This service provides permission for reuse only. If you do not have a copy of the portion you are using, you may copy and paste the content and reuse according to the terms of your agreement. Please be advised that obtaining the content you license is a separate transaction not involving RightsLink.

If credit is given to another source for the material you requested from RightsLink, permission must be obtained from that source.

Note: Individual Scheme and Structure reuse is free of charge and does not require a license. If the scheme or structure is identified as a "Figure" in the article, permission is required.

Permission for this particular request is granted for print and electronic formats, and translations, at no charge. Figures and tables may be modified. Appropriate credit should be given. Please print this page for your records and provide a copy to your publisher. Requests for up to 4 figures require only this record. Five or more figures will generate a printout of additional terms and conditions. Appropriate credit should read: "Reprinted with permission from (COMPLETE REFERENCE CITATION). Copyright (YEAR) American Chemical Society." Insert appropriate information in place of the capitalized words.

If credit is given to another source for the material you requested, permission must be obtained from that source.
