, 4; T.E.K., 3.

THOMAS LONG JENNINGS
Laray, Virginia

Agricultural Engineering

2nd Lt., Co. C, (Air); Lutheran Student Association; A.S.A.E.; Apple Club; Intramurals.

ROBERT LEWIS JENSEN
Richmond, Virginia

Aeronautical Engineering

Transfer from Richmond Extension; I.A.S.; B.S.U.; Y.M.C.A.; Richmond Club.

CARL FRANKLIN JESTER, JR.
Newport News, Virginia

Civil Engineering

A.S.C.E.; Hampton Roads Club; Intramurals; *Virginia Tech Engineer*; *Sentinel*; U. S. Air Force, '51-'54.

ROBERT BOOK JEWELL
Lottsburg, Virginia

Agricultural Education

1st Sgt., Co. B, (Air); F.F.A., 1, 2, 3, 4; Northern Neck Club, 1, 2, Treasurer, 3, Secretary, 4, President; Intramurals.

BENFORD HICKMAN JOHNSON
Staunton, Virginia

Aeronautical Engineering

A.I.A.S.; Shenandoah Valley Club;
Civilian Student Body Senate.

DAVID PIERCE JOHNSON, JR.
Falls Church, Virginia

Mechanical Engineering

2nd Lt., Co. E, (Army); Newman
Club, 1, 2; American Society of Me-
chanical Engineers, 3, 4; Capitol
Club, 2, 3, 4; Intramurals, 2; Rifle
Club, 1, 2.

KINSEY RAY JOHNSON, JR.
Greenville, North Carolina

Electrical Engineering

Electrical Engineering; A.I.E.E.;
Eastern Shore Anchor Club.

SHELTON CHARLES JOHNSON
Norfolk, Virginia

Chemical Engineering

2nd Lt., Co. M, (Army); Society of
American Military Engineers; Amer-
ican Institute of Chemical Engineers;
Norfolk Club; Intramurals; Debate
Club; Wesley Foundation; Honor
Court Investigation Committee Chair-
man; Mess Hall; Ring Dance Deco-
rations Committee.

THOMAS COVER JOHNSON, JR.
Narrows, Virginia

Public Administration

Captain, Co. I, (Army); Pi Delta
Epsilon; Circle K Club; Va. Tech.
Circulation Manager, 3; Scabbard
and Blade.

The Long Blue Line

THE CORPS

**"United we stand, divided we fall."
*Motto of Kentucky, 1792***

THE COLORS

MAJOR GENERAL JOHN M. DEVINE
Commandant, Corps of Cadets

AMESSAGE FROM THE COMMANDANT

I congratulate the class of 1956 upon the energy, resourcefulness and sense of duty its members have shown in improving the operation of the Corps of Cadets and in maintaining the standards expected of it.

The Corps of Cadets must stand on its own feet at V.P.I.; it must demonstrate conclusively that the way of life in the Corps contributes materially to the character development of its members. Education is not limited to academic work, and it is not enough to prepare the college student to make a living. He must also be prepared during his college years to meet whatever the future has in store for him. He must be prepared to meet life as well as to make a living. The Corps, by the standards it seeks to maintain and the qualities it seeks to instill, plays a significant part in the whole educational process, and helps materially in preparing its members for the future.

I have a special interest in the class of fifty-six because we entered V.P.I. together. I can confidently say that this class has done its job well and has set a splendid example for future classes to follow.

Success to all of you!

MAJOR GENERAL JOHN M. DEVINE
Commandant, Corps of Cadets

COL. D. P. BARNETT
LT. D. W. WRIGHT
LT. B. S. COMBS, JR.
LT. J. C. EGGLESTON

DAVID D. EDEN	President	JAMES C. BRADFORD, JR.	Treasurer
R. BRUCE AYERS	First Vice-President	CARDY R. DAVIS, JR.	Sergeant at Arms
STUART T. JONES	Second Vice-President	HUNTER P. MABRY	Publicity Officer
JERRY C. SOUTH, JR.	Secretary	ROBERT L. McDOWELL	Historian

The pleasures of serving you as officers of your student government can only be surpassed by our pride in being members of the Corps of Cadets. Our goal has been to preserve and better the Corps in its attainment of developing the well-rounded man; in bettering relations with the Civilian Student Body; and in furtherance of V.P.I. through its Corps of Cadets. Credit for success goes to you, its members.

MR. J. W. GUTHRIDGE

DIRECTOR OF STUDENT AFFAIRS

Using the modern idiom we can say, "We'll Have These Moments To Remember." Your 1956 BUGLE is saying it with "Lasting Memories." Regardless of the way it is said, it means the same—we will miss you. You as an individual, you as a member of a student organization, you as a member of an athletic team, and you as a member of the Class of 1956. In all of your various capacities you have contributed so much that your influence will be felt for years. We hope that you will have the same fond memories of your years at V. P. I. as we know we will have of your being here.

DANCE SPONSORS

Founded in 1913, the Cotillion Club, for the past 43 years has constantly endeavored to improve the social relationship between the student body and the faculty. These principals of organization are executed each year by the club in the sponsorship of a series of non-profit dances and concerts, by the finest orchestras in the country.

Mindful of its past traditions and realizing its high standards, the Cotillion Club seeks for its members, those men who are congenial, friendly and sincere in nature.

The picturesque War Memorial Hall, in which the club dances are held furnishes excellent facilities for the enjoyment and convenience of its guests. Even though the dances are formal, there is an air of congeniality and informality which is seldom found on any other campus, and for this reason Cotillion Dances at V.P.I. have become famous.

It is the hope of the Cotillion Club to continue in its efforts to further advance the importance, as well as equality of social relations and activities on the campus of Virginia Tech. The Club extends a cordial invitation to the past, present, and future students and faculty of Virginia Tech, to be guests at its functions.

DANCE SPONSORS

The V. P. I. German Club, established in 1892, is the oldest social organization on the Tech campus. Mindful of its traditions, the club has sought to provide dances that reflect the highest credit upon itself and upon the college.

Each member strives to create the utmost in hospitality at each German Club function, and promote graciousness to guests of the club, a prime duty and obligation.

The high personal integrity and ability of its members indicate that the high aims set forth at the time of its founding will continue to be maintained.

The VPI Glee Club, under the direction of Mrs. C. T. Holland, enjoyed a very successful year during 1955. The group, composed of approximately 55 members, both cadets and civilians from all classes, presented their first spring concert in the Mosque in Richmond. In addition, the Glee Club performed during convocations and commencement exercises on campus, presented several concerts at various colleges throughout Virginia, and sang Mozart's Requiem in a combined college glee club concert in Roanoke and Lynchburg.

The Glee Club is a voluntary organization, and its members are bound together by a common interest in music and choral singing. The group rehearsed twice a week throughout the entire school year in order that they may learn the great variety of music which they sang during the year.

The Glee Club has a quartet, The Globetrotters, which perform at all club concerts. The Globetrotters are quite active, both on and off campus, having performed on radio several times during the year.

The Glee Club is extremely fortunate to have Mrs. Holland as its director. It is to the continuous efforts and guidance of Mrs. Holland that the club owes much of its success. Our thanks go to Mrs. Holland for the time and patience which she has put forth for our group.

COLLEGIATES

JOHN BRAFFORD . . . Peach Creek, W. Va. . . . 1st Alto Saxophone. A fine lead alto, with a proficiency in both sweet and jazz styles.

HARRY WARREN . . . Church Road, Va. . . . 2nd Tenor Saxophone. An excellent soloist with a vivid tone and a forceful style; influenced by soloists of the swing era.

ROY BRINDLE . . . Gary, W. Va. . . . 3rd Alto Saxophone. A fine technician and section man, with an excellent tone and superior range.

BOB NEWMAN . . . Roanoke, Va. . . . 4th Tenor Saxophone. An excellent musician whose versatility on the reed instruments lends color to the sax section.

JOHN SHOPE . . . Arlington, Va. . . . 1st Trumpet. A superb lead trumpet, with a powerful tone, extensive range and a strident and masterful style.

LARRY MASSEY . . . Victor, W. Va. . . . 2nd Trumpet. A highly inventive "ad lib" soloist utilizing a wide knowledge of harmonic ideas and techniques.

JIM DUKE . . . Atlantic City, N. J. . . . 3rd Trumpet and co-director. A valuable asset to the band due to his ability as a fine section man and extensive knowledge of dance orchestral sounds.

TERRY MITCHELL . . . Martinsville, Va. . . . 1st Trombone. A fine soloist possessing a fluid style and unflagging technique and inspiration.

DONALD TORBERT . . . West Point, Va. . . . 2nd Trombone. A powerful and dynamic section man with a fine tone and excellent range.

DOUG NORTH . . . Norfolk, Va. . . . Drums. A well-schooled drummer whose swinging and driving style is reminiscent of the best of the swing era.

WILL URBAN . . . Arlington, Va. . . . Bass. An integral part of the rhythm section possessing a fine tone and exceptional beat.

DONALD LOCKETT . . . Petersburg, Va. . . . Piano and co-director. A swinging and tasteful pianist whose wide knowledge of chords and harmonic patterns are a contributing factor to the band's sound.

DICK FRANTZ . . . Fincastle, Va. . . . Vocalist and business manager. His individual style and modern concept of singing enable him to present any song in a pleasing and personable manner.

The Collegiates were formed during the fall of 1954 with the purpose of providing the students of V.P.I. with a dance band that played music that was danceable, but yet could "swing" with the occasion demanded. Specializing in full, lush ballads and in swinging up-tempo numbers, the band's full, professional sound has brought it to the position of being "V.P.I.'s own dance band."

Co-directors: Donald Lockett and Jim Duke; Business Manager: Dick Frantz.

The American Society of Agronomy is a student branch of the national organization. Its purpose is to promote an educational as well as a program that will promote fellowship and leadership.

Not only Agronomy but students in other agriculture curricula benefit from the club's activities which include picnics, an educational field trip, and the awarding of a scholarship to an outstanding Agronomy student.

The Dairy Club was organized in the spring quarter of 1921. In the spring of 1938, the club was granted a charter by The American Dairy Science Association and has since been known as The Virginia Tech Chapter of the American Dairy Science Association.

The objectives of the club are: to develop and encourage leadership in the field of dairying; to bring the dairy students closer to the problems in the field of dairying by having educational programs; to promote fellowship among its members; to encourage activity by sponsoring both dairy cattle and dairy product judging teams, and to bring students and dairymen of the state closer together by sponsoring Dairy Day.

The Horticulture Club annually presents the *Student Horticultural Show* during homecoming weekend, attended by more than 5,000 people this year.

The Horticultural Club has a picnic at the beginning of Fall quarter, a social at the beginning of winter quarter, and another picnic during spring quarter.

Members go on one trip annually to see horticultural enterprises and points of interest in various sections of

the East. Expenses are partially paid by the club. In addition, the club pays partial expenses of members to attend the convention and functions of the Horticultural industry.

The Horticulture Club also takes part in the annual Agricultural Exposition at V.P.I.

The Horticulture Club is active both in student membership and in cooperation and interest of the faculty and staff. Membership is open to any and all students of V.P.I.

The Home Economics Club was established for the benefit of those students in the field of Home Economics in order to encourage an appreciation of art and science and to broaden their outlook of the Home Economics field. The club provides for the development of leadership and teamwork by social, business, and professional experience through the various aspects of club life. The organization is affiliated with the National Home Economics Association, and the requirements for membership are those maintained by the national group.

The purpose of the organization is to establish a representative body to promote the best interests of the V.P.I. School of Engineering; to represent the various curricular clubs and to coordinate their efforts and to represent the Engineering Student Body in its relationships with the administration of the college, and to consider and promote any matter which may be for the advancement of the School of Engineering, or of its student body.

All students regularly enrolled in the curricular clubs of the School of Engineering are members of the Association. The Executive Council is composed of a junior and a senior representative from each curricular club.

Each spring, the Association sponsors an Engineering Emphasis Week. Some of the many activities during the week include a Convocation, exhibits, symposia, a banquet, and the Engineering Ball. Industrialists from all over the country visit the campus to bring exhibits and to talk to students interested in employment.

The primary purpose of the American Institute of Architects is to promote the profession of architecture through uniting the architects of the United States in one common goal, the advancement of the science of architecture. The V.P.I. Student Chapter of the A.I.A., in keeping with this goal has striven to achieve fellowship and better understanding among the students of architecture at V.P.I. and other schools of architecture across the nation and also with those in the profession.

The students chapters of the American Society of Civil Engineers were founded to instill in the undergraduate civil engineer an understanding of the value to be derived from professional associations, and by so doing, to prepare him for active participation in his chosen profession. The organization serves as the connecting link between the academic experiences of the undergraduate and the practical application of academic matter.

The purpose of the V.P.I. branch of the A.S.M.E., oldest student branch of this organization in the South, is to familiarize its members with the latest trends and practices in Mechanical Engineering. The society keeps each student informed about engineering progress, develops his initiative and ability to speak in public, establishes fraternal contact with his fellow students, and enables him to meet graduates who are actively engaged in this profession.

The purpose of the V.P.I. chapter of the American Society for Metals is to acquaint students who plan careers in the metals industry with the activities and aims of the national society. Lectures and movies presented during chapter meetings give the student a broader knowledge of his field than can be presented in the class room. This provides industry with better engineers for tomorrow.

The Virginia Polytechnic Institute student branch of the Institute Aeronautical Sciences was organized April 3, 1940.

The purposes of this organization are the advancement and dissemination of knowledge of the theory and practice of aeronautical sciences; the provisions to students of the opportunity to become acquainted with the personnel and activities of the national organization; and the fostering of professional consciousness and fellowship.

The student chapter of the American Institute of Chemical Engineers is the curricular society open to all students of chemical engineering at Virginia Polytechnic Institute. The club gives its members the opportunity to meet and deal with professional engineers and to work together to achieve a common goal.

The club meets regularly to hear speakers and to view motion pictures concerning the field of chemical engineering. Student membership affords an introduction to the national society prior to graduation and membership in the society after graduation.

The club is active on the campus; showing several projects each year during the Engineering Emphasis Week. At the end of each college year the club and faculty have a picnic to create a closer student-faculty relationship.

This past year was a hard, but enjoyable one for us as we slowly molded these pages into a volume—a volume that is one part of Tech which will never leave you. This volume—the 1956 BUGLE—is an undying memory of this year's schoolmates, football games, and other activities. Use it with pride, as we have made it with pride. A year ago this book was only a dream. Through the combined efforts of the Business Staff, and ourselves, this dream has now become a reality. We are proud to join together in presenting to you this 1956 BUGLE!

The campus newspaper is certainly one of the most important facets of any college's activity. To learn who did what, and when and where and how it was or will be done, students here at VPI have come to depend on their weekly newspaper, *The Virginia Tech*.

The paper which we pick up on the news stand in the post office lobby on Friday afternoons bears no traces of the Tuesday and Wednesday sweat it took to put it out, but we who worked on the paper know how much work it was. To give credit where credit is due, we must say to the Sports Staff, who have done an excellent job with Pages 6 and 7 as in previous award-winning years, and to the Feature Staffs, whose stories, poems, and cartoons gave us many chuckles. "Those Tuesday nights were certainly worth it!"

To the News Staff, and to the typists and people who stayed up until the wee small hours of Thursday mornings worrying what stories to put in and where to put them, we want to say "Well done!" For what is a newspaper without news?

And finally, we must give credit to our editors, who have worked hard trying to constantly improve *The Virginia Tech*. We think they have succeeded in making this fifty-second year of publication a noteworthy one.

Few readers of *The Virginia Tech* realize through whose efforts it is that enables them to receive their paper each week. Each newspaper must have the valuable and necessary advertising staff to produce the paper's income necessary to pay operating expenses. Just as necessary is the circulation staff which maintains the circulation files, and puts the paper before the public by use of the mail system and newsstand.

These two staffs do not have the by-line of the newswriters, only a last name and initial in the masthead. However, they do not complain, but receive satisfaction in that they live up to *Ut Prosim* by serving V.P.I.'s students, professors, alumni, parents, and friends.

The *Va. Tech Engineer* is a campus publication for the undergraduates and alumni of Va. Tech. It strives to inform, humor, and serve its readers.

The staff changes almost completely for each issue so that many students are given an opportunity to exhibit their abilities without overburdening anyone. This practice adds variety and flexibility to the magazine.

The *Engineer* is again trying to change its role in the eyes of the students. It now caters to technical matter with an appropriate amount of humor intermingled to keep it from being boring or dry.

Three eventful years have seen *The Tech-Nique* pass from infancy into young adulthood. From a mere idea originating with Alpha Zeta, built and developed by students, and materializing into a head-held-high magazine, *The Tech-Nique* is now a permanent fixture of the Tech campus.

Prepared for the students of V.P.I. and people interested in agriculture and its related fields, our magazine functions in presenting new and interesting information to our reading audience. The semi-technical magazine does not easily lose sight of the part it plays in uniting the School of Agriculture, nor its potential as a training ground for real, live, journalistic experiences.

Furthering V.P.I.'s interests throughout the state, *The Tech-Nique* rejoices at its success, the spirit within the organization, and at the opportunities that are ours through a growing publication.

Being the youngest publication on campus has many disadvantages, probably, the most serious of which is the wire-with-all to pay the bills. The staff as a unit has worked well toward this end. We have increased our advertising and at the same time more than doubled our circulation. Credit goes to every member of the staff and many other students whose names do not appear on these pages.

We, the staff, feel that our publication is a tremendous success. We are confident that our magazine will take a permanent place among the publications of V.P.I. Our accomplishments of the year, those of doubling circulation, gaining a seat on the Publications Board, obtaining an office in the S.A.B., and successful publication of four issues, can be accredited to leadership. All this has been ours in the form of Dean Detrick, Mr. R. D. Michael, Mr. W. P. Bradley, and many other faculty members. We wholeheartedly thank them. Our thanks resumes extended to Smith-Douglas Company for their financial assistance in our beginning.

The function of our department is to take, process, and deliver pictures to any and all publications on the Tech campus. Photographers on the staff cover all major sports events, campus activities, and aid the publicity board. Although students, these shutterbugs make themselves available whenever a picture needs to be taken. Just a glance at your '36 BUGLE will give you an idea of the volume that the staff turns out for this one publication.

WHAT IS A COLLEGE BOY?

Between the senility of second childhood and the lighthearted lechery of the teens, we find a loathsome creature called the college boy. College boys come in assorted sizes, weights, and states of sobriety, but all college boys have the same creed: To do nothing every second of every minute of every day and to protest with whining noises (their great weapon) when their last minute of inertia is finished and the adult male takes them off to the Employment Office or the Draft Board.

College boys are found everywhere—breaking train windows, tearing down goal posts, inciting riots or jumping ball. Mothers love them, little girls love them, big girls love them, middle-sized girls love them, and Satan protects them. A college boy is Laziness, with peach-fuzz on its face, Idiocy, with lanolin in its hair, and the Hope of Failure, with an over-drawn bank-book in its pocket.

A college boy is composite—he has the energy of Rip Van Winkle, the shyness of a Mr. Micawber, the practicability of Don Quixote, the kindness of a Marquis de Sade, the imagination of a Bill Sykes, the appetite of a Gargantua, the aspiration of a Casanova, and when he wants something it's usually money.

He likes good liquor, bad liquor, cancelled classes, double features, Playtex ads, girls on football week-ends. He is not much for hopeful mothers, irate fathers, sharp-eyed ushers, AMS constables, alarm clocks, or letters from the Dean.

Nobody is so late to rise or so early to supper. Nobody gets so much fun out of girls, smokes, Bright's Catawber. Nobody else can cram into one pocket a slide-rule, a Marilyn Monroe calendar, Kant's "Critique of Pure Reason," a collapsible pool cue, a Mugsy Spaniel record, and a YMCA towel.

A College boy is a magical creature—you can lock him out of your heart but you can't lock him out of your liquor cabinet. You can get him off your mind but you can't get him off your expense account. Might as well give up; he is your jailer, your boss, and your allatroux—a bleary-eyed, no-account, girl-chasing bundle of worry. But when you come home at night with only the shattered pieces of hope and dreams he can make them mightily insignificant with four magic words: "I flunked out, Dad."

Alpha Phi Omega is a service fraternity whose primary purpose is to render service to campus, community and nation. A definite program is maintained that directs the activities of members and pledges toward the benefit of their fellow man.

The stated purpose of the fraternity is to assemble college men in the fellowship of the Scout Oath and Law, and to develop service to the student body and faculty, service to youth and community, service to members of the fraternity, and service to the nation as participating citizens.

The fraternity of Alpha Zeta is an honorary agricultural fraternity, the student members of which shall be selected from among the undergraduates and graduate agricultural students of high scholarship on the basis of character, leadership, and personality.

The object of the fraternity is to promote the profession of agriculture, and to establish, foster and develop high standards of leadership, scholarship and a spirit of fellowship among its members.

This organization was established at the first Air ROTC summer camp at Langley Air Force Base under the name of the Arnold Society of Air Cadets. A V.P.I. Squadron was formed on this campus in January, 1949. This squadron had the distinction of being the second squadron formed in the nation and was assigned the designation A-2. In May of 1950 the name was changed to the Arnold Air Society.

The purpose of the Arnold Air Society is to further the ideals of the U. S. Air Force and to recognize those students enrolled in Advanced Air ROTC who have distinguished themselves by their academic and military achievements.

The Block and Bridle Club was founded on December 12, 1919, and the Virginia Tech chapter received its charter in December, 1935. The objectives of this national honorary organization are to promote a higher scholastic standing among students of Animal Husbandry, and especially all phases of student Animal Husbandry work in colleges and universities and to bring about a closer relationship among the men pursuing some phase of Animal Husbandry profession. Although the Block and Bridle Club is primarily an animal husbandry organization, there are included in the membership men from many other curricula.

Omicron Delta Kappa recognizes and encourages achievement in scholarship; athletics; social and religious affairs; publications; and forensic and applied arts.

Five indispensable qualifications for membership are: character; leadership; service in campus life; scholarship; fellowship; and consecration to democratic ideals.

The Alpha Omicron Circle at V.P.I. was established in 1933. One of the basic functions of ODK is serving the community and teaching its members to revere the motto, "That I may serve."

Pershing Rifles is a National Honorary Military Society whose purpose is to encourage, preserve, and develop the highest ideals of the military profession and to recognize these ideals in college R.O.T.C. students.

In its tenth year at Virginia Tech, Company E-5 has enjoyed a most successful season. The unit, comprising forty-seven men, was awarded first place in the Apple Blossom and Apple Harvest Festivals, in Winchester and Charlottesville, respectively. The Company also attended the Regimental Drill Meet

at Pennsylvania State University.

Company E-5 has staged exhibitional drills at the Tobacco Festival in Richmond, and at the Citadel-University of Richmond game. The unit also participated in the Homecoming Parade and presented an exhibition honoring the Class of '05. An annual banquet and dance were also included in the activities of the unit during the past year. Much credit for the tremendous success during the past year is due to Captain G. T. Morris, to whom Company E-5 shall continue to look for sound counsel.

Pi Delta Epsilon is our national honorary journalistic fraternity. The V.P.I. Chapter is the second oldest honorary fraternity on the campus, having received its charter May 1, 1930. Members are selected from those juniors and seniors who have distinguished themselves by outstanding ability as staff members of campus publications. The fraternity has as its objectives the promotion of student participation in undergraduate publications and the elevation of the cause of journalism.

Scabbard and Blade, national honorary military society, was founded in 1904. The society is composed of the outstanding senior officers in the Cadet Corps in the different colleges and universities of the nation. It seeks to encourage and develop those attributes of military appearance, ability, and personality combined with that breadth of interest necessary to make an officer and a gentleman. Company L, Seventh Regiment, was installed on the V.P.I. campus in May, 1938. Its membership is restricted to those who show exceptional qualities of leadership. The purpose of the society is to promote any ideal which might contribute to the development of the essential qualities of good and efficient officers.

The Sigma Gamma Tau Society was formed on February 28, 1953 at Purdue University by a merger of the two national honorary aeronautical engineering societies, Tau Omega and Gamma Alpha Rho. All members of the two parent organizations became, at the time, members of the new society, Sigma Gamma Tau.

The purpose of Sigma Tau is summarized in the preamble of the society's national constitution, which states: "The Sigma Gamma Tau Society is established to recognize and honor those individuals in the field of aeronautics who have through scholarship, integrity, and outstanding achievement been a credit to their profession. The society seeks to foster a high standard of ethics and professional practices and to create a spirit of loyalty and fellowship, particularly among the students of aeronautical engineering."

The name Sigma Gamma Tau, signifies the merger of the parent organizations into a single strong organization which will continue to promote the ideals of those two societies.

The persons eligible for membership include aeronautical engineering students in the upper one-third of their senior or upper one-fourth of the junior class, graduate students who met the above requirements as undergraduates, and also the individuals in the aeronautical engineering profession who have made worthy contributions toward the advancement of the profession.

The members may be joined together in chapters or clubs. Chapters are named after the schools in which they are established. Clubs are named after the cities in which they are organized. Chapters may be established in colleges or universities offering an aeronautical engineering curriculum where such curriculum or option is approved by the Engineers Council for Professional Development.

The symbol (key), certificate of membership, seal and ritual of the Society are prescribed in the Constitution. The colors of the Society are red and white.

The Tau Beta Pi Association was founded at Lehigh University in 1885 by Edward Higginson Williams, Jr., to mark in a fitting manner those who have conferred honor upon their Alma Mater by distinguishing scholarship and exemplary character as undergraduates in engineering, or by their attainments as alumni in the field of engineering, and to foster a spirit of liberal culture in the engineering colleges of America. Since its installation in 1933, the Virginia Beta Chapter has consistently worked to promote the ideals of the Association on the campus of V.P.I.

The Virginia Tech Upsilon Chapter of Pi Tau Sigma, national honorary mechanical engineering fraternity, was organized on this campus in 1940. Selection of its members is based upon scholarship, leadership, personality, and displayed evidence of probable future success in Mechanical Engineering.

The object of the organization is to foster the high ideals of the engineering profession, to stimulate interest in coordinate department activities, to promote the mutual professional welfare of its members, and to develop in students of mechanical engineering the attributes necessary for effective leadership and the assumption of the responsibilities of a citizen in a democracy.

OFFICERS

W. W. SIROIS	President
W. JAMERSON	Vice-President
K. B. WOLFE	Secretary
D. ARNOLD	Treasurer
B. BUTTS	Sergeant at Arms

Sigma Lambda Chi, the National Honorary Fraternity of Light Construction Engineers and Building Material Merchandisers, is a relatively young fraternity, having been on campus for only five years. It is also a small fraternity as is the curriculum which it represents. However, as the Building Construction curriculum grows, so we hope, will the number of qualified students increase.

The fundamental purpose of Sigma Lambda Chi is to recognize outstanding students in building construction or building materials merchandising. Secondary purposes include: (1) the development of good relations between campus, industry, and the general public and (2) recognition of outstanding professional men in building construction.

The requirements for membership are four-fold. The candidate must (1) have completed the equivalent of two academic years of study toward his degree, (2) be in the upper 20 per cent of his class, (3) have the leadership, character, and personality traits that give promise of reflecting credit upon Sigma Lambda Chi and (4) he must have worked in the industry for at least three months.

Virginia Tech's Beta chapter now has five student members and in addition, three of the faculty as honorary members.

Under the very capable guidance of our advisor, Mr. Favroa, we are looking forward to a prosperous future.

The Baptist Student Union is the youth organization that serves as a connecting link between the V.P.I. campus and the Blacksburg Baptist Church. The purpose of the B.S.U. is to serve the college community by promoting spiritual development of the students through Christian fellowship, witnessing, Bible study, prayer, church membership, denominational loyalty, and kingdom advancement. It seeks to make college life Christian, spiritually pre-eminent, student friendships happy, and student Christianity maximum.

A Methodist student becomes a member of the Wesley Foundation automatically upon matriculation, however, membership is not thus restricted. Many students of other faiths and other lands find spiritual fulfillment within the group, and enjoy the benefits of the "always open door" at the Wesley Foundation House and the full-time minister to students.

Realizing the potential for service by the college graduate in his local church, the Foundation encourages the student to participate in all its activities and begin taking an active part in church life.

Warm friendship and wholesome recreation is provided by the Foundation to round out the student's campus life.

PURPOSE

Founded by Sir George Williams of London in 1844, the Young Men's Christian Association came to the United States seven years later. In 1872, when the Virginia Polytechnic Institute was established, the Y.M.C.A. was the first Christian society of students and professors to be organized on the campus. For eighty-two years it has operated effectively, seeking to enrich the spiritual life of many thousands who have attended Virginia Tech.

The statement of purpose of the Y.M.C.A. is: "We unite in the desire to realize full and creative life through a growing knowledge of God. We determine to have a part in making this life possible for all people. In this task we are seeking to understand Jesus and follow Him."

Representing the nation's largest apple growing area, the Apple Club consists of students from the northern counties of Virginia and the West Virginia Panhandle.

The Apple Club strives to promote good will and fellowship among its members, and to aid new students in becoming acquainted with college life. Regular meetings and smokers are held on the campus and other social activities are held during vacation periods. The highlights of the year's activities are the annual Christmas dance, the spring vacation luncheon-dance and the June picnic honoring the graduates.

The Emporia Club is enjoying its second year as a sectional club at V.P.I. In the past two years the club has entertained its members and friends at two picnics on the campus and an annual Christmas dance in Emporia. As well as recreation for its members on the campus, the club's objective is to encourage attendance at V.P.I.

The Hampton Roads Club is the oldest and most active of V.P.I. sectional clubs. The club is composed of students from Newport News, Hampton, Warwick, Phoebus, Popponis, Williamsburg, and surrounding territory.

The club annually sponsors three dances at home as well as its formal Christmas Ball with the Peninsula Alumni Chapter.

The purpose of the Hampton Roads Club is to promote good will and fellowship among its members, to aid new students in becoming acclimated to college life, to promote a better understanding between the Cadet Corps and the Civilian Student Body, and to foster a closer relationship between the alumni and students of the Hampton Roads area.

The New River Club, composed of students of Southwestern Virginia from Carroll, Floyd, Grayson, and Wythe counties, was organized in the fall of 1953. The club encourages prospective students to become Technicians and Techwomen, promotes good will and fellowship among its members, and aids new students in becoming adjusted to college life. One of the accomplishments during the past year was helping the Radford girls organize a New River Club on their campus. Socials, such as dances, dinners, and picnics are held both at home and at school, sponsored jointly by the two clubs.

The Peanut Club is one of the many sectional clubs on the Tech campus. Any student residing in the cities of Suffolk, Smithfield, or Franklin, and in the counties of Nanesmond, Isle of Wight, and specified sections of Surry and Southampton is eligible for membership. The club operates on a nonprofit basis and the business of the club is of a strictly social nature. Meetings are held every other week at which time business is discussed, followed by a movie or refreshments. The club's highlight of the year is the annual Christmas dance held in Suffolk.

The Richmond Club is composed of students from the city of Richmond and the surrounding area. It has been our goal, as in the past, to get the students from the same hometown together to enjoy dances and parties, and to say good-bye to the school year at our big spring picnic. We have enjoyed this year very thoroughly and hope for as much fun next year. We'll be seeing you in town or back on the campus.

The Roanoke Club is an organization composed of V.P.I. students from Roanoke and vicinity. It has as its goal the providing of diverse social activities which we feel are missing at V.P.I. This goal has been attained by these dances, stunts, parties, and parties. We feel that this year has been highly successful. This would not be true if it were not for the support given us by our friends. We wish to take this opportunity to thank them and to say: "It's been well, see you next year."

The purpose of the Fredericksburg Club is to foster a closer relationship among the students in the surrounding counties of Caroline, King George, Spotsylvania, Stafford, and the city of Fredericksburg. This club endeavors to promote good fellowship among boys and girls of this locality.

One outstanding event of the year is the Christmas Dance. Other objectives of the club include aid to students in their social and academic life.

The Cafi Club was organized in 1952 and has been exceedingly active ever since. Its most outstanding recognition was gained in the field of intramural athletics by winning first place two years consecutively.

The purpose of the Cafi Club is to unite those students at V.P.I. who reside in dormitory B-W as civilians in order to promote good citizenship, to encourage scholastic achievement, to promote good fellowship, and to give active expression to the social and civil interests of the members.

The Maroon Mask, which has operated since 1936, is responsible for most of the drama activity on campus. Its main purpose is to provide an outlet for talent both on stage and back stage, and to provide entertainment for town and college. With these aims in mind, the Mask proudly presents each of its three plays a year.

ATHLETICS

"Play up, play up, and play the game."

Newbolt

AND THE CROWD CHEERED!

ATHLETIC DIRECTOR

The past year has seen athletics at Virginia Tech continue to make strides toward the aim of the athletic department in developing a well-rounded program from the standpoint of student participation, as well as from the won-and-lost records. More than 500 students took part as participants on the eleven teams under the athletic department's supervision. Many times that number watched our teams compete.

It is evident from the increasing number of participants and spectators that our program is filling an important need in every student's life on the campus. We in the athletic department are constantly on the lookout for ways to improve our facilities for intercollegiate athletics and thereby create even more interest among our students, alumni and friends. Our new baseball diamond, opened last spring, is an important step in that direction.

Tech teams enjoyed a good measure of success during the past 12 months. Our football team completed its second winning season in a row; our wrestlers continued to dominate the sport in this section; the basketball team showed unmistakable signs of progress; and our 1955 golf and baseball teams won State championships.

Football and cross country in the Fall; swimming, wrestling, basketball, rifle and indoor track in the Winter; and baseball, outdoor track, tennis and golf in the Spring keep our sports calendar full throughout the school year. With such a variety of activity offered, we believe there is a sport interesting to every student, either as a spectator or participant.

Continuing to improve every phase of the Virginia Tech intercollegiate sports program for the benefit of our students is our constant aim.

The Virginia Tech Monogram Club is composed of men who have been awarded a monogram in one of the varsity sports. Letters and sweaters are given to the members by the club in recognition of their achievement in sports. The purpose of the organization is to maintain a close bond of fel-

lowship among varsity athletes at Virginia Tech, to foster and promote athletics at Virginia Tech in every way possible, and to encourage prospective athletes of good character to attend this institution.

FOOTBALL—1955

The odds against two undefeated football seasons in a row are perhaps 1000 to 1, especially with the schedule Virginia Tech played last season. Some fans forgot that many key players were lost by graduation, leaving some very big vacancies to be filled. During the 1955 season, Tech played impressive, flashy, hard-fought, and often brilliant football to ring up six victories, three losses, and one tie. Not an undefeated season, as the Hokies had in 1954, but a season that any Tech student can look to with

pride. On the short end of the score three times, the Virginia Tech Football Squad was never beaten in their indomitable fighting spirit and will to win; that has always been the heart and core of every Moseley coached Tech team this observer has had the privilege to watch.

After a poor showing in their opening game against Wake Forest, Tech began howling down the opposition with deadly effectiveness. Pennsylvania, William and Mary, Florida State, and University of Virginia fell before

Tech's high geared football machine. Tech tasted defeat again in two of the hardest fought games of the season. Powerful George Washington and Sugar Bowl prospect Clemson found themselves behind and plenty scared before edging out the Hokies in two close thrillers: G.W. by 6 points and Clemson by 5. Tech closed the season with the swift and effective disposal of N.C. State and V.M.I. in power-packed performances.

With Coach Moseley to lead them and the Tech fans to back them, V.P.I. will remain the state's most feared football power. Every Tech student will look back with pride on the 1955 Virginia Tech Football Squad and their great coach, Frank Moseley.

Varsity Football Squad

Chuck Cuba: Rugged Defensive Giant

V.P.I. 0—WAKE FOREST 13

A big, strong, and very good Wake Forest team, still smarting from last year's 32-0 defeat at the hands of the Techmen, was fired up and ready for revenge as they faced the Hokies in the first game of the season. The "Demon Deacons" combined a near perfect passing game with a bone crushing ground attack to roll up 290 yards through Tech's sieve-like defense. Although the Deacs scored only 13 points, it was one of the worst beatings a Moseley coached Tech team has taken in a long time.

Tech spent their afternoon tinkering with a spattering offense and chasing fleet Wake Forest backs who repeatedly tore through gaping holes in the Tech line for large gains. The Deacs' star quarterback, Nick Consoles, hit on 8 out of 12 passes for 70 yards. Tech's total offensive effort both rushing and passing was a hard-earned 68 yards.

With Tech's practically nil blocking against Wake's hard charging line, they never kept the ball long enough to move it. One bright spot for the Hokies was Chuck Cuba's brilliant defensive play. Working the fullback draw play for huge yardage all afternoon and striking with unbelievable accuracy through the air, when the line held, the Deacons all but pushed Tech clear out of the stadium. Wake Forest came out on the long end of the score but not without an ample share of bruises as Tech fought all the way in a losing game.

LEO BURKE
Southern Conference Player of the Week

JAMESON
DALZELL
DALEY

V.P.I. 33 — PENN 0

It was a hapless University of Pennsylvania that felt the full wrath of a Tech team fired to the boiling point by their early loss to Wake Forest a week before. With Leo Burke spearheading the attack, a dozen Tech backs pounded out the yardage on the ground. Tech gained 239 yards the hard way and 36 through the air lanes.

Tech and Penn fought it out on the soggy turf at Franklin Field to a draw the first quarter. But Tech was not to be denied. Swinging into last year's great form, the Gobblers ripped the center of the big Penn line to shreds. The Hokies produced no long runs, but steadily pounding the Penn line between the tackles, they ate up chunk after chunk of yardage; scoring all five touchdowns on rushes started inside the Penn five yard line. Tech drove 94, 31, and 54 yards to paydirt as the hard charging forward wall blasted gaping holes in the Penn line to send the swift Tech backs sweeping into the secondary time after time.

The Gobbler's offense rambled through, over, and around the "Red and Blue" almost at will, but they were not alone in performance. Time and again Tech's rock-ribbed "Bulldogs" in the defensive line tore through to snare the Penn backs for no gain.

Jack Prater Tom Dalzell, and Jim Locke sparked the forward wall while Leo Burke, at quarterback engineered the Tech offense, scoring three touchdowns himself. Burke's stellar performance won him the Southern Conference "Player of the Week" award.

Burke Heads for Pay Dirt

JOHN HALL
Southern Conference Lineman of the Week

V.P.I. 14—W. AND M. 7

The Virginia Tech Corps of Cadets plus twelve thousand other fans sat in a steady drizzle in Williamsburg's Cary Field to watch two big, fast, aggressive lines stage the best display of rugged bruising line play seen all season. Tech had to come from behind in the second half to beat the Indians. It was the first time Tech had beaten William and Mary since 1938.

The Gobblers trailed 7-0 at the half, thanks to a five yard T.D. effort by Charlie Sidwell in the second quarter. Tom Secules, the Indians' freshman quarterback, who played a fine ball game, was back to pass midway in the

third quarter when a hard charging Tech lineman broke through and, hitting Secules hard, deflected the pass. Don Divers, playing heads-up ball, plucked the pigskin out of the ozone at the William & Mary 36, and streaked into the end zone. Dickie Beard's placement made it 7-7.

Late in the fourth quarter with the Hokies back on their own 29-yard line, Billy Cranwell got perfect protection from the line and arched a long beautiful pass that Dave Ebert gobbled up going away on the William & Mary 39. Ebert then proceeded to outrace defender Jack Yohe to paydirt. Yohe, lauded as one of the Southern Conference's fastest backs, spent all afternoon running second best to a host of speedy Tech backs.

Beard split the uprights and that was the ball game. Rugged John Hall who played almost the entire game was picked the Virginia "Lineman of the Week" by the sportswriters. Hall was deadly from his linebacking post on defense and was equally effective in clearing the path for the Hokie backs.

V.P.I. 24—FLORIDA ST. 20

Tech, facing a huge F.S.U. line led by 6'7" 265-pound end, Tom Fearnster, from Warwick, Virginia, elected to go the route through the air and around the ends. Playing their only game of the year under the arc-lights, Tech's seldom used air offense found itself with deadly effectiveness. With Leo Burke guiding the ground game for the Hokies and Billy Cranwell hitting 10 for 13 for 133 yards through the airplanes, Tech was unstoppable for the first three quarters. While the offense was showing its stuff Tech's defense was a "stone wall" to the "Seminole" backs. They held F.S.U. to minus six yards rushing the entire first half.

With Burke, Beard, and Scruggs scoring, Tech led 21-0 at the end of the third period. Then the dam broke, Florida State came roaring back with two long yardage-eating touchdown drives plus an 89-yard touchdown dash to pay-dirt by F.S.U. halfback Odom. This would have made it close except for a beautiful 27-yard field goal by Frank Webster following F.S.U.'s first touchdown. This proved the winning margin for the Gobblers.

Jack Prater, Tech's defensive powerhouse, turned offensive giant for a moment in his home state, Florida. Prater electrified the crowd by picking off a stray Seminole pass on the Tech 15, and rambling 73 yards before being pulled down from behind on the F.S.U. 17. Two plays later Tech scored. This plus his unusual sparkling defensive job earned him the "Virginia Lineman for the Week" award. When Scruggs couldn't go on the end sweeps and Cranwell missed on his tosses, it was hard-running Don Divers powering right up the middle for the yardage. The F.S.U. game was one of the finest team victories all season.

V.P.I. 7—RICHMOND 7

Tech's usually powerful scoring machine ran out of gas against an only fair University of Richmond team, and was held to a humiliating 7-7 tie. The Spiders were fired-up for the game, and Tech was either over-confident or just had a bad day.

The first half ended a scoreless deadlock with Tech's defense holding Richmond to 42 yards rushing and two first downs. The Spiders came back to gain 134 yards rushing the second half with big Frank Pajaczkowski carrying most of the attack. "Big Paj" scored the Spider's touchdown, rolling over three Hokies on a short plunge. Bobby Wolfenden's brilliant punting and Don Divers' great all-around play were the only bright spots in Tech's otherwise dull performance.

The second half saw both touchdowns scored within three minutes of each other on short plunges by Pajaczkowski and Divers. The rest of the afternoon both teams spent their time recovering each other's fumbles and intercepting each other's passes while trying vainly to find that scoring punch.

Tech's new found passing attack turned up nil; completing 1 of 6 passes and having one intercepted. The Hokie's high geared running game was stalled by five fumbles, and a good Richmond defense.

Pajaczkowski, Ames, and May had a good day with guard Dave May winning the "Big Six Lineman of the Week" award.

Wolfenden, Divers and Ebert provided some cheering room for Hokie fans with Divers being the big cog in keeping the sputtering Tech offense alive.

Beard Plus Downfield Blocking

GROVER JONES

V.P.I. 17—VIRGINIA 13

Tech, trailing the Cavaliers 13-10 in the second half, held on grimly and was forcing the U.Va. quarterback, Rives Bailey, to punt deep in his own territory. Bailey put his foot to the ball but, much to his surprise, found it rebounding off the body of big Pat Carpenito who came barreling through the Cavalier defense to smother the punt and recover it inches from the Virginia goal line. Two plays later Leo Burke found pay-dirt for the final and winning touchdown.

Tech wasted no time getting started against the Cavaliers. Early in the first quarter Burke rolled out to his right

on the Virginia 22 yard line and pitched a touchdown strike to Ray England in the end zone. The victory hungry Cavaliers came back with a "bang" as Whitey Clarke heaved a 34-yard pass to Bob Gunderman for six points and they tied the score 7-7. Tech took the kickoff and churned to the Virginia 22-yard line where the attack bogged down. Then Frank Webster came on to add what was to prove the winning margin, a perfect 22-yard field goal. Hartwell scored on a 15-yard end sweep for Virginia and the half ended 13-10 in favor of U.Va. The second half Tech's only offensive effort was Carpenito's brilliant game winning block.

Highly lauded Jim Bakhtiar, "The Persian Horse," proved almost as good as his press clippings as he ripped into the Tech line for good yardage all afternoon. Herb Hartwell, Virginia's hard-running and shifty halfback, carried the offensive burden around the ends as Bakhtiar pounded away inside the tackles.

Tech was slowed down by a gummy-gearred offensive, but was always tough on defensive.

H O M E C O M I N G

V.P.I. 7—GEO. WASH. 13

With the stands crowded with old grads plus members of the great '05 Tech football team the Hokies hosted power-laden George Washington in the Homecoming game. G.W. boasted a big line, a trio of wing-footed backs headed by Mike Summer, and a great quarterback in the person of Bob Sturm. But it was the Hokies that took charge from the opening kickoff until the half ended.

Tech's tough forward wall yielded only scant yardage and forced G.W. to punt often during the first half. With Dickie Beard and Bob Conner carrying the attack, the Hokies flashed into last year's brilliant form, and after a scoreless first quarter marched 69 yards in nine plays to lead 7-0 at halftime. Beard, performing like the leading ground gainer in the Southern Conference he was last year, ripped through the big G.W. line all afternoon for good yardage. It was Beard who crashed 22 yards for Tech's lone touchdowns, behind a bone-crushing block thrown by Cranwell to break him loose.

As the first half was all Tech, the second half was all G.W. The Hokie's defense crumbled, and their offense sputtered and died. With Summer leading the trio of elusive G.W. backs, they came booming into the Tech secondary time after time for long gains. Bob Sturm, one of the best quarterbacks to play against Tech all year, worked the deceptive "belly-series" to near perfection as the Colonials pushed across two touchdowns in the final half to defeat Tech before a disappointed Homecoming crowd. At halftime lovely Pat Hilliard of Arlington, Va., was crowned "Queen of Homecoming" 1955.

V.P.I. 16—CLEMSON 21

Playing by far their finest game of the season, Tech's Fightin' Gobblers drew defeat at the hands of the Clemson Tigers, but not before they gave the Hokie fans something to cheer about.

With less than five minutes left to play in the ball game, Tech was behind 14-13. Clemson had halted a Tech drive on their own 15-yard line when on fourth down sophomore Barry Frazee calmly sent the pigskin sailing through the uprights for 3 points to give Tech a 16-14 advantage. Hokie fans were sure that Frazee's beautiful 25-yard field goal had iced the game but short minutes later, Bussey hit Joe Wells in the flat and he stormed 60 yards to paydirt and victory for the Tigers.

Clemson struck first when Don King, the Tiger quarterback, kept the ball, tore off tackle and picked his way through would-be tacklers 23 yards for the game's first score. With Dickie Beard flashing his great running style, the Hokies stormed 65 yards with Ray England taking a Cranwell pitch-out over on the final play of the first half to tie the score, 7-7.

"Big Joe" Paglie raced 51 yards behind great down field blocking for another Clemson score early in the second half. Then with Cranwell striking through the air he hit Wolfenden for a first down on the Tiger 32. Corbin Bailey went 20 yards to the 12-yard line and Cranwell passed to Wolfenden again, this time for 6 points. Beard's placement was wide. This set the stage for Frazee's field goal and Wells' 60-yard T.D. jaunt. In the statistics, Tech led with 195 yards to Clemson's 171 yards rushing. The Tigers picked up 128 yards through the air to Tech's 101.

Certainly Clemson's Don King, Joe Paglie, and Joel Wells deserve praise as the best group of backs Tech faced all year. All in all, it was a great team effort by the Hokies and defeat by the powerful Clemson team was no disgrace.

Tech played their best offensive game of the year with Big Jim Locke the shining star in the line.

Beard Knifes by a Defender

BILL CRANWELL
Southern Conference Player of the Week

COAL BOWL GAME V. P. I. 34—N. C. STATE 26

Running from the deceptive multiple offense, N.C. State was turning the game into a one-sided track meet and led 20-0 midway in the second quarter. Halfbacks Dick Christy and Dick Hunter led the Wolfpack in rolling up 20 points the first three times they got the ball and had Tech reeling.

Then the Hokies suddenly stirred—and struck with a vengeance. The high geared Tech offensive began to power-house its way down the field. Cranwell hit Bobby Wolfendon on a 42-yard pass play for—Touchdown—Tech. The tide of battle had turned and the Hokies were closing the gap. Locke pounced on a State fumble on the Wolfpack 25-yard line. Then Herndon gathered in a Wolfendon toss and the half ended with Tech trailing by 7 points, 20-13.

State scored again to start the second half, but Tech bulled 69 yards in 16 plays to make it N.C. State—26, Tech—20 as the third quarter ended. Early in the fourth period, with it third down, 9 to go for Tech on the State 40-yard

line, Cranwell called on the Hokie "strongman" Don Divers. Divers took a screen pass, got a good block and streaked 40 yards to the promised land and Tech had caught the Wolfpack. Beard toed the ball, and Tech led by one, 27-26.

The inspired Hokies crashed through the State line time after time to push them deep into their own territory. Hitting with vicious power, the deadly Tech tacklers caused fullback Tony Guerreri to fumble and John Herndon smothered the loose ball into the end zone. With Frazee adding the P.A.T., the scoring was over.

The Hokies, behind by 20 points, had struck back with a powerhouse attack that simply swamped the befuddled Wolfpack. When the final whistle sounded, it was a hungry Tech team that was knocking on the door again. The game ended with Tech in possession of the ball on the State 12-yard line.

Billy Cranwell landed the Southern Conference "Player of the Week" award for his great offensive generalship. Bob Wolfendon received the state "Back of the Week" honors for his brilliant offensive play. But the Tech line came away with the greatest honor of pushing N.C. State all over the stadium. Jim Locke, Jack Prater, Phil Unger and John Herndon turned in a great exhibition of brutal, bruising line play.

MILITARY CLASSIC OF THE SOUTH

V.P.I. 39—V.M.I. 13

As the annual Tech-V.M.I. game, known as the "Military Classic of the South," got under way in Roanoke, the Tech fans received a quick shock. With the game only a few minutes old, the underdog Keydets rucked Tech back on their heels by turning an intercepted pass and a fumble into a 13-0 lead.

Then class began to tell as the Hokies began to ramble on up the middle slashes and quick openers, V.M.I., playing a shifting 4-3 defense soon found the smoothly geared Tech offense too much for them. Don Divers, who waged a personal war against V.M.I. all afternoon, blasted over from the 5 and 1 yard lines for Tech's first two scores. Then Beard turned the Keydet's dream of glory to shambles as he added his second point-after-touchdown. This made the score 14-13 in favor of Tech. From this point on it was all over for V.M.I. Tech's big line blasted gaping holes in the Keydet's forward wall to break a host of wing-footed Hokie backs loose for long gains.

Divers scored 3 touchdowns, Burke scored 2, and England hit paydirt once on a 17-yard romp. Grinding out the yardage on the ground or hitting through the air lanes, Tech was deadly effective. Divers gained constantly on the quick opener up the middle and was chosen the game's outstanding player. In the remaining seconds of the game, Moseley's all senior team was knocking on the door again. On the last play of the game, Tech's forward wall buried the Keydet line and Burke picked his way 7 yards to score the final and his last touchdown for Tech. This 39-13 victory was a very fitting ending to a season every Techman should be proud of.

FRESHMAN FOOTBALL

Facing some of the toughest opposition a frosh football team from Tech has seen in a long time the Hokie yearlings posted three wins and two losses for their five game effort. Perhaps the most satisfying victory was the 19 to 18 beating given West Virginia at mid-season. It was West Virginia that spoiled last year's season by being the only team to beat last year's freshmen.

Tech's 1955 freshman team was small compared to last year's power-laden frosh squad. Speed and fight were the biggest weapons of this year's team.

The Hokies got things started right by running over Emory and Henry in their first game. Showing some fine material in this game it was halfback Jay Whitesell and Quarterback Kosko that led the way.

Tech's next opposition was the University of Virginia frosh. Tech was leading at the half due to a 35-yard touchdown pass from Kosko to halfback Betz. Betz leaping high took the pass away from two Virginia defenders. In the second half, Tech's defense seemed to fall apart and the swift Virginia backs rolled up good yardage while their big line held Tech in check. This game was a tough one to lose and was marked by vicious line play with Tech tackle Danko leading the line on charges into the Cavalier backfield.

The Hokies were dealt their last beating at the hands of a big, fast, and very good "Bearcat" team from the University of Cincinnati. "Cinci" had just beaten a strong Army frosh team and made Tech their third straight victim. Joe Morrison was a continuous thorn in Tech's side all afternoon. He ran for two touchdowns and passed for two more. Behind 27-0 at the half Tech came storming back and matched the "Bearcats" point for point the second half. Halfback Al Sebest and quarterback Harry Welker showed themselves as future stars by turning in fine performances. The final was Cincinnati 40, Tech 13.

The following weekend Tech took a very good West Virginia team 19-18 in a fine display of good hard football. In their final game the Hokies pushed a stubborn V.M.I. team around all afternoon but could only beat them 13-7 in the end.

Top prospects for next year's varsity squad are end-Nick Mihales, guard-Jim Holloway, and backs Betz, Whitesell, Sebest, and Welker. This fine freshman team talent will prove to be the stars of tomorrow's Hokie football seasons.

Freshman Football Team

BASKETBALL

Seldom has one man done so much in so short a time as has Chuck Noe, Virginia Tech's new basketball coach. Noe took a basketball team that won seven and lost twenty ball games last year, added a dash of class, a jigger of conditioning, one five-foot ten-inch freshman guard, large amounts of fighting spirit and came up with a winner. Not only a winner but a team that beat every team it played twice at least once, except William & Mary. A team of old faces with a new spirit that would not be denied—conquerors of George Washington, Richmond, Furman, Virginia, Davidson. And as this goes to press Virginia Tech goes into the Southern Conference tournament as the third-ranked team in the S.C.

What kind of a man is it that can breathe life into a twenty-game loser and produce the finest Tech basketball team since the days of Tex Tilson and Dick Sayer? Was it Chuck Noe that took a team with average height, one superb shot in the person of Bill "Moose" Matthews, adding Terry Penn and his own brash confidence and produced a basketball team that every Tech student is proud to call their college team? This observer doesn't know what kind of a man Chuck Noe is, or what kind of magic wand he uses, but in producing a 14-10 record for Tech this year he has won the respect and loyal following of every man on this campus who has seen Tech match and defeat basketball teams that would have run us out of the gym last year. Quite a coach, this fellow Noe.

"Big Moose" Matthews was Tech's big gun in almost every game. He was chosen, and deservedly so, a member of the All Southern Conference mythical basketball team. Someone is going to have to fill some very big shoes when Matthews is lost by graduation next year. "Moose" not only broke the three year scoring record at Tech but picked up the all time Tech scoring honors for a single performance by bombing the nets for forty-six points in Tech's next to last game of the regular season against the Citadel. Not only a fine athlete but a scholar and gentleman, Tech will miss Bill Matthews next year.

Much of Tech's success can be spelled Terry Penn. Penn seldom made the "fifteen or over club" but when Tech needed

COACH NOE

to keep possession of the ball, needed a cohesive factor, or desperately needed points, it was usually "the nerveless one," Terry Penn, who answered the call. Terry Penn is a freshman and showed the true flashes of brilliance that mark him as the man to watch as Tech climbs the ladder to basketball prominence.

Last year Tech often had trouble getting started. They found that quick opening scoring punch in the person of Buck Jones this season. Accuracy is a good description of Buck, when the Hokie attack seemed almost ready to bog down or couldn't get going, it was Jones with long ones from outside, or short jump shots who showed the way. Consistently

Varsity Basketball Team

a high scorer, Jones often provided the punch it takes to win the close ones.

Perhaps I have done an injustice to single out Matthews, Jones, and Penn as the hub around which Tech's basketball wheel rolled. Every man gave his best in every game and it always takes five men to make up a basketball team and we had a fine one.

A change could be seen from Tech's first game. The hustle, drive, and spirit were there and for the first time in the school's history the Hokies broke the century mark by beating Guilford 105-53. Using the fast break as their chief offensive weapon under Noc's new style, and a sliding zone defense, Tech served notice that they were going to be "bad medicine" for more than one team this season.

With the keynote as hustle the Hokies improved steadily. The high point of the season came on Friday, January 13, when a frenzied crowd packed War Memorial Gym and almost unbelievably saw Tech conquer power-laden George Washington in a game that reached fever pitch at the tip-off, and remained that way to the final gun. George Washington ranked fourteenth in the nation and was beaten by Virginia Tech 63-61. Tech, fired with confidence and hitting 60 per cent of their shots from the floor, led until the final minutes. Playing possession ball in the last minutes, little Terry Penn, seeming to have ice-water in his veins, put on the most amaz-

ing dribbling show ever seen in the Tech gym. Penn, putting all of his "now you see it—now you don't" style into play, dribbled through the entire George Washington team and emerged untouched back where he started, and still in possession of the ball. The climax came when, with the score tied at 61 all, John Quillen stepped to the foul line for one shot. The ball went up, clipped the bucket, and hopped off to the right side where "Jumping Joe" Holup of G.W. and Matthews of Tech guarded the rebounds. Holup went up for the rebound only to find Matthews flicking the ball off his finger-tips into the bucket for the game winning score. The buzzer sounded and jubilant Tech fans bore the team around a completely panic-crazed gym on their shoulders.

Tech continued to play good ball for the remainder of the season but the George Washington game will be long remembered by Tech fans. With "Big Abe" Coates and "Moose" picking the boards clean of rebounds and slapping them in from close up, and Buck Jones and his mates providing the needed assistance, Tech marched from the depths to the heights, and Tech and Chuck Noc can see basketball greatness just around the bend. Given the material, Coach Noc can make Virginia Tech a great basketball power and raise basketball to the position of importance it deserves here at V.P.I. This year was just the first of a new era led by Chuck Noc to make basketball a big and winning sport here at Tech.

Big Six

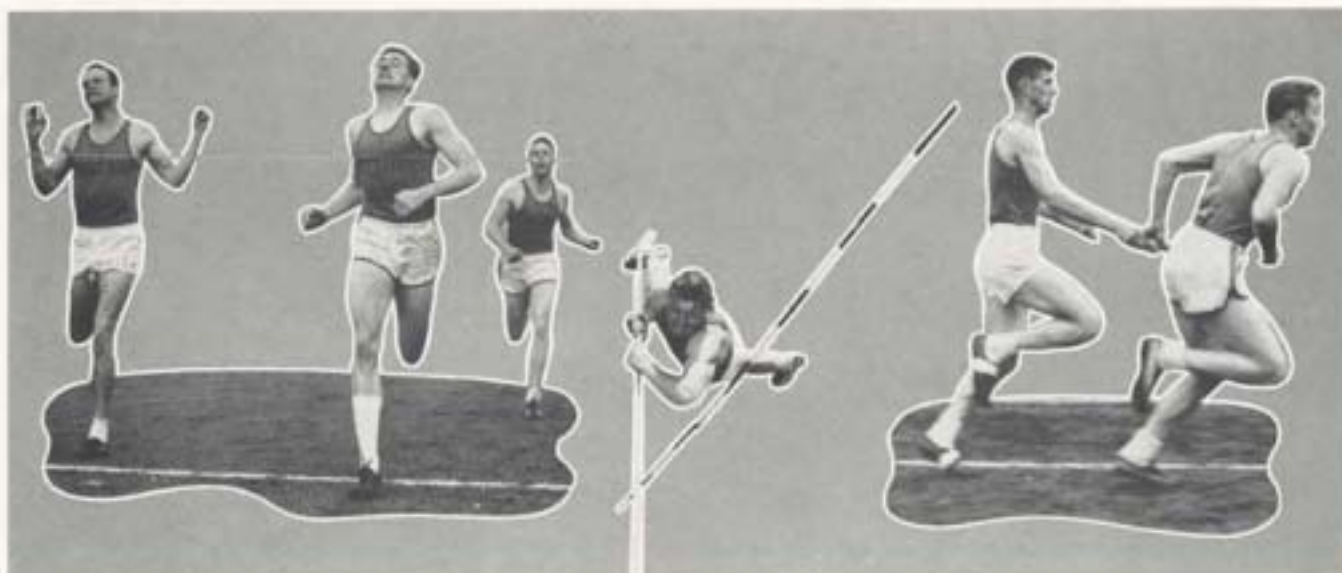

Tech.....59;	V.M.I.....	80
--------------	------------	----

Sparked by Dick Arnold, Bob Wingfield, and freshman Harry Keast, Tech's cindermen flashed to a winning and highly successful season. Tech won three, lost one, and tied one in regular season competition. Although Tech battled V.M.I. to a rare tie in their annual clash, the Gobblers could manage no better than second place behind the perennial champs in the Southern Conference meet and the Big Six race.

It is indeed impossible to single out any one man for praise

when every man gave his best for the team; however, here are just a few of the men that paced the Gobbler thinclads with consistent brilliant performances: pole vault—Bob Metcalfe, Tom Johnson, and "Hootie" Blankenship; hurdles—Bob McCoy; broad jump—Dave Ebert; 440 and 880—Bob Glover, Stu Lawrence, and Dick Arnold; two mile—Charlie Catlett; high jump—Don Cosmack; discus—Alan Booe, and frosh Harry Keast in the dashes. Perhaps the most consistent winning combo in the Southern Conference was Tech's wing-footed relay team of Terry Drew, Bob Wingfield, Bob Glover, and Dick Arnold.

Coach Dick Redding is looking forward to another good season this year. The Gobblers will be co-captained by our middle distance ace, Dick Arnold, and a great all-around performer, Dave Ebert. Coach Redding expects to have great strength in his 440, mile, and two mile speedsters, Alan Booe, Tom Richards, and Bob Metcalfe will be counted on as consistent winners in the field events. Other vacancies on the varsity will be filled by a host of eager freshmen as Tech goes in search of the Big Six crown this season.

Tech Kicks Up the Dust

Varsity Baseball Team

For the second straight year Tech's always tough stickmen pounded their way to the Big Six title. Hurt by early season losses and rained-out games, they failed to retain the Southern Conference crown which they won last season.

Perhaps Tech's greatest loss came with last year's graduation of Jim Beard, Tech's fireballing mound ace. Despite this the Hokie's mound staff was five deep in fine talent. The strong arms of Grover Jones, Dave Kuhn, Jerry Williams, Dave Burks, and Johnny Dean sent many opposing batters away from the plate shaking their heads.

The Hokie's booming bats produced a quartet of better than .300 stick men. Bob Scruggs hit .400, Leo Burke .377, Macey White .346, and Howie Wright .300. Jim Clarke, Welferd Lucy, Dave Kuhn, and Dave Burks followed with very respectable averages in the base hit department. The Techmen never produced a great number of hits in any one game, but they were deadly with runners on base. Good clutch hitting won many of the games for Tech.

Perhaps the greatest single performance came when Tech trounced powerful West Virginia and their ace hurler, Jim Heise, 7 to 2, behind Grover Jones' brilliant three-hit pitching.

A host of eager freshmen are expected to fill the gaps left by graduation. Tech's hurling staff will be their strongest asset as they look forward to a heavy schedule this season.

Big Six Meet

Tech.....	.62 (Second Place);	V.M.I.....	147
-----------	---------------------	------------	-----

With sophomore Bill Grossman and freshman Tom Plymale showing the way the Hokie mermen churned their way to a very successful season. Their only defeat came at the hands of always tough V.M.I. Tech also took second place honors in the Big Six meet behind the Keydets who captured first place for the fourth consecutive year.

The breaking of old records and setting of new times occurred amazingly often for the Hokies. In the U.Va. meet,

Grossman broke the old 50-yard freestyle record of 24.5 seconds as he covered the distance in 24 seconds flat. Grossman marked himself as the outstanding individual performer in the Big Six meet by plating the Big Six 50-yard dash record and tying the V.M.I. pool mark for the event. The old record was 24.3; Grossman's time was 23.9. He also knocked 2.6 seconds off of the pool mark in the 200-yard individual medley. Charlie Daughtrey set a new 200-yard backstroke record with his 2:32.6 timing in the Davidson meet. Tech's 300-yard medley team of Jack Holloran, Tom Plymale and Daughtrey set a new school record with a time of 3:10 for the distance. Bill James concluded the record smashing performances by breaking the Washington & Lee gym record for the 200-yard breaststroke with a 2:23.7 timing.

With Grossman churning out new times in the sprints and Plymale, Daughtrey and James breaking distance records, Tech can look forward to bettering this season's fine record next year.

SWIMMING

COACH NEWMAN

GOLF

After losing their first three matches, the Hokie golfers caught fire and mowed down their remaining opposition in brilliant fashion to capture the state inter-collegiate championship.

In capping the state title the Tech golfers whipped V.M.I. once, William and Mary twice, Virginia twice, and trounced hapless Washington and Lee three times. Maurice Tanner was individual third place winner in the Southern Conference tourney while the Gobbler's team score gave them a fourth place in the tourney.

With every man returning except graduated Buck Karn, the Hokies should enjoy another fine record. Last year's captain, George Stiff, is expected to lead the Tech forces again this year.

TANNER

MYERS

STIFF

Varsity Golf Team

COACH TESKE

Wrestling is perhaps the greatest test of an individual's talent in his chosen sport. Above are the men who have more consistently proven themselves better than other individuals. Undefeated in their seven matches this year, the Hokie grapplers have put two undefeated seasons back to back and are undefeated in their last sixteen outings. Quite a record in any sport. As this goes to press, the Hokies are about to journey to Lexington for the Southern Conference Tournament where they are, as usual, the favorites.

Coach Frank Teske's Interes were hurt in the heavyweight division when Jim Locke turned professional after the Washington & Lee match. Teske filled the heavyweight gap with a very able man. Returning to the mat after two years of Army service, Bob "Baby" Seal turned in some very creditable performances as our heavyweight.

None of Tech's matches were very close except the University of Virginia match. Tech winning this one 11 to 16. The victory came by way of a decision by Ernie Piercy and wins by Joe Heller, Armond Taylor, and Sherman Vandervender. Heller, Taylor, and Vandervender pinned their men in fine wrestling performances. The big surprise of the night came when Stu Bowden pinned sophomore Al "Tiger" Carson, Tech's brilliant Southern Conference Champ, with 2:10 gone in the second period. It was Carson's first collegiate defeat. In the final match, Bobby Seal was pinned by the "Wahoo's" great Henry Jordan, ex-Warwick High School state champion.

Every man on the Hokie team turned in fine performances in every match and pins were prevalent in every match. This observer is quite sure that the Hokie grapplers will bring back quite a few Southern Conference Champions from Lexington this spring.

Varsity Tennis Team

TENNIS

Coach "Buck" Buchanan's charges doubled their number of games this season and despite lack of experience played good wide open tennis in all of their ten matches.

Tech opened strongly by posting impressive victories over Emory and Henry and Marshall College. Then the Hokie netters dropped four in a row to V.M.I., Washington and Lee, William and Mary, and Virginia. The rest of the season was spent in a win one, lose one style that gave Tech a won four, lost six season.

Jerry Collier is the only man being lost by graduation. This will boost the Hokie success hopes high; with returning Maxie Bryant, Henry Hutchinson, Joe Zimmerman, and Chuck Moyers to carry the attack. The Tech tennis fans can look for a winning season this year.

RIFLE

Firing against some of the best opposition in the east, the Virginia Tech Varsity Rifle Team has turned in a fine season's record at this point. With only four matches and the Southern Conference Tournament left in this season, the Hokie marksmen have lost only three matches. They fired one of their highest scores of the season against the best Navy Riflery Team in the Academy's history. Tech fired a 1414 in a losing cause as the powerful Navy team turned in the highest score ever posted on the Navy range—a 1440. Citadel and Army have also beaten the Hokies by slight margins.

Tech's victories include such formidable opponents as Virginia, Georgetown, West Virginia twice, Washington and Lee, and V.M.I.

The strongmen of this year's team have proved to be Bob Dailey and Ellis Lea who boast 236 and 237 high scores thus far. Following them closely are Archie Burgess, captain Jim Sterling, Jim Shriver, Larry Di-Joseph, and Nelson Wirman. Tech has proved their ability to hit when the going gets rough and pose a definite threat in the Southern Conference Tournament.

A CLOSING THOUGHT

"I am only one;
But I am one.
I cannot do everything
But I can do something.

What I can do I ought to do,
And what I ought to do
By the grace of God
I will do."

GRADUATING SENIORS

as a means of expressing their respect for the leadership ability
that they displayed in upholding the spirit and traditions which
are symbolic of the corps of cadets.

To the Members of the Class of 1956

Greetings and hearty congratulations from more than seventeen thousand former students and their Alumni Association. Best wishes for a long, happy and useful life as TECHMEN.

Through its local chapters and especially through its central office on the campus, the V.P.I. Alumni Association looks forward to serving you. It welcomes you into alumni status. It offers you the proud mantle of Stewardship to keep and to enhance.

Remember: If a great Alma Mater is in your dreams you must help make her great.

We are very proud to have been selected official jewelers to
the Virginia Polytechnic Institute class of 1956

OPPORTUNITY

awaits top technical men in the
world's largest factory of its kind

It's not the kind of opportunity that assures the most mediocre man a rocket-like rise to the "top". But it is the solid kind of opportunity that recognizes merit and offers steady progress to any ambitious, willing-to-learn, intelligent VPI Graduate who wants a future in a great Southern industry fast coming into its own.

Engineering, Chemistry, Selling, Advertising, General Business Administration — in these and other fields at The Lane Company, there are sturdy and much-used "ladders to the top" awaiting the right men.

VPI colors fly today at a number of key posts in the Lane organization: President, Plant Manager, Production Planning Manager, Quality Inspection Manager, Plant Engineer, Territorial Sales Representative . . . these to mention a few. Thus, the VPI Graduate now launching his career in the Company finds an especially congenial "Alma Mater" atmosphere to make him feel at home right from the start.

Don't judge opportunity by its distance . . . sometimes the biggest opportunities are closest to home!

LANE'S MODERN FURNITURE PLANT

A Memorable Year

•

• Congratulations to the Student Body and Faculty of Virginia Tech upon the completion of another outstanding year of accomplishments.

• The Staff of your annual has worked exceedingly hard to give you a superb book that portrays the highlights of memorable activities. To preserve this excellent literary and photographic record, the best grades of material have been combined with skilled workmanship to provide the finest quality yearbook.

• We are very proud that the 1956 Staff selected us to help design, print and bind the BUGLE. We have earnestly endeavored to fulfill the confidence placed in us.
