Dear Roghanizad,

I hope this email finds you well. I would like to get permission to include Appendix A and E in your thesis named "A New Method for Blood Perfusion Measurement using Non-Invasive Bio-Heat Perfusion Sensors", in my thesis with some minor modifications. I would also like to get permission to use one of the figures of the CHFT+ in your thesis and include it in mine. The figure and appendices will be properly cited to your thesis.

Thank you for your time,
Hussain Alshawaf
