86%

86% of offers were accepted

2021 Summer Internship Interview
Guaranteed interview for a 2021 summer internship with Dominion Energy, a Fortune 200 company

The energy to love your life and your career.™

Survey to Identify Challenges For Math Courses

The Asian Cultural Engagement Center, El Centro, and Dr. Fanny Jasso from the Math Department are interested in identifying ways to support students to succeed in their math courses. The first step is to collect responses from students in the APIDA and LatinX communities in regards to issues or challenges when taking classes offered by the Math Department or learning in this discipline. The goal for this survey is to not only identify the problems but also to address and implement solutions to the problems expressed by participants of this survey.

Please answer the following questions to the best of your ability. Any information that you can provide will be greatly appreciated.

If you have any questions or concerns, feel free to reach out to Dr. Nina Ha at nha@vt.edu, Veronica Montes at vmontes@vt.edu, or Dr. Fanny Jasso at efjasso@vt.edu.

This survey should only take you 3 - 5 minutes to complete. **Additionally, for faculty and/or administrators, please circulate this message to your students so that they can participate as well.**

Thank you for your consideration and participation!

Sincerely,

Nina Ha, Veronica Montes, and Fanny Jasso
