VIRGINIA POLYTECHNIC INSTITUTE

Ut prosim, "That I may do good," was adopted by President John M. McBryde in 1896 as the motto of the Virginia Agricultural and Mechanical College and Polytechnic Institute. As alumni, faculty, and students have striven to do good, the college has continually expanded into the Virginia Polytechnic Institute that we have known in 1959-60.

First Five Presidents
1872-1907

Expansion has been the key to the history of

Cadet—1888

First floor—shops, second floor—dormitory—1875-1889

HENRY BARKSDALE REDD
January 22, 1895 - January 1, 1960

"A man who dedicated his life to V. P. I."

DEDICATION

There came to the V.P.I. campus in the fall of 1915 a man whose entire life would be spent serving the College. First as student, then teacher, coach, and alumni secretary.

The feats of HENRY BARKSDALE REDD as a fullback are already legion, the realities of them as lost as the origin of "Puss"—the name by which he was known. If the details have become blurred in recounting, the essential truth—that Puss Redd played the game with heart, courage, and a total investment of himself—comes through intact. This is significant for it was the formula and trademark of his life.

Puss Redd lived a generous life. His death on New Year's day of this year saddened thousands of people because he was important to thousands of people. This was his art—his genius. He attracted into his ever-widening circle of intimates, persons of various talents which he inevitably utilized for his one, great devotion, his College. The Alumni Association is his truest memorial. Becoming Alumni Secretary in 1926, he led it to a position of national preeminence, building it on service to the College.

This generation of students, heirs to the results of his life's work, dedicates the 1960 BUGLE to the memory of Henry Redd.

Administration

THE PRESIDENT

DR. WALTER S. NEWMAN

VIRGINIA POLYTECHNIC INSTITUTE
Office of the President
Blacksburg, Virginia

To the Student Body of the
Virginia Polytechnic Institute
Campus

Dear Students:

A national authority has said, "The strength and future development of our nation depends upon research." He pointed out that industry and government in our country are spending ten billion dollars a year in research and development. Other nations of the world, even though considered undeveloped, are also making great strides in this area.

The rapid development in scientific areas, the changes in government in many nations and the very complex world conditions are bringing challenges to institutions of higher learning which surpass those in any recent decade.

The sum total of scientific and other areas of knowledge is greater than in any era of the history of the world, and for an individual to achieve eminence, he must acquire more knowledge in a shorter period of time than ever before.

Not all of us will be scientists, delving into the unknown with the hope of achieving another break-through so that man's well-being and culture may be enhanced. Each individual, however, will no doubt be called upon to gain understanding of further scientific achievements, new concepts of society and his fellow man, and will have to play his part in contributing to the development and spread of such advances.

In order to prepare students for this era, V. P. I. must achieve growth in its physical plant to accommodate larger numbers in a more effective manner; it must also achieve growth in vision on the part of faculty and administration and an increase in knowledge and enthusiasm on the part of students.

With kindest regards, I am

Very sincerely,

Walter S. Newman
Walter S. Newman
President

BURRUSS HALL AT NIGHT

WATCH IT; DON'T GET FRESH

THE CIVILIANS SOCK HOP

AND I HEARD COLLEGE WAS ROUGH!!

'T WAS OFF THE COAST OF SINGAPORE, MATEY

ANY ROOM IN THE BACK SEAT?

AN AFTERNOON AT THE PASSION PUDDLE

COME JOIN US

FROM THE TABLES DOWN AT MOREYS

AND THEN I SEZ...

AW SHUCKS, IT WAS REALLY NOTHING

INITIATIONS ARE HELL !!

THOSE WOODS HAVE POSSIBILITIES

OK, OK, WHERE'S THE CHAPERON?

LOOK MOM, I'M IN ORBIT

HONEY, SAY SOMETHING

A REAL ARTIST

- AND NATURE'S BEAUTY

THE CLASS OF 1961

CLASS OFFICERS

JOHN T. RICE	<i>President</i>
JAMES CORSETTY	<i>Vice-President</i>
DWIGHT HOUFF	<i>Secretary</i>
MORGAN WAYSON	<i>Treasurer</i>
GREGORY RAMBO	<i>Civilian Committeeman-at-Large</i>
WALTER CHEATHAM	<i>Cadet Committeeman-at-Large</i>
JOHN RAISBECK	<i>Public Relations Officer</i>
DR. W. W. GIBSON, JR.	<i>Class Advisor</i>

This has been a busy year for the 1961 Class Officers. We selected a Ring Committee composed of a chairman and six members. This committee spent many hours along with the class officers in selecting the Class Ring. We also carefully selected a Ring Dance Board of three, and they did an excellent job of supervising the 1961 Ring Dance. We sincerely appreciate the support and cooperation that we received from the members of the class. We strived to serve the Junior Class in the best manner possible. We are all looking forward to our Senior year, and we, the class officers, will do our best to make next year a success in every respect.

JOHN T. RICE
President

MR. and MRS. W. T. RICE

CLASS OF 1963

The Corps

THE COMMANDANT

GENERAL JOHN M. DEVINE

VIRGINIA POLYTECHNIC INSTITUTE

Office of the Commandant

Blacksburg, Virginia

26 May 1960

MEMORANDUM TO THE CADETS OF THE CLASS OF 1960:

Another academic year is drawing to a close and in a short while your cadet days will be over. The influence of the Corps upon you, however, will not be over. I feel sure that the Corps has left its imprint upon you and that the standards and the ideals which you have learned in it will abide with you in the years to come.

I feel sure, also, the training you have had in finding solutions to the problems which confront the Corps will be of real assistance to you in finding solutions to those problems which will confront you in the future.

Education is not limited to academics, and the object of education is not solely to prepare the individual to make a living. A college education must also prepare the student to meet the challenge of life. The Corps by its organization and operation, by the standards it seeks to maintain, and by the qualities it seeks to instill, plays a significant part in the educational process and helps materially in preparing its members to take their places in the world.

Since much of the operation of the Corps is in the hands of the cadets, the ultimate success of the Corps depends largely upon them and particularly upon the Senior class. I congratulate you, the cadets of the Class of 1960 upon the leadership you have displayed during the past year. You have done your part well.

My best wishes for your future success and well-being go with you.

John M. Devine

THE VPI REGIMENTAL FLYING CORPS

SOME PEOPLE CAN EVEN BE HAPPY AT A FUNERAL

Corps

BAND COMPANY AFTER HOURS

THE MAN AND THE CHALLENGE

"YES SIR, COLONEL, THAT SURE WAS A FUNNY JOKE"

IT WAS A LONG, HARD WINTER

"THERE I WAS AT 8,000 FEET"

"WHADAYA MEAN, YOU DIDN'T BRING IT?"

"YESTERDAY'S FUNNIES. I KNOW THEY'RE IN HERE SOMEWHERE."

"OWENS HALL? YOU JUST GO RIGHT ACROSS THIS FIELD..."

Life

"MY HERO"

THE AWFUL TOWER

GONE NATIVE

A THINKING MAN

"IT WAS TERRIBLE. SEVENTEEN GENERALS AND MY GIRL WATCHING, AND I GROUND-LOOPED."

DIRECTOR OF STUDENT AFFAIRS

DR. JAMES W. DEAN

VIRGINIA POLYTECHNIC INSTITUTE
Office of Student Affairs
Blacksburg, Virginia

Class of 1960
Virginia Polytechnic Institute
Blacksburg, Virginia

Student life, whether in the classroom or in some phase of campus activity, is one of the traditional landmarks of any college society. At Virginia Polytechnic Institute, I find many wonderful qualities in student affairs that have long since disappeared from the American campus. Some of these qualities--honor above self, dedication to a cause, individual and group achievement, and respect for all people--are the honors the Class of 1960 can carry away from V.P.I. with pride.

My first full year at this College has renewed my faith and dedication of purpose to higher education. Your acceptance of me and the student life program has been the greatest personal reward a man can ask in the daily endeavors to build a foundation for all forms of higher education.

My thanks to every member of the V.P.I. family for each and every courtesy.

James W. Dean

The Inter-Dorm Club Council is an organization formed to bring the civilian students closer together. It is composed of representatives from each of the Dorm Clubs who have been elected by the members.

The council discusses the various problems that arise among the students, and they promote harmony between the various groups. Committees have been set up to handle the problems, and this seems to be working most successfully.

The main goal is to encourage students to take a more active interest in college activities, and to bring the Civilian Students in the "spotlight."

Delta Pi Zeta was formed in the Fall of 1955 to provide an organization through which the dormitory students could better participate in group campus activities, and to promote fellowship among the students. Since that time, Delta Pi Zeta has become an integral part of the campus scene, engaging in both social and service functions and providing a means for conducting Civilian Student Body activities.

Kappa Delta Sigma was reorganized in the Spring of 1950, and was previously housed in Major Williams Dormitory. During the campus redevelopment program, Kappa Delta Sigma was moved to Brodie Hall where it has grown to a large and active organization.

The prime purpose of this organization is to promote close association of its members in both work and play. Quarterly activities include: A banquet for new members, a private party, and intramural sports.

We of Kappa Delta Sigma wish to extend our best wishes to the graduating members of the Class of 1960; may you prosper in both fortune and happiness.

The dynamic movement of Tau Epsilon Kappa during 1960 was effectively illustrated by the successful promotion of Miss Patricia Lail, VPI co-ed, for Homecoming Queen. This marked the first time in several years for a queen to be elected from the VPI campus.

This year TEK instituted the annual selection of a Sweetheart of TEK who will act as Official Hostess for all TEK social functions. So honored was Miss Patsy Cox, a Junior from Hillsdale.

TEK entered Dorm Club Homecoming displays with a gigantic, twenty-five foot character, taken from MAD magazine, who was stroking a grandstand filled with fumes TEK-ers.

To further show that TEK is a growing organization, it has made arrangements towards securing a house in Blacksburg, for the encouragement of greater social activity at VPI. All Honorary members of TEK are welcome to the house when in town.

CAFI was organized on campus in the fall of 1951. The Cafi Club has constantly gained prestige and distinguished itself through hard work on the part of the past and present members.

The purpose of the Cafi Club is to unite those students at VPI who reside in dormitory BW as civilians in order to promote good citizenship, to encourage scholastic achievement, to promote good fellowship, and to give active expression to the social and civic interests of the members.

Delta Sigma Chi, since its organization in 1957, has become the largest, and one of the most outstanding fraternal organizations on campus.

Our goal and purpose has always been the promotion of a well rounded college life. By encouraging and promoting participation in extra curricular activities, we attempt to fill the social needs of the student.

The fraternal relationship which is developed among our members during their life here at Tech will result in fond memories in the future. By sharing our work, play, and life together we feel we will become better citizens and have a clearer insight of the cares and problems of those around us.

To this end, and to the betterment of the Civilian Student Body and a greater Va. Tech, we dedicate our work, our hopes, and ourselves.

Fraternity, Integrity, Education

F.I.E. was organized three years ago to promote Fraternity, Integrity, and Education among the residents of East Campbell Hall as well as aiding new students in adjusting to college life and helping create a better understanding toward our divided student body. In the future we hope to make a better VPI through a better F.I.E.

The VPI Association for the Advancement of Engineering, organized entirely of students from the School of Engineering and Architecture, was established as a pioneering venture of its kind in 1949. The purpose of this Association is to promote the advancement of the School of Engineering and Architecture and its student body, and to represent this student body in its relationships with the administration of the college.

The concept of an Engineering Conference is broad in scope and execution, extending from a high school science fair to nationally known convocation speakers, engineering symposia, industrial exhibits, and fellowships. An opportunity is afforded for business men and practicing engineers to exchange ideas and ideals with Virginia Tech students, and for these visitors to the campus to examine at close range the engineering training that is offered by Virginia's Land Grant College.

The AIEE and the IRE are combined into a joint student branch of the two national parent organizations. The purpose of the chapter is to promote fellowship among Electrical Engineering Students and to keep the students informed as to the latest developments in industry. Participation in events such as the Homecoming Float Contest and the annual Engineering Conference gives the students an opportunity to work together creatively. Guest speakers from various branches of industry are scheduled regularly to give talks and demonstrations acquainting the student with the latest advances in research and production.

The Student Chapter of the American Society of Civil Engineers was established at V. P. I. to furnish civil engineering students with an opportunity to supplement their academic training by beginning those professional contacts and associations which, continued through life, are so valuable to the practicing engineer.

The varied activities conducted by the Chapter are planned to acquaint the student with advances in research, design, and production, thereby stimulating early professional consciousness and complementing formal instruction.

The Virginia Tech Section of the American Society of Mechanical Engineers was chartered January 8, 1915, and is the oldest Student Section in the South.

The purpose of the Society is the advancement of knowledge of mechanical engineering, the presentation of the proper perspective of engineering work, and the promotion of a professional awareness and fellowship.

The activities of the Student Section include industrial inspection trips, technical speech competition, regional conferences, symposiums, participation in college activities, and regular meetings consisting of speeches, discussions, and movies.

All students enrolled in Mechanical Engineering are eligible to join the Student Section and are encouraged to participate in the activities of the Society.

The Co-operative Engineering Society is organized of students enrolled in the School of Engineering and Applied Sciences and in the Co-operative Program. The purpose of this Society is to promote public interest in the co-operative program, serve as a link between the school and the student in industry, and represent the co-op students in their relationship with the administration of the college.

Freshmen are afforded an opportunity to become familiar with situations encountered in industry by talks, movies, demonstrations, and contact with students of previous industrial experience. Various social activities are held throughout the year to promote fellowship between the members.

The Student Section of the American Society of Agronomy, called the Agronomy Club on campus, is composed of students in agronomy, general agriculture, and other agricultural curriculums. The purposes of the club are to promote leadership through participation in various activities and to keep the students well informed of the advances in agriculture through educational programs. The club participates in many activities such as the Horticulture Show, the Agricultural Exposition and the Southeastern Regional Soil Judging Contest.

The Dairy Club was organized in the spring quarter of 1921. In the spring of 1938, they joined the American Dairy Science Association and is now known as the Virginia Tech Chapter of The American Dairy Science Association.

The club sponsors a dairy cattle judging team. An annual publication, *The Milky Way*, is published by the dairy club. Each spring the club sponsors a club trip through the state and east coast and a dairy show is always held in conjunction with the Agricultural Exposition.

The main purposes of the dairy club are to inform its members on problems of the field of dairying and to bring students and dairymen of the closer together.

The V. P. I. Collegiate Chapter of Future Farmers of America has as its mission the fostering of a greater interest in vocational training. The meetings of the club are held semi-monthly. At the meetings, problems are discussed that arise in the teaching field. Since all the members are prospective teachers of vocational agriculture, a great deal of effort is made to familiarize everyone with the functions of such an organization.

The local chapter on the campus acts as a nucleus for all chapters located in high schools throughout the state, and prepares future leaders for such chapters. The object of the club, primarily is the promotion of thrift, leadership, scholarship, as well as striving diligently to encourage vocational training and educational activities among the student members at V. P. I.

4-H ALUMNI CLUB

The VPI 4-H Alumni Club is an organization for all former 4-H Club members on campus. The club was organized so that former members could remain active in club work while attending college. Club programs include guest speakers, slides, movies, socials, talks by Ifyc's, and an annual Banquet. The club enters a float for Homecoming and exhibits for the Horticulture Club and Agricultural Exposition. The club joins with the Blacksburg 4-H Club and Radford College in sponsoring campus-wide events, and participating in National 4-H Club Week. The club motto, "To make the Best Better" is a goal that is always strived for through a spirit of fellowship, leadership, and achievement.

The Physics Club seeks, through various appropriate programs, to promote student interest in the research and the advanced study of physics and related fields, and to develop a spirit of mutual understanding between the students and the faculty.

All students enrolled at VPI, who have an interest in physics are eligible for membership. All faculty members interested in the activities of the club are eligible for honorary membership.

The Publications Board is the administrative body governing all of the recognized student publications at V.P.L. The student membership is composed of all publication heads, the president of Pi Delta Epsilon, and a representative from each of the student bodies. The faculty members include a representative of the administration and three other members selected by the Board.

The purpose of the Board is to govern the major policies of each of the publications, to direct and coordinate their activities, and to select the publication heads for each year.

The Student Publications Photographic Service performs an invaluable function on campus: it photographs the multiplicity of student activities and campus events, including dances, sports, feature events, and numerous other extra-curricular affairs. After skillfully processing the photographs and delivering them to the various V.P.I. student publications, the staff feels that they have done much towards increasing the enjoyment of the readers of these publications.

Alpha Kappa Psi is a national professional fraternity in Commerce and Business Administration. Beta Xi Chapter was installed at Virginia Polytechnic Institute, February 13, 1939.

The aims of Alpha Kappa Psi are "to further the individual welfare of its members; to foster scientific research in the fields of commerce, accounts, and finance; to educate the public to appreciate and demand higher ideals therein; and to promote and advance in institutions of college rank, courses leading to degrees in Business Administration."

The Pershing Rifles, founded by General John J. Pershing in 1894 of Nebraska, is a National Honorary Military Society whose purpose is to encourage, preserve, and develop the highest ideals of the military profession, and to recognize these ideals in college ROTC students. The secondary function of the Pershing Rifles is trick and basic drill.

During the past year, Tech's unit, Company E-15, has made many appearances in parades and drill meets, placing high in proficiency of marching and trick drill. The unit is recognized as one of the finest drill teams on the entire East Coast.

This year's famed unit, comprised of 42 men, appeared in the Harvest Bowl Festival in Roanoke, Homecoming here at V. P. L., the Tobacco Bowl Festival at Richmond, and the annual Thanksgiving Day game in Roanoke. The the Regimental Drill meet held at Indiantown Gap, Pa., the company won first place for the best drilled individual, and second place for basic drill.

The company concluded its activities for the year by appearing in the Apple Blossom Festival in Winchester, and the Cherry Blossom Festival in Washington, D. C.

Alpha Phi Omega is a service fraternity composed of members and former members of the Boy Scouts of America who have assembled under the principles of the Scout Oath and Law to render service wherever possible to the study body, the youth and community, the members of the fraternity, and to the nation as participating citizens.

A definite program of service projects along these lines is maintained as Alpha Phi Omega continually strives to aid the campus, the community, and the nation.

Alpha Zeta is a National honorary fraternity whose objectives are to promote the profession of agriculture; to establish foster, and to develop high standards of scholarship, character, leadership, and a spirit of fellowship among all its members; to create and bond together a body of outstanding technical men, who by scholarly attainment, faithful service, and maintenance of ethical ideals and principles, have achieved distinction and are capable of honoring achievements in others.

Members are selected from among undergraduate and graduate agricultural students of high scholarship on the basis of character, leadership, and personality.

This organization was established at the first Air ROTC summer camp at Langley Air Force Base under the name of the Arnold Society of Air Cadets. In May of 1950 the name was changed to the Arnold Air Society. A V.P.I. Squadron was formed on this campus in January, 1949. This Squadron had the distinction of being the second Squadron formed in the nation, and was assigned the designation A-2.

The Arnold Air Society, which was named for Gen. H. H. Arnold, is a professional honorary service organization which has as its purpose to further the ideals of the U. S. Air Force, and to recognize those cadets enrolled in advanced Air ROTC who have distinguished themselves by their academic, military, and leadership achievements.

The Kappa Theta Epsilon Society was founded at Virginia Polytechnic Institute in 1957 by the Co-operative Students of the graduating class of 1957, to mark in a fitting manner those who have conferred honor upon V.P.I. by distinguished scholarship and outstanding character as undergraduates in the Co-operative Program in Engineering and Science, or by their attainments as alumni, and to develop a spirit of competitive achievement in academic work.

The Society is presently engaged in the task of encouraging other colleges and universities, which offer the Co-operative Program, to organize similar organizations. It is hoped that this endeavor will initiate the formulation of a National Society.

Omicron Delta Kappa, National Leadership Honor Society for College men, was founded December 3, 1914, and the Alpha Omicron Circle at V.P.I. received its charter on June 2, 1933.

The Society encourages and recognizes achievement and leadership in scholarship, athletics, student government, social and religious affairs, publications, and speech, music, drama, and the other arts. The qualifications for membership are exemplary character, leadership and service in campus life, scholarship, fellowship, and consecration to democratic ideals. Through its recognition of these qualities, ODK brings together members of the student body and the faculty in a cooperative effort of service and leadership in campus activities and for the general welfare of the college.

Alpha Omicron Circle awards an annual scholarship to an outstanding sophomore student who exemplifies the qualities recognized by ODK.

Pi Delta Epsilon, the National Collegiate Journalism Fraternity is the second oldest honorary fraternity on campus, having received its charter May 1, 1930. Members are selected from those juniors and seniors who have distinguished themselves by outstanding ability as staff members of campus publications. Honorary membership is also conferred upon those faculty members and others who have greatly aided the student publications. The fraternity has as its objectives the promotion of student participation in undergraduate journalism and the elevation of the cause of collegiate journalism.

Pi Tau Sigma is the National Honorary Mechanical Engineering Fraternity. It was created to recognize those who, through scholarship and service, have brought honor to their chosen profession. Members of Pi Tau Sigma aid in various activities in the Mechanical Engineering Department, and each year hold open house to demonstrate the facilities of the Mechanical Engineering building. The fraternity annually presents awards to the outstanding freshman and sophomore in Mechanical Engineering. Through these and other similar activities the members of Pi Tau Sigma constantly strive to lead others to greater accomplishments in Mechanical Engineering.

Scabbard and Blade, Honorary Military Society, is composed of outstanding officers who exhibit exceptional qualities of leadership in the Corps of Cadets at V.P.I. and other colleges and universities in the United States of America. It seeks to develop those attributes of military appearance, ability, and personality, combined with the breadth of interest necessary to make an officer and a gentleman. The purpose of Scabbard and Blade is primarily to raise the standards of military education in American colleges and universities; to unite in closer relationship their military departments; to encourage and foster the essential qualities of good and efficient officers; and to promote friendship and good-fellowship among the cadet officers.

Company "L," 7th Regiment, was formed at V.P.I. in May of 1938.

The V.P.I. Post of the Society of American Military Engineers is an honorary society for cadet students enrolled in engineering curriculums or related sciences who have displayed general excellence in personal qualifications and ability in both military and academic courses. The V.P.I. student Post was chartered in 1957 and is the only student post in the state of Virginia.

The objectives of the society are:

1. To advance the knowledge of the science of military engineering.
2. To preserve the memory of services rendered by the engineering profession throughout the wars in which the United States has been engaged.
3. To encourage, foster and develop between military engineers and other arms of the military service a spirit of cooperation and a mutual understanding of their respective duties, powers, and limitations.
4. To encourage, foster and develop relations of helpful interest between the engineering profession in civil life and that in the military service.
5. To hold meetings for the presentation and discussion of appropriate papers and for social and professional intercourse.

The Tau Beta Pi Association was founded at Lehigh University in 1885 by Edward Higginsons Williams, Jr., to mark in a fitting manner those who have conferred honor upon their Alma Mater by distinguished scholarship and exemplary character as undergraduates in engineering, or by their attainments as alumni in the field of engineering, and to foster a spirit of liberal culture in the engineering colleges of America. The Virginia Beta Chapter of Tau Beta Pi was installed at V.P.I. in 1933. Since that time the chapter has endeavored to promote the ideals of Tau Beta Pi on the Virginia Tech campus.

The Baptist Student Union is a movement promoted throughout the Southern Baptist Convention. The Baptist Student Union is led by the students, related to the church, and centered in Christ. It is through the B. S. U. that the Blacksburg Baptist Church is more closely united with the V. P. I. Campus and Students.

Anyone who becomes a member of the church or a member of one of its groups of activities automatically becomes a member of the B. S. U. Students of many faiths and nationalities enjoy the friendship of the Baptist Student Union.

The Baptist Student Union seeks to relate the individual student properly to his church, to promote the spiritual and moral growth of the students, and to present a positive Christian witness to the campus through prayer, Bible study, participation in church activities, social activities, and Christian fellowship. The B. S. U. has the sincere hope that by these Christ may become real in the lives of the students; and that each, in finding the full meaning of the Christian life, may enjoy a closer walk with Christ.

The basic purpose of the Lutheran Student Association is to afford a means whereby its members may deepen and express their Christian faith; and to carry this faith, as confessed by the Lutheran Church, into the ecumenical ventures of the student world. To this end we plan regular dinner-program meetings which provide many hours of fellowship, and an opportunity to make new friends and acquaintances.

We welcome students from all branches of the Lutheran Church, as well as those of other faiths who wish to worship with us.

WESLEY FOUNDATION

R. L. HERNDON

C. W. ASHER	<i>Treasurer</i>
REV. J. H. COFFEY	<i>Director</i>

The Wesley Foundation is the educational arm of the Methodist Church on the V. P. I. campus. Methodist churches all over the state contribute to its life and growth. The Wesley Foundation, under the leadership of its Director and President, strives, through its various committees and interest groups and their programs, to provide training for college students in mature churchmanship. It offers students the opportunity to know the Church as the Body of Christ, as the custodian of values, as the universal fellowship of believers, and as the agency of ideals, functioning in the community to build a new social order. Through its activities, emphasis is placed on preparation for active participation in the Church and the development of sensitive leadership, both professional and lay. The group life in The Wesley Foundation is ecumenical in its orientation and its practice.

Y. M. C. A.

Following its Centennial Celebration the Young Men's Christian Association at Y.P.T. re-evaluated its role on the campus, making a definite attempt to provide more depth in program and seeking to spread in a relevant way to the existing needs of the students. Through its elected officers and Cabinet, and supported by the Freshman Council and Advisory Board, the "Y" has presented a number of exciting events.

Plans continued for the Derrling Retreat Center, which is to be developed on Clayton Lake for use of campus groups.

The "Y" continued to serve as sponsor for the Association of Married Students and the Commopolitan Club. It also developed special programs for graduate students, for the commuters, and for students entering seminars. After a trip to Russia on a student exchange, last year's president, Jack Resch, spent the current year with the YMCA in Hong Kong.

UNDERSTANDING THROUGH KNOWLEDGE

FRESHMAN CAMP

Meanwhile, the regular program continued, from discussions at the Film Forum series to informal sessions around the coffee urn. Much of the success was due to the leadership of Mr. Al Payne, General Secretary of the YMCA, and Mr. Robert Brinkley, the Danforth Intern.

The V. P. I. Apple Club is primarily a social organization, recognizing as its members those students residing in the counties of Frederick, Warren, Clarke, Fauquier, Page, Loudoun, and Shenandoah in Virginia; Washington County, Maryland, and Jefferson County, W. Virginia. Dances, parties, and picnics are held during the summer and school holidays for the entertainment and enjoyment of the members and their friends. On campus we have regular meetings and smokers to bring us together. Since our one object in coming to V. P. I. is to secure an education, the Apple Club awards each year "The Apple Club Scholarship" to an entering freshman from the club area on the basis of need, character, and ability.

The VPI Emporia Section Club was formed six years ago to foster a closer relationship among students of the Emporia area, and to aid new students in adjusting to life at Tech.

Since the club is primarily a social organization, the highlight of the year is the annual Christmas dance, which brings together both alumni and students during the holiday season. Other activities include annual picnics in the spring and various socials during the school year.

The Norfolk Club was formed to assemble students from Norfolk, Portsmouth, Princess Ann, Virginia Beach and the surrounding area for the purpose of fostering closer relationships among its student members as well as to aid new students in becoming accustomed to college life.

The club is a social organization and the highlight of the year is the annual Christmas dance which brings together both alumni and students during the holiday season. Other activities include various outings during the school year and the annual "after school party" at Virginia Beach.

This social organization provides entertainment and brotherhood for Roanoke area students and students of areas having no sectional clubs. Since its organization in 1958 with 77 charter members, the club has continued to grow with great success. Toby's Lodge, Rockledge Inn atop Mill Mountain, and the Candlelight Club have been the care-free scenes of those highly successful Roanoke Club parties. This club aims to continue providing top-flight entertainment and pleasure for its members, Technicians, and other collegiate-minded party people.

The Cotillion Club, having been in this campus since March, 1915, has as its purpose the bringing together of a congenial and representative group of the gentlemen of the student body who shall constantly hold in high accord the purpose of the organization, namely, the improvement of social conditions within the student body, and the improvement of social relations.

Between the student body and the Faculty and the sponsorship of a non-profit series of dance sets during the Scholastic year.

It is the sincere desire of the Cotillion Club that it can continue to provide the students and the faculty on this campus with the best possible music for its dances and concerts.

The VPI German Club, established in 1892, continues to produce the greatest in Entertainment for Va. Tech students by sponsoring the Finest in Dancing and Listening. Since its founding, the club has strived to contribute the best to the Social Activity on Campus. It initiates new students into the Social life of the college through the Annual Freshman Dance,

and furnishes the Basis of this Social Life by providing three Formal Dances during the school year.

The German Club, ever mindful of its traditions, produces a warm, congenial atmosphere at each of its functions which, along with famous musical entertainment, guarantees German club guests a wonderful and enjoyable experience.

The Southern Colonels achieved wide acclaim while under the baton of Boyd Raeburn, one of America's finest current band leaders, in his days at Va. Tech. They toured several parts of the United States and Europe and were graciously accepted wherever they performed. In 1946, the Colonels were reorganized and continued to upon hold their reputation. Each year the orchestra adds more and better musicians to present dancers and listeners with the quality of music they desire. The popular Colonels are known for their danceable music and balanced professional sound, and they are constantly improving and learning the latest concepts of jazz. Today, the orchestra is living up to the example of its predecessors and is continually presenting the public with fine music for its enjoyment.

THE COLLEGIATES

OFFICERS

R. D. OSLIN	<i>Director</i>
R. I. BRINLEY	<i>Business Manager</i>
J. J. DUKE	<i>Librarian and Staff Arranger</i>
R. D. OSLIN	<i>President</i>

The nucleus of any dance band is the rhythm section. The Collegiates' rhythm section leads off with Cecil Balderson, a North Carolinian who swings in the best tradition of Basie and Ellington. Accompanying him is the bassist Jim Dawes from New York, who constantly displays a thorough knowledge of harmonic progressions and sounds. Rounding out the section is the newest member of the band, Bill George of Richmond who displays exceptional ability in the all important aspect of big-band drumming.

The five man reed section is led by Bob Moore, a native of Appalachia, whose expressive interpretation of lush ballads is equalled only by his proficiency in the progressive jazz idiom. Featured on Jazz tenor is Ronnie Oslin, another Richmondite, whose exceptional abilities are evidenced by his versatility on tenor sax, clarinet, and flute. His leadership and direction have been a prime factor in the band's continual success. The third position in the reed section is occupied by veteran alto saxist Roy Brindle, a West Virginian whose mellow sound enriches and balances the harmonic line of the section. His diligence in the application of the role of Business Manager has enabled the band to fulfill engagements throughout the state. Holding down the fourth chair is Bill McDaniel of Highland Springs, a well-versed musician who rounds out the bottom tenor part admirably. Anchoring down the section is Harvey Rosen, a Florida native, whose rich sound from the baritone sax adds depth and fullness to the melody line.

Cart Guilliams of Roanoke heads up the three man trombone section and solos with a forthright style and unflagging inspirational technique. Farmville is represented by Bill Ulrich, second trombonist, who shows outstanding ability either as a jazz improvisator or ballad soloist. Willie White, of Chatham, completes the section as a superb section man with major instrumental technical abilities.

The trumpet section, adding the drive and power to the band, is led by Jimmy Schultz of Lynchburg, whose excessive range and rich tone contribute mightily to the band's ensemble sound. Roger Mullins is spotlighted in the jazz trumpet chair, and is a major soloist whose lyrical and romantic interpretations are a highlight of the band's performance. J. J. Duke, a native of New Jersey, occupies the third chair in the section with an excellent tone and a big-band style of interpretation. A versatile musician, he contributes heavily to the band's individual sound through his talent of arranging and thorough knowledge of dance band sounds.

The Collegiates personnel are unified in their determination to provide V.P.I. with the best of listenable and danceable music.

The Association of Married Students is an organization established on campus in 1955 under the sponsorship of the YMCA. The AMS functions under the leadership of married students to provide for their social, civic, cultural, and educational development.

Each year the membership of the AMS has increased. This year the enthusiasm of married students and the increased activities and services offered by the association helped to make this organization a strong group on campus. Some of the wives classes included bridge, swimming, dancing, handwork, golf, pre-natal and sewing. Each quarter, in addition to classes, the AMS sponsored an informal dance for married students. Other activities included a tea for wives, picnic, fashion show, benefit bridge party, and a float entry in the homecoming parade.

It is the hope of the AMS to continue in its effort to represent the married student on campus, to increase its membership, and to provide for the educational welfare of all married students.

ATHLETIC DIRECTOR

The past year has seen athletics at Virginia Tech continue to make strides toward the aim of the athletic department in developing a well-rounded program from the standpoint of student participation, as well as from the won-and-lost records. More than 500 students took part as participants on the eleven teams under the athletic department's supervision. Many times that number watched our teams compete.

It is evident from the increasing number of participants and spectators that our program is filling an important need in every student's life on the campus. We in the athletic department are constantly on the lookout for ways to improve our facilities for inter-collegiate athletics and thereby create even more interest among our students, alumni and friends.

Football and cross country in the Fall; swimming, wrestling, basketball, rifle and indoor track in the Winter; and baseball, outdoor track, tennis and golf in the Spring keep our sports calendar full throughout the school year. With such a variety of activity offered, we believe there is a sport interesting to every student, either as a spectator or participant.

Continuing to improve every phase of the Virginia Tech intercollegiate sports program for the benefit of our students is our constant aim.

The Virginia Tech Monogram Club is composed of men who have been awarded a monogram in one of the varsity sports. Letters and sweaters are given to the members by the club in recognition of their achievement in sports. The purpose of the organization is to maintain a close bond of fellowship among varsity athletes of Virginia Tech, to foster and promote athletics at Virginia Tech in every way possible, and to encourage athletes of good character to attend this institution.

BACK ROW: Alger Pugh, Mac Kincaid, Tommy Betz, Clyde Barnette, Don Oakes, Bob Harris, Tommy O'Brien, Joe Moss, Bernie Vishneski, Blaise Davison, and Mike Zeno.

N. C. STATE EDGES HOKIES 15-13

The Wolfpack drew first blood with a 44 yard field goal in the first quarter. State scored again early in the second quarter on a one-yard plunge leaving the Hokies on the short end of a 9-0 score at halftime. Tech struck back with the opening of the second half when Rickie Tolley intercepted a pass and raced 52 yards for the score. With the PAT, the Hokies were down 9-7. Early in the fourth quarter Alger Pugh rifled a 32 yard pass to Carroll Dale giving the Hokies a 13-9 lead. N. C. State responded with a 72 yard pass play to ice the game 15-13.

TECH BOWS TO WAKE FORREST 27-18

A homecoming crowd of 9000 in Winston-Salem delighted to the multiple offense of Wake Forest, featuring two lonesome ends. The Demon Deacons tallied first by capitalizing on a poor Gobbler punt. Minutes later Pugh plunged over from four yards out and Chuck Stephens added the conversion. Stephens added a field goal midway in the second quarter putting Tech in front 10-7. With a minute remaining in the first half Alger Pugh darted thru a hole off tackle and romped 68 yards for a TD, Sam Shaffer added a two point conversion.

In the second half Tech, minus Pat Henry, couldn't get rolling. Norm Snead of the Demon Deacons passed beautifully, setting up three touchdowns to overwhelm Tech 27-18.

CHUCK STEPHENS

Bottom: Touchdown, Pugh

GOBBLERS STAVE OFF W&M 20-14

Seeking their first win, the Gobblers scored twice in the first half of the Harvest Bowl. Charlie Speck tossed a 24 yard aerial to Alger Pugh for the first tally. Frank Eastman dropped back on fourth down only three yards from the end zone and connected with Carroll Dale for paydirt. Stephens added the conversion.

William and Mary scored on a freak pass play in the second quarter leaving the score 13-7. Beginning the second half, Carroll Dale recovered a fumble on the W & M 21 yard line. Four plays later Speck sneaked over from the one. The Indians unleashed a strong ground game and added seven more points. With seconds remaining W & M stood once more at Tech's door, but the Gobbler defense rose to the occasion to halt the Indians and protect their 20-14 lead.

FLORIDA STATE EKES OUT 7-6 WIN

The Hokies battled valiantly before a Homecoming crowd of 15,000; but Lady Luck denied Tech in favor of the Seminoles. The Tech offense moved at will thru the Seminoles for three quarters, but 140 yards of penalties and a record seven pass interceptions prevented a score. Utilizing an interception, Florida State tallied seven points in the fourth period. With Don Vaught and Alger Pugh leading the way, the Hokies scored with Vaught plunging over from the one. The Hokies elected to gamble for the two point conversion, but the Seminole forward wall held Pugh short of the goal.

Vaught Tallies Lone Hokie Score

TERRY STROCK
DON VAUGHT

TECH WALLOPS CAVALIERS 40-14

With Alger Pugh leading the way, the Techmen started their offense moving and swamped the Cavaliers for the sixth time in the last seven meetings.

It was the highest score and the widest victory margin the Gobblers have ever recorded against the men from Charlottesville, and it also reduced Virginia's series lead to 21-19. Four of the 44 games have ended in ties.

Alger Pugh scored three touchdowns in the game tying the modern Tech record, held jointly by Leo Burke and Don Divers.

For their play in this game, Mike Zeno was chosen as the lineman of the week by the *Richmond Times Dispatch*, and Don Vaught was selected as the back of the week by *The Roanoke World News*.

The win atoned for a 38-7 pasting by the Cavaliers two years ago, evened the Gobbler Tobacco Festival record at 2-2, and provided Coach Moseley his 44th win, the most for the Techmen under any one coach.

BLOICE DAVISON
SAM SHAFER

Henry Leaps For Spiralling Ball

GOBBLERS DROP VILLANOVA 24-14

The men from Gobbler-Land performed magnificently in a drizzling rain before a Villanova Homecoming crowd. The Hokies scored early on a Speck-to-Perry pass play. Perry raced 39 yards to the end zone for the tally. The Wildcats roared back 72 yards to score. In the second quarter Dickie Snead returned a punt 81 yards, but a clipping penalty nullified the play. A subsequent fumble led to a second Wildcat TD and two point conversion. In the second half it was all Tech. Eastman arched a 28 yard pass to Dale for a marker and Stephen's kick knotted the score at 14-14. Tech followed up by recovering a fumble on the Wildcat two yard line. Vaught plunged over to ice the game. Stephen's 32 yard field goal was insurance as Tech triumphed 24-14.

KEN BYRD

TECH TRIPS SPIDERS 51-29

Alger Pugh, in the final home appearance of his career, recalled memories of the by-gone era of gridiron greats such as Jim Thorpe and Red Grange. Pugh was virtually a ghost as he eluded tackler after tackler to score three times in the first half. A forty-two yard dash early in the game and two pass combinations accounted for the three tallies. Speck tossed to Stroock for the other Hokie touchdown. Richmond managed a touchdown and field goal, but were unable to mount an effective defense.

In the second half Hunter, Pruitt, and Watkins matched touchdowns. Watkins scored on a thirty-four yard pass from Charlie Price. The Spiders tallied twenty more points, but all against Tech's second and third units. Tech's fifty-one points were the most scored by any Gobbler team in thirty-one years.

ALGER PUGH

TECH BEATS WEST TEXAS 26-21

An arrow-like pass from quarterback Frank Eastman to halfback Terry Strock with 11 seconds remaining in the game dramatically saved a weary band of Gobblers from being trampled by a thundering herd of Buffaloes who until the climatic moment, had their followers swelled up to Texas size with the prospects of a big Homecoming upset.

West Texas scored midway in the first quarter and Tech drew even five minutes later as Alger Pugh took a screen pass from Eastman and fumbled into the end zone, where fullback Sam Shaffer recovered for a TD.

Early in the third quarter with West Texas leading 13-7, Eastman connected on a TD strike to Carroll Dale. With Stephens second extra point, Tech led 14-13.

In the fourth quarter, trailing by seven, Eastman hit Dale with another strike and Dale sped 60 yards for a 72 yard TD play. The conversion run failed. Trailing by one point with 17 seconds remaining, Eastman tossed a strike to Strock at the goal line and Tech pulled the game out of the fire.

Top: Strock Hit Hard

HOKIES DETHRONE MOUNTAINEERS 12-0

Before a crowd of 9,000 in a driving rain, the men from Gobblerland ended the longest existing conference victory streak in the nation. West Virginia had held a stranglehold on the conference for 30 successive games. The men who put the skids on the Mounties were two experienced hands at that sort of thing. With minutes left in the first half, Pugh took a pitchout and passed to Dale on the twenty-five. Dale eluded three tacklers and scored standing up. The second tally came in the third period as Eastman tossed a screen pass to Pugh who raced seventy-three yards to the goal behind vicious blocking.

West Virginians had difficulties all day. Johnny Thackston, ace field goal specialist, missed two attempts. A fumble into Tech's end zone and an intercepted pass at a crucial point by Pugh foiled the Mounties.

MIKE ZENO
JOE MOSS

Tech Stops A Line Plunge!

KEYDETS UPSET HOKIES 37-12

The season ended on a sour note as a capacity crowd of 27,500 saw V.M.I. tear the Gobbler defense apart for 427 yards and intercept six Tech aerials—three of them setting up touchdowns. Two of the Keydet touchdowns were outright gifts from Tech pass defenders, who batted the ball into the V.M.I. receiver's hands. The Gobblers managed two TD's, one on a short plunge by Pat Henry in the second quarter and the other on a short buck by Alger Pugh in the final stanza.

Tech actually outgained V.M.I. in passing yardage 157-152, but the Gobblers completed just 10 of 27 passes. Tech seniors, making their final appearance, included: captain and All-American end Carroll Dale; halfback Alger Pugh; fullback Sam Shaffer; center Chuck Stephens; ends Ken Byrd and Charlie Blankenship; guard Ed Bartrug; and halfbacks Dickie Snead and Ben Hunter.

The Hokie five wound up a successful cage season with 20 wins and six losses. In addition, the Techmen reached the finals of the Southern Conference tournament for the first time since its origination in 1921.

The cagers won the state title with a 7-0 record for the third state title in four seasons. The Techmen finished first in the league in regular season play with an 11-1 record.

The Techmen also won the Watauga tournament and placed third in the Sugar Bowl tournament. Bobby Ayersman set a new Sugar Bowl record when he scored 37 points against Mississippi State. At one point in the season, Tech was ranked 17th in the nation by the Associated Press. In addition, the cagers won a well played game against Navy that appeared on regional television.

Chris Smith, center on the team, was picked as honorable mention on the Associated Press All-American. In addition, he was picked for the first team of the Southern Conference Sports Writers Association and Associated Press All-Conference teams.

Bob Ayersman, forward on the team, was named to the first team Southern Conference Sports Writers Association and second team Associated Press All-Conference.

Lewis Mills, captain and playmaker of the team, made the second team on both Southern Conference Sports Writers Association and Associated Press All-Conference.

Smith and Mills were named on first team Southern Conference All-Tournament and Bucky Keller was named to the second team.

FIRST ROW: Coach Chuck Noe, Bob Ayersman, Bucky Keller, Lewis Mills, John Fleischman, Dean Blake, Assistant Coach Bill Matthews. SECOND ROW: Bill Chrisman, Manager; Duke Rice, Dave Demarest, Chris Smith, Bill Shepherd, Gary Lorenz, Bucky Harkins and manager Jimmy Graves.

WRESTLING

A. FRANK TESKE
Coach

By winning all seven of their matches during the 1958-1959 season Coach Frank Teske's wrestlers showed the way although they lost the Southern Conference crown to West Virginia.

The Techmen claimed four individual champions in Bob Bowman, Brandon Glover, Joe Heller, and Sherman Vandevender.

In a total of seven matches, the matmen scored a total of 134 points to their opponents 43.

The Techmen have won 34 of their last 35 matches.

Brandon Glover ended the season in fine style by winning the NCAA Consolation championship.

SWIMMING

Virginia Tech	69;	William & Mary	30
Virginia Tech	46;	Davidson	49
Virginia Tech	58;	West Virginia	36
Virginia Tech	49;	VMI	46

The Va. Tech Varsity Swimming Team under Coach Dick Redding wound up a winning season with an upset over powerful VMI for a win-lose record of 3-1. This is the first time in the school's history that Tech has defeated VMI in dual meet competition. Snow hampered the team and forced cancellation of half of the scheduled meets.

Lack of depth hurt the team in the Southern Conference Meet, but Tech managed to place third in overall competition behind VMI and Davidson.

Outstanding performances for Tech in the Conference Meet were from Bob Leigh Grossmann and Bob Overstreet. Grossmann, a senior, undefeated in S. C. competition in the 200 breaststroke for the last two years, took this event with a 2:31.5 for a new S. C. record. He was also undefeated for the last two years in the 200 yard Individual Medley but was defeated in the Conference Meet by Bob Overstreet. Overstreet, a junior, a distance man in dual meets, came from behind to win the medley with a 2:21.4, tying the Tech record set by Grossmann the week before.

Ronny Hedly, a key point-getter in the 50 and 100 yard freestyle, Steve West and Bill Lauer, 100 and 200 yard butterfly men, Vance Lyman, Lee Haas, and Bob Brown, divers, Joe Rosen, backstroker, John Parker, distance freestyler, and Dick Huey and Cameron Reid, sprint freestylers, all compiled points to add to Tech's successful season. Hedly holds the school 100 free record, and Parker holds the school record in the 440 yd. free.

Graduating this year are Grossmann, Hedly, Lyman, and Lauer.

Tech's freshman team, undefeated this year, should be a decisive factor in the following seasons. The freshman relay team of Stoner, Moore, Tomlinson, and Sibley has already unofficially broken the S. C. record in this event while Stoner has broken the Tech and V.P.I. pool records in the 200 yds. backstroke, and Tomlinson did the same in the 100 yds. butterfly.

OPPORTUNITY

awaits top technical men in the
world's largest factory of its kind

It's not the kind of opportunity that assures the most mediocre man a rocket-like rise to the "top". But it is the solid kind of opportunity that recognizes merit and offers steady progress to any ambitious, willing-to-learn, intelligent VPI Graduate who wants a future in a great Southern industry.

Engineering, Chemistry, Selling, Advertising, General Business Administration — in these and other fields at The Lane Company, there are sturdy and much-used "ladders to the top" awaiting the *right men*.

VPI colors fly today at a number of key posts in the Lane organization: Chairman of the Board, Vice President, Vice President and General Manager, Plant Engineer, Territorial Sales Representatives . . . these to mention a few. Thus, the VPI Graduate now launching his career in the Company finds an especially congenial "Alma Mater" atmosphere to make him feel at home right at the start. Don't judge opportunity by its distance . . . sometimes the biggest opportunities are closest to home!

LANE'S MODERN FURNITURE PLANTS
symbolize the brilliant future for one of the South's youngest, fastest growing industries. These modern departments keep the highly geared LANE organization functioning at peak efficiency:

Freedom Isn't "Free"

Our graduates have an opportunity to enjoy a life of freedom, plenty and individual choice — privileges earned by our forefathers.

However, we have a responsibility to perpetuate these privileges. They are not given us "for free". We must earn them ourselves. Individual devotion to The American Way is as important today as it was in 1776.

Today's graduates must shoulder this responsibility, or there will be no freedoms to bequeath tomorrow's students.

As Goethe, the poet, said, "What you have inherited from your fathers, earn over again for yourselves or it will not be yours."

Appalachian Power Company

SHOOTING FOR THE MOON

The thunder of gleaming rockets as they zoom into outer space foretells a new era in man's quest for knowledge: the space age.

Shooting for the moon used to mean attempting the impossible... but now, with the space age at hand, interplanetary flight is just around the corner. Brand new horizons are opening to man...and with them comes new challenges for all of us. Where shall we set our goals?

The rocket in its flight through space toward the moon is guided by men. It sets no goals for itself...nor does it recognize a challenge. Man is the controlling factor...man is the challenger. No matter what our calling in life, each of us can, in effect, "shoot for the moon" in establishing our goals... and then, set about accomplishing them with the solid "fuel" of determination.

The rockets conquering outer space are big and powerful... but only as long as they are directed and cared for by men. In our personal quest for new horizons, our "thrust" must come from within...from a willingness to accept challenges... and a determination to win no matter what the odds.

In the space age...as in Ages past, there will be no "formula" more potent than the power of the individual.

Paper and Careers *for the future*

TODAY there are more than 100,000 different uses for paper . . . and the search for new uses never ends. That is why this fast-growing industry is now the fifth largest in the country . . . and why it needs trained researchers and technicians for future growth.

Our company, a pioneer kraft manufacturer, joins with other mills in sponsoring college scholarships in paper technology. It also offers scholarships for study in a subject of the student's choice. For information, write: Public Relations Department —

MORE than ever before, quality has become
an important factor in College Annuals.

Everything to express skill, technique, artistry, is revealed in our prints.

They are the only material proof of our ability, the only visible
evidence of the value of our photographs
and workmanship.

A Memorable Year

•

• Congratulations to the Student Body and Faculty of Virginia Tech upon the completion of another outstanding year of accomplishments.

• The Staff of your annual has worked exceedingly hard to give you a superb book that portrays the highlights of memorable activities. To preserve this excellent literary and photographic record, the best grades of material have been combined with skilled workmanship to provide the finest quality yearbook.

• We are proud that the 1960 Staff elected us to help design, print and bind the BUGLE. We have earnestly endeavored to fulfill the confidence placed in us.
