Request permission to reuse Springer Nature content

Copyright Clearance Center's RightsLink® service makes it faster and easier to secure permission for the reuse of Springer Nature content to be published, for example, in a journal/magazine, book/textbook, coursepack, thesis/dissertation, annual report, newspaper, training materials, presentation/slide kit, promotional material, etc.

Simply visit [SpringerLink \(http://link.springer.com/\)](http://link.springer.com/) or [Nature.com \(https://www.nature.com/\)](https://www.nature.com/) and locate the desired *article* or *book chapter* that contains the material you wish to reuse.

- Go to the article or chapter page you wish to reuse content from. (Note: permissions are

granted on the *article* or *chapter level*, not on the book or journal level). Scroll to the bottom of the page, or locate via the side bar, the "*Reprints and Permissions*" link at the end of the chapter or article.

- Select the way you would like to reuse the content; if you do not see your intended reuse select the 'I do not see my intended reuse' option;
- Complete the form with details on your intended reuse. Please be as complete and specific as possible so as not to delay your permission request;
- Create an account if you haven't already. A RightsLink account is different than a SpringerLink account, and is necessary to receive a licence regardless of the permission fee. You will receive your licence via the email attached to your RightsLink receipt;
- Accept the terms and conditions and you're done!

For questions about using the RightsLink service, please contact Customer Support at Copyright Clearance Center

via phone +1-855-239-3415 or +1-978-646-2777 or

email springernaturesupport@copyright.com (<mailto:springernaturesupport@copyright.com>).

Springer Nature Author FAQs

Reuse in an Author's Dissertation or Thesis

Springer Nature Book and Journal Authors have the right to reuse the Version of Record, in whole or in part, in their own thesis. Additionally, they may reproduce and make available their thesis, including Springer Nature content, as required by their awarding academic institution. Authors must properly cite the published work in their thesis according to current citation standards and include the following acknowledgement: '*Reproduced with permission from Springer Nature*'.

Self-Archiving and Manuscript Deposition

For information on our book and journal self-archiving policy, including for both subscription and open access publications, please see our self-archiving, manuscript deposition, and digital preservation policy for [books](https://www.springernature.com/gp/open-research/policies/book-policies) (https://www.springernature.com/gp/open-research/policies/book-policies) and [journals](https://www.springernature.com/gp/open-research/policies/journal-policies) (https://www.springernature.com/gp/open-research/policies/journal-policies).

Springer Nature Book Author Reuse Guidelines

Springer Nature authors should always check their licence to publish (LTP) or copyright transfer statement (CTS) regarding their specific retained rights to republish their work

with third parties.

Springer Nature believes that the content we publish should be available for further research and analysis. In order to drive the maximum re-use and utility of published research, we ask Authors to comply with available field-specific standards for the preparation and recording of data.

Springer Nature allows authors to copy, distribute or otherwise reuse the work, without the requirement to seek specific prior written permission from Springer Nature in accordance with the following provisions:

1. Reuse of any part of the work is permitted in a new edition of the work, proceedings chapter, or a new chapter in a new edited volume, written by the same Author provided that in each case the new work is published by Springer Nature under a publishing agreement with Springer Nature, and that at least ten percent (10%) of the new work is new additional content; and
2. Reuse of any part of the work is permitted in a new monograph, chapter of an edited volume, or new textbook written by the same Author provided always that in each case the new work is published by the Springer Nature under a publishing agreement with us, and that at least eighty percent (80%) of the new work is new additional content; and
3. Reuse of up to ten percent (10%) of the work is permitted in a new monograph or textbook written by the same Author which is not published by Springer Nature; and
4. Reuse of the work in a new book (other than a monograph or textbook), book chapter or journal article, published by any third party, or in a journal article published by Springer Nature, is limited to three figures (including tables), or a single text extract of less than 400 words from a chapter of the work, but not more than five figures (including tables) or a total of 800 words from the whole book; and
5. Any further Reuse of the work is permitted only to the extent and in so far as is reasonably necessary:
 - a. to share the work as a whole to no more than 10 research colleagues engaged by the same institution or employer as the Author for each colleague's personal and private use only;
 - b. for classroom teaching use by the Author in their respective academic institution by making available up to one chapter from the work and provided that the work or any part of it is not included in course packs for sale or wider distribution to any students, institutions or other persons, nor any other form of commercial or systematic exploitation; or
 - c. for the Author to use parts of the work in the further development of the Author's scientific and/or academic career, or for private use and research within a strictly limited circulation which does not allow the work to become publicly accessible nor prejudice sales of, or the exploitation of the Springer Nature's rights in, the work (e.g. attaching a copy of a chapter to a

job or grant application).

Any Reuse must be based on the Version of Record only, and the original source of publication must be cited according to current citation standards. The “Version of Record” is defined as the final version of the work as originally published, and as may be subsequently amended following publication in a contractually compliant manner, by or on behalf of the Springer Nature.

In each case where the Author has Reuse rights or we grant specific use rights to the Author according to the above provisions, this shall be subject always to the Author obtaining at the Author’s sole responsibility, cost and expense the prior consent of any co-author(s) and/or any relevant third party.

Springer Nature Journal Author Reuse Guidelines

Springer Nature Journal and Proceedings Authors may find information on any relevant embargos or on open access licensing on our [Journal Policies \(https://www.springernature.com/gp/open-research/policies/journal-policies\)](https://www.springernature.com/gp/open-research/policies/journal-policies) page

ResearchGate Partnership

Articles published in Nature-branded journals from 2017 and a selection of Springer journals from 2015 are included in our Research Gate partnership. Newly published articles from these journals are uploaded upon publication, and all uploaded articles are linked to author’s ResearchGate profiles. Authors with a ResearchGate account are informed of an upload via email and a notification on the ResearchGate platform. If you are a Springer Nature author, have a ResearchGate profile, and did not receive a notification of your article upload to ResearchGate, the journal that you published in may not currently be part of the partnership. Further information about the partnership can be found in our whitepaper “[Researchers at the centre: discoverability, visibility, and access](https://www.springernature.com/gp/librarians/landing/discoverability-visibility-access)” (<https://www.springernature.com/gp/librarians/landing/discoverability-visibility-access>).

For author queries regarding the partnership, please contact the Springer Nature Online Service team at onlineservice@springernature.com (<mailto:onlineservice@springernature.com>).

Referencing your publication

Whenever reusing material from your Springer Nature publication, authors should always include a clear reference to the original work according to any standard referencing style, but the citation should include the following at a minimum

Journal references: ‘Authors, journal name, volume, page number, year, Springer Nature’

Book references: 'Authors, book title, edition, page number, year, publisher as it appears on the copyright page, Springer Nature'

Journal Authors looking to share their work: SN SharedIt

Springer Nature's [SharedIt](https://www.springernature.com/gp/researchers/sharedit) (<https://www.springernature.com/gp/researchers/sharedit>) content-sharing initiative means that links to view-only, full-text subscription research articles can be posted anywhere - including on social media platforms, author websites and in institutional repositories - so researchers can share research with colleagues and general audiences.

2. 4. Where permission has been granted **free of charge** for material in print, permission may also be granted for any electronic version of that work, provided that the material is incidental to your work as a whole and that the electronic version is essentially equivalent to, or substitutes for, the print version.

2. 5. An alternative scope of licence may apply to signatories of the [STM Permissions Guidelines](#), as amended from time to time.

Our required acknowledgement format is in the Appendix below.

5. Restrictions on use

5. 1. Use of the Licensed Material may be permitted for incidental promotional use and minor editing privileges e.g. minor adaptations of single figures, changes of format, colour and/or style where the adaptation is credited as set out in Appendix 1 below. CCC Terms and Conditions

- Description of Service; Defined Terms. This Republication License enables the User to obtain licenses for republication of one or more copyrighted works as described in detail on the relevant Order Confirmation (the "Work(s)"). Copyright Clearance Center, Inc. ("CCC") grants licenses through the Service on behalf of the rightsholder identified on the Order Confirmation (the "Rightsholder"). "Republication", as used herein, generally means the inclusion of a Work, in whole or in part, in a new work or works, also as described on the Order Confirmation. "User", as used herein, means the person or entity making such republication.
- The terms set forth in the relevant Order Confirmation, and any terms set by the Rightsholder with respect to a particular Work, govern the terms of use of Works in connection with the Service. By using the Service, the person transacting for a republication license on behalf of the User represents and warrants that he/she/it (a) has been duly authorized by the User to accept, and hereby does accept, all such terms and conditions on behalf of User, and (b) shall inform User of all such terms and conditions. In the event such person is a "freelancer" or other third party independent of User and CCC, such party shall be deemed jointly a "User" for purposes of these terms and conditions. In any event, User shall be deemed to have accepted and agreed to all such terms and conditions if User republishes the Work in any fashion.
- Scope of License; Limitations and Obligations.
 - All Works and all rights therein, including copyright rights, remain the sole and exclusive property of the Rightsholder. The license created by the exchange of an Order Confirmation (and/or any invoice) and payment by User of the full amount set forth on that document includes only those rights expressly set forth in the Order Confirmation and in these terms and conditions, and conveys no other rights in the Work(s) to User. All rights not expressly granted are hereby reserved.
 - General Payment Terms: You may pay by credit card or through an account with us payable at the end of the month. If you and we agree that you may establish a standing account with CCC, then the following terms apply: Remit Payment to: Copyright Clearance Center, 29118 Network Place, Chicago, IL 60673-1291. Payments Due: Invoices are payable upon their delivery to you (or upon our notice to you that they are available to you for downloading). After 30 days, outstanding amounts will be subject to a service charge of 1-1/2% per month or, if less, the maximum rate allowed by applicable law. Unless otherwise specifically set

forth in the Order Confirmation or in a separate written agreement signed by CCC, invoices are due and payable on "net 30" terms. While User may exercise the rights licensed immediately upon issuance of the Order Confirmation, the license is automatically revoked and is null and void, as if it had never been issued, if complete payment for the license is not received on a timely basis either from User directly or through a payment agent, such as a credit card company.

- 3.3. Unless otherwise provided in the Order Confirmation, any grant of rights to User (i) is "one-time" (including the editions and product family specified in the license), (ii) is non-exclusive and non-transferable and (iii) is subject to any and all limitations and restrictions (such as, but not limited to, limitations on duration of use or circulation) included in the Order Confirmation or invoice and/or in these terms and conditions. Upon completion of the licensed use, User shall either secure a new permission for further use of the Work(s) or immediately cease any new use of the Work(s) and shall render inaccessible (such as by deleting or by removing or severing links or other locators) any further copies of the Work (except for copies printed on paper in accordance with this license and still in User's stock at the end of such period).
- 3.4. In the event that the material for which a republication license is sought includes third party materials (such as photographs, illustrations, graphs, inserts and similar materials) which are identified in such material as having been used by permission, User is responsible for identifying, and seeking separate licenses (under this Service or otherwise) for, any of such third party materials; without a separate license, such third party materials may not be used.
- 3.5. Use of proper copyright notice for a Work is required as a condition of any license granted under the Service. Unless otherwise provided in the Order Confirmation, a proper copyright notice will read substantially as follows: "Republished with permission of [Rightsholder's name], from [Work's title, author, volume, edition number and year of copyright]; permission conveyed through Copyright Clearance Center, Inc. " Such notice must be provided in a reasonably legible font size and must be placed either immediately adjacent to the Work as used (for example, as part of a by-line or footnote but not as a separate electronic link) or in the place where substantially all other credits or notices for the new work containing the republished Work are located. Failure to include the required notice results in loss to the Rightsholder and CCC, and the User shall be liable to pay liquidated damages for each such failure equal to twice the use fee specified in the Order Confirmation, in addition to the use fee itself and any other fees and charges specified.
- 3.6. User may only make alterations to the Work if and as expressly set forth in the Order Confirmation. No Work may be used in any way that is defamatory, violates the rights of third parties (including such third parties' rights of copyright, privacy, publicity, or other tangible or intangible property), or is otherwise illegal, sexually explicit or obscene. In addition, User may not conjoin a Work with any other material that may result in damage to the reputation of the Rightsholder. User agrees to inform CCC if it becomes aware of any infringement of any rights in a Work and to cooperate with any reasonable request of CCC or the Rightsholder in connection therewith.
4. Indemnity. User hereby indemnifies and agrees to defend the Rightsholder and CCC, and their respective employees and directors, against all claims, liability, damages, costs and expenses, including legal fees and expenses, arising out of any use of a Work beyond the scope of the rights granted herein, or any use of a Work which has been altered in any unauthorized way by User, including claims of defamation or infringement of rights of copyright, publicity, privacy or other tangible or intangible property.
5. Limitation of Liability. UNDER NO CIRCUMSTANCES WILL CCC OR THE RIGHTSHOLDER BE LIABLE FOR ANY DIRECT, INDIRECT, CONSEQUENTIAL OR INCIDENTAL DAMAGES (INCLUDING WITHOUT LIMITATION DAMAGES FOR LOSS OF BUSINESS PROFITS OR INFORMATION, OR FOR BUSINESS INTERRUPTION) ARISING OUT OF THE USE OR INABILITY TO USE A WORK, EVEN IF ONE OF THEM HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. In any event, the total liability of the Rightsholder and CCC (including their respective employees and directors) shall not exceed the total amount actually paid by User for this license. User assumes full liability for the actions and omissions of its principals, employees, agents, affiliates, successors and assigns.
- 6.

Limited Warranties. THE WORK(S) AND RIGHT(S) ARE PROVIDED "AS IS". CCC HAS THE RIGHT TO GRANT TO USER THE RIGHTS GRANTED IN THE ORDER CONFIRMATION DOCUMENT. CCC AND THE RIGHTSHOLDER DISCLAIM ALL OTHER WARRANTIES RELATING TO THE WORK(S) AND RIGHT(S), EITHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ADDITIONAL RIGHTS MAY BE REQUIRED TO USE ILLUSTRATIONS, GRAPHS, PHOTOGRAPHS, ABSTRACTS, INSERTS OR OTHER PORTIONS OF THE WORK (AS OPPOSED TO THE ENTIRE WORK) IN A MANNER CONTEMPLATED BY USER; USER UNDERSTANDS AND AGREES THAT NEITHER CCC NOR THE RIGHTSHOLDER MAY HAVE SUCH ADDITIONAL RIGHTS TO GRANT.

7. Effect of Breach. Any failure by User to pay any amount when due, or any use by User of a Work beyond the scope of the license set forth in the Order Confirmation and/or these terms and conditions, shall be a material breach of the license created by the Order Confirmation and these terms and conditions. Any breach not cured within 30 days of written notice thereof shall result in immediate termination of such license without further notice. Any unauthorized (but licensable) use of a Work that is terminated immediately upon notice thereof may be liquidated by payment of the Rightsholder's ordinary license price therefor; any unauthorized (and unlicensable) use that is not terminated immediately for any reason (including, for example, because materials containing the Work cannot reasonably be recalled) will be subject to all remedies available at law or in equity, but in no event to a payment of less than three times the Rightsholder's ordinary license price for the most closely analogous licensable use plus Rightsholder's and/or CCC's costs and expenses incurred in collecting such payment.
8. Miscellaneous.
 - 8.1. User acknowledges that CCC may, from time to time, make changes or additions to the Service or to these terms and conditions, and CCC reserves the right to send notice to the User by electronic mail or otherwise for the purposes of notifying User of such changes or additions; provided that any such changes or additions shall not apply to permissions already secured and paid for.
 - 8.2. Use of User-related information collected through the Service is governed by CCC's privacy policy, available online here:<https://marketplace.copyright.com/rs-ui-web/mp/privacy-policy>
 - 8.3. The licensing transaction described in the Order Confirmation is personal to User. Therefore, User may not assign or transfer to any other person (whether a natural person or an organization of any kind) the license created by the Order Confirmation and these terms and conditions or any rights granted hereunder; provided, however, that User may assign such license in its entirety on written notice to CCC in the event of a transfer of all or substantially all of User's rights in the new material which includes the Work(s) licensed under this Service.
 - 8.4. No amendment or waiver of any terms is binding unless set forth in writing and signed by the parties. The Rightsholder and CCC hereby object to any terms contained in any writing prepared by the User or its principals, employees, agents or affiliates and purporting to govern or otherwise relate to the licensing transaction described in the Order Confirmation, which terms are in any way inconsistent with any terms set forth in the Order Confirmation and/or in these terms and conditions or CCC's standard operating procedures, whether such writing is prepared prior to, simultaneously with or subsequent to the Order Confirmation, and whether such writing appears on a copy of the Order Confirmation or in a separate instrument.
 - 8.5. The licensing transaction described in the Order Confirmation document shall be governed by and construed under the law of the State of New York, USA, without regard to the principles thereof of conflicts of law. Any case, controversy, suit, action, or proceeding arising out of, in connection with, or related to such licensing transaction shall be brought, at CCC's sole discretion, in any federal or state court located in the County of New York, State of New York, USA, or in any federal or state court whose geographical jurisdiction covers the location of the Rightsholder set forth in the Order Confirmation. The parties expressly submit to the personal jurisdiction and venue of each such federal or state court. If you have any comments or questions about the Service or Copyright Clearance Center, please contact us at 978-750-8400 or send an e-mail to support@copyright.com.

CCC Terms and Conditions

1. Description of Service; Defined Terms. This Republication License enables the User to obtain licenses for republication of one or more copyrighted works as described in detail on the relevant Order Confirmation (the "Work(s)"). Copyright Clearance Center, Inc. ("CCC") grants licenses through the Service on behalf of the rightsholder identified on the Order Confirmation (the "Rightsholder"). "Republication", as used herein, generally means the inclusion of a Work, in whole or in part, in a new work or works, also as described on the Order Confirmation. "User", as used herein, means the person or entity making such republication.
2. The terms set forth in the relevant Order Confirmation, and any terms set by the Rightsholder with respect to a particular Work, govern the terms of use of Works in connection with the Service. By using the Service, the person transacting for a republication license on behalf of the User represents and warrants that he/she/it (a) has been duly authorized by the User to accept, and hereby does accept, all such terms and conditions on behalf of User, and (b) shall inform User of all such terms and conditions. In the event such person is a "freelancer" or other third party independent of User and CCC, such party shall be deemed jointly a "User" for purposes of these terms and conditions. In any event, User shall be deemed to have accepted and agreed to all such terms and conditions if User republishes the Work in any fashion.
3. Scope of License; Limitations and Obligations.
 - 3.1. All Works and all rights therein, including copyright rights, remain the sole and exclusive property of the Rightsholder. The license created by the exchange of an Order Confirmation (and/or any invoice) and payment by User of the full amount set forth on that document includes only those rights expressly set forth in the Order Confirmation and in these terms and conditions, and conveys no other rights in the Work(s) to User. All rights not expressly granted are hereby reserved.
 - 3.2. General Payment Terms: You may pay by credit card or through an account with us payable at the end of the month. If you and we agree that you may establish a standing account with CCC, then the following terms apply: Remit Payment to: Copyright Clearance Center, 29118 Network Place, Chicago, IL 60673-1291. Payments Due: Invoices are payable upon their delivery to you (or upon our notice to you that they are

available to you for downloading). After 30 days, outstanding amounts will be subject to a service charge of 1-1/2% per month or, if less, the maximum rate allowed by applicable law. Unless otherwise specifically set forth in the Order Confirmation or in a separate written agreement signed by CCC, invoices are due and payable on "net 30" terms. While User may exercise the rights licensed immediately upon issuance of the Order Confirmation, the license is automatically revoked and is null and void, as if it had never been issued, if complete payment for the license is not received on a timely basis either from User directly or through a payment agent, such as a credit card company.

- 3.3. Unless otherwise provided in the Order Confirmation, any grant of rights to User (i) is "one-time" (including the editions and product family specified in the license), (ii) is non-exclusive and non-transferable and (iii) is subject to any and all limitations and restrictions (such as, but not limited to, limitations on duration of use or circulation) included in the Order Confirmation or invoice and/or in these terms and conditions. Upon completion of the licensed use, User shall either secure a new permission for further use of the Work(s) or immediately cease any new use of the Work(s) and shall render inaccessible (such as by deleting or by removing or severing links or other locators) any further copies of the Work (except for copies printed on paper in accordance with this license and still in User's stock at the end of such period).
- 3.4. In the event that the material for which a republication license is sought includes third party materials (such as photographs, illustrations, graphs, inserts and similar materials) which are identified in such material as having been used by permission, User is responsible for identifying, and seeking separate licenses (under this Service or otherwise) for, any of such third party materials; without a separate license, such third party materials may not be used.
- 3.5. Use of proper copyright notice for a Work is required as a condition of any license granted under the Service. Unless otherwise provided in the Order Confirmation, a proper copyright notice will read substantially as follows: "Republished with permission of [Rightsholder's name], from [Work's title, author, volume, edition number and year of copyright]; permission conveyed through Copyright Clearance Center, Inc. " Such notice must be provided in a reasonably legible font size and must be placed either immediately adjacent to the Work as used (for example, as part of a by-line or footnote but not as a separate electronic link) or in the place where substantially all other credits or notices for the new work containing the republished Work are located. Failure to include the required notice results in loss to the Rightsholder and CCC, and the User shall be liable to pay liquidated damages for each such failure equal to twice the use fee specified in the Order Confirmation, in addition to the use fee itself and any other fees and charges specified.
- 3.6. User may only make alterations to the Work if and as expressly set forth in the Order Confirmation. No Work may be used in any way that is defamatory, violates the rights of third parties (including such third parties' rights of copyright, privacy, publicity, or other tangible or intangible property), or is otherwise illegal, sexually explicit or obscene. In addition, User may not conjoin a Work with any other material that may result in damage to the reputation of the Rightsholder. User agrees to inform CCC if it becomes aware of any infringement of any rights in a Work and to cooperate with any reasonable request of CCC or the Rightsholder in connection therewith.
4. Indemnity. User hereby indemnifies and agrees to defend the Rightsholder and CCC, and their respective employees and directors, against all claims, liability, damages, costs and expenses, including legal fees and expenses, arising out of any use of a Work beyond the scope of the rights granted herein, or any use of a Work which has been altered in any unauthorized way by User, including claims of defamation or infringement of rights of copyright, publicity, privacy or other tangible or intangible property.
5. Limitation of Liability. UNDER NO CIRCUMSTANCES WILL CCC OR THE RIGHTSHOLDER BE LIABLE FOR ANY DIRECT, INDIRECT, CONSEQUENTIAL OR INCIDENTAL DAMAGES (INCLUDING WITHOUT LIMITATION DAMAGES FOR LOSS OF BUSINESS PROFITS OR INFORMATION, OR FOR BUSINESS INTERRUPTION) ARISING OUT OF THE USE OR INABILITY TO USE A WORK, EVEN IF ONE OF THEM HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. In any event, the total liability of the Rightsholder and CCC (including their respective employees and directors) shall not exceed the total amount actually paid by User for this license. User assumes full liability for the actions and omissions of its principals, employees, agents, affiliates, successors and assigns.

6. Limited Warranties. THE WORK(S) AND RIGHT(S) ARE PROVIDED "AS IS". CCC HAS THE RIGHT TO GRANT TO USER THE RIGHTS GRANTED IN THE ORDER CONFIRMATION DOCUMENT. CCC AND THE RIGHTSHOLDER DISCLAIM ALL OTHER WARRANTIES RELATING TO THE WORK(S) AND RIGHT(S), EITHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ADDITIONAL RIGHTS MAY BE REQUIRED TO USE ILLUSTRATIONS, GRAPHS, PHOTOGRAPHS, ABSTRACTS, INSERTS OR OTHER PORTIONS OF THE WORK (AS OPPOSED TO THE ENTIRE WORK) IN A MANNER CONTEMPLATED BY USER; USER UNDERSTANDS AND AGREES THAT NEITHER CCC NOR THE RIGHTSHOLDER MAY HAVE SUCH ADDITIONAL RIGHTS TO GRANT.
7. Effect of Breach. Any failure by User to pay any amount when due, or any use by User of a Work beyond the scope of the license set forth in the Order Confirmation and/or these terms and conditions, shall be a material breach of the license created by the Order Confirmation and these terms and conditions. Any breach not cured within 30 days of written notice thereof shall result in immediate termination of such license without further notice. Any unauthorized (but licensable) use of a Work that is terminated immediately upon notice thereof may be liquidated by payment of the Rightsholder's ordinary license price therefor; any unauthorized (and unlicensable) use that is not terminated immediately for any reason (including, for example, because materials containing the Work cannot reasonably be recalled) will be subject to all remedies available at law or in equity, but in no event to a payment of less than three times the Rightsholder's ordinary license price for the most closely analogous licensable use plus Rightsholder's and/or CCC's costs and expenses incurred in collecting such payment.
8. Miscellaneous.
 - 8.1. User acknowledges that CCC may, from time to time, make changes or additions to the Service or to these terms and conditions, and CCC reserves the right to send notice to the User by electronic mail or otherwise for the purposes of notifying User of such changes or additions; provided that any such changes or additions shall not apply to permissions already secured and paid for.
 - 8.2. Use of User-related information collected through the Service is governed by CCC's privacy policy, available online here:<https://marketplace.copyright.com/rs-ui-web/mp/privacy-policy>
 - 8.3. The licensing transaction described in the Order Confirmation is personal to User. Therefore, User may not assign or transfer to any other person (whether a natural person or an organization of any kind) the license created by the Order Confirmation and these terms and conditions or any rights granted hereunder; provided, however, that User may assign such license in its entirety on written notice to CCC in the event of a transfer of all or substantially all of User's rights in the new material which includes the Work(s) licensed under this Service.
 - 8.4. No amendment or waiver of any terms is binding unless set forth in writing and signed by the parties. The Rightsholder and CCC hereby object to any terms contained in any writing prepared by the User or its principals, employees, agents or affiliates and purporting to govern or otherwise relate to the licensing transaction described in the Order Confirmation, which terms are in any way inconsistent with any terms set forth in the Order Confirmation and/or in these terms and conditions or CCC's standard operating procedures, whether such writing is prepared prior to, simultaneously with or subsequent to the Order Confirmation, and whether such writing appears on a copy of the Order Confirmation or in a separate instrument.
 - 8.5. The licensing transaction described in the Order Confirmation document shall be governed by and construed under the law of the State of New York, USA, without regard to the principles thereof of conflicts of law. Any case, controversy, suit, action, or proceeding arising out of, in connection with, or related to such licensing transaction shall be brought, at CCC's sole discretion, in any federal or state court located in the County of New York, State of New York, USA, or in any federal or state court whose geographical jurisdiction covers the location of the Rightsholder set forth in the Order Confirmation. The parties expressly submit to the personal jurisdiction and venue of each such federal or state court. Author Reuse and Self-Archiving

As an author of an Oxford University Press title, published by our Academic, Trade, Reference, Science and/or Medical books groups, there are certain rights granted to you in the area of Reuse and Self Archiving. This policy sets out the way in which you, as authors of these titles, may reuse pre and post publication versions of your work for your own teaching, publishing and self-archiving purposes, without the need to obtain written permission from OUP.

Scope of the policy

The specific parameters set out in this policy relate to the following Global Academic Business (GAB) book publishing groups in the UK, US, India and Canada **ONLY**:

Academic**Trade****Science****Medical****Reference**

This **does not** cover authors of titles published by the following GAB publishing groups:

Higher Education**Law****Education - Schools/K-12 (Canada), or****ELT (Canada)**

Requests from these areas will continue to be handled on a case-by-case basis by the book's editor.

If you are unsure about which division or publishing group is responsible for publishing your title, please contact your Commissioning/Acquiring Editor.

Authors wishing to reuse work that they have published with **English Language Teaching (ELT) or Oxford Educational (OE)** divisions must contact the respective rights teams directly in order to request permission.

**ELT
OXED**

Our Journals publishing group has its own author reuse guidelines which may be found on the homepage of each journal.

Rights Granted

Prior to publication

Prior to publication, you retain the right to make a maximum of one chapter (or article where appropriate) of the original pre-copied version of your work available on the following, where necessary:

your personal website

the website of your employer and/or

in pre-print servers (i.e. free public servers of original version articles or other content in your subject area)

This is permitted provided that you acknowledge that the content has been accepted for publication by including an acknowledgement as follows:

This is a draft of a chapter/article that has been accepted for publication by Oxford University Press in the forthcoming book [title] by/edited by (Author/editor) due for publication in [year].

After publication Oxford would also ask that you update this record to ensure that the details are accurate, and if possible include links to the OUP catalogue and webpage.

After publication

After publication you may reuse the following portions of your content without obtaining formal permission for the activities expressly listed below:

- one chapter or up to 10% of the total of your single author or co-authored book,
- a maximum of one chapter/article from your contribution to an edited book or collection (e.g. Oxford Handbooks),
- a maximum of one chapter/article of your contribution to an online only, or digital original publication, or
- three figures/illustrations/tables of your own original work

OUP is pleased to grant this permission for the following uses:

- posting on your own personal website or in an institutional or subject based repository after a **12 month** period for **Science and Medical** titles and a **24 month** period for **Academic, Trade and Reference** titles;
- inclusion in scholarly, not-for-profit derivative reuses, (these can include the extension of your contribution to a book-length work, or inclusion in an edited collection of your own work, or any work of which you are an author or editor);
- reproduction within coursepacks or e-coursepacks for your own teaching purposes, (with the proviso that the coursepacks are not sold for more than the cost of reproduction);
- inclusion within your thesis or dissertation.**

Permission for these reuses is granted on the following conditions:

- that the material you wish to reuse is your own work and has already been published by OUP;
- that the intended reuse is for scholarly purposes, for publication by a not-for-profit publisher;
- that full acknowledgement is made of the original publication stating the specific material reused [pages, figure numbers, etc.], [Title] by/edited by [Author/editor], [year of publication], reproduced by permission of Oxford University Press [link to OUP catalogue if available, or OUP website];
- In the case of joint-authored works, it is the responsibility of the authors to obtain permission from co-authors for the work to be reuse/republished.
- that reuse on personal websites and institutional or subject based repositories includes a link to the work as published in an OUP online product (e.g. Oxford Scholarship Online), and/or or to the OUP online catalogue entry; and that the material is not distributed under any kind of Open Access style licences (e.g. Creative Commons) which may affect the Licence between yourself and OUP.

This policy does not cover my intended reuse

If this policy does not cover your intended reuse, either because your material is not published by the subject groups listed above, or falls outside the specific parameters set out here, this does not automatically mean that you will be unable to obtain permission. For all uses not described here, permission may be sought by contacting your Commissioning/Acquiring Editor or by submitting a request via www.plsclear.com—further details can be found [here](#).

We will aim to process your request within 7-10 working days.

FAQ for authors:

Why do I need permission to reuse my own writing?

Our publishing agreement with you enables OUP to make many investments in your work, including editorial review, copyediting, typesetting, design, printing, coding for electronic publication, marketing, distribution, and securing copyright against piracy and plagiarism. Reuse permission protects these investments.

Because I am using less than 10% of my chapter or book, I do not need formal written permission. How should I word the credit?

We ask that you include this wording: "This material was originally published in [Title] by / edited by [Author / Editor], and has been reproduced by permission of Oxford University Press [link to book within an OUP online product and/or <http://global.oup.com/academic>]. For permission to reuse this material, please visit <http://global.oup.com/academic/rights>."

I am planning to use a portion of my OUP publication in my thesis or dissertation. Will I be given permission to do so?

Yes. We would appreciate you letting your OUP editor know.

I am planning to use a portion of my OUP publication in a future book. Will I be given permission to do so?

Generally speaking, yes, permission will be granted without charge. We ask that you request formal permission via www.plsclear.com—further details can be found [here](#).

I retained the copyright to my work when I negotiated my contract with OUP. Do I still need to request permission to reuse my content outside of the conditions set forth above?

Your contract grants OUP the exclusive rights to publish your work. This is independent of who holds copyright and so permission to reuse material may be required regardless of whether you retained copyright.

May I have a .pdf of my book or my chapter?

As a means of protecting against piracy, it is not OUP's policy to send out .pdfs of books or chapters except in extraordinary circumstances.

8. While you may exercise the rights licensed immediately upon issuance of the license at the end of the licensing process for the transaction, provided that you have disclosed complete and accurate details of your proposed use, no license is finally effective unless and until full payment is received from you (either by Oxford University Press or by Copyright Clearance Center (CCC)) as provided in CCC's Billing and Payment terms and conditions. If full payment is not received on a timely basis, then any license preliminarily granted shall be deemed automatically revoked and shall be void as if never granted. Further, in the event that you breach any of these terms and conditions or any of CCC's Billing and Payment terms and conditions, the license is automatically revoked and shall be void as if never granted. Use of materials as described in a revoked license, as well as any use of the materials beyond the scope of an unrevoked license, may constitute copyright infringement and Oxford University Press reserves the right to take any and all action to protect its copyright in the materials.

- **When is permission to reuse IEEE required?**

As a general rule, IEEE requires permission be sought to reproduce any substantial part of its intellectual property, including any text, illustrations, charts, tables, photographs, or other material from previously published sources used. IEEE also requires that all references or sources used be credited, whether or not permission is required. For further guidance, please contact pubs-permissions@ieee.org.

- **From whom do I need permission?**

Permission must be sought from IEEE to reuse its intellectual property. In most cases this will mean locating the material you wish to reuse in IEEE Xplore, where you will find a “request permission” link either on the Table of Contents or on the Article Abstract Page.

- **What if I do not see the “Request Permission” link on either the Table of Contents or the Abstract Page in Xplore?**

If you do not see a permission link on the Abstract Page, we recommend you review the front cover and/or the copyright page in the document itself (often, these pages are freely available for viewing in Xplore) in order to determine copyright owner. If you are unsure, please contact pubs-permissions@ieee.org.

- **Does IEEE require individuals working on a thesis or dissertation to obtain formal permission for reuse?**

The IEEE does not require individuals working on a thesis to obtain a formal reuse license, however, you must follow the requirements listed below:

Textual Material

Using short quotes or referring to the work within these papers) users must give full credit to the original source (author, paper, publication) followed by the IEEE copyright line © 2011 IEEE.

In the case of illustrations or tabular material, we require that the copyright line © [Year of original publication] IEEE appear prominently with each reprinted figure and/or table.

If a substantial portion of the original paper is to be used, and if you are not the senior author, also obtain the senior author's approval.

Full-Text Article

If you are using the entire IEEE copyright owned article, the following IEEE copyright/ credit notice should be placed prominently in the references: © [year of original publication] IEEE. Reprinted, with permission, from [author names, paper title, IEEE publication title, and month/year of publication]

Only the accepted version of an IEEE copyrighted paper can be used when posting the paper or your thesis on-line.

In placing the thesis on the author's university website, please display the following message in a prominent place on the website: In reference to IEEE copyrighted material which is used with permission in this thesis, the IEEE does not endorse any of [university/educational entity's name goes here]'s products or services. Internal or personal use of this material is permitted. If interested in reprinting/republishing IEEE copyrighted material for advertising or promotional purposes or for creating new collective works for resale or redistribution, please go to http://www.ieee.org/publications_standards/publications/rights/rights_link.html to learn how to obtain a License from RightsLink.

If applicable, University Microfilms and/or ProQuest Library, or the Archives of Canada may supply single copies of the dissertation.

- **If I want to republish an article in another language do I still need to obtain a license from IEEE?**

If you are republishing IEEE intellectual property, we do require you obtain a license that includes any translations. The required translation disclaimer and other translation guidelines are available in the IEEE Terms and Conditions contained in the license provided by the Copyright Clearance Center (RightsLink service).

- **How do I obtain permission to use photographs or illustrations?**

IEEE does not always own reproduction rights to photographs or illustrations; rather, such rights may have been retained by the photographer or illustrator. If the source from which the material is borrowed does not indicate who owns reproduction rights, users of these photographs or illustrations are required to locate the rightsholder, directly.

- **Do I need to obtain permission to use IEEE material posted on its website?**

Yes. As a general rule, most material found on the internet is protected by copyright law even if a notice is not displayed. IEEE does require that you inquire about such permission before using any material found on all IEEE copyright owned websites.

- **Does IEEE require certain rights when requesting permission to use material in an IEEE work?**

IEEE does allow permission to reuse small portions of text in another IEEE copyright owned document only (e.g., the equivalent of several paragraphs only) and figures. Our only requirement is that you 1) provide full credit information pertaining to the original IEEE publications (e.g., author name, paper title, publication title, month and year of original publication). Requests for permission to reuse larger portions should be sent to pubs-permissions@ieee.org.

- **What is Rightslink®?**

Rightslink® is the Copyright Clearance Center's automated permissions granting service, which is used by IEEE along with many other STM publishers such as Springer, Elsevier, and Taylor & Francis. Through this permission service, customers can request permission for IEEE Periodical and Conference content from the point of access; (normally found on the abstract page of the individual article, in IEEE Xplore).

- **Is IEEE an STM signatory publisher?**

No, IEEE is not a signatory to the STM (International Association of Scientific, Technical & Medical Publishers) Permissions Guidelines, last updated February 2012.
