Dear Evelien,

Of course you can use our tables for your dissertation.

Send us what you will write, we are interested in reading it.

Best, Paolo

Dear Dr. Paolo Celot.

I am currently completing my dissertation about media literacy assessment that I wrote you about earlier (thanks again for participating in my study)! In my dissertation I'd like to use two tables from two EAVI publications. I was wondering whether you could grant me with copyright permission to use these in my dissertation (I will of course properly cite them as well). Also, if you wouldn't be the right person to ask, do you know who to ask instead?

These are the tables I'd like to include in my dissertation: "Table 1: Personal and Social Competencies" on page 34 of this publication: http://www.eavi.eu/joomla/images/stories
/Publications/Study2 Assessment/mlstudy2/eavi study on assessment criteria for media literacy levels in europe.pdf
In addition, I would like to use a modified version of the following table as well "Table 3 - 1 Media literacy definitions and review frameworks" m http://www.eavi.eu/joomla/images/stories/Publications/study testing and refining ml levels in europe.pdf

I will of course cite the tables properly as well (including page numbers).

Kind regards, Evelien Schilder
