

FORMATIVE ASSESSMENT 2:

At the end of Lesson 5, administer this formative assessment. Students have learned about plot, characters, empathy, and culture. Ask them to respond the questions in the Exit Card.

EXIT CARD:

- 1. How do folktales help us feel empathy?**
- 2. What is an example of objective (seen) culture?**
- 3. What is an example of subjective (unseen) culture?**

Use responses to ensure that students understand key concepts of empathy and culture. If necessary, use the beginning of the next class to reinforce these concepts for those students who did not respond correctly to the questions.
