Tech from 2,000

This Is V. P. I.

Since 1872 Virginia Polytechnic Institute has grown to the position of Virginia's largest land grant University, housing some 8500 students. Yet, from Lane Hall to Lee Dormitory, we still have retained the scenic beauty of the Virginia highlands.

Tech from 2

Parade View

Registration Remains The Headache of The Year

Each year they tell us that IBM Registration is simple and efficient. We at V.P.I. don't believe it. Our two days of IBM registration are days of fear of the pink IBM card which mean "IBM will decide your schedule for you."

Let me out! I didn't mean to bend my I.B.M. Card.

Any section but 4T1 . . .

Just getting out of Burruss . . .

. . . is the first obstacle.

Rain cannot stop our leader.

Clutch Dancing-406, would you believe.

Garland, we've heard of holding the bag, but really.

You would look that way too if you were governor.

Student Government Weekend proved to be wet but wonderful. Henry Mancini entertained Friday night. During half-time of the game in which Tech tied West Virginia, Governor Miles Godwin spoke, and Marsha McNeil was crowned Miss VPI of 1967.

U. S. B. Weekend—Wet and Wild

Mancini and "The Stripper."

“... And God Created Women ...”

The only way to study.

"I wonder what we're like?"

Men session on the hill.

It was once said that Tech was the only place left to go and get away from women, but now girls are beginning to be a big and beautiful part of Va. Tech. From Hillcrest to Eggleston more and more coeds travel to classes, brightening the Tech-man's life.

Work, work, work.

All that air and only one phone.

Coed contemplates the day.

Construction's answer to the S.A.B. closing.

Going up anyone?

This is where "The Pavement Ends".

This year Tech students are stomping through 4 million dollars worth of construction on campus. Contrary to the old saying, "Millions for dorms but not one cent for Academic Buildings," Tech is building a new Architecture Building.

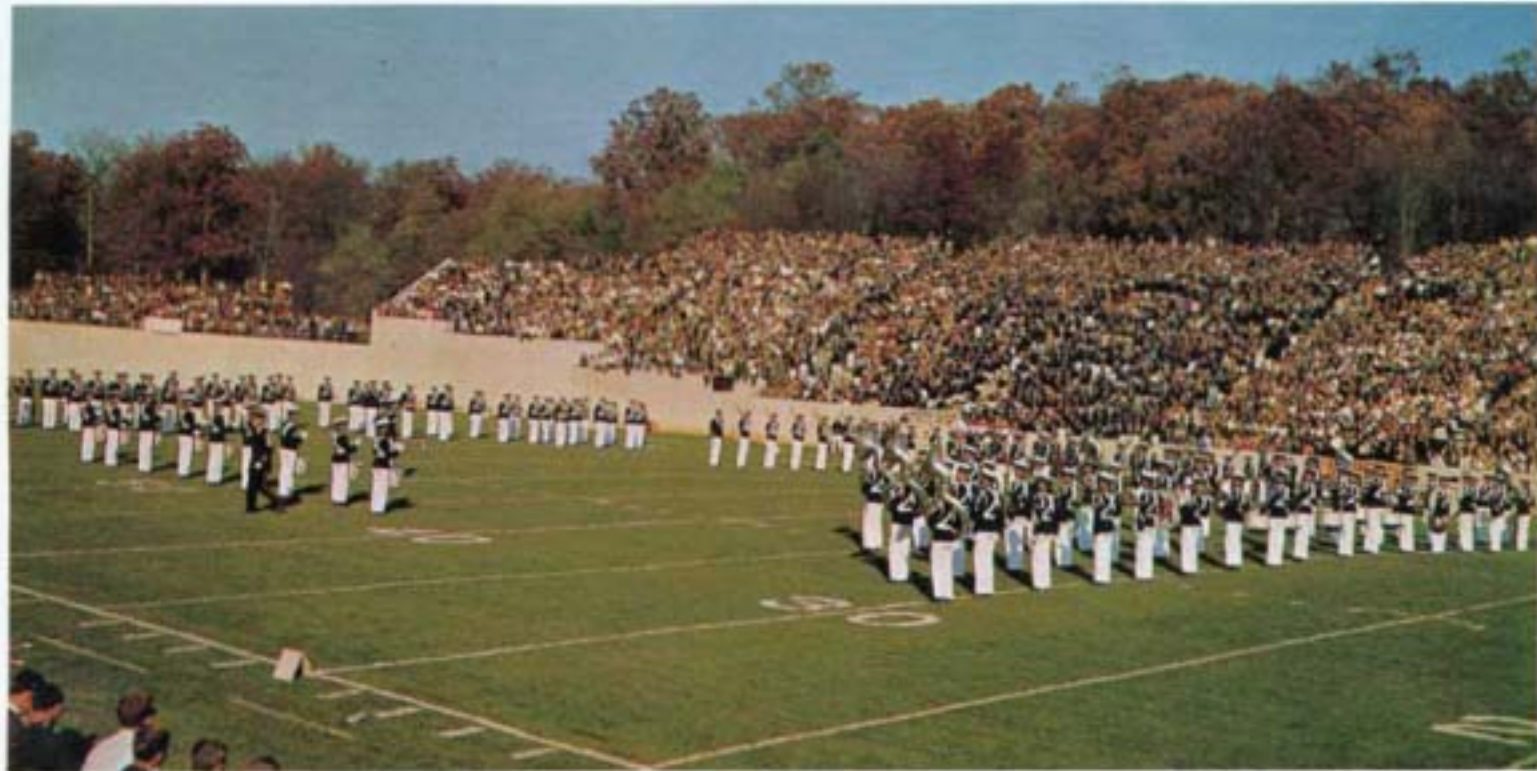

Construction Is Confusion

Is someone building an ark?

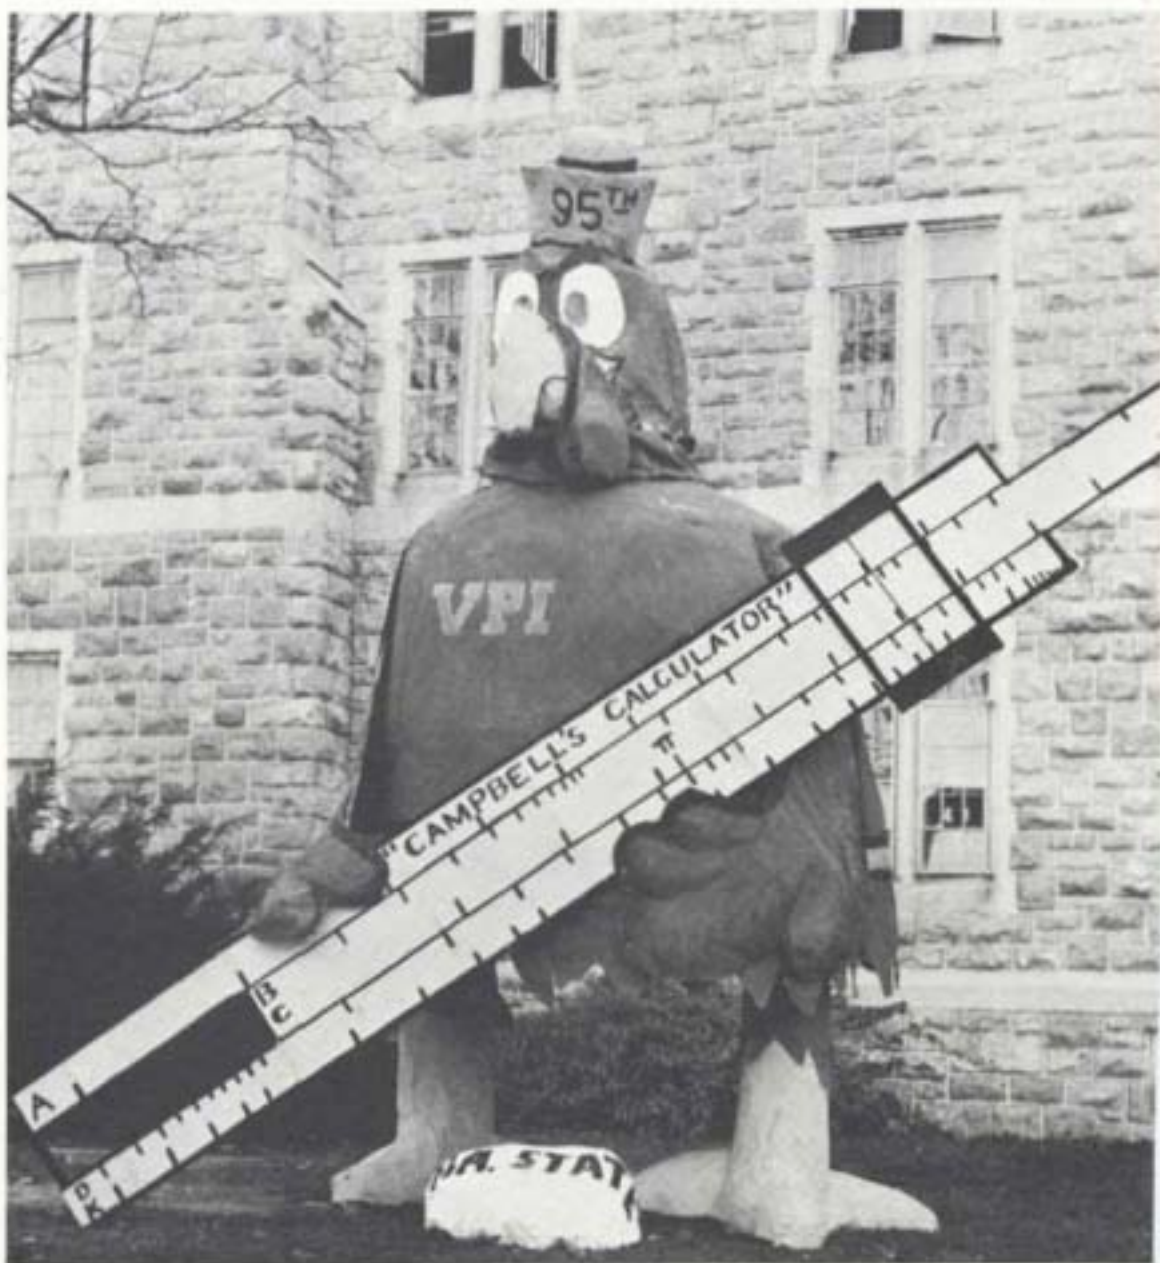

Our busy workmen take another break!

Highly Tighties on TV.

Gobbler calculates Seminole defeat.

Techwomen provide that extra touch at homecoming.

Tech's Homecoming . . .

The 1966 Homecoming proved to be the most exciting and colorful in Tech's history. Saturday's televised game spread news of Tech's victory over Florida State to alumni all over the Southeast. It was truly a memorable weekend.

Variety spiced float parade.

Seminoles get taken for a ride.

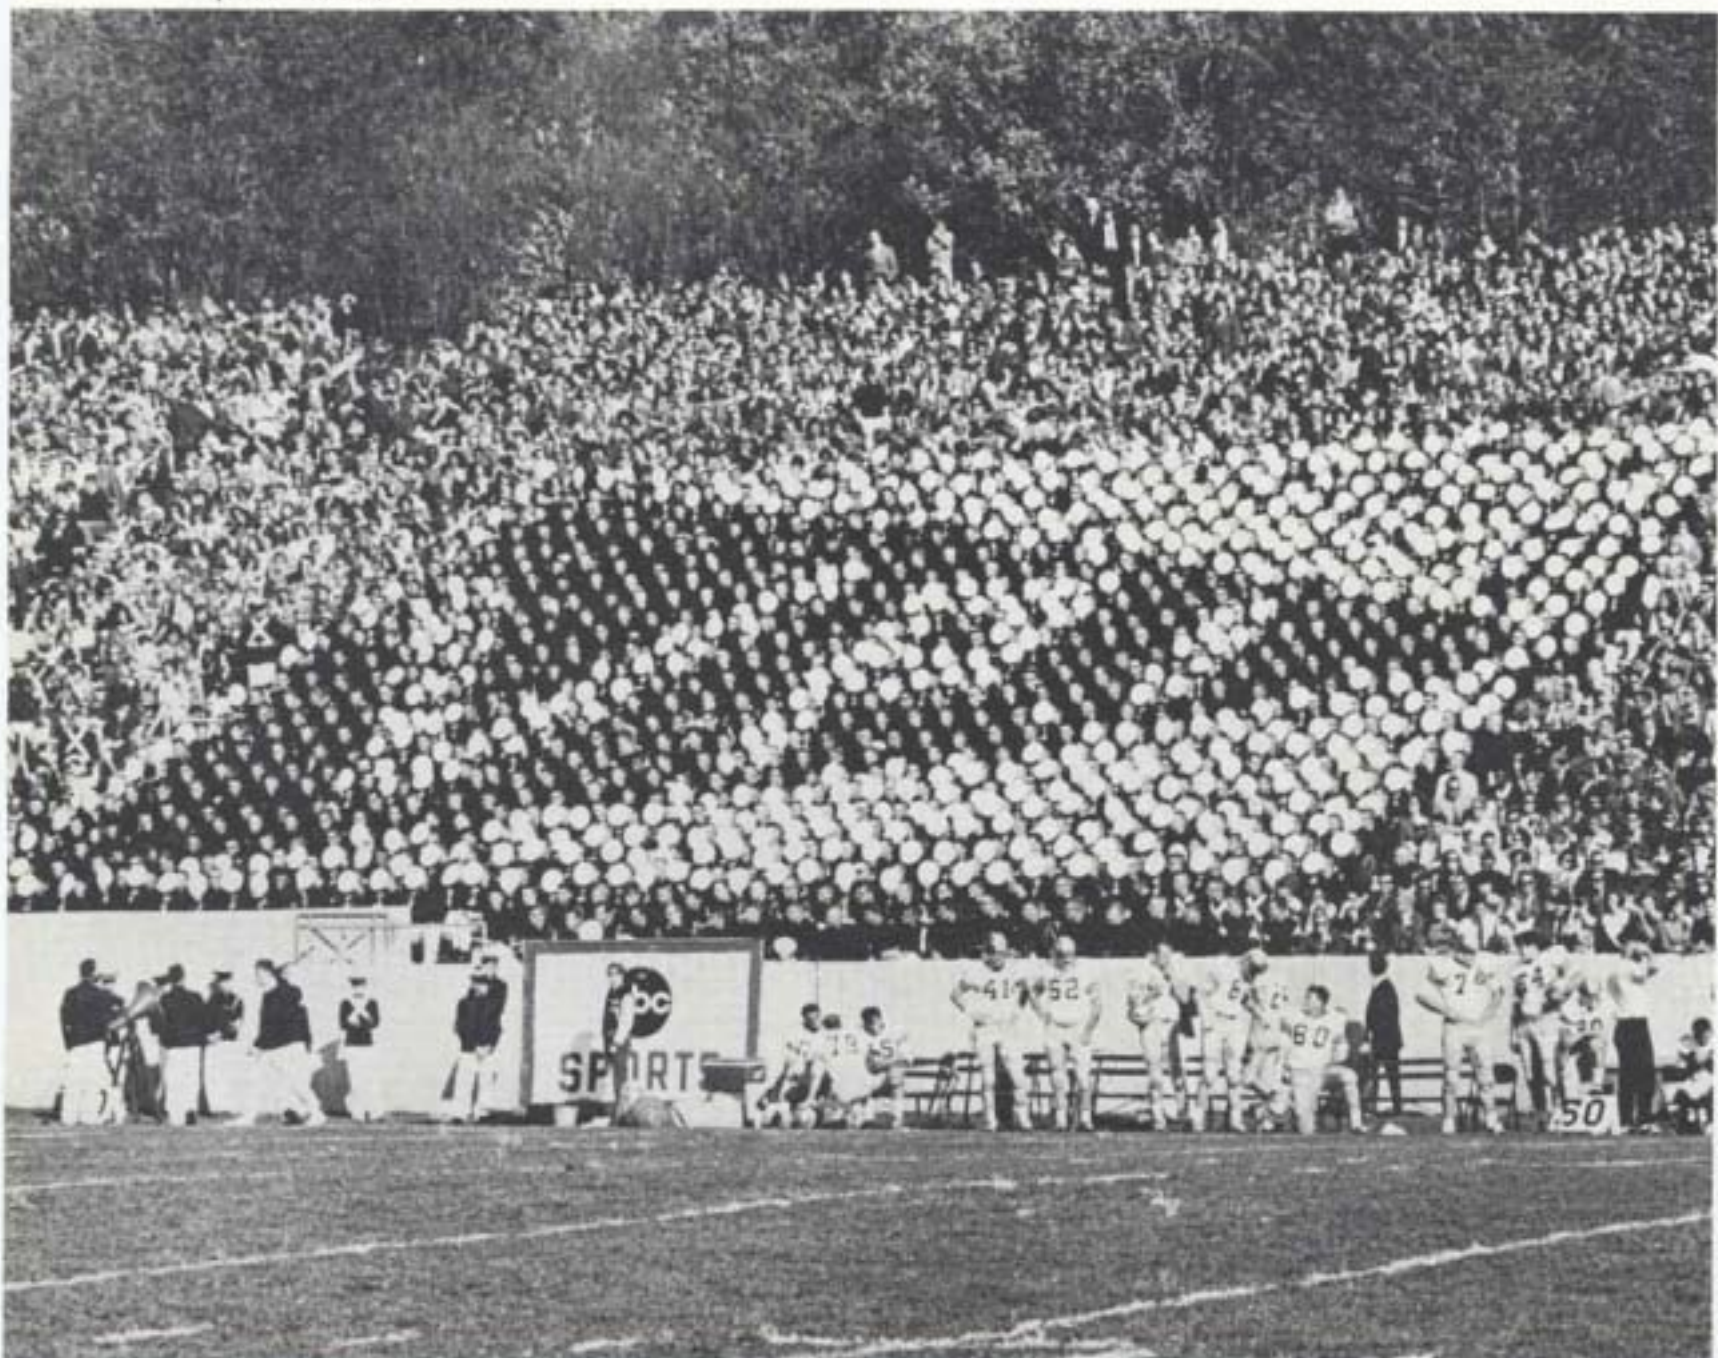

Homecoming . . .

Friday night of homecoming some Techmen spent the evening listening to the 1st Tech Varieties concert while other Techmen put last minute touches on dorm displays and homecoming floats. Saturday night after the game Techmen were entertained at the Monogram Club Dance in the gym.

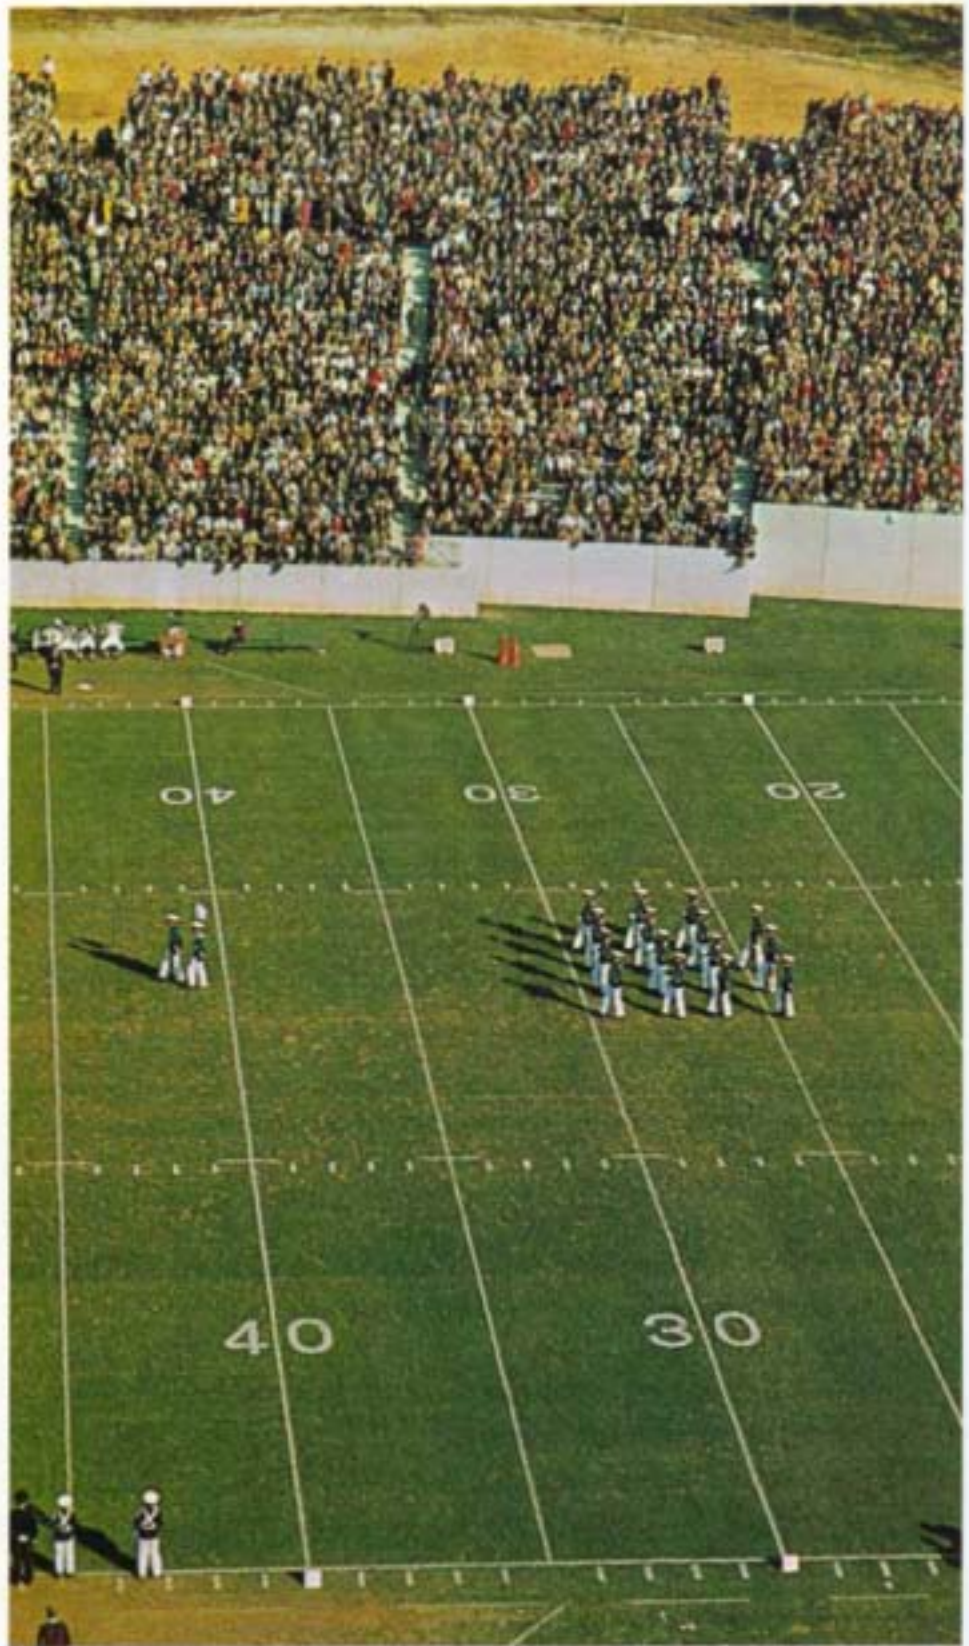

A.I.A.A. presents contrast.

Corps shows off for the TV cameras.

We did you know!

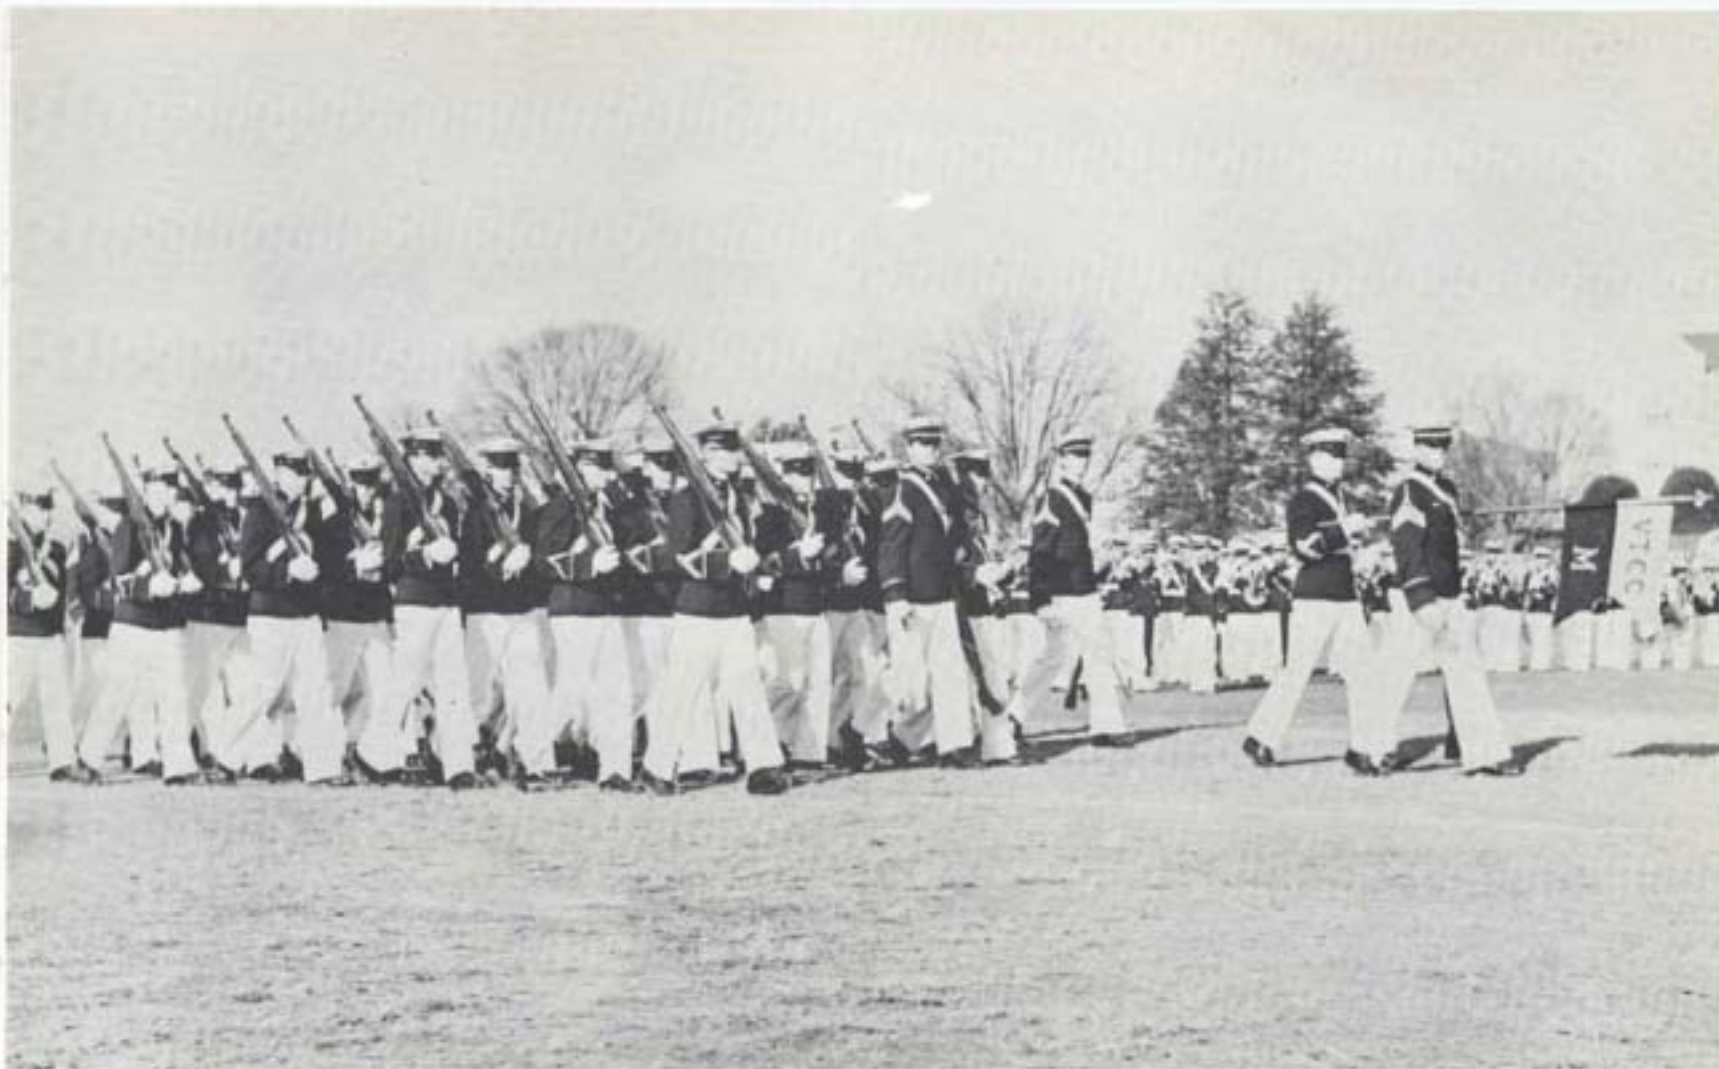

... is a grand affair.

Pass in Review

Since the founding of Virginia Polytechnic Institute the Corps of Cadets reviews have been one of the oldest and most cherished traditions of our school, Homecoming and most activities would lack much color if there were no formal reviews to highlight the weekends.

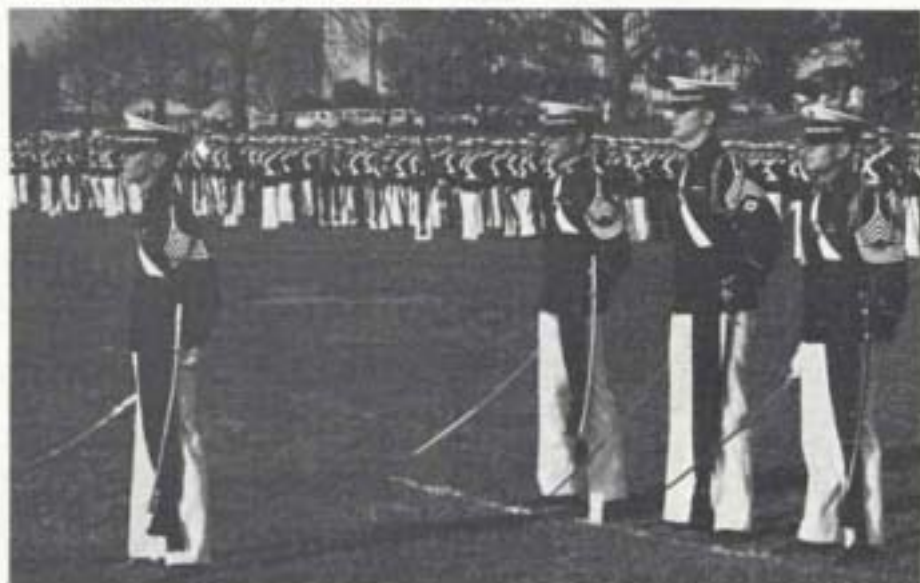

Regimental Staff views troops in review.

M Company passes the General.

Staff views proceedings from vantage point in front of troops.

C Squadron marches onto the drill field.

S Squadron waits patiently for "Pass in Review!"

A picture worth a 1,000 words.

Help!

Coeds don't like it either.

Chow Line.

Overcrowded conditions don't help the food.

Food?

VPI's students are fed in two dining halls, Owens and Schultz. Most students make two, and some even three trips to our dining halls each day. After each of these trips many Tech students spend much time discussing the types of food they have eaten earlier.

But most people hold hands!

Winding unwinds for Germans.

"I don't want to go there."

Kulis discusses politics.

German and Cotillion Dance Clubs entertained to the music of Kai Winding's and Jimmy Dorsey's Orchestras. Germans entertained in the Blacksburg Armory for the first time this fall while Cotillions' formals were in the Memorial Gym.

Dorsey does it for Cotillion Club.

Fall Formals Featured Fun and Frolic

Director Kingma

In the past years V.P.I. has had only the Glee Club as a display of its vocal talent. However, this year marked the beginning of the Campus Choir, a mixture of male and coed voices. The choir first presented itself in a concert at Christmas, joined by the Glee Club, then on Easter another concert at Natural Bridge.

Voices of V.P.I.

The Glee Club at work.

The Campus Choir at work.

Tech Sins

"Hurry up, Mary, its time for tea."

"We're just funny that way."

The Hostage

"Wave—But I can't see my mother."

Ah—"You can do better than that."

This year the Maroon Mask Players presented "The Hostage," a play by Brendan Behan. "The Hostage" tells of the I.R.A. keeping a British soldier hostage in a house of prostitution. This provided some interesting and lively scenes making for an excellent play and production.

"... and tell him not to leave his skirts lying around his room any more."

Active Coeds

Tech's athlete of the week does her part.

Jane shoots for two.

Our fair coeds have once again proven themselves to be not so frail as they seem to be. This season basketball gained some attention in the form of a challenge from Radford College. "Tricks-Kicks," the I.M. champions, accepted the challenge and proved our coeds are the greatest!

Green goes after runaway player.

Why is this girl only playing I. M.?

Oh, well . . .

If you can't afford a car, there's always . . .

Some pictures naturally speak for themselves!

Student Cars on Campus

Virginia Tech, unlike many universities, allows all students to operate cars on its campus. Although this policy leads to many traffic problems, the convenience of having his car is greatly appreciated by the Techman. Two large parking lots provide student parking; most academic buildings have their own inadequate faculty parking facilities.

Friday afternoon—the lull before the storm.

But I know that my test paper is there somewhere.

Prof's Offices

I wonder if his wife has seen his desk?

A Techman during his college career is ushered into many professors' offices. The impressions gathered from the arrangement of these offices range from mildly interesting to frightening. If true greatness comes from individuality, then our professors are truly great as observed from their offices.

An office with one desk is bad, but two—!

B.J.K.—WUYT's darling of the air.

Well, it's not Mr. Clean.

Candid Shots of Publications

As the yearbook camera wandered through the publication's building it captured many people at work and at play. Numerous hours are devoted to campus publications each year. Most Techmen will testify that work with the student publications is rewarding as well as fun.

Our fearless leader.

Tressler strikes again.

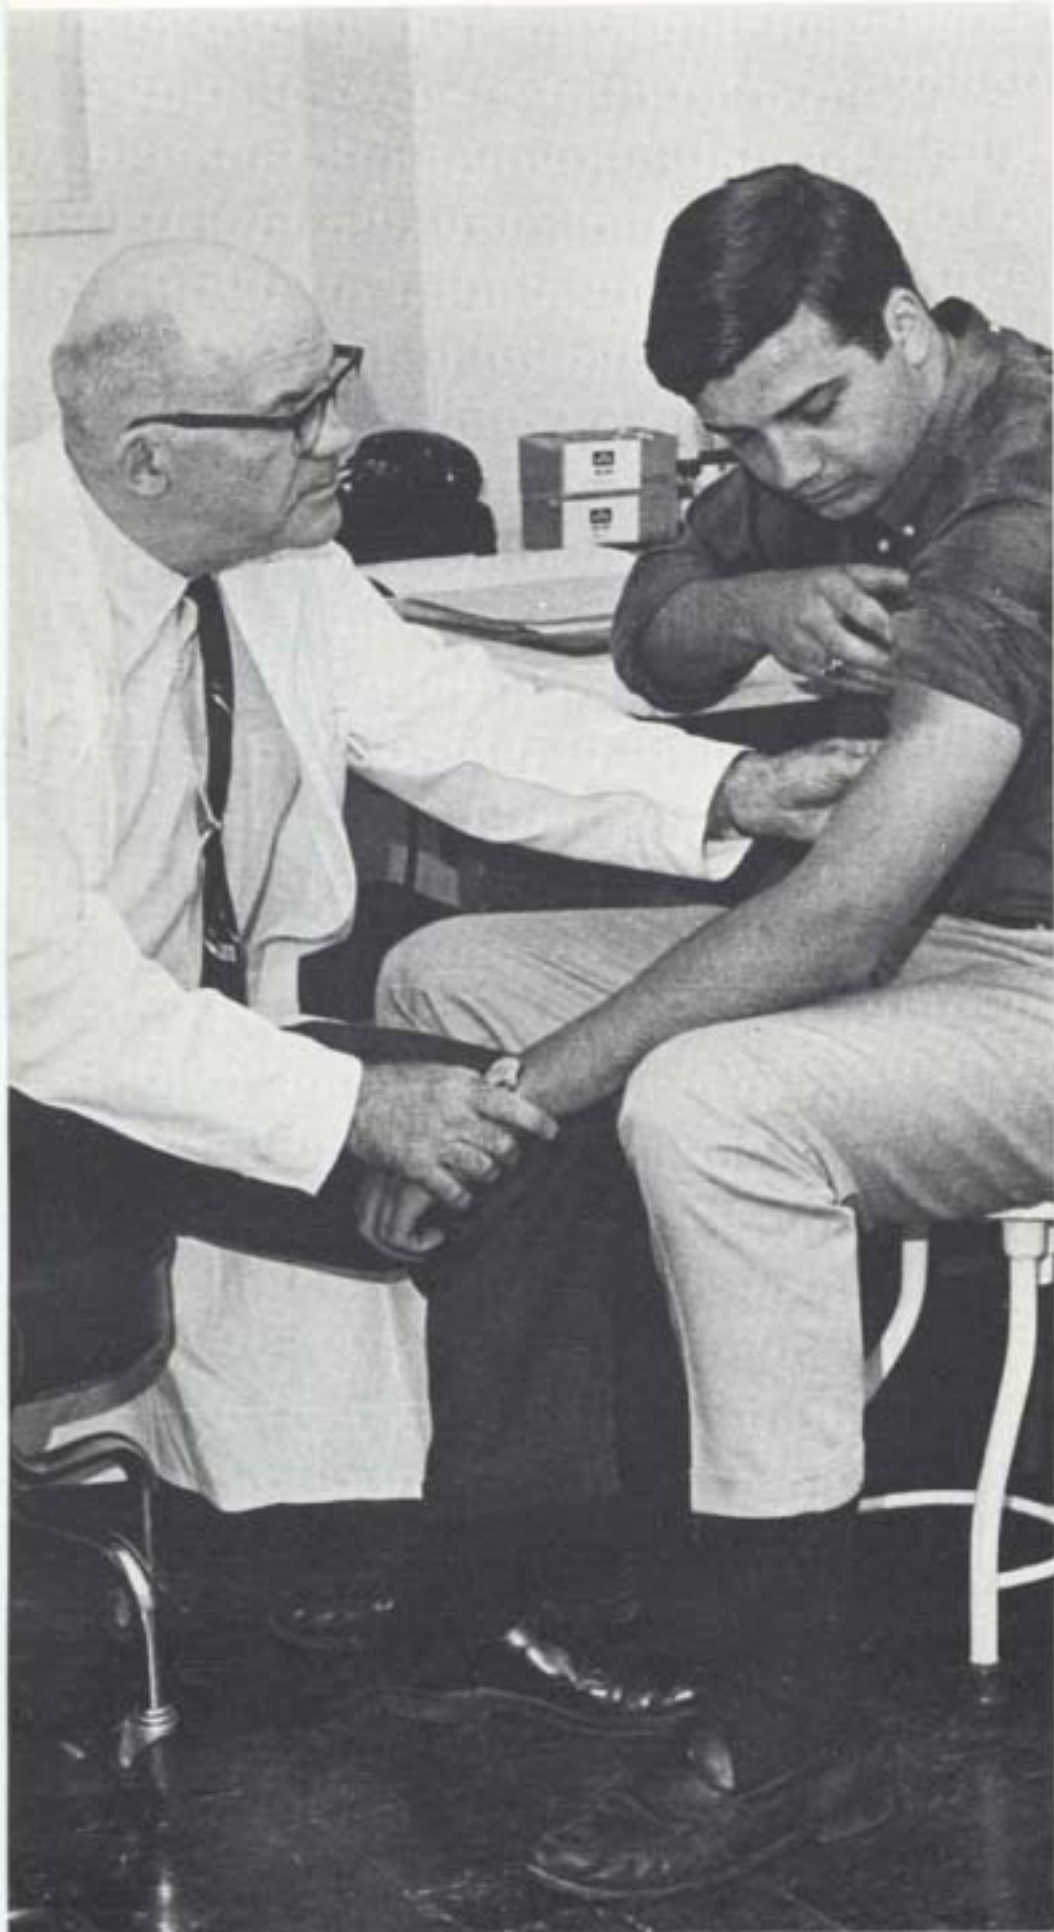

Open house.

Life In The Infirmary

Doc checks students arm.

Cadet contemplates entry.

How are you fixed for bugs?

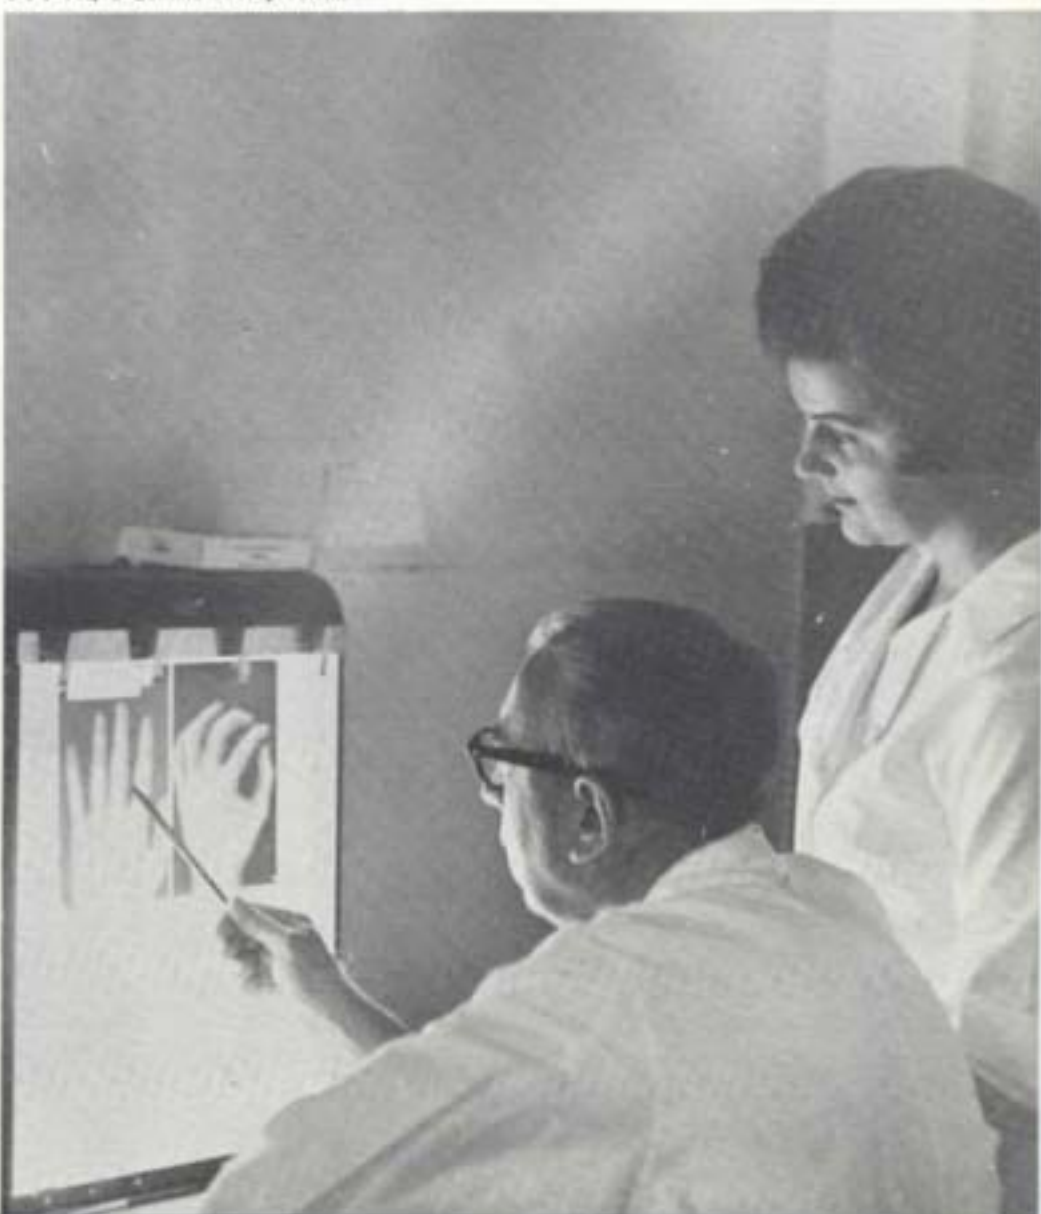

Everything is sterile.

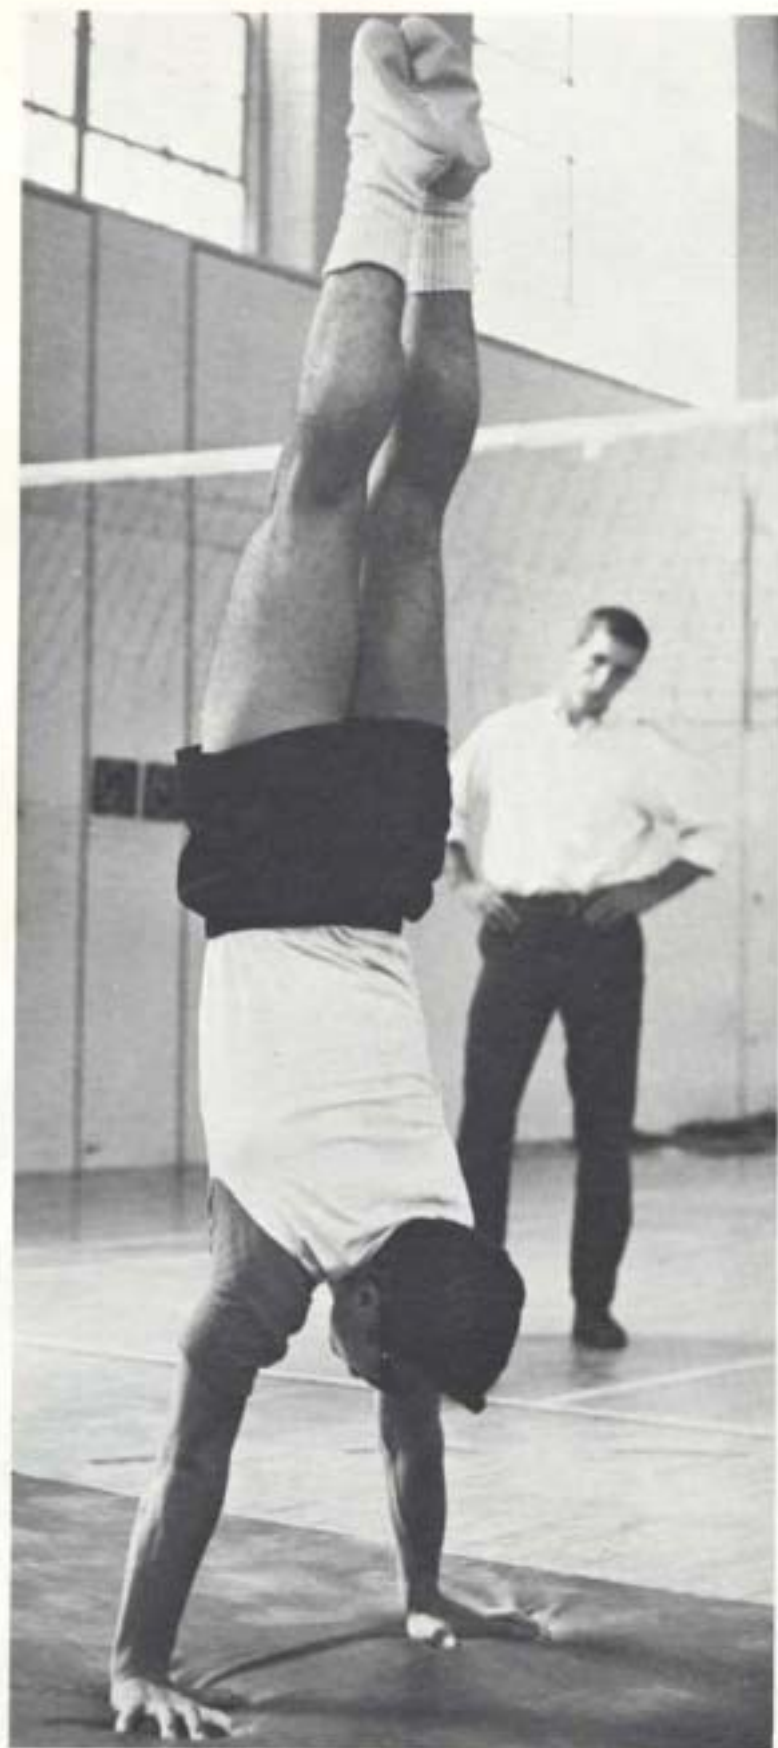

Life in the infirmary can be fun if you aren't sick. Complaints are many, understanding lacking, as well as facilities; in spite of these obstacles our staff does its best. In the future Techmen will have to be more considerate as well as fun loving.

As the nurse checks, the Doc says . . .

. . . Yes, a definite foot problem.

Upsidedown world.

Sports on campus fill the leisure hours of many Techmen. Any afternoon, a visitor to the World War II Memorial Gym will be greeted with the bouncing of basketballs, splashing of water from the pool, and the metallic ring of weights being dropped in the weight-lifting room.

Bob shows how it's done.

A true leisure activity.

A tap and the game's on.

Leisure Time Isn't So Leisurely

Cow College U. S. A.

Unknown to many Techmen, V.P.I. keeps barns and livestock. The facilities are used for teaching modern techniques in livestock management as well as for research. From these barns have come many prize-winning animals. Tech's greenhouse is also used for research and development.

A long walk to hard work.

Inside the greenhouse.

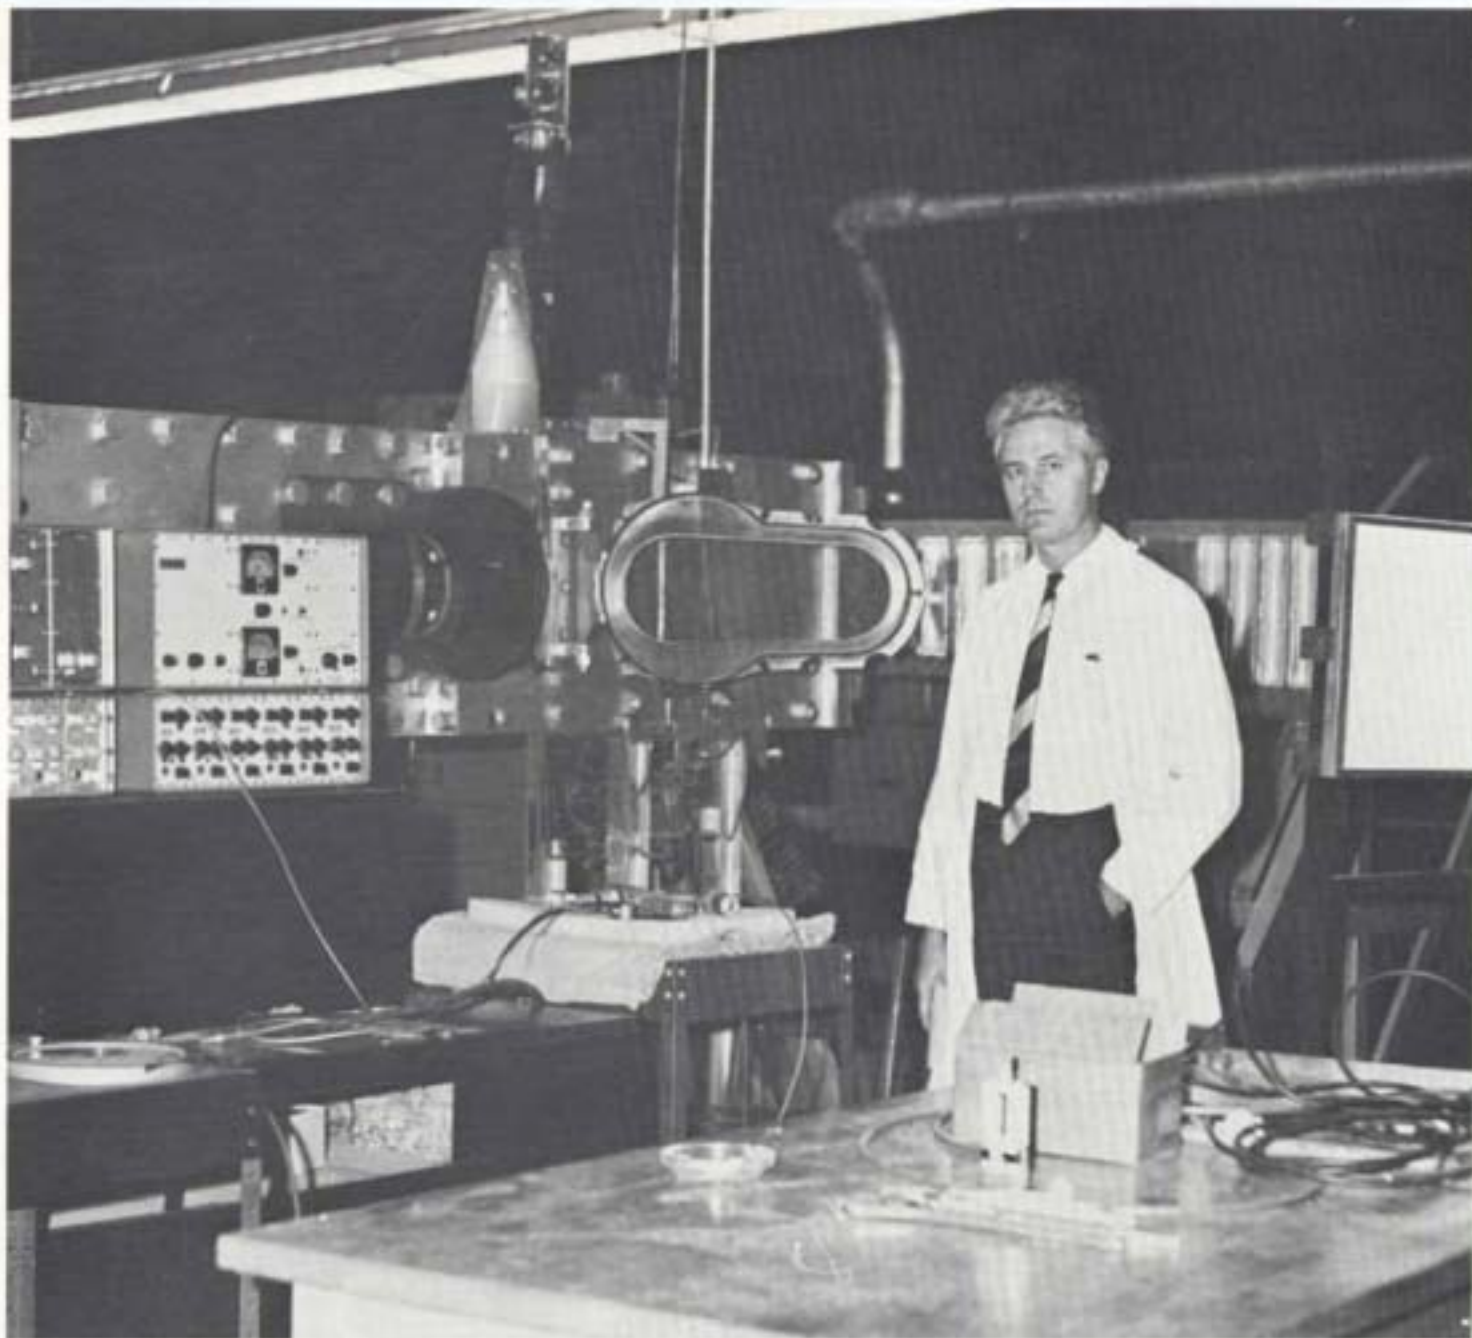

Site of future plants.

Work is the order.

Cow from a cow college.

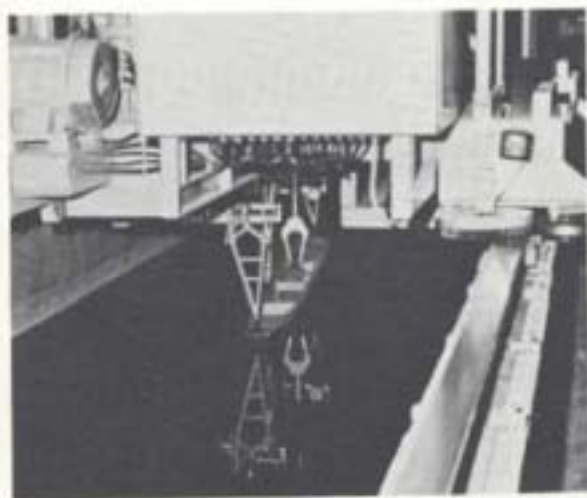

A Jet Button Crusher, would you believe?

Labs On Campus

Engineering laboratories typify the growth and vast amount of technical knowledge at Va Tech. Labs are an intricate part of both engineering and non-engineering curricula at Tech. Research and research grants are very important to most technical universities and Virginia Tech is no exception as seen by our growth in lab facilities.

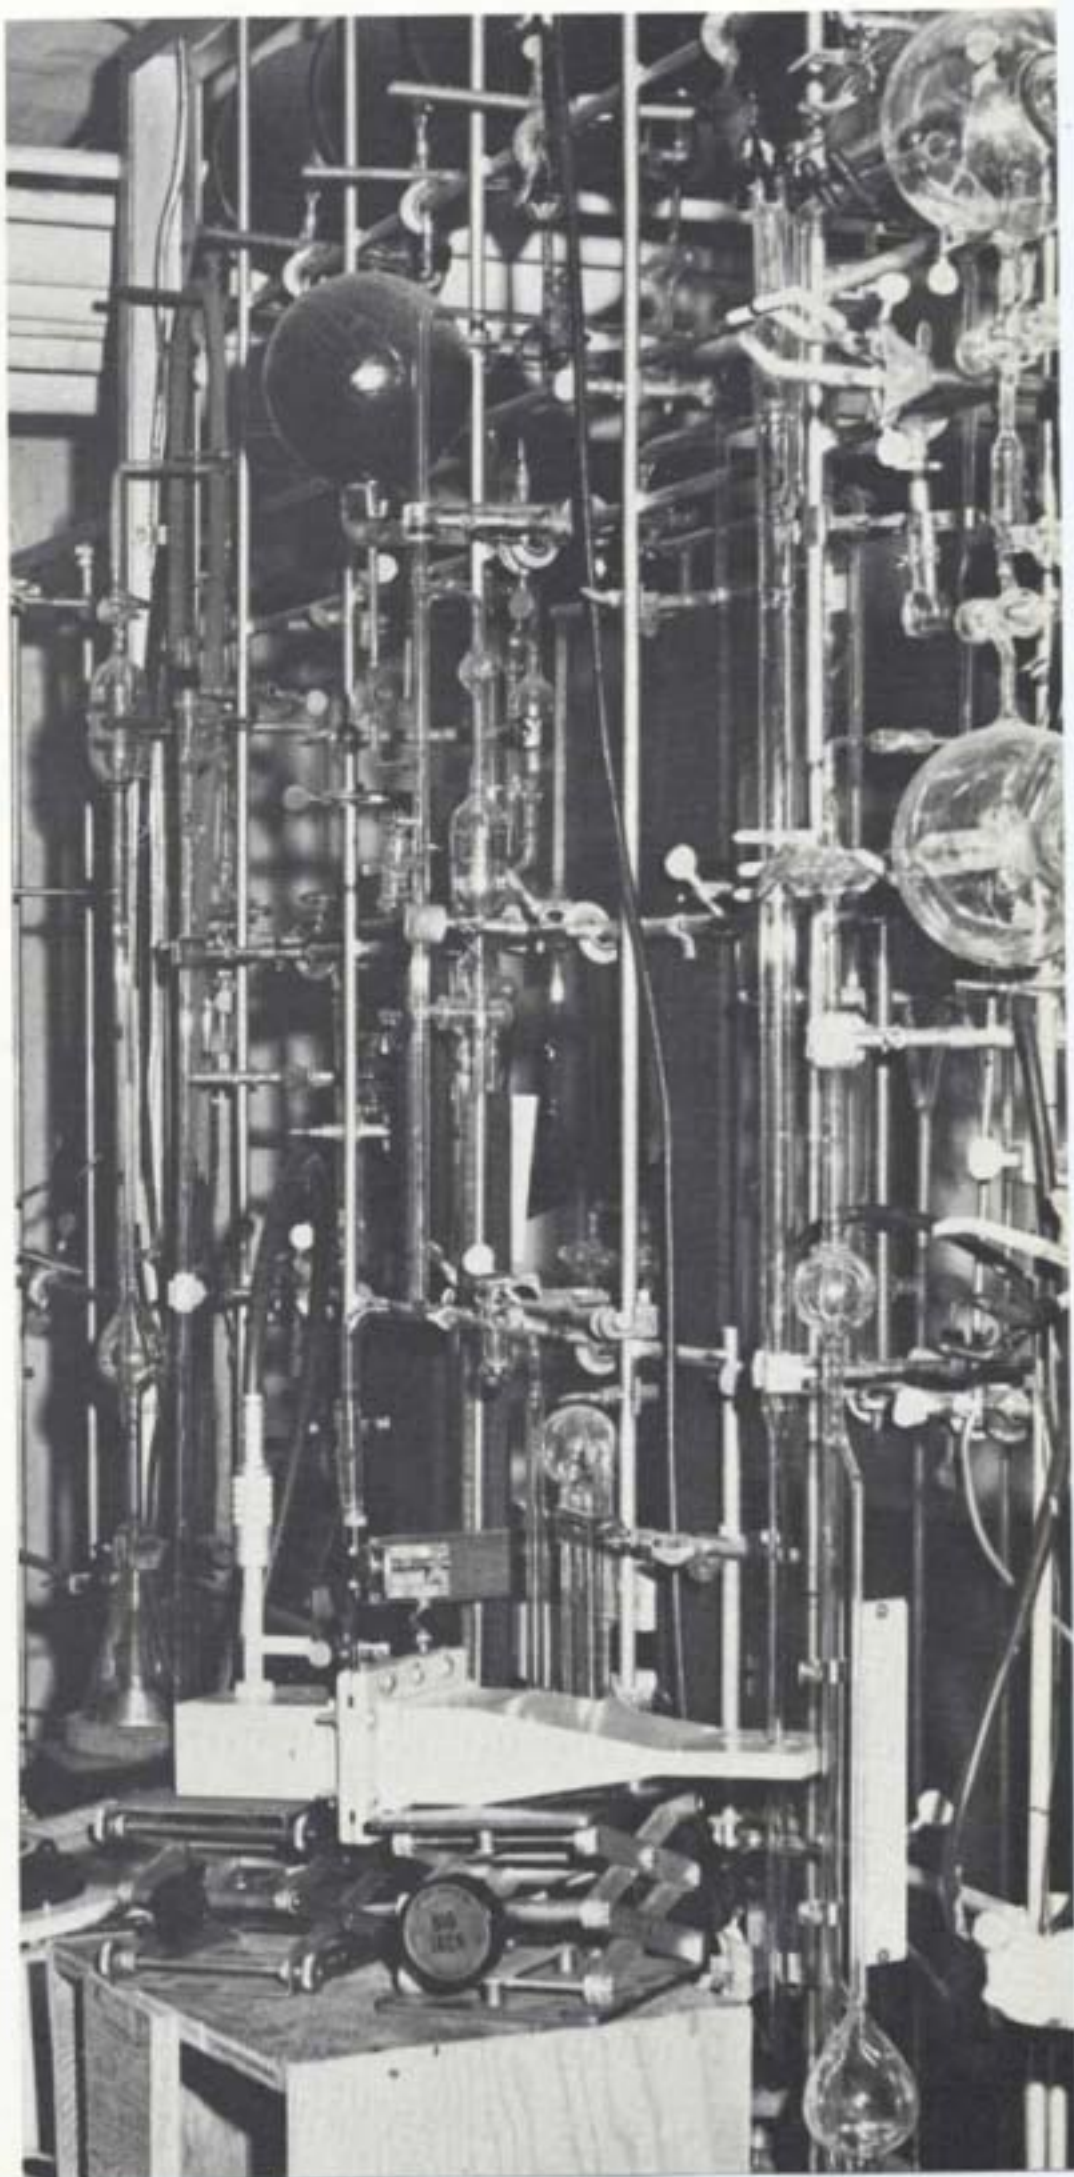

But where does the booze come out at?

Up periscope.

Push the button, Max.

Cadets provide music at The Corps Variety Show.

Military weekend proved to be the highlight of winter quarter for military students and instructors at Va Tech. The Corps Variety Show Friday night provided humor and music for Techmen and dates. Military Ball Saturday night and the crowning of the queen of military weekend ended the festivities.

Military students relax at Military Ball.

Mountain humor.

And now—Military Ball Queen.

Military Weekend

Simon and Garfunkel.

Tech this year witnessed another first in the form of concerts. Henry Mancini was the highlight of Fall quarter, as winter quarter was marked by a concert every two weeks, a welcome change to the winter quarter drag.

SPORTS

Hokies Lose Only One Game in Route to Liberty Bowl

The 1966-67 Orange and Maroon gridmen compiled an impressive 8-1-1 record, one of the best in recent years at Tech. All-Americans Frank Loria and George Foussekis led the defensive unit to great heights and national prominence. Quarterback Tommy Stafford directed the Claiborne Eleven in battle with his fine signal-calling, hard-nosed running, and timely passing. Tommy Francisco was the leading ground-gainer on the team and top scorer in the state. Homecoming proved to be one of the all-time thrillers, as the Hokies held on for a 23-21 victory over the aerial-minded Seminoles of Florida State. In the traditional Turkey Day game, records fell like rain as the Techmen annihilated VMI 70-12 behind Francisco's six touchdowns. The offense set a school record by amassing 516 yards total offense against the Keydets. Jon Utin also set a school record with 28 extra points in one season. As a result of their fine showing throughout the season, the Hokies were invited to play in the Liberty Bowl in Memphis against the Miami Hurricanes. Despite a determined effort on the part of Gobblers, Miami outscored them 14-7. Even in defeat our gallant Techmen won the hearts of the nation and showed that Virginia Tech does indeed merit the national recognition which it received.

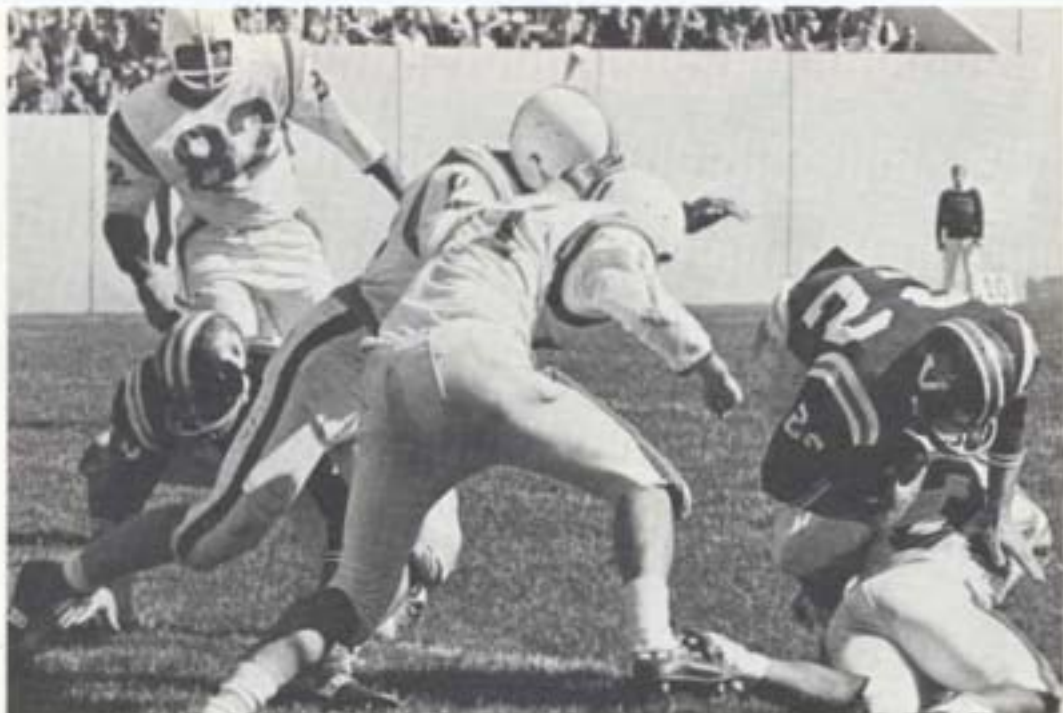

A host of Hokies show why Tech's defense ranked fourth in the nation.

Tommy Francisco is finally stopped after a long kickoff return.

Francisco turns the corner and heads down field.

It seems "Mr. Francisco" can catch fool

The season opener was a big disappointment to all Tech fans, most of whom had to hear the game via radio, as the Hokies dropped a 13-0 decision to the surprising Green Wave of Tulane University at New Orleans. The Hokie offense could muster only 16 yards passing and total yardage of only 167 yards, while the Green Wave rolled up 242 total yards. Our offense was hit by the loss of halfback Dickie Longerbeam, who suffered a fractured cervical vertebrae with only four minutes remaining in the game. He was lost to us for the remainder of the season, but NCAA officials ruled that his year's eligibility was not lost. Tommy Stafford was Tech's leading ground gainer with 105 yards.

When the Hokies returned home, they showed their true colors in whitewashing the Colonials of GWU 49-0. The Hokies offense ran wild as Tommy Stafford ran 31 yards for the first touchdown and Frank Loria ran back a punt in slow motion for an 80-yard touchdown play. End George Foussekis blocked a punt and recovered a fumble to set up two scores in the second quarter. The half ended with Tech sporting a 34-0 lead. The second half was no better for the Colonials as the Hokies poured on 15 more points, six of them on Ufin's two field goals. The Colonials were to be commended, however, for their spirit in the face of such a crushing defeat. The win, Tech's easiest since Coach Capiborne took over in 1961, was just two points shy of the school scoring record of 51 points vs. Richmond in 1959.

Tommy Stafford battles upfield on a kick-off return.

Spirit highlighted this rain-soaked, hard-hitting contest as West Virginia surprised Tech with a 13-13 stalemate. The spirit of 25,000 Tech fans stood a rugged test as West Virginia ran a punt return 50 yards for a touchdown the first time they touched the ball. Tommy Stafford's 15-yard touchdown run later in the quarter tied the score at 7-7. Although Tech was beating the Mounties everywhere except on the scoreboard, the half ended with WVU nursing a 10-7 lead. Mountaineer luck continued in the third quarter as a field goal ran the score to 13-7. With 1:32 remaining in the game, Stafford took the ball around right end from the four-yard line and fumbled as he was hit by a host of tacklers at the one. Ken Barefoot was on the receiving end of the fumble for the tying touchdown. The crowd went wild, but the slippery football was never set on the tee, and John Utin's PAT-attempt was wide. Tech's final scoring opportunity came with one second remaining on the clock, as Utin attempted a 39-yard field goal. Yells of the student body and the strains of "Tech Triumph" passed into oblivion as the field goal attempt was short.

"Mr. Quarterback," Tommy Stafford, runs for good yardage against UK's tough Wildcats.

Francisco picks up some very tough yards to keep Tech's drive moving.

Hokies Grind Out Tough 7-0 Victory Over Wildcats

The Wildcats seem to be having a rough time keeping up with Ken Barefoot.

The Fighting Gobblers played one of their finest games of the season as they surprised Kentucky, Coach Claiborne's Alma Mater, 7-0. Tommy Francisco led the Hokies with 77 yards for 20 carries and Tommy Stafford completed 7 of 12 pass attempts for 84 yards. The only score of the hard-fought defensive battle came when Francisco, carrying the ball 7 times in a row, scored from the one-yard line on fourth and goal. Perhaps the highlight of the contest was the minus 9 yards rushing for the Wildcats, as the Hokie defensive unit lowered the boom and moved into the number 4 spot in the nation. This defense provided Tech fans with anxious moments when it thwarted a Kentucky drive on the 6-yard line in the closing seconds of the game. Again the Techman were hit by injuries as the offensive unit lost the services of Rick Mollow and the defensive unit lost Jimmy Richards, both for the remainder of the season.

Tech is stopped cold by the powerful Vandy defense.

Tech's Defense Shines in 21-6 Victory Over Commodores

The Hokie defense did an outstanding job, holding Vanderbilt to 48 yards rushing and one hard-earned touchdown, as Tech crushed the Commodores 21-6. Gene Fisher quick-kicked the first time the Hokies had the ball, and Donney Bruce knocked the ball loose from the Commodore safety man. The pigskin then bounded into the end zone, where Sands Woody made the recovery for Tech's first TD. Moments later Tommy Francisco recovered a Commodore fumble on the Vandy 21-yard line to set up another score. The touchdown came on an 18-yard pass from Stafford to Ken Barefoot. Tech carried this 14-0 lead into the locker room at the half. Early in the third quarter, Frank Loria took a Vanderbilt punt to paydirt. Loria grabbed the ball at the Tech 35-yard line and headed for the sidelines, where he picked up key blocks from Waddy Harvey and Dan Mooney, before scampering the final 60 yards untouched. The remainder of the game proved to be a defensive battle, although Vanderbilt capitalized on a Tech fumble for its lone tally.

Loria does one of his specialties—this one (punt return) for 65 yards.

Francisco seems to be playing leap frog as he dives for extra yardage.

Gobblers End 51-Game Series With UVA With 24-7 Victory

Most of the yards Stafford got against UVA did not come this hard.

The Hokies next headed for Charlottesville, where the Cavaliers were waiting to play the game billed as the biggest game of the 60's in the state of Virginia. It was supposed to be a game showing the potent offense of Virginia vs. Tech's rugged defense. Before the Gobblers left the confines of Scott Stadium, they had shown the crowd they had the better offense and defense. The Techmen roamed almost at will as "Mr. Touchdown," Tommy Francisco, scored three touchdowns in the 24-7 thrashing of the Wahoos. The defensive squad was nothing but great as they stopped the Nation's no. 2 quarterback, Bob Davis, with a minus 24 yards rushing. Davis only surmounted 74 yards total offense all afternoon. Although the Cavaliers gained four yards more than Tech's average, the Wahoos will never believe it as they got only 179 yards total offense and scored only one touchdown. The victory over UVA ended a 51-game series with the Cavaliers which ended with 25 wins, 23 losses, and 3 ties for the Hokies. The next game with UVA will not be until '71, but the Cavaliers will have trouble forgetting the big one of '66.

Davidson and Beamer close in on FSU's Ron Sellers.

Tech Hosts an All-Time Thriller Against Seminoles

A great offense, rugged defense, a lot of hustle, and just a little luck were all parts of Tech's action-packed 23-21 win over the Seminoles of FSU. The ice was broken when Danny Mooney caught FSU's Kim Hammond behind the goal line for a safety. After the Seminole's free kick the Techmen took only three plays before Stafford connected with Ken Barefoot in the end zone on a 13-yard pass play. The first quarter ended with Tech leading 9-0, but FSU roared back to score in the second quarter. Bill Moreman scored up the middle for the Seminoles to bring the score to 9-7, which the Hokies took to the locker room at the half. After the half, the Seminoles again drove in for a score to take over a 14-9 lead. Frank Loria put the Gobblers back

into the game to stay with an 80-yard patented punt return which fired up the Hokie team and completely stunned the FSU team. On the ensuing kickoff, Jan Utin showed why he is Tech's no. 1 kicker when he kicked an onside kick which Tech recovered and turned into a score to lead 23-14. But FSU's Gary Pajcic led his team back 7 plays later for a score to close the gap to 23-21. Although there was no scoring in the fourth quarter, the FSU club drove to Tech's six-inch line and on fourth and goal the great Tech defense stopped them short. This game with all its turns of luck and excitement was certainly one of the best games ever to be played within the state of Virginia.

Yardage came tough against the classy FSU team as Tommy Francisco finds out.

Ken Whitley moves in to help Davidson and Beamer as they bring down FSU's Sellers.

The tension of the game can be seen in the faces of Ron Davidson and Frank Loria.

Gene Fisher sends another fine punt down field.

The Hokie defense stops a Deacon back cold in his tracks.

Hokies Use Deacon Mistakes to Take 11-0 Victory

Tommy Stafford rifles a pass down field.

It took the Demon Deacons 35 minutes to commit an error, and when they did the Hokies moved in for the kill and an 11-0 shutout. The game was Tech's most disappointing victory to most people, but they played a highly underrated team which has always given the Hokies a tough game. Tech failed to achieve field position as Wake's punting game was played to perfection in the first half and the Techmen never passed their own 45. The game was give and take most of the day as there were 15 punts—seven by Fisher for a 40-yard average. George Foussekis recovered a fumble on the Wake 34 and Tech moved to the 23 where Jon Utin booted a 40-yard field goal on fourth down to break the ice midway through the third quarter. Tech got the ball on the twenty after Wake missed a field goal and moved 80 yards where Tommy Francisco scored Tech's only touchdown. The Hokies converted for two points on a draw play to Eddie Bulheller. The Deacons were held to 149 yards total offense as the Tech defense shined as usual. Wake played good ball over half the game, but Tech played good ball for the entire game. That made the difference.

Gobblers Sneak by Indians and Trample Keydets

Tech's defense tightens up to put the freeze on the Indians' running game.

The Hokies ran up a 20-0 lead at half time and then had to hold on to pull out a 20-18 victory against William & Mary's rampaging Indians. The first half, which was played in pouring down rain, was all Tech as the Hokies scored the first time they got the ball and scored almost at will the rest of the first half. The final score tells the rest, as the Indians caught fire in the second half with quarterback Mike Madden hitting Chuck Albertson and Bill Carr. But in the closing minutes, Tech's defense tightened up to halt the Indians and hold on to a 20-18 victory.

After the scare the Gobblers received from William & Mary, the 70-12 smothering of VMI was quite a change. As usual, both teams were keyed up for the annual Classic, but there was never any game of it. Tommy Francisco set a school record, as he led the Gobblers with six touchdowns. The 70-12 victory set a new school scoring record and was the most one-sided game in the 62 game series. The VMI team must be congratulated for their spirit and courage in the face of such a humiliating defeat.

Tech and Miami line up for the first play of the game for Tech's offense.

Tech Gains National Recognition and Respect in Liberty Bowl

Tech lost the Liberty Bowl 14-7, but the nation will not forget the "tiny school of 8500 in the mountains of Virginia" who brought with them friends and alumni by bus, train, and airplane from all over the East Coast, and hundreds of students who also joined together to support the rugged Tech football team. In the Liberty Bowl the temperature was 31 degrees and the Gobblers broke the ice in the first quarter. Jimmy Richards blocked Miami's first punt deep in Hurricane territory to set up the score. The Hokies rocked Miami from the start, throwing Miami quarterback Bill Miller for losses time after time as they fought an offensive unit that averaged 228 pounds. Tech rolled up six first downs in the first quarter to Miami's none. The Hokies went into intermission leading 7-0 and looked like they might pull off a major upset. Francisco took the second-half kickoff 57 yards, but a 40-yard return of an intercepted pass put the Miami Hurricanes on Tech's 27-yard line. The tough Hokie defense, with All-Americans Frankie Loria and George Foussekis, threw back the Hurricanes and took over on Tech's 14-yard line. Again the offense surged to break Tommy Francisco loose for 35 yards, but he fumbled on the 47 with one man between him and paydirt. Miami moved in with a spectacular passing and running attack that seemed to be halted until a roughing the kicker penalty gave them the break that set up the tying score. Tech, by this time, could not muster another attack and eventually the Hurricanes from Miami showed why they were no. 9 in the nation. The Gobblers fought a brave and gallant battle and tasted defeat for only the second time this year. We were jubilant in defeat but would have been more so in victory. "Win or lose, we'll greet you with a glad returning, you're the PRIDE OF V.P.I."

"Give'm Hell Tech!"

The Tech line shows Miami how tough they really are.

Francisco, all alone, tears down field for long yardage.

Gobblers Finish Strong to Salvage 2-3 Record

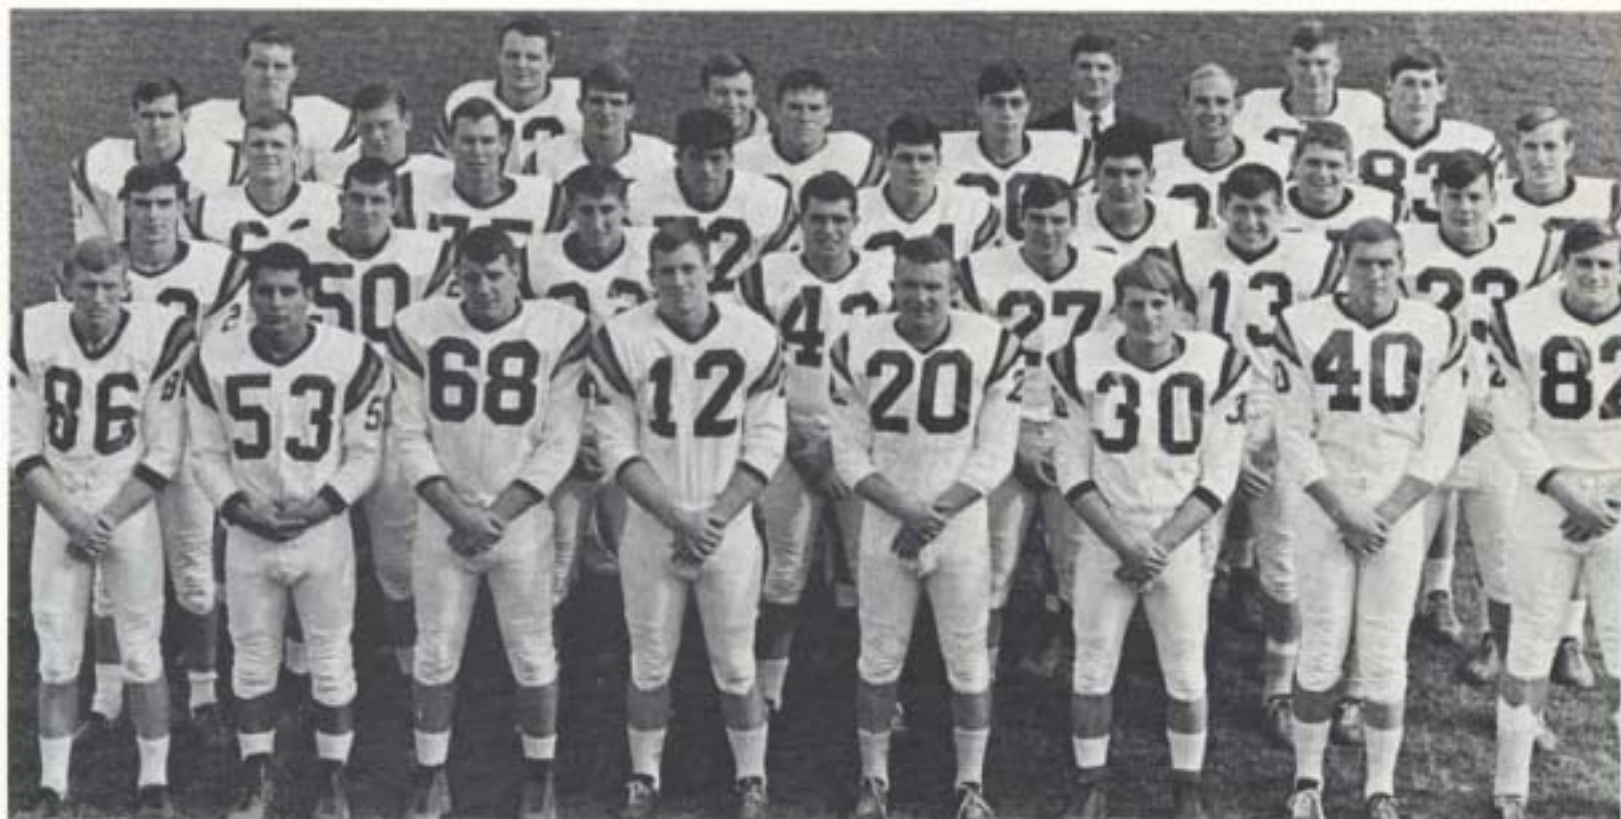

The Gobblers came on strong at the end of the season, winning two of their last three outings in compiling a 2-3 record for 1966. In their opening game, the Baby Techmen lost a squeaker 14-12 to the West Virginia freshmen. Playing their only home game, the Little Hokies tasted defeat by a score of 37-8 at the hands of the Wildkittens of Kentucky. Previous to a disappointing 7-6 loss to Ferrum in a hard-fought defensive battle, the Tech Freshmen upset favored Maryland 13-0. The Gobblers downed the VMI Rats 36-20 in their season finale. The Tech Freshmen showed much talent in their play throughout the season and should provide strong support for the varsity in the coming years.

A Gobbler brings down his man in varsity form.

Gobbler hand-off goes for long yardage against the Wildkittens of Kentucky.

Gobbler Squad Wins State Soccer Championship

With a unified team effort, the Tech Soccer team enjoyed its best season ever, compiling an 8-2-2 record. An opening loss to the University of North Carolina failed to dampen the Hokie spirit as they bounced back to down a highly rated Virginia team 1-0. Following a 4-2 setback at the hands of powerful Lynchburg, the Gobblers downed Appalachian State 3-2 behind Preble Ware's two goals. Try as they must, neither Tech nor Washington and Lee could break the 2-2 tie. In the next match for the Hokie Eleven, a team effort provided a 5-0 win over King College. League-leading Roanoke College was shocked 6-3 behind an outstanding effort by Ian Refo, who scored three goals. Tech continued to roll along, downing Campbell College 3-2, before battling Randolph-Macon to a 3-3 stalemate. Prior to the state tournament, Tech downed Eastern Mennonite College and picked up a forfeit from William and Mary. Avenging an earlier tie, the VPI Booters scored in the final overtime to down W&L and take the state championship. Bruce Statham was named the tournament's Most Valuable Player. The Gobblers have a very strong soccer team, and Coach Al Long must be praised for his efforts and spectacular results.

Campbell College "recovers?"

The Orange and Maroon prepare to score against some persistent defenders.

Gobblers Drop Fourth-Ranked Duke in Opener

Wayne Mallard prepares to put the move on a Pitt defender.

Hustle, defense, and experience denoted the 1966 Gobbler squad. This squad had eight returning lettermen, who did everything expected of them in compiling an 18-6 record. The pressure was very great on the Gobbler basketball team to emulate the Gobbler football squad, which received a bid to the Liberty Bowl. The pressure didn't seem to bother the Hokies as they played outstanding basketball throughout the season. Senior Ron Perry's tricky ball handling, Glen Combs sharp outside shooting, Ken Talley's hard-nosed rebounding, Ware's shooting under the board, sophomore Chris Ellis' fine effort to the team, and the sub work of Don Brown were only a few of the factors responsible for the Gobblers' fine record.

In their opener with Duke, the Fighting Gobblers showed the nation why Tech fans take such pride in their team. The Hokies stunned the Blue Devils as they outscrapped and outplayed the imps to come up with a 85-71 victory. Spirit ran high the following night, as fans filled the Coliseum to more than capacity. The Techmen responded by downing the Boilermakers of Purdue 79-63.

Ted Ware drives for a basket against Wake Forest.

Ware lays up an easy one as Wake Forest looks on in amazement.

Ron Perry puts two on the scoreboard for Tech with the help of Ware.

Perry saves one against Duke.

Ware only looks eight feet tall

The "Spider" outmaneuvers a whole host of Spiders.

Ken Talley goes in for a three-point play.

Talley goes above a Davidson defender for two points.

Don Brown picks up a foul from Pitt.

Tech's Loss to Wake Forest Sparks Team to Tech Tournament Victory

Ron Perry displays some of his ball handling.

In their second road game in three games the Hokies met the Deacons of Wake Forest. The Techmen just couldn't seem to stay out of foul trouble as the Deacons downed them 78-75 in an overtime thriller. When all the other students were home for Christmas vacation, the Gobbler team worked on as they won their own Tech Tournament but lost in the finals of the first annual Gator Bowl Tournament. The Hokies trounced East Kentucky 99-77 in the first game of the Tech Tournament but were a little easier on Richmond as they downed them 76-61. The Gator Bowl just wasn't much like home as the Gobblers had to squeak by Penn. State 67-65; but they couldn't get going as Florida downed the Hokies 92-73.

The two holiday tournaments seemed to help the Gobblers as they clobbered William and Mary 96-69 in the first game after the holiday break. The Hokies next took on the semi-pro Phillips 66'ers in an exhibition game and stopped the sharpshooters cold 67-60 in a fine show of defense. Revenge was sweet as Tech stopped the Demon Deacons of Wake Forest 82-70 in the Coliseum.

Glen Combs bewilders Ohio University with his passing.

Buddy Martin blocks his man to leave Perry open for the shot.

Talley takes a pass as an Ohio University man fouls him.

Tech's 22-Game Winning Streak in Coliseum is Broken By Clemson

Ron Perry doesn't seem to have trouble shooting over Davidson.

So that's where Coach Shannon gets all his plays.

Ware shoots his favorite for two points against Ohio.

NCAA Tournament Bid Puts Icing

Ware gets another assist against North Carolina.

Talley concentrates on putting another point on the scoreboard.

The Techmen downed Davidson 74-68 and stifled East Carolina 91-62 before losing their second game of the season. The 70-68 loss to Clemson ended a 22-game winning streak in the Coliseum. The regionally televised game was highly spirited and the officiating was somewhat in question—at any rate, Tech had two men foul out and had several others in trouble. Like most of Tech's losses, it came at the foul line.

The William and Mary Indians were Tech's next guests who gave the hustling Hokies a tough 84-79 win. With thoughts of the loss to Clemson and the close game with William and Mary, the Hokies headed north to Richmond. The Spiders were supposedly ready for them, but it didn't look it as the Gobblers smothered them 89-71. The Techmen next turned their sights on the Colonials of G.W.U. The game was close at times but the Hokies seemed to have control as they downed the G.W.U. Five 78-70. Next the Hokies played host to Ohio University, but the Owls didn't get much of a welcome as Tech routed them 87-47.

It was now G.W.U.'s turn to be the Hokies' host but the Hokies turned out to be pretty rude guests as they downed the Colonials, 78-66. Loyola of Baltimore became another of Tech's routs as the Gobblers rolled to an easy 100-65 victory. Tech's fourth loss came at Greenville, N.C., against the East Carolina Pirates, who used slow-down tactics to hold the Hokies to an unbelievable 33 points. The East Carolina Five then used Tech's worse enemy, free throws, to down them 43-33. Next the Spiders came to Blacksburg with cries of vengeance and with upset in mind. The Hokies, however, put them in their place as they beat the University of Richmond team 87-80. This was the third win of the season over the Spiders.

The announcement of the Hokies' bid to the NCAA tournament was a needed softener for the thrashing they received at the hands of the fifth-nationally-ranked Tarheels. Tech got into early foul trouble and could not keep pace with the high-scoring Tarheels. The Hokies suffered their worst defeat of the season, 110-78.

The Cavaliers of University of Virginia were Tech's next opponents as the Cavaliers came to Tech riding a 5-game winning streak. The Gobblers never had any real trouble handing U. Va. a 76-60 loss. The final game of the regular season came in Toledo, Ohio, two days later as the Hokies went against the powerful Rockets. Tech took a narrow 41-40 halftime lead, but lost out late in the second half when Ted Ware and Chris Ellis took the foul route to the showers. The Rockets downed the gallant Gobblers 90-71 for the second-worst defeat of the season.

The 18-6 record compiled by the Gobblers in the 1966-67 season was a result of a lot of hard work by the Hokie team and a lot of spirit on part of the students and Tech followers. The NCAA bid gave proof that Tech has become one of the South's top independents and one of the nation's best. The opportunity to play in the NCAA tournament was a well-deserved honor that capped a fine season and a fine effort.

Freshman Basketball Team Gains Experience Despite Losing Mark

The Gobblers had a disappointing basketball season in posting a 2-12 record. The Frosh had only four scholarship players to their credit, which is a small percentage to most sports. Many of the Gobblers' games were close ones which were dropped in the closing seconds because of the Gobblers' lack of team coordination. This lack of team coordination was due to the Frosh having played together for only a short while. Many of the teams played were two-year schools that had upperclassmen on the team, and thus the opponents often had experience the Gobblers lacked. Even though the Gobblers did not have a winning season, they have several players who have shown promise for future varsity basketball. Dale Manuel and Danny Walker led the Gobblers in scoring.

Big John Blessing controls the tap for the Gobblers.

Cheerleaders . . . Getting a Good Thing Going . . .

Spirit and dedication are just two of the many fine attributes of the Cheerleaders of Virginia Tech. Along with the players, they feel the bitter pain of defeat and the thrill of victory. Our cheerleaders constantly rally the spectators to provide the needed lift for the teams when things look dim. Since student support is a vital asset for winning teams, the Hokie cheerleaders lead a student body which avidly supports the Gobblers. The cheerleaders deserve all

the laurels of victory because every Tech win belongs to them as well as to the players.

Lack of wins failed to dim the enthusiasm of the Freshmen Cheerleaders. They cheered long and loud at all freshmen outings, sometimes making up for a lack of student support. The Gobbler teams greatly appreciated their dedicated support.

Gobblers—Kneeling: E. Moore, J. Swecker, K. Angeline, G. Smith. Standing: W. Traylor, B. McFadden, C. Ham, L. McDavid, T. Lee.

Go Hokies, Goll

Hokie Grapplers Lose Only One Match in Ten Outings

Fink blocks his man and prepares to take him to the mat.

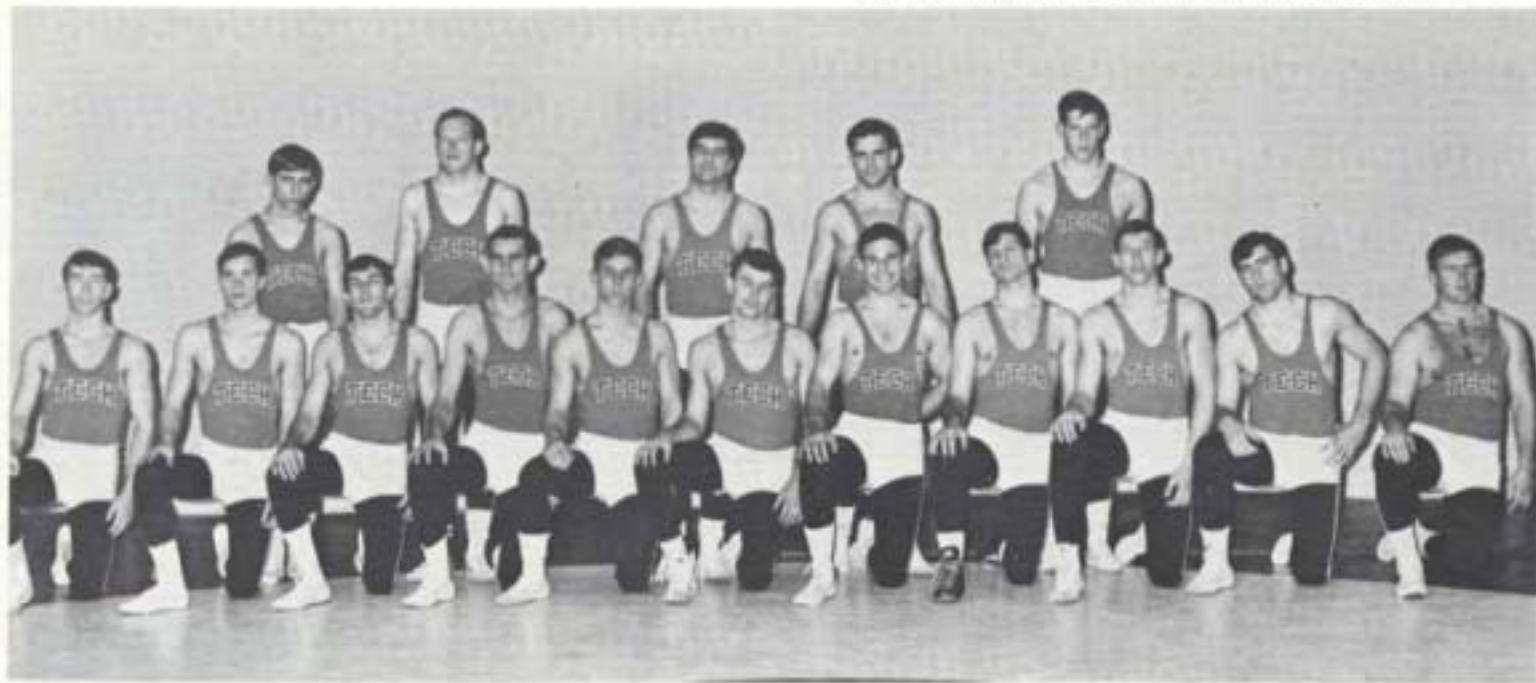

The Hokie matmen had one of the best seasons of any Tech sport, as they scored nine victories in ten outings for an astounding 9-1 record. The Techmen's regular season began in a dual meet against N.C. State in the Coliseum. The Gobblers put the matmen of N.C. State down and never let up as they rolled past them 34-5. Auburn became the Hokies' next victim as they went down under a barrage of pins 37-5. The only Gobbler loss came at Annapolis as highly regarded Navy got only one pin against the Hokies to down them 26-6.

The students of Georgia Tech learned to respect the Tech Grapplers as the Hokies smashed Georgia Tech, Pfeiffer, and Troy State to take the quadrangle meet at Atlanta. The Hokies scored 100 points against the three teams and gave up a total of 9. Tech next traveled to Chapel Hill, N.C., where they downed the U. N.C. team 28-10. The Gobblers came home to stay, where they trounced Old Dominion and V.M.I., before smothering the U.V.A. matmen 49-0. The Hokies had 7 pins, 2 decisions, and a forfeit to run up the highest score of the season against the rival Cavaliers.

As is evident from their record, all the Hokie team turned in great performances. Two of the Tech wrestlers were undefeated throughout regular season matches—they were Lonny Gallagher and senior Ken Whitley. Although the rest of the team did not go undefeated they all turned in winning worksheets and a fine effort.

First row: N. Fink, J. Weeks, M. Jarrell, K. Cole, J. Stover, L. Gallagher, F. Ogle, J. Kennedy, T. Howard, J. Miller, K. Whitley. Second row: B. Woods, D. Wills, C. Morgan, J. Davison, H. Asta.

42	Chattanooga 62
30	Alabama 74
44	American Univ. 60
63	William and Mary 41

The 1966-1967 Swim team of Virginia Tech suffered through a disheartening 3-6 season. In their opening match, they were downed 67-28 by a very strong University of North Carolina team at Chapel Hill. Next the Virginia Cavaliers seemed inspired and determined as they upset the Hokies 63-41 at Charlottesville. The home pool agreed with the Gobbinauts as they broke three pool records on their way to a 66-37 thrashing of Appalachian State. Steve Highley set records in the 500-yard and 1000-yard free style events and Bruce Reynolds set a record in diving. The win streak was to be stopped at one meet, however, as the swimmers next went down to defeat before a confident East Carolina team 80-24. Following this defeat, the Hokies traveled to Norfolk to take on Old Dominion, where they won their second match 63-31. Before closing the season with a 63-41 victory over William and Mary, the Hokies were outscored by Chattanooga, Alabama, and American University in succession. There were several good swimmers on the team, but victory seemed to elude the Gobblers throughout the season, no matter how hard they tried.

Tech Swimmers Meet Rough Competition

Rifle Team Third in State Despite Loss of Home Range

The Varsity Rifle team was hampered this year by the lack of a range and ROTC support. Despite these problems the team had a fine year, taking third place in the Virginia State Championship with a score of 1501. Bob Moore, team captain, was high man in his class at the State Championship, the Roanoke Invitational and the Frank Parsons match. Nick Proferes also took a first place in the state meet. Moore won the American Smallbore Record match, making him one of the outstanding shooters in the nation. In looking toward next year, the team will have a new range and will shoot a full schedule. With several top marksmen returning next year, the future looks bright.

Bob Moore practices from a kneeling position.

Tech	15	UNC	14

After a rather sluggish start, the Hokie stickmen went on the attack to finish their season with a 10-6 record. In the season's opening two games at Clemson, N.C., the Gobbler pitching and hitting was ineffective as Clemson won both games, 11-0 and 9-6. Continuing on the road, Tech met the Gamecocks of the University of South Carolina. In spite of pitching improvements, the Gobbler batsmen were able to score only one run, losing 4-1. However, the Hokies came bouncing back to win the second game for their first win of the year. After getting over their slump, the Diamondneers took seven straight games before losing a doubleheader to the Richmond Nine. The Hokies picked up their sticks and took their last three games including a 15-14 victory over the A.C.C. champs, U.N.C. This final victory was not an easy one by any means. The score bounced back and forth until Tech pulled it out in the bottom of the ninth inning with a three-run homer by Johnny Oates. The hard-fought win gave the Gobblers a sweet note on which to end their excellent 10-6 season.

Tech's Golf Team Wins Third Straight State Title

First Row: W. Dickenson, N. McClary, B. Buchanan, D. Redcliff. Second Row: T. Collins, J. Carroll, Coach Buchanan, R. Barbarics, A. Campbell.

The 1966 Virginia Tech golf team augmented its fine 9-2 record with its third straight state championship. Virginia edged the linksmen $11\frac{1}{2}$ - $9\frac{1}{2}$ and a very strong University of North Carolina team downed Tech $15\frac{1}{2}$ - $5\frac{1}{2}$ to become the only two teams to defeat the Gobblers. Richard Barbarics led the team to a 4-3 victory over Ohio by shooting a 71, three over par. After the close loss to Virginia, VMI succumbed to a $15\frac{1}{2}$ - $5\frac{1}{2}$ defeat as medalist Tim Collins and Barbarics starred. In a triangular meet with the University of Richmond and East Carolina, Tim Collins shot a 64 to tie the Riverbend course record, as the Gobblers downed both opponents. The Hokies continued their winning ways, downing George Washington $5\frac{1}{2}$ - $1\frac{1}{2}$ and East Carolina again 6-1 in another triangular match in the Nation's Capital. The golfers record was boosted to 8-1 in defeating Miami of Ohio 6-3 and VMI 5-1. The Techmen ended the season on a high note, defeating William and Mary 7-0. In the state tournament, the Hokies finished 1-2-3 to trounce all other competitors and win their third straight title.

GOLFER'S SCORE CARD

Rebuilding Racqueteers Start Slow But Finish Strong

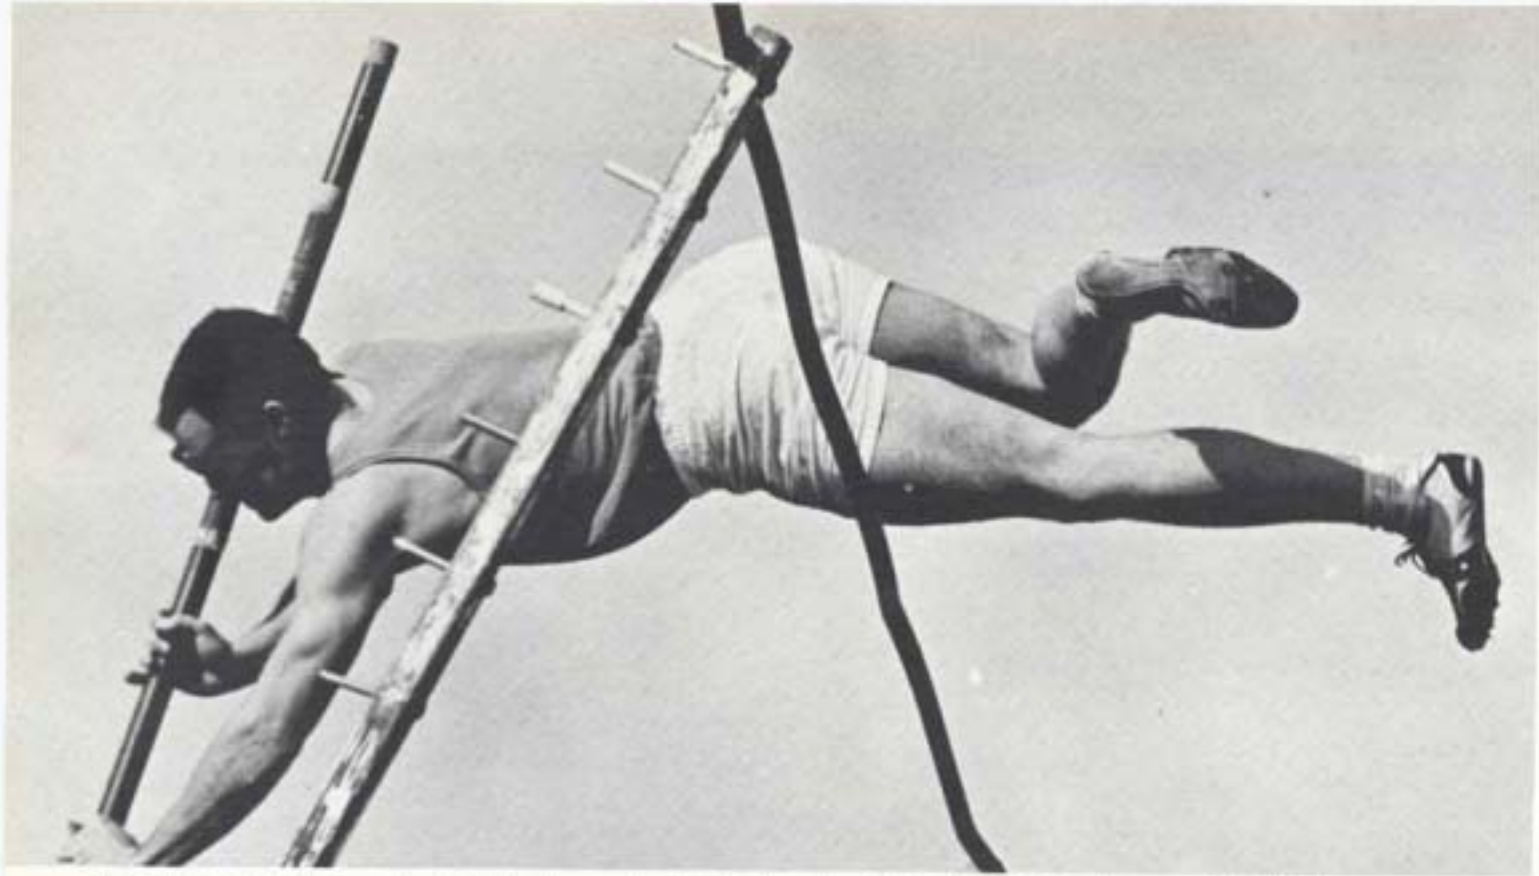

The 1966 netmen of Virginia Tech had a slow and disappointing 4-6-1 season. However, the Techmen played much better than their record shows, losing by close margins to VMI and William and Mary. After an opening tie with Ohio State, our netmen lost matches to Ball State and Washington and Lee before finding a winning combination in defeating East Tennessee State University 5-4. Following three more disappointments at the hands of VMI, George Washington, and William and Mary, the racqueteers finished strong by defeating Hampden-Sydney, Wake Forest, and Roanoke. Preble Ware and Jay Collins were standouts all season, being responsible for most of the Hokie scores in our early losses.

NETMEN'S RESULTS

115 $\frac{1}{2}$	East Carolina 29 $\frac{1}{2}$
91	Wake Forest 53

Tech hurriers leave the starting block during time trials.

Trackmen Set Five School Marks in Route to 4-1 Record

The 1966 spring track team started off its season by dropping its first meet, an 82-62 loss to William & Mary. In winning its next four meets by comfortable margins, the Hokies broke four school track and field records: Bob Whitmore broke the three-mile run record with a time of 15 minutes, 23 seconds; John Wetzel broke the triple-jump record with a jump of 46 feet, 6 inches; Gary Smith broke the 440 individual hurdles record with a time of 54.3 seconds; Harold Hudgins set a record for the javelin with a throw of 212 feet, 5 inches. The varsity team was runner-up in the state, while the freshmen team won its state meet by defeating second-place William & Mary 67-59.

The cross-country team finished its best season ever with a 5-1 record. In its first two meets the team defeated Kentucky 25-31 and Marshall University 23-35. Wake Forest proved to be the "Demon" in the next meet, however, deal-

ing the Gobblers their only defeat in a 28-29 squeaker. The Hokies bounced back to defeat Old Dominion 26-30 and swamp Virginia 18-45 before the state meet. Although the team placed third in this meet, it closed its season with a victory over VMI, winner of the state event, by a score of 27-30.

The indoor track team competed in the Chesterfield Relays, Tennessee Relays, VMI Winter Relays, and a dual meet with VMI. Competition in indoor track is on an individual, rather than on a team basis. This season was highlighted by Terry Gallagher's new state pole vault record of 15 feet, 2 $\frac{3}{4}$ inches, as he became the first Virginia pole vaulter to vault 15 feet. This record qualified him for the NCAA Championships. Coach Pushkin has quite a few returning lettermen, and looks forward to another fine track season this spring.

First row: Coach Marty Pushkin, B. Rosa, J. Hutcherson, C. Nicholson, B. Statham, G. Smith, D. Merritt, W. Staples. Second row: J. Brownell, B. Whitmore, N. Madson, D. Parcell, J. Adamson, D. RING DANCE

Sabre arch highlights cadet figure.

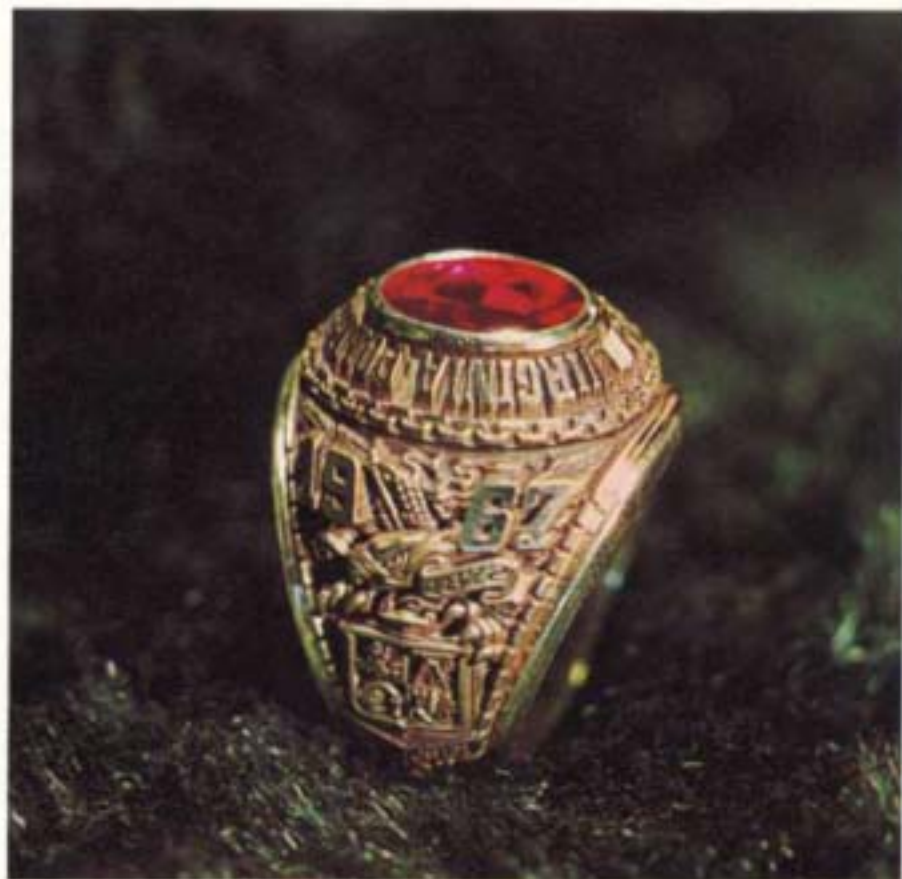

Sixty-Seven's Moment of Glory

Ring Dance for the Class of 1967 was the highlight of our college career. Its tradition is blended with many well remembered symbols—a beautiful girl in a flowing gown, a dozen long-stemmed roses, a glistening sabre, elaborate decorations, a big name band, and most symbolic of all, the class ring itself.

The Class of 1935 held the first Ring Dance on April 27, 1934, and since then the sabre arch and ring figure have become traditional. In 1942, Fred Waring saluted the Class

of 1943 with his beautiful "Moonlight and VPI." That song, and its memorable words floated many Techman and his date into a dreamland all their own. Many great musicians such as Skitch Henderson, Les Brown, and Benny Goodman have entertained at various Ring Dances. In keeping with this tradition, the Class of 1967 proudly presented Larry Elgart and his orchestra for the Friday and Saturday evenings of May sixth and seventh.

The VPI class ring has the distinction of being the largest college ring in the nation. Our ring keeps with the basic Tech tradition, yet is unique. The John Roberts Manufacturing Company created the ring from the design submitted to them by our Ring Committee. Every detail on the ring has a special significance to the member of the Class of '67, and every Techman cherishes the right to wear this emblem of class distinction.

The splendor of the weekend was initiated by the civilian figures.

The Ring, A Kiss, And

Decorating was perhaps the best class effort Tech has seen. The plans were elaborate, but the finished product proved that it was worth every effort. As the juniors and their dates entered the gymnasium they found themselves on a dock flanked by water and elaborately painted scenery. Continuing on, they strolled past a row of wood-shingled

shops and into the giant replica of the class ring. Once in the midst of the ballroom, the real feeling of the "Harbor Lights" theme was experienced. The effect of the sailboat, the lighthouse and beacon, and the wharf of shops—all under a suspended fishnet ceiling—was well worth the tedious hours of work.

That long-anticipated moment arrives as she slips the ring on his finger.

A Dance Into Dreamland

A kiss seals a most cherished moment.

The first special dance into a dreamland by the sea.

Juniors and their dates entered the gym through a giant replica of the ring.

MOONLIGHT AND VPI

Bright moon, shed your light . . .
On the one I love tonight . . .
Let her know someone will not die . . .
Just as long as you're in the sky . . .
Tell her, do . . .
I'll be true . . .
For my love believes in you . . .
By this ring that is on my finger
I swear that my love will linger,
So help me to find her,
With a kiss to remind her,
Of moonlight and VPI

Les and Larry Elgart continued their musical enchantment as cadet juniors danced.

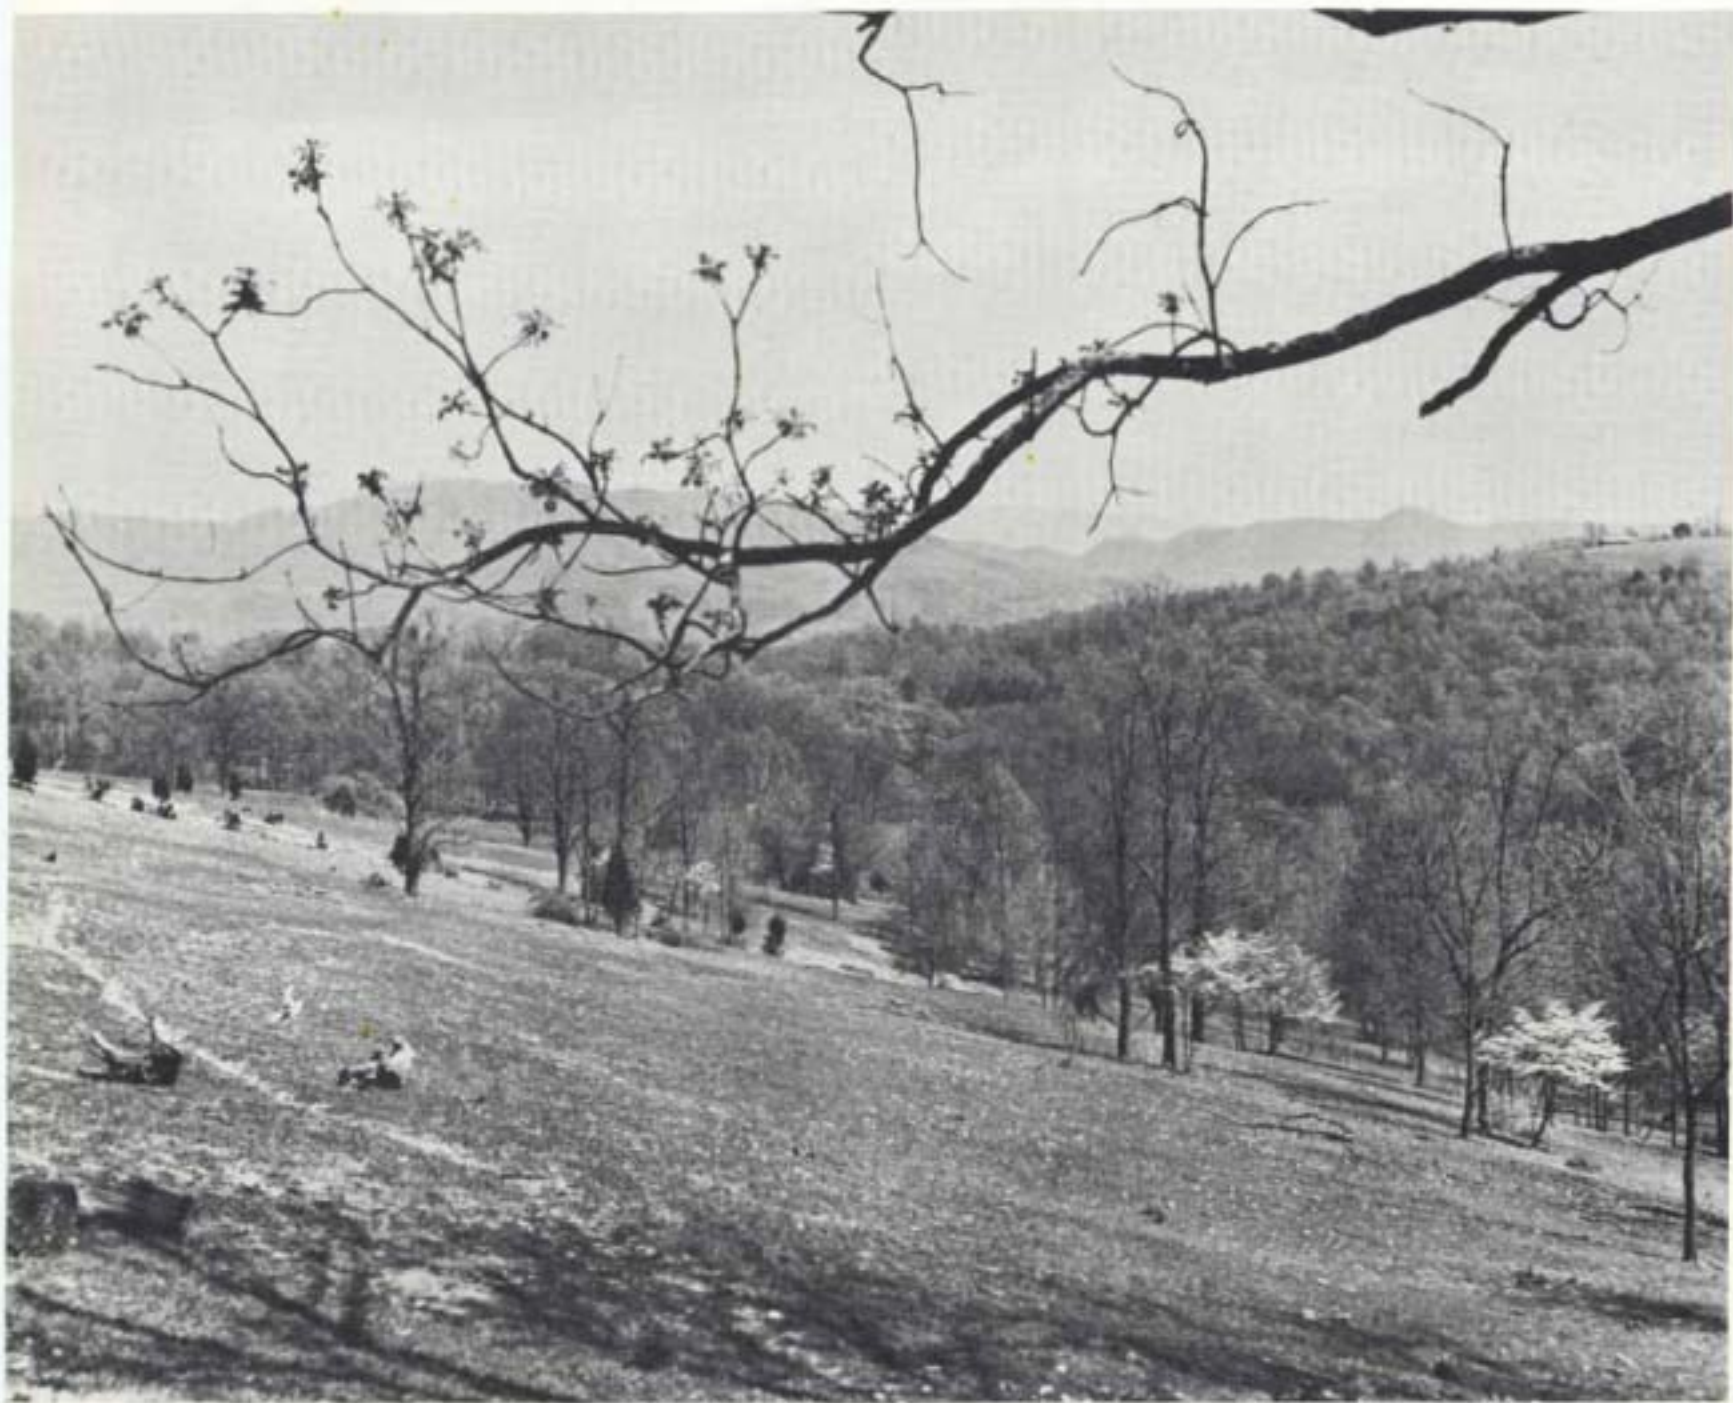

Saturday night the juniors came to the dance feeling proud and important with their sparkling rings flashing in the dim light. Too quickly, before it seemed possible, the moment for good-byes arrived, and Ring Dance, for another year, slipped by but will never be forgotten.

"Let's sit this one out."

Civilian juniors enjoy their second figure.

The ability to communicate the news and opinions current in such an institution as a university is of paramount importance in unifying the administration, faculty, and students. The Publications Board is the instigating force behind Tech's communication network.

The Board represents the interest of the **BUGLE**, the **Virginia Tech**, **WUVT**, and the **Maelstrom** which are the year-book, newspaper, radio station, and literary magazine respectively.

This year the Publications Board is composed of the editors-in-chief, business managers, and faculty advisors of the four publications, a representative of Dr. Hahn, a financial advisor appointed by the administration, representatives of the Student Activity Committee, Pi Delta

Epsilon (honorary journalism fraternity), and the Student Government.

To keep in step with the major changes taking place on the Virginia Tech campus, the Publications Board made two changes in their constitution. In response to the unification of the Civilian Student Body and the Corps or Cadets, a representative from the United Student Government was added to the Board. A representative of the Student Activities Committee was also invited to join the Publications Board.

The Board, besides coordinating the dissemination of news, has also recently backed WUVT's Johnny Cash Concert in a further attempt to meet the need of a growing university.

Publications Board members are: Sally Glascock, Pi Delta Epsilon Representative; Dennis Whaley, WUVT General Manager; Jane Litton, Maelstrom Editor; E. A. Hancock, BUGLE Faculty Advisor; Charles H. Liethicum, BUGLE Business Manager and Publications Board Chairman;

Al Sauvageau, Virginia Tech Business Manager; Garland Rigney, Student Body Representative; Dr. Pace, Virginia Tech Faculty Advisor; Dr. King, WUVT Faculty Advisor; and E. Ray Yount, Editor of the BUGLE.

Organization Editors: Ed Sykes, Fraternity Co-Editor: Gaye Iroler, Curricular Clubs Editor: Fred Boland, Religion and Service Clubs

Editor: George Davis, Sectional Clubs Editor: John Appel, Honoraries Editor: Butch Boswell, Fraternity Co-Editor.

The 1967 BUGLE Staff

This year marks the seventy-first year of publication for the Virginia Tech **BUGLE**. Each of these years has been filled with hard work and a race for the deadlines to provide for the students a complete story of campus life for the year in pictures. This 1967 **BUGLE** will introduce a new section which has recently become an important part of student life. The off-campus fraternities and sororities will be covered individually in the new Social Organizations Section.

Under the capable leadership of Ray Yount, the many editors have worked hard to produce a well-organized yearbook. This work begins at the end of spring quarter when the editors are chosen and the yearbook is planned. With the opening of school fall quarter, the real work begins. Each section editor is assigned definite pages and his tentative deadline dates. These editors are then responsible for laying out the various pages and providing pictures and copy. These students are aided by staff members, photographers, copy writers, typists, and the editor-in-chief, of course. By the first of March everything should be in order and the rough drafts should be ready to rush to the printer. After this mass confusion, a proud staff retires to await the return of a truly great **BUGLE**.

Ray Yount, Editor-in-Chief.

Candy Flagg, Senior Staff; Mary Kay Gruenhagen, Senior Section Editor; Molly Warriner, Senior Staff; absent from picture, Lyn Van Hozzer.

Buck Linthicum, Business Manager.

Office Staff: Jenny Minogue, Linda Lawhorne, Darlene Thomas, and Lucy Minogue.

Rosemary Duncan, Office Manager.

The 1967 BUGLE Staff

Joe Dempsey, Sports Staff; Roger Shell, Sports Staff; John Tressler, Sports Editor; Bobby Woods, Sports Staff.

Advertising Manager, Gary Gross.

Ray Yount, BUGLE editor, joyfully waves goodbye to an equally happy BUGLE staff.

Organization Editors: Joey Silk and Sharon Topping.

BUGLE Faculty Advisor, E. A. Hancock.

Administration Editor, Jean Handy.

Underclass Editors: Doug Cochran and Wayne Piatt.

Andy Miyakawa is the hard-working man who is always found in the darkroom.

Bill Grant and "Sparky" Harcourt, Student Life, banging on the darkroom door for more pictures.

Tony Kulis, Editor of the Beauty Section

The Virginia Tech

Last year, *The Virginia Tech* was located in the old Student Activities Building on the third floor, hidden away from the rest of the campus. The paper took approximately three nights of work to put out a single issue. This year, however, everything has changed. No longer does it take three days for one issue; instead, two days of work—hard WORK—put out two issues of up-to-date news.

It all begins as the advertising staff goes around the area soliciting ads for the next issue. After the advertisements are collected, the ad staff goes back to the office, positions the ads on a dummy sheet for the lay-out staff. While the ads are being done, students are busy writing, interviewing and finding news. By 7 o'clock every Monday and Wednesday night the articles are being typed. Soon afterwards, copyreaders and headliners begin their work of putting on the finishing touches before the final step, the actual laying out of the articles on the prepared dummy sheet.

Editor-in-chief, Buddy Browning.

Desk Editor, Lucy Minogue; Staff Writer, Joe Zahner; Feature Writer, Larry Billion.

Seated: Butch Boswell, Staff Writer; Kathy Rowe, Lay-out Editor; Jim Newton, Sports Editor; Standing: Tom Bailey and Larry Allen, Staff Writers.

Feature Editor, Jane Colly; News Editor, Larry Hillard.

Managing Editor Sally Glescock and Buddy discuss a zenny problem.

Editor's Secretary, Anthea Halley.

Typists: Cynthia Berkle, Keko Buck, Jenny Minogue.

Further integration of the various paper staffs is then demonstrated. After everything has been completed by different staffs, the sheets are taken to Christiansburg to be printed and brought back for the circulation staff to distribute around the campus and to other designated places in Blacksburg. The circulation staff then addresses papers with the addressograph to be mailed to subscribers all over the nation.

To Buddy Browning can be attributed many new policies for the paper such as the elimination of the lines between stories and the two issues a week. The bi-weekly paper was made necessary by the growing demands of a growing college, and Buddy was the first to take steps to meet the demand.

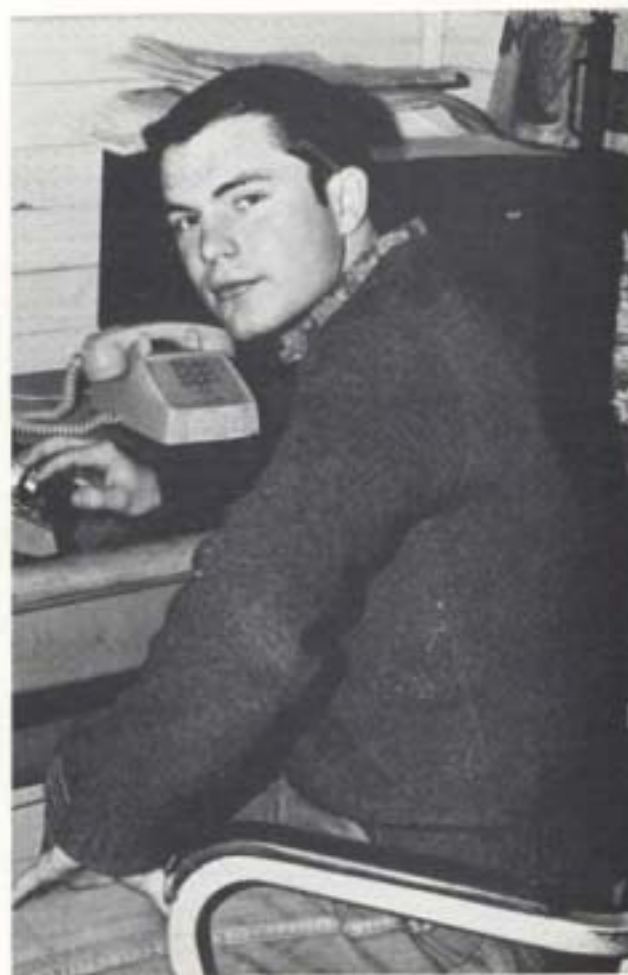

Everyone named on the masthead on the editorial page deserves a special badge of merit for the hard and loyal work they have contributed to a fine college newspaper.

Dr. Pace, faculty advisor, views the final product of a hard night's work.

Mass confusion arises with the deadline.

Al Sauvageau, Business Manager.

The MAELSTROM cover translates the artistic value found within the magazine.

Dr. William M. White, faculty adviser of the MAELSTROM.

Unity is one virtue that has to be achieved among a staff in order to publish a good literary magazine.

Bruce Reynolds, Business Manager.

MAELSTROM

Maelstrom, Va Tech's literary magazine, was organized by Jim C. Michie III and Robert S. Gilmore in 1964-65. Peter D. Trelogan edited the first edition in the spring of 1966. This literary magazine encompasses the talents of students, faculty members, and alumni of Va Tech. It also contains contributions from outside contributors. **Maelstrom** has enlarged from a forty to a sixty-four page magazine with a broad sampling of prose, poetry, and art work. Often the magazine contains special sections donated to guest contributors.

Maelstrom offers a very desirable outlet for talented students, faculty, alumni, and friends of V.P.I. Student-instigated and student-edited, this magazine is improving rapidly in its format, in the quality of poetry, fiction, and graphic arts which is presents in its overall artistic worth as a cultural ambassador for V.P.I. **Maelstrom** is financed by sales and generous patrons. The magazine welcomes prose, poetry, essays, book reviews, short stories, photography, and graphic arts.

Gabrielle Robertson, Managing Editor.

Jane Liffon, Editor-in-Chief.

The newsmen from left to right: Scott Wainwright, George Latham, Ron Walczak, Walt Kurylo.

From left to right are: Jim Camicia, production manager; E. B. Baker, program director; Bob Riddle, chief announcer; and sitting is Jim Osborn.

Some of WUVT's better announcers are, from left to right: "Buffalo Lee," "Tiger" Bob, Delmer Rhodes, "Fat Daddy" Wayne (seated), Jim Camacia, and Phil Beckman.

Denny Whorley took over WUVT last winter quarter and has turned in a magnificent job in representing WUVT and making it a better station for the students.

WUVT

WUVT, the Virginia Tech radio station, began the new 1966-1967 school year by moving into new headquarters at the old elementary school building. This change of housing required a complete rewiring of equipment in the studios and the building a new console for mounting the equipment. The radio engineers are currently beginning a complete mass rewiring of the campus. To accompany these new changes, broadcasting time per day has been extended to eighteen hours.

Many remote broadcasts are provided by WUVT including a partial broadcast of Fall Formals and sock hops during fall quarter. The radio staff, with the backing of the Publications Board, also sponsored Johnny Cash in a winter quarter concert. On the lighter side of entertainment, the radio staff held a banana-split eating contest between "Fat-man" and any challengers, various contests with prizes awarded, and a marathon where "Tiger Bob" broadcasted continuously for twenty-four hours.

Engineers from left to right: Bob Halbush, E. B. Baker, Jim Osborne, Bob Amundson.

Announcers for WUVT from left to right: Claude Swanson, Ronnie Hughes, Jay Wertman, Stan Polyitowski, Mike Frieders, Wayne Piatt, Wayne Barford.

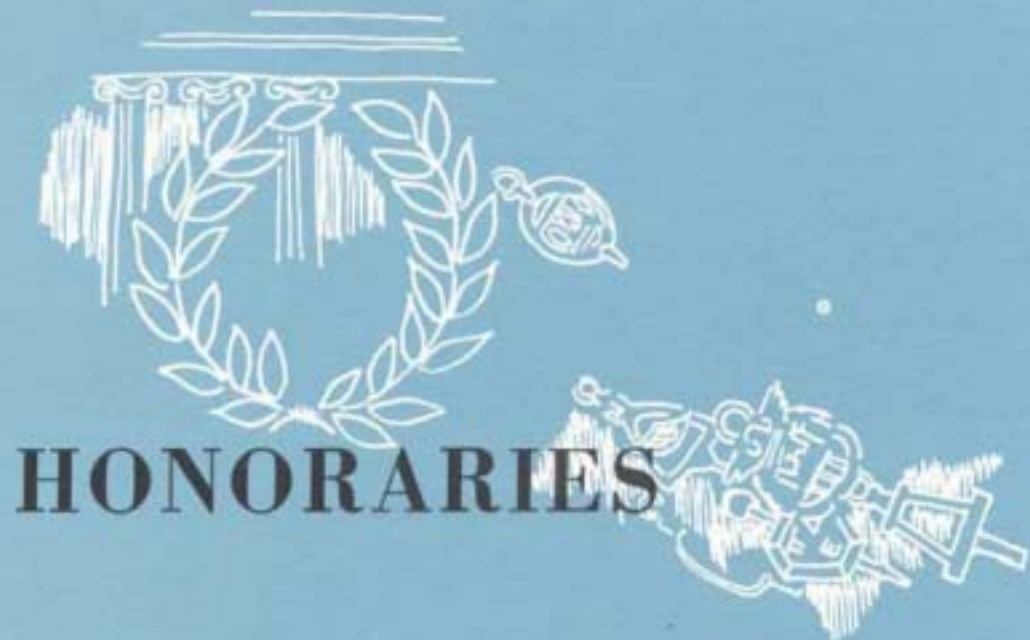

From left to right: Brenda Kibler, Butch Boswell, Ken Colamarino, Rusty Romaine, Jeff Fink, Al Heuss, Announcers.

The Business staff: Bob Inskoop, Don Belale, Trent Oliver.

The purpose of Phi Kappa Phi is to emphasize scholarship and character and to stimulate mental achievement by membership. The society's motto is: "The love of learning rules the world." An undergraduate may be considered for election only if he is in the top five per cent of his class as a junior, or the top 12½% of his class as a senior. Membership is open to students in all branches and schools within the university.

**PHI
KAPPA

Registration of new members.

Alpha Pi Mu is one of the campus' most outstanding honorary societies. For the fifth consecutive year it has won the "National Outstanding Chapter" award. Members must display leadership, breadth of interest, ethicality, and sociability. The purpose is to promote the Industrial Engineering curriculum, better the student-faculty relationships, and perform service to the school and students of Industrial Engineering. The society conducts a teacher evaluation program which enables the students to express their opinions of teachers privately.

Row One: G. G. Gamble, Treasurer; T. H. Whitley, Recording Secretary; R. F. Crafton, Vice-President; C. G. Hagen, President; W. H. Dehart, Corresponding Secretary; D. J. Guarino, Faculty Advisor. **Row Two:** M. D. Robinson, S. R. Hough, Ron Witcher, J. W. Montague, A. G. Mullins. **Not Pictured:** John Barr, Eric Johnson.

Sigma Gamma Tau is the honorary society for Aerospace Engineers. Its purpose is to honor those individuals in the field of aeronautics who have, through scholarship, integrity, and outstanding achievement, been a credit to their profession. Membership is open to outstanding juniors and seniors in the curriculum who have achieved a high scholastic average and have shown an active interest in the aerospace field. The society has started a departmental reference library for Aerospace Engineering books.

OMICRON DELTA KAPPA

Omicron Delta Kappa, national leadership honor society for college men, was founded on December 3, 1914; and the Alpha Omicron Circle at VPI received its charter on June 2, 1923.

The Society encourages and recognizes achievement and leadership in scholarship, athletics, student government, social and religious affairs, publications, speech, music, and other arts. Qualifications for membership are scholarship, exceptional character, leadership, and service to campus life. Through its recognition of these qualities, Omicron Delta Kappa brings together members of the student body and the faculty in a cooperative effort of service and leadership in campus activities for the general welfare of the college.

Row One: R. M. A. Goff, M. G. Funk, D. L. Margolis, D. L. Farmer, G. A. Josey, G. J. J. J. J., M. L. Peacock, F. M. Saunders, D. R. Whorley, Row Two: D. A. Davis, L. E. Fuller, T. J. Horne, M. L. Officers: K. A. Nothnagel, Treasurer; J. Brenneman, Associate Editor; R. C. Linthicum, President; J. C. Shropshire, Secretary.

CHI EPSILON

The purpose of the Chi Epsilon fraternity is to contribute to the improvement of the Civil Engineering profession as an instrument for the betterment of society; to recognize the fundamental characteristics of the successful Civil Engineer and to aid in the development of those characteristics; and to encourage any movement which will advance the best interests of engineering education. It is composed of junior and senior Civil Engineering students in the upper one-third of their classes who have demonstrated outstanding traits of character, practicability, and scholarship.

Row One: E. G. Wilbourn, J. Brenneman, Associate Editor of Transit; K. A. Nothnagel, Treasurer; R. C. Linthicum, President; J. C. Shropshire, Secretary; C. H. Linthicum, J. T. Harris, G. G. Cornwell.

KAPPA THETA EPSILON

Members in the Kappa Theta Epsilon Society are chosen from the juniors and seniors in the co-operative program. The purpose of this honor society is to mark in a fitting manner those who have brought honor to VPI by their distinguished scholarship and outstanding character as undergraduates in the co-operative program of engineering and sciences. Kappa Theta Epsilon develops a spirit of competitive achievement in academic work and maintains a student loan for co-op students.

Row One: E. D. Harnes, J. P. Woods, Recording Secretary; E. E. Martin, President; T. B. Boyd, Treasurer; S. R. Garrison, Corresponding Secretary. **Row Two:** E. G. Wilbourn, R. M. A. Goff, F. Moore, R. H. Harrison, R. C. Lithicum. **Not Shown:** C. P. Hetsell, W. W. Walker.

Alpha Zeta is the national agricultural honorary fraternity of VPI. Its objectives are to promote the profession of Agriculture and to foster high standards of scholarship, character, and leadership. Membership is comprised of those male students who are at least a third-quarter sophomore and who are receiving instruction in technical agriculture. The society presents awards for the most outstanding senior in the College of Agriculture and for the most outstanding senior in Alpha Zeta.

ALPHA ZETA

ETA KAPPA NU

The purpose of Eta Kappa Nu is to honor those students in Electrical Engineering who have conferred honor upon VPI by distinguished scholarship, leadership, activities, and exemplary character. It is composed of juniors in the top one-third of their class and seniors in the top one-fourth of their class. This year Eta Kappa Nu co-sponsored a series of talks by speakers from industry and it announced an outstanding sophomore award.

Row One: K. A. Striveth, L. H. Kiser, Corresponding Secretary; E. D. Harris, Vice President; H. E. Naylor, President; C. T. Garrenton, Recording Secretary; R. L. Morrison; L. D. Griffin, R. H. The Block and Bridle Club is composed of students of any curriculum who are interested in some phase of Animal Husbandry. The club's objectives are to promote a higher scholastic standing among students of Animal Husbandry and to bring about a closer relationship among Techmen who are interested in this field. It supports the VPI student livestock and meat judging teams and holds a livestock and meat judging contest. The highlight of the club's year is the Little International, a student livestock show at Tech festival.

BLOCK AND BRIDLE

The Garnet and Gold Society is one of the newest honorary societies on the Virginia Tech campus. The purpose is to promote and maintain the academic honor of all women students at VPI, to encourage high scholastic achievement, and to make significant contributions in areas of service to campus life. Activities include a service project and the First Annual Homecoming Breakfast for honorary members, the first five women graduates of VPI.

GARNET AND GOLD

Row One: Patti Maxey, Jane Litton, Genie Feagans, Molly Warriner, Julia Oliver, Lois Patterson, Faculty Advisor: Marsha McNeil. **Row Two:** Virginia Farris, Judy Cook, Glenda Pace, Joan Robinson, Ellen Cox, Toddy Buchanan, Mary Gianetti.

Row One: J. L. Sandt, T. Szabo, G. R. Delhuff, Secretary-Treasurer: J. B. Crist, Forester: W. D. Erickson, Assistant Forester: D. D. Halabisky, Ranger: G. A. Grozdits, C. J. Holcomb. **Row Two:** R. XI SIGMA PI

The purpose of Xi Sigma Pi is to secure and maintain a high standard of scholarship in forestry education, to work for the building of interest in forestry, and to promote fraternal relations among those members who show an active interest in forestry activities. Membership is comprised of faculty, graduates, and undergraduates of high professional quality in the department of forestry and wildlife. The organization sponsors scholastic awards and holds debates and panel discussions on forestry.

Alpha Kappa Psi

A national professional fraternity in commerce and business, the Beta Xi Chapter of Alpha Kappa Psi was installed at VPI on February 18, 1939. The objectives of Alpha Kappa Psi are to further the individual welfare of its members; to foster scientific research in the fields of commerce, accounts, and finance; and to promote and advance in college level institutions courses leading to degrees in business administration.

Members must have a quality credit average of at least 2.5, and must be business majors. Each quarter Alpha Kappa Psi has a banquet and a field trip. The fraternity sponsored the selection of the Tech Festival princess to represent the College of Business.

Scabbard and Blade

The National Society of Scabbard and Blade is an honorary military society created to recognize cadet officers who have demonstrated outstanding leadership ability. The society was first introduced on the Tech campus in 1938, and it is one of the most selective military organizations on campus today. An important purpose has been to develop in each member individual characteristics which have made him a gentleman and an outstanding officer. Members must have obtained a high leadership position in the Corps of Cadets as well as an acceptable academic average. Both Army and Air Force leaders are considered when new members are to be chosen. Each year the society performs a valuable service on campus in its coordination of one of the highlights of Winter Quarter, the Military Ball.

The Association of the United States Army is one of the most active military organizations on campus. Its objectives are to foster, support, and advocate the legitimate role of the United States Army. The members join in the exchanging of ideas and information to provide for and insure the nation's military security.

The V.P.J. chapter holds regular meetings concerning military manners and training, and conducts two practical field training problems each year. Juniors and seniors having at least an over-all 2.00 Q.C.A. and a "B" average in R.O.T.C. are eligible for membership in the A.U.S.A.

The Arnold Air Society, which is named in honor of the late General H. H. Arnold, was formed at Langley A.F.B. in 1947 and a squadron was formed on the V.P.I. campus in 1949. Squadron A-2 of V.P.I. has the distinction of being the second such squadron formed in the nation.

The purpose of the Arnold Air Society is to promote American citizenship and to further the purpose, mission, tradition, and concept of the United States Air Force as a means of national defense. The society is composed of cadets who have completed at least six quarters of academic work at an accredited college and at least six quarters of Air Force R.O.T.C. Members must also have a quality credit average of 2.00 or better, and must have demonstrated leadership ability.

Society

Members listen to Dr. Joseph P. McKenna at initiation banquet.

Even the Air Force must take to the ground sometimes.

The purpose of the Society of American Military Engineers is to recognize outstanding engineering students in R.O.T.C. who have demonstrated interest and ability in military engineering, and to emphasize military applications of engineering principles. The members of this society consist of members of the Virginia Tech Corps of Cadets who are enrolled in an engineering or engineering related curriculum, and who have at least a 2.00 overall Q.C.A. and at least a "B" average in R.O.T.C.

Engineering plays a vital role in military operations. By means of speakers, films, and field trips to military and engineering installations, members of the Post develop an appreciation of the peculiar problems of military engineering and how these problems are being solved. Every year the Post sponsors a display on military engineering in the Tech Festival. This year the display was a bridging project.

Membership in the Sash and Sabre Society is limited to senior and third-quarter junior "cadet only" students who have in the past shown great enthusiasm and leadership ability while members of the Corps of Cadets. The purpose of the society is to stimulate interest in service in the Armed Forces of the United States, and to provide these men an active incentive that will be beneficial to themselves and the Corps of Cadets.

The year's activities include the presentation of the Major General John M. Devine Award to the best drilled sophomore flight or platoon, and maintenance of the Corps museum. Also plans are being made for the erection of a memorial utilizing two cannons which were bought with money won in drill competition by Company "A" in 1893.

Tau Beta Pi

Tau Beta Pi was recognized as the nation's leading engineering honor society. Its purpose is to recognize in a fitting manner those who have conferred honor upon their Alma Mater by distinguished scholarship and exemplary character as undergraduates in engineering, or by their attainments as alumni in the field of engineering. The active membership is composed of undergraduate students in the school of engineering. Students are eligible for membership if they are in the upper eighth of the junior class or in the upper fifth of the senior class, and are judged to have exemplary character. Women are not eligible, but may be awarded the "Woman's Badge" in recognition of outstanding achievement.

The Gregory Guard

The Gregory Guard is the most outstanding and best known military honor society on campus. It is named in honor of Sergeant Earl D. Gregory, a graduate of V.P.I. and the first Virginian to receive the Congressional Medal of Honor.

The purpose of the unit is to provide appropriate recognition of a high degree of military ability among the mem-

bers of the Corps of Cadets. It is made up of freshmen, sophomore, and junior cadets who excel in scholastics and leadership ability, and who possess excellent character.

The Guard performs at Tech's home football games and represents V.P.I. and the Corps at parades and festivals throughout the state.

Delta Sigma Pi is a professional fraternity organized to foster the study of business in universities in order to promote closer affiliations between the commercial world and students of commerce, and to further a higher standard of commercial ethics and culture in the civic and commercial welfare of the community. This honorary fraternity encourages scholarship, social activity, and the association of students for their mutual advancement by research and practice.

Membership is comprised of male undergraduates, graduates, and faculty of the college of business. Undergraduates must have a 2.10 Q.C.A. on all work taken toward a business degree. The Delta Sigma Pi charter was installed on November 19, 1966, and the first pledges were introduced early in December. Two representatives were sent to the Delta Sigma Pi convention in Atlanta, Georgia.

Pi Tau Sigma is the national honorary mechanical engineering fraternity. It was founded to foster the high ideals of the engineering profession; to stimulate interest in coordinate departmental activities; to promote the mutual professional welfare of its members; and to develop in students the attributes necessary for effective leadership.

Members are chosen from the top 33% of the mechanical engineering class, and the members may be undergraduates, graduates, and faculty. An acceptable academic record, a faculty recommendation, and acceptance by membership are prerequisites for membership. Pi Tau Sigma participated in Tech Festival and sponsored a candidate for Homecoming Queen.

Monogram Club

Officers—Sitting: Hank Gordon, Vice-President; Ron McGuigan, President; Dave Farmer, Secretary; Ed Motley, Honorary Member, **Standing:** Ed Bulheller, Member at Large; Capt. Eugene Cargile, Sponsor; Ron Perry, Treasurer; Scott Dawson, Junior at Large.

The Monogram Club provides a close bond of fellowship between varsity athletes at Virginia Tech. Its purpose is to promote athletics in every possible way and to contribute to the welfare of the university at every opportunity. Membership is limited to those athletes who have received a varsity letter and who have been approved by the members of the club. Monogram Club members are responsible for the Homecoming dances, ushering at basketball games, and aiding charity programs.

Seniors—Row One: Buddy Martin, Mike Steele, Hank Gordon, Ron McGuigan, Dave Farmer, Ron Perry, Frank Muire. **Row Two:** Ed Bulheller, Bob Kramer, Gary W. Smith, Kenneth W. Cole, John Davison, Tommy Groom, Tommy Stafford, Roger

Lovern, Dave Ratcliff. **Row Three:** Don Brown, Trick Alander, George Burton, Jack Osmer, Bob Moore, Star Powley, Don Bruce.

Underclassmen—Row One: Duncan Merritt, Glen Combs, Ted Ware, Ken Berafoot, Gene Fisher, Scott Dawson, Don Thacker, Jeff Haynes, Jim Richards, Marion Reynolds. **Row Two:** Dick Shroy, Clarence Culpepper, Lonnie Gallagher, Bob Griffith, Bucky Wellisch, Tom Childress, Neil Fink, Jim Weeks,

Frank Loria. **Row Three:** Tom Butterfield, Jud Bigelow, Damon Dedo, Jon Ulin, Bob Whitmore, John Hutcherson, Wayne Rash, Dink Jordan, Wayne Mallard, George Cornwell, Mickey Jarrell, Lu Merritt, Bob Richardson, Gary Beck, Emmett Farmer, Dan Mooney.

Pi Delta Epsilon, the oldest national honorary collegiate journalism fraternity, was founded at Syracuse University in 1909. The Virginia Tech Chapter, being the second-oldest fraternity on campus, was established in 1930. The local chapter was instrumental in establishing the ODK leadership fraternity on campus in 1933. Pi Delta Epsilon honors the students at Tech who have demonstrated outstanding journalistic abilities, and the workers on student publications. Students considered for membership must have worked for a student publication for at least three quarters, be at least a third-quarter sophomore, and must have made a significant contribution to their publications.

PI DELTA EPSILON

Row One: Lowell Bailey, Louise Trent, Angi Ma, Elaine Hunter, Dennis Whorley, Carole Noble, Sally Glascock, William Bradley, Charles Linthicum. **Row Two:** Harold Burnley, Gary Gross, James Coverstone, David Colby, Douglas Cochran, Clyde Bailey, Ray Yount, William Grant, E. S. Baker, Ken Christian, James Camilla.

SIGMA DELTA PSI

Sigma Delta Psi is the national honorary athletic fraternity, organized with the purpose of promoting the total fitness of college students. The Beta Mu Chapter at Virginia Tech was installed in 1936. Several athletic meets are held during the year and these are periodic meetings.

Left to Right: Gray W. Greiner, Gary S. Scofield, Gary Ward Smith, President; Bruce A. Statham, Vice President; Terry R. Gallagher.

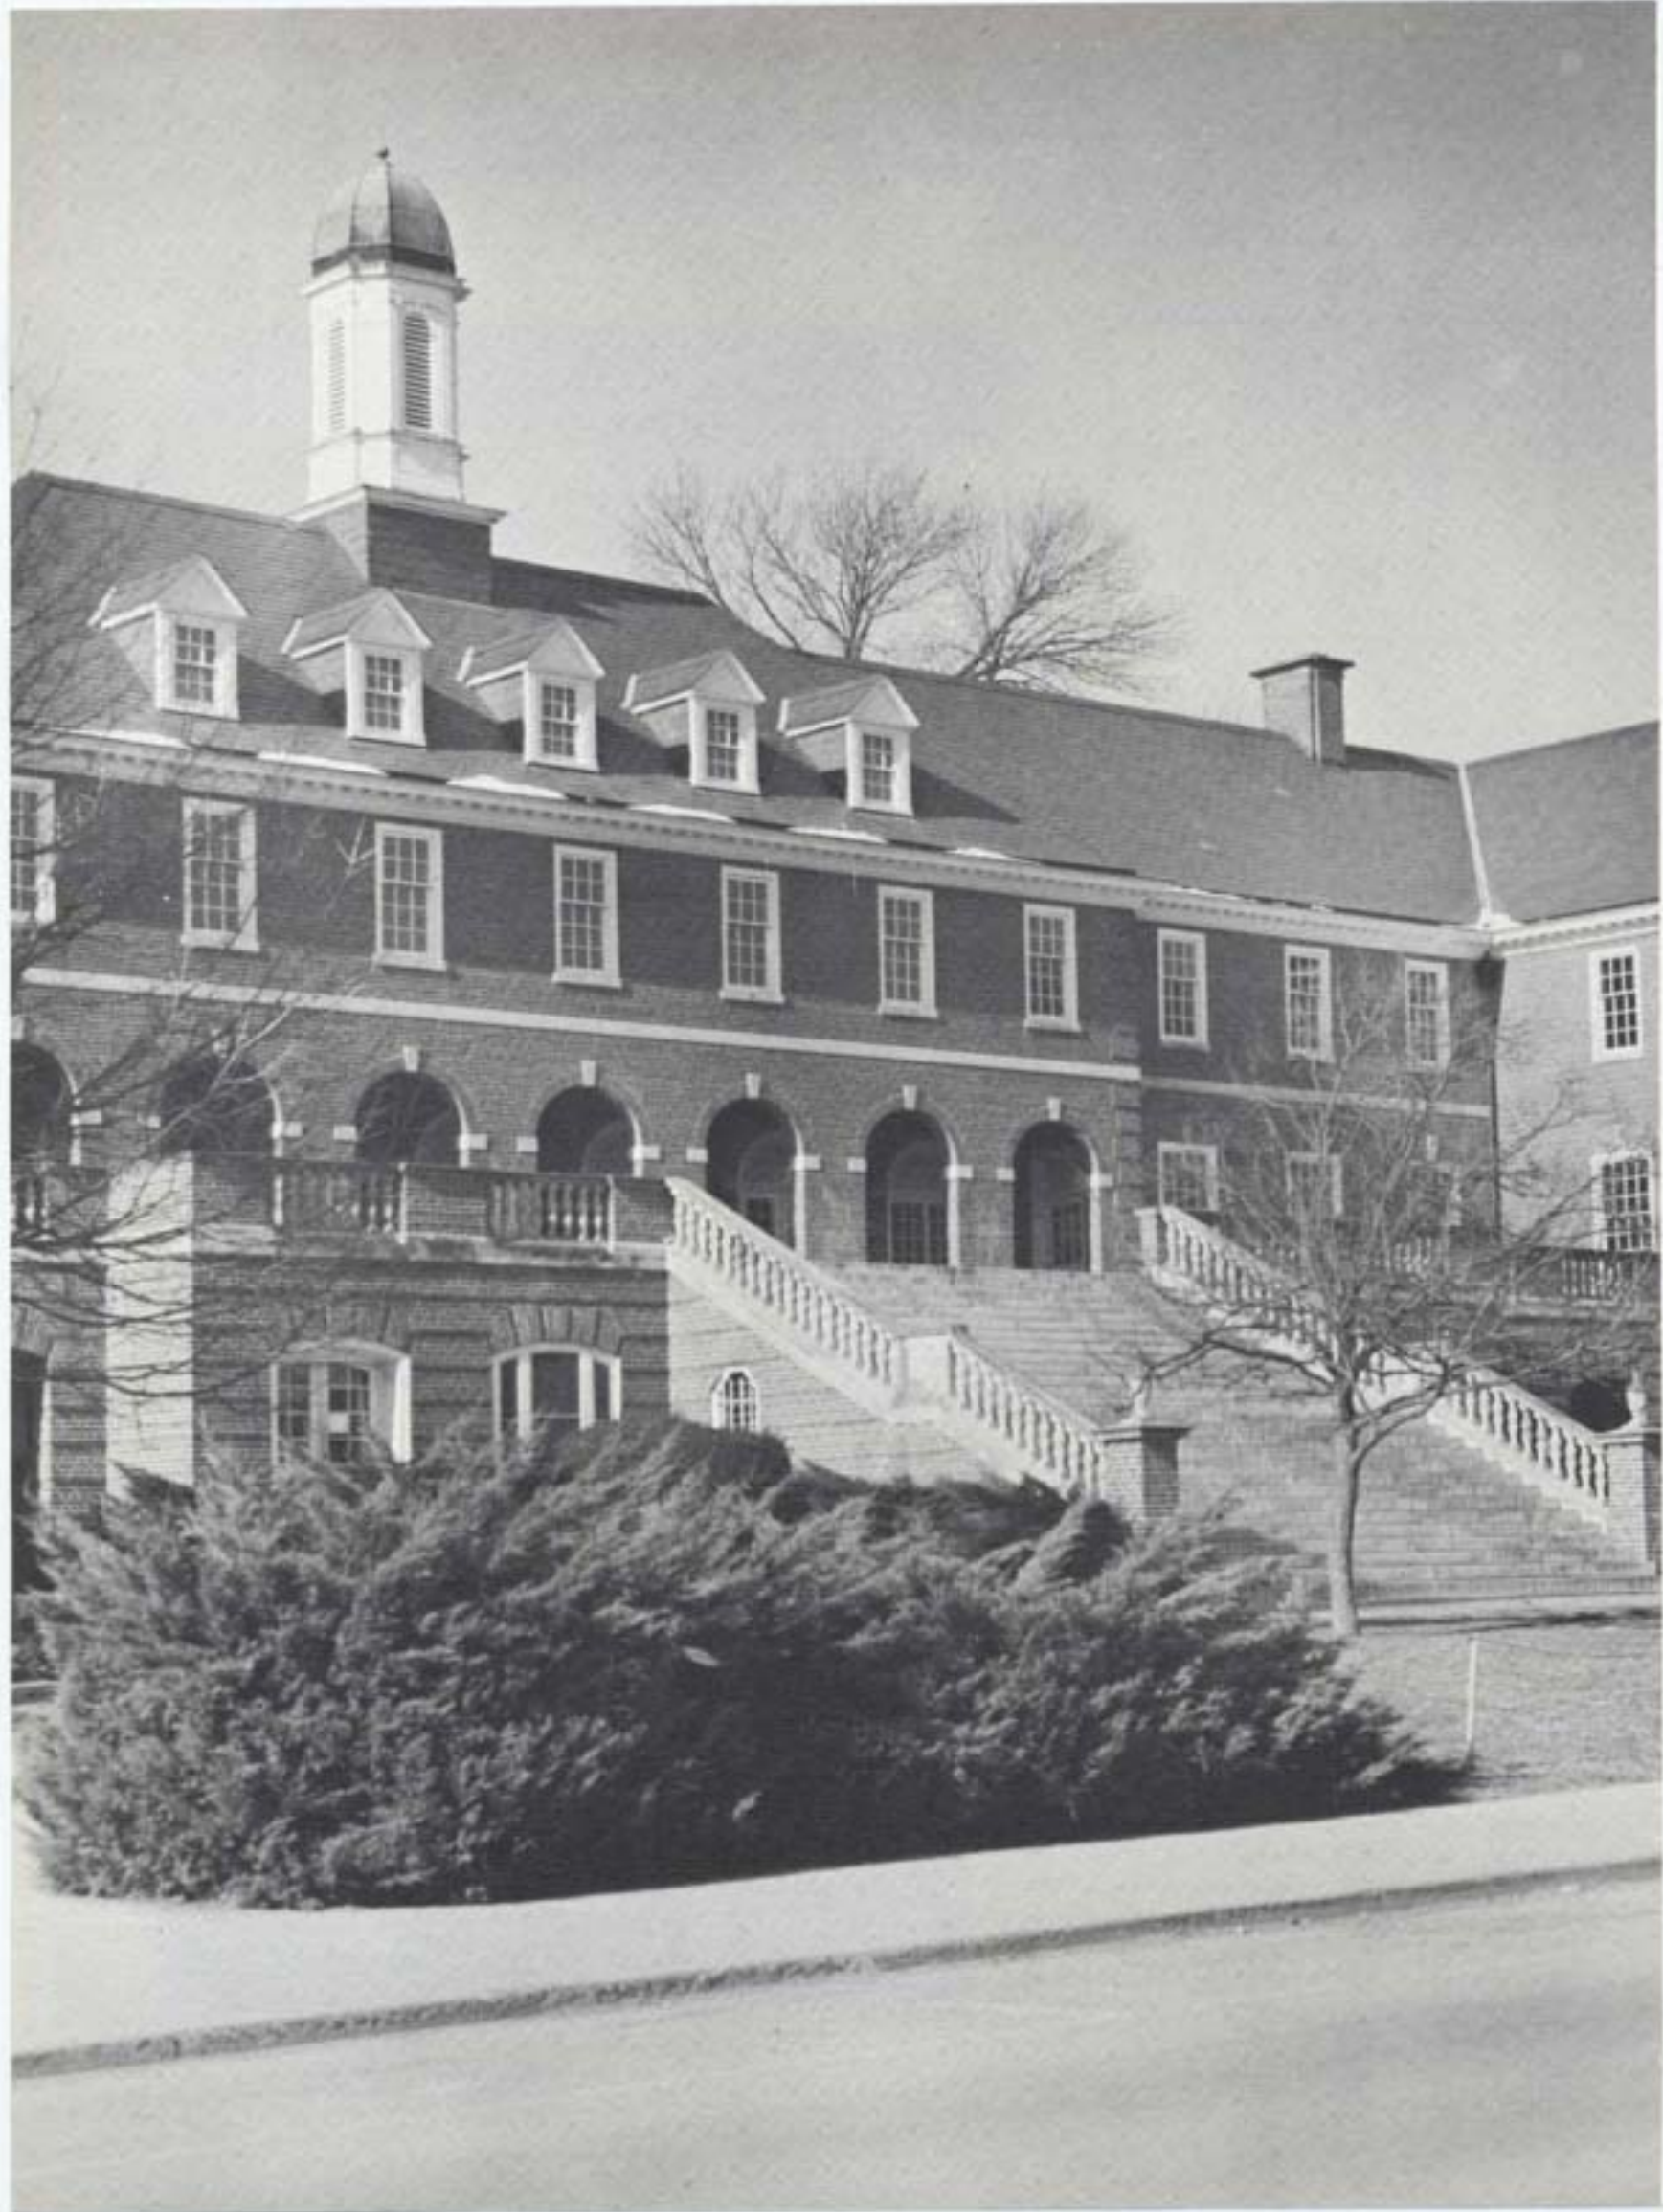

PHI ETA SIGMA

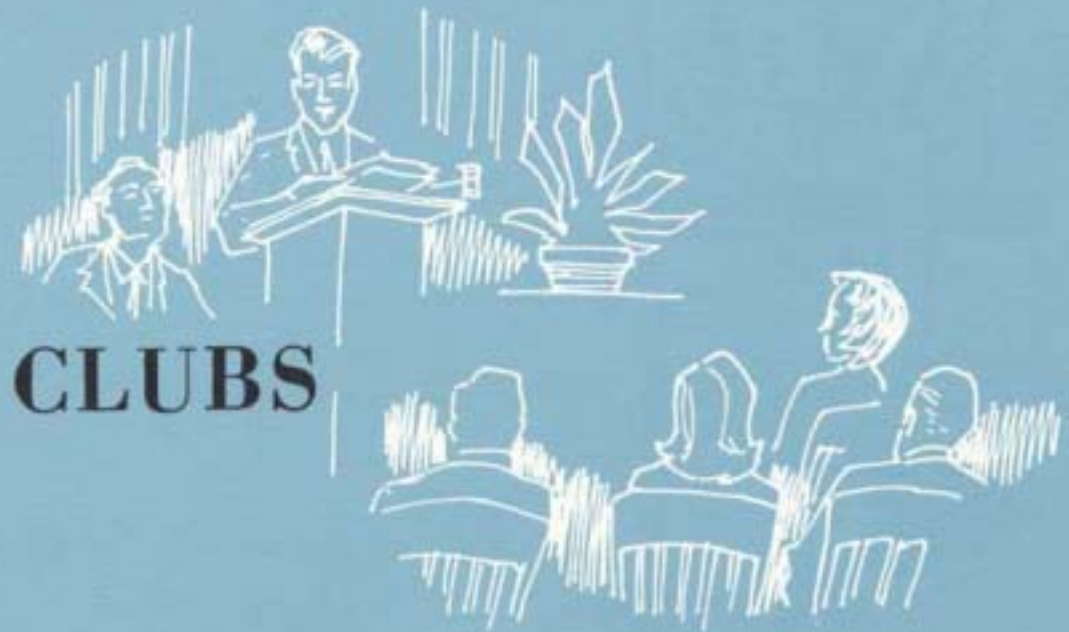

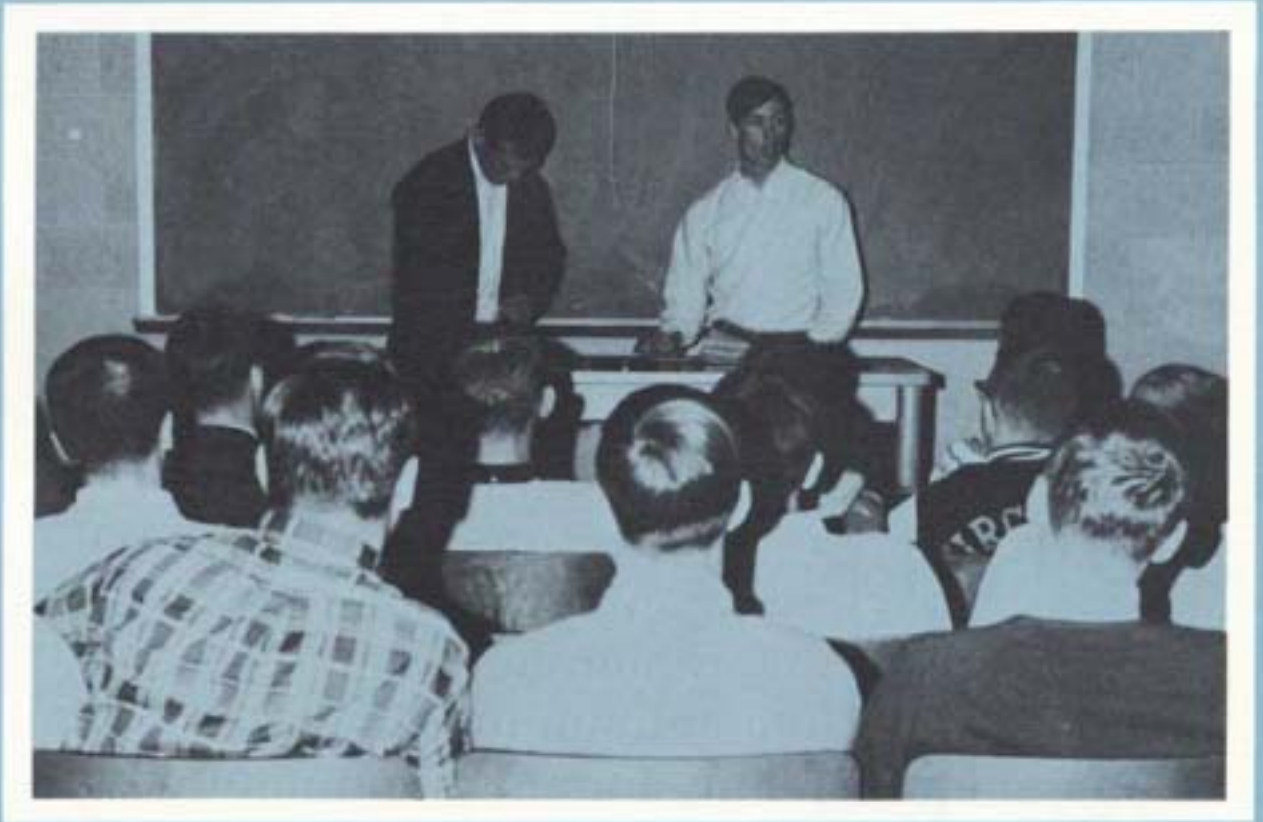

Row One: Stephen Smith, Charles Glennon, Harry Bard, Larry L. West, Tommy Judy, Robert Litton, Barry Lafimer, Mike Guy, Phil Somers. Row Two: Donald Ray Campbell, Glen H. Pearson, David C. Chrisman, Charles Ernest, Jr., Matt Williams, Ira Fina, Laurence L. Losh, John C. Keller, Terry E. Pick. Row Three: John Allen, Kenneth Robertson, Doug Cook, Joseph H. Smith, David Vaughan, Robert Slovic. Row Four: Carl Fastabend, John Aleshire, Mack Tuck, Paul Stough, Charles N. Garber. Row Five: Frank Flanagan, Robert Broadwater, William H. Anderson, Jr., William Harris, Robert Dellinger, John Pace, Thomas Lequette, Jimmy Reed, Luther Blair, Jr., Terry Peters, Paul B. Vaughan, Jr., Eric G. Werber.

Only last year, the VPI Chapter of Phi Eta Sigma was initiated, but since then it has been very active. Some activities include: an initiation and banquet, service projects, sponsoring of a homecoming attendant candidate, and representation at the national convention at Auburn University. The purpose of Phi Eta Sigma is to encourage academic excellence among members of the freshman class. The membership consists of freshmen and sophomores, in addition to honorary members from the faculty and administration.

Row One: Richard Swartout, Pete McDonald, George Flank, Historian; C. Glenn Miller, Treasurer; George Davis, President; Mark Musick, Vice President; Robert J. Deaton, Secretary; Dan C. Schmierer, David E. Reubush. Row Two: F. L. Thrall, Charles Waugeman, John McGowan, John W. Long, Bob Weaver, Walter L. Loope, W. R. McWhirter, Jr., David A. Throckmorton, W. Douglas Drumheller. Row Three: Jay Gwarkin, Brian Brooks, Leon Swartz, John M. Tarrh, J. Kent Taylor, John R. Warren, Donald A. Seiler, Ernie Brooks, Clyde E. Kelley.

Agricultural Economics Club

Since it received its charter in 1950, the Agricultural Economics Club has promoted many worthwhile activities of value to the university. This year the club has sponsored a picnic, a banquet, published its *Newsletter*, and arranged a symposium speaker for Tech Festival.

The club is open to all undergraduates in the agricultural curriculum. The members strive to develop interest in agricultural economics and to develop fellowship among students enrolled in the curriculum.

The aim of the Accounting Society of V.P.I. is to learn more about the accounting profession and to promote an understanding of and an interest in accounting. Membership is open to any student in good standing in any division of V.P.I. and of at least sophomore status who has an interest in accounting. Activities of the organization have included participation in Tech Festival and a picnic during spring quarter. The club has monthly luncheons with prominent speakers representing the various fields of accounting.

Accounting Society

The Building Construction Club supplements the classroom education in the building construction field. Their aims are to provide an opportunity for students to become acquainted with the construction industry and to encourage members to maintain a high scholastic standing. Activities for year have been: organizing an intramural team, having several social events, presenting a symposium, planning an exhibit for Tech Festival, entering a float in the Homecoming Parade, and having a dance. Also the club sent delegates to the N.A.H.B. National Convention in Chicago.

Club Officers—Left to Right: S. L. Cox, President; E. A. Moore, Vice-President; W. E. Story, Treasurer; R. H. Johnson, Sgt. of Arms; Mr. R. M. Larimer, Advisor.

American Institute of Aeronautics and Astronautics

The American Institute of Aeronautics and Astronautics offers membership to all Aerospace Engineering students as well as other related engineering curricula students. The purpose of the club is to promote the ideals and concepts of the aerospace engineering field and to acquaint students with the aerospace profession. This year the club held a banquet and symposium with Dr. Willey Ley as speaker. The club also sponsored a Homecoming Queen candidate and entered a float in the Homecoming Parade.

Dr. Willey Ley speaks at the AIAA banquet which was held at Lendy's.

First Row: B. R. Moretz, Treasurer; C. C. Yurick, President; F. Densen, Secretary; C. W. Rountock, Jr., Visitor—Island Creek Coal Co.; T. C. Shelton, Jr., Faculty Sponsor. Second Row: E. T. Kilbourne, Jr., S. Reggel, S. Suboleski, J. R. Lucas, W. E. Foreman, E. Simmons, G. Owens. Third Row: L. J. Prelaz, J. F. Fuller, L. Adler.

American Institute of Mining Engineers

The Student Chapter of the Burkhardt Mining Society is composed of V.P.I. students who are in mining engineering and are interested in mineral industries. The club was organized to promote professionalism in mining engineering and mineral industries. To achieve their purpose the club has planned enthusiastic programs of speakers from industry. This year the club participated in the Homecoming Parade, winning fourth place on their float.

The purposes of the American Marketing Association are to encourage students to choose a career in marketing; to serve as an effective medium for the exchange and distribution of information on the problems, policies, and business methods, with special emphasis on marketing; to provide students with the opportunity to participate in planning, directing, and controlling the activities of an organization dedicated to the promotion and advancement of the art and science of marketing. The club participated in the M.S.U. Marketing Game and is sponsoring a statewide Marketing Game for participation by other Virginia universities and colleges. Also, they are planning tours of marketing organizations in Virginia and neighboring states.

First Row: S. King, T. Graves, R. Rankin, R. Johnson, President; J. Haley, Treasurer; W. Alphin, F. Abbott. Second Row: R. Nye, D. Simmons, H. L. Webster, M. L. Robison, D. H. Merritt, R. W. Allen, N. Barier, T. A. Wright.

American Marketing Association

American Society of Mechanical Engineers

First Row: M. Williams, G. Miller, T. Bobbit, R. Harrison, Secretary; J. R. Stallings, Chairman; R. K. Hedgepath, Senior A.A.E. Representative; L. A. Padis, Faculty Advisor; G. S. Carter, T. Cadotte. **Second**

Row: R. C. Smith, J. B. Kadder, III, S. R. Luck, R. E. Williams, Jr., J. G. Smith, K. S. Marcuson, Jr., C. L. Krejci, D. L. Smith, R. E. Nelson, J. A. Harrison, D. C. Slagle.

The aims of the V.P.I. Chapter of the American Society of Mechanical Engineers are to promote the development of professional practice in mechanical engineering and to provide students with their faculty and prominent men in their profession. Membership is open to anyone who is a student in an E.C.P.D.-approved Mechanical Engineering curriculum.

The chapter holds monthly meetings at which guest speakers from across the nation speak to the students on technical subjects. Activities the chapter has participated in on campus include a Homecoming float and an exhibit and a symposium for Tech Festival. The organization also has field trips and an annual student-faculty picnic.

First Row: M. Clark, R. Atwood, S. Almazan, J. Lambert, Secretary; J. Knapik, President; R. Collier, Corresponding Secretary; T. G. Cadotte, D. Bourne, M. Harris. **Second Row:** B. Jackson, N. Nicholson, J. Perry, S. Crafton, G. Grigg, W. Wagner, J. Easter, M. DeBernard, N. David.

American Institute of Architects

The American Institute of Architects at V.P.I. strives to broaden the development of the architectural student and coordinate their program with the rest of the university. Its purpose is to promote fellowship among the student members, the faculty, and professional people from related fields. Membership is open to any student in the architectural curriculum. Every year the club sponsors its annual Beaux-Arts Ball and a spring trip to places of architectural interest and importance. Some other activities this year have been a series of lectures, a ski trip, participation in Tech Festival, and a spring picnic.

The V.P.I. chapter of the American Institute of Chemical Engineers is open to all students in chemical engineering. After graduation a student is eligible for membership in the National Institute of Chemical Engineers. The club attempts to keep its members informed of events in the field of chemical engineering. They accomplish this by holding bi-weekly meetings, and sponsoring special speakers and symposiums. The club also participates in Tech Festival and Homecoming Weekend.

American Institute of Chemical Engineers

First Row: B. K. Fallin, B. J. McCutchen, F. H. Knack, D. L. Bacon, J. W. Zier, W. R. Vicars, C. H. Hitchcock. **Second Row:** R. F. Herbert, III, P. M. Bokach, W. B. Leurb, T. A. Dillard, H. G. Burnley, Jr.

First Row: R. W. Craddock, B. L. Parsons, Advisor: L. K. White, Secretary: D. H. Crabtree, Second Vice-President: R. Blevins, President: J. Stephens, First Vice-President: D. J. Kelley, Jr., Treasurer: J. P. Mason, Advisor: D. W. Barnes. Second Row: W. F. Patterson, Jr., T. M. Williams, A. O. Whorley, L. S. Hannah, J. Hardy, J. Gruver, Jr., F. A. Holdsworth, P. O. Rupp, J. F. Blodgett. Third Row: J. Garver, R. Clower, D. Lamb, T. Trykowski, J. Blevins.

American Society of Agricultural Engineers

The American Society of Agricultural Engineers strives to promote the interests and fellowship of the students in agricultural engineering. Some of the year's activities of the club include programs with speakers from industry, programs with student speakers, field trips, Homecoming float, and a Tech Festival exhibit. The society also competes nationally for student branch awards. Membership in the society is open to all students enrolled in agricultural engineering.

The 4-H Alumni Club's purpose is to provide affiliation with 4-H organizations at V.P.I. for former 4-H Club members and continue their work as bona fide members. This year the club had a get acquainted meeting in the fall, a supper meeting with the Radford 4-H Club in the winter, a banquet winter quarter, a picnic spring quarter, and a Homecoming float.

4-H Alumni Club

First Row: E. Brown, J. Newton, L. Hodges, I. Huffman, Recreation Leader: C. A. Schiemann, President: J. Cook, Reporter: S. Rogers, P. Gillock, L. Rushing. Second Row: J. Barnes, J. Goodman, M. Cassell, J. Houseman, M. Garnett, III, C. Noland Jr., C. E. Mowry, H. Gill. Third Row: W. Wright, J. Hart, T. Elder, T. Spahr, C. Rodgers.

Dairy Club

The V.P.I. Chapter of the American Dairy Science Association works to unite all graduate and undergraduate dairy students and to promote dairying and the dairying industry. The club has been active this year operating a Dairy Parlor and salesroom at the Virginia State Fair, winning second place on their Homecoming float, selling cheese at Thanksgiving and Christmas, having a "get acquainted picnic," supporting Dairying Judging Teams, and publishing its yearbook, *The Milky Way*.

To encourage, practice, and participate in forensic activities on the V.P.I. campus and at other colleges is the purpose of the Debate Club. This year Tech debaters participated in tournaments at Washington and Lee University, Morris Harvey College, Lynchburg College, Roanoke College, and Randolph-Macon College.

Debate Club

First Row: Robert M. Spiller, Jr., Madeline E. Vingello, Richard L. Dorson, Wallace O. Bassford. Second Row: Alan D. Gillis, Walter G. Peterson, Jr., Edward A. Hancock, Faculty Advisor; James K. Asseltine, Paul G. Liebeck.

Club officers are V. Russ Daniels, Jr. and Kaye Mason, Secretary-Treasurer.

First Row: D. L. Terry, E. M. Proise, D. G. Young, W. Drinkwater, Vice-President: D. O. DeJarnet, President: L. B. Fields, Reporter: R. Trivette, Sentinel: C. S. McLauren, Advisor: R. Roller. Maitland, J. G. Watson, C. P. Davis, A. J. Newchok, J. M. Jones, G. S. Trobaugh, W. Thompson.

Collegiate F.F.A. Club

The Collegiate F.F.A. Chapter works to train future teachers of vocational agriculture for proficiency in conducting and advising F.F.A. Chapters, and to develop leadership, promote scholarship, encourage recreational and educational activities, and encourage cooperative effort. Some of their activities include: freshman orientation day, big brother program, a Homecoming float, a fall winter wiener roast, a chicken barbecue, and an exhibit for Tech Festival.

The Forestry Club is composed of Forest and Wildlife undergraduate students at V.P.I. To promote fellowship among students in Forestry and Wildlife Department and to promote the forestry profession by keeping the students in the curriculum in touch with the field of forestry are the purposes of this organization. Activities for this year include "Possum Hunt," the annual Field Day, seedling planting, ornamental seedling sales, attending A.S.F.C. Conclave, publishing a yearbook, *The Virginia Tech Forester*, a picnic, a Homecoming Float, and an exhibit for Tech Festival.

Forestry Club

First Row: B. Woodson, C. Rexrode, G. deDegnier, J. Gavitt, J. Arnold, C. Ingram, F. Olah, G. L. Looney. Second Row: F. S. Kay, Jr., R. E. Martin, Faculty Advisor: S. Nemora, Recorder: B. Felton, Vice-President: R. Haynes, President: V. B. Cauley, Jr., C. Hambrick, Treasurer: D. M. Hill, P. Gillock. Third Row: C. Duty, B. Ecklund, J. B. Green, M. Manca, D. Hardy, M. Clifford, J. Horticulture Club

The Horticulture Club fosters, promotes, and encourages better relations between students, faculty, and professional people in the field of horticulture. The club attended the Virginia Nurserymen's Association meeting and sponsored a team in the Intercollegiate Flower Judging Contest. Other activities are preparing and selling mums for homecoming and a spring trip to some place of horticultural interest.

The Poultry Science Club works to develop and maintain a better working knowledge of the rapidly changing poultry industry. The purpose is to promote interests among students in the field of poultry science. It also gives the students a chance to meet the members and students in the poultry department. This year the club sponsored a float in the Homecoming Parade, and had several Chicken-Que's.

Poultry Science Club

First Row: H. P. Misra, C. E. Holmes, F. O. Essary, Advisor; F. N. Coleman, President; W. L. Beane, H. P. Krey. Second Row: F. W. Edmar, D. Thomason, D. Printer, A. Chu, S. C. Mohapatra.

American Society of Civil Engineers

First Row: Professor G. A. Gray, Professor R. C. Heterick, J. B. Babbs, Corresponding Secretary: E. F. Hart, Vice-President: E. G. Willbourn, President: J. Breneman, Recording Secretary: F. R. McNeice, Treasurer: Professor R. D. Walker, Faculty Advisor: R. L. Mills. **Second Row:** B. Coulbourne, J. A. Taylor, G. Cornwell, B. L. Allen, J. A. Jordan, Jr.,

J. W. Weaver, R. L. Tichacek, P. J. Kay, E. C. Holley, Professor W. W. Payne. **Third Row:** C. E. Jowell, H. E. Aydlott, Jr., J. T. Harris, D. W. Carter, J. C. Shropshire, P. P. Dunavant, J. J. Jennings, Jr., J. M. Fariss, Jr., W. R. Kelly, S. W. Powell, G. L. Zirkle.

The American Society of Civil Engineers is composed of mostly seniors and juniors in civil engineering, although open to all classes. The student chapter offers the opportunity for the beginnings of professional associations and the chance to take part in the constructive activities carried on by future leaders of the profession and relates the professional development of students to the achievements of A.S.C.E. The society promotes conformity to a code of ethics, and develops attitudes intrinsic to the profession. Regular meetings are held bi-weekly. Some of the society's activities include conventions, symposiums, meetings with chapters from other universities, an exhibit for Tech Festival, Homecoming float, Homecoming Queen candidate, and presenting high school programs on civil engineering.

The Institute of Electrical and Electronic Engineers is composed of students in the electrical engineering curriculum. Their purposes are to advance the theory and practice of electrical engineering, electronics, and allied sciences; and to promote closer association among members of the profession. The organization provides a closer contact between the faculty of the electrical engineering curriculum and the members than is provided in the classroom. The club has sponsored visiting lecturers from various fields of electrical engineering to acquaint the student with the latest advances in research and production. Also they have field trips and sponsor an exhibit in the Tech Festival.

First Row: W. S. Grant, C. T. Garrenton, Secretary; E. D. Harris, Vice-President; C. P. Hetsell, President; G. P. Morgan, Treasurer; D. Sun, F. E. Baker, Jr. Second Row: W. M. Phillips, Jr., T. M. Philbates, R. L.

Malton, J. S. Kirby, J. A. Howell, E. J. Kuebert. Third Row: S. Connell, M. Gilbert, G. Sims, G. Cawood, G. Tucker, R. L. Morrison, R. A. Zborofsky.

Institute of Electrical and Electronic Engineers

Tech Festival Association

First Row: L. L. Minoque, M. Warriner, S. Seay, C. Linthicum, P. Vaden, D. H. Crabtree, D. A. Fansler, D. F. Hough. Second Row: J. Fargo, J. Hill, L. Woolery, A. Whorley, I. M. Norris, J. Robinson,

M. McNeil, J. Silk, J. Celly, K. Mundie, J. E. Stephens, Jr., R. A. Belvin, J. A. Daton, C. Baynes. Faculty—Third Row: R. T. Davis, P. Wischkaemper, P. Rogers, J. P. Milbous.

Officers are: P. Vaden, C. Linthicum, M. Warriner, S. Seay, L. L. Minoque, D. H. Crabtree, D. A. Fansler. Seated: Dr. F. W. Bull, Sponsor.

The Tech Festival Association is responsible for the coordination and planning of Tech Festival, held each spring quarter on the third weekend in April. Through the work of a board of students supported by concerned faculty members, the Tech Festival has developed from its conception in 1963 into a big university weekend. With its wide variety of activities, the festival now does much to develop the cultural and social atmosphere at V.P.I. These activities include exhibits, convocations, symposia, a Maroon Mask production, a concert, Tech Festival Queen contest, and many other functions. This group's aim is to provide an interesting experience for each student.

Broadening the students' scope and understanding of the work of the architectural engineer in school and in actual practice is the aim of the Student Society of Architectural Engineers. Also, they evaluate all opportunities that presently exist and those that may exist in the future for the architectural engineer. In its second year of operation, the organization has had many activities, including: lecture sessions, seminars, exchange trip with the Penn State Society, and a Tech Festival display and program.

First Row: R. P. Hackney III, G. K. Keech, J. R. Fox, Treasurer; H. R. Thomas, Jr., Vice-President; K. W. Rice, President; J. C. Hrapchak, Secretary; R. S. Scott, M. Lewis. Second Row: W. D. Gilman, Jr., H. F. Fox, D. S. Ehrman, Jr., W. A. Bryant, J. T. Crispin, M. L. Rayfield, Jr.

Student Society of Architectual Engineers

Pre-Veterinary Club

The Virginia Tech Pre-Veterinary Students Club is composed of students interested in veterinary medicine. The club's function is to promote interest and scholarship in students interested in the field of veterinary medicine and to aid students in application to veterinary school. Meetings are held three times a quarter with guest speakers, including local veterinarians and members of the V.P.I. staff. The club also sponsors a picnic held in May.

First Row: W. A. Jenkins, President; L. L. Minogue, Secretary; J. H. Jeter, Parliamentarian; J. Armstrong, Jr., G. Bechtel, P. Bishop, B. Bennett, F. Cogswell, G. Cole, T. Crowsey, J. Dichter, W. RELIGIOUS AND SERVICE

by: Fred Boland

The Wesley Foundation's building, with its modern architecture, offers the Techman a refreshing change from the stark gray of the academic buildings. The Foundation provides the students, both Methodist and non-Methodist, a place in which they may study, relax, enjoy friendship, and worship.

Wesley

Circle K

The circle K is an international service fraternity associated with the Kiwanis. It promotes service to the campus, community, and continent, and strives through its program to develop leadership. Each year the club sponsors a safety campaign and a fund-raising project for the ship HOPE.

Row One: Mike Coates, Lewis Parsley, H. Winston Aron, Lt. Gov.; Ken Christian, Vice Pres.; Jim Sheeler, President; Ken Blenkinship, Historian; Nick Wagner, Editor; **CAP News**, Jerry Wallmeyer.
Row Two: John Shoulders, Larry Anderson, Ed McNeil, David McNeil, James Tucker, Robert Greenwalt, Bill Livingston.

Christian Science

Row One: J. Areold, L. Decker, K. Denson, F. Benson. Row Two: R. Stephenson, J. Waller.

The membership of the Christian Science Organization is open to all faculty, students and their wives who are Christian Scientists. The organization strives "to further the understanding of Christian Science through individual growth and campus awareness."

Lutheran Student Association

Row One: Pastor Fisher, Al Shocet, Alan Heuss, Devotions Co-Chairman; Gary Gross, Vice President, Robert Bergsath, President; Sandra Crawford, Secretary; Marion Boggs, Vicar; Dale Emerson, Devotions Co-Chairman; Clifton Gray, Advisor. Row Two: Michael A. Grove, Roger C. Dennison, Al Blaho, Neil V. Raymond, John Alan Lowe, Charles J. Waupaman, Kenneth A. Skrivsath, Kenneth B. Arthur. Row Three: Bob Kelso, Don Major, Howard Skoll, Joe Austin, John Coiner, Greg Eckert, Tom Cadotte.

The Lutheran Student Association has been very active this year in their efforts to provide fellowship for Tech's Lutheran students. The frequent social functions with the Radford L.S.A., picnics, and dinners have led the association to seek plans for the development of a L.S.A. center.

Row One: B. Coulbourne, S. E. Lickey, J. R. Perry, W. H. Armstrong, D. D. Dunavant, J. G. Weeks, G. C. Wright, J. B. Babbs, J. B. Stark.
Row Two: Ronnie E. Phillips, Curtis L. Garner, Harold W. Bohannon,

Lawrence H. Billion, James A. Price, James P. Browning, Jr., Charles M. Shaver, Martin L. Robison, Robert C. Kelso, John Pratt, Row Three: R. S. Scott, J. L. Little, M. W. Franklin, J. C. Coe, J. B. Byers.

P
Ω

Alpha Phi Omega

Some of Techs most upstanding young men belong to the Zeta Beta chapter of Alpha Phi Omega. The purpose of the fraternity is to "assemble college men in the fellowship of the Scout Oath and Law, to develop leadership, to promote friendship, and to provide service to humanity. . . ." Membership is open to all male students who are or have been in Scouting. The fraternity has provided the college with invaluable assistance in many projects. They keep the War Memorial Chapel open on certain weekends, help with the Bloodmobile, aid local churches and youth organizations, and ran a successful candidate for Homecoming attendant.

APC President D. D. Dunavant knocks off a few officers after a hard day of service projects. They are left to right (more or less): J. Babbs, Sergeant at Arms; J. Perry, Rec. Sec.; W. Armstrong, 1st Vice Pres. (standing); D. D. Dunavant, President (seated in chair); S. Licky, Treas. (sitting on floor); J. Weeks, 2nd Vice Pres. (lying down on the job); G. Wright, Cor. Sec. (sitting); B. Coulbourne, Alumni Sec. (standing); J. Stark, Historian (END).

Row One: S. Spooner, L. Turner, B. Coulbourn, President; M. B. Price, Sec.-Treas.; S. Shertzer, Row Two: J. Warren, C. Adkins, P. Bennett, D. Meys, S. Taylor, S. Glascock. Not Pictured: V. Arnold,

B. Balzer, J. Burke, S. Clark, R. Clower, C. Comer, R. Flaherty, E. Lawson, H. Lowman, S. Luck, J. Mustoe, R. Seay, J. Warren.

YMCA

The YMCA is not only one of Tech's most active clubs, but it is also one of the oldest, first established in 1893 by a small group of cadets. In 1899 the YMCA built what is now known as the Old Military Building. From these beginnings the YMCA has grown to be one of VPI's most outstanding organizations. The club sponsors such diversified projects as Freshman Camp, Y-Forum, Christian Emphasis Week, Henry Mancini concert, and the talent show. The club is open to all students regardless of religious affiliation, race, nationality or sex.

The Four Preps combine good humor and good music for an entertaining concert Fall quarter.

The Companions take top honors at the YMCA variety show.

The YMCA brings to Va. Tech the magic that is Mancini.

Over the Thanksgiving holidays a group of international students attended an International Conference in Williamsburg.

Baptist

Student

Union

It is inevitable that during a student's college days, he is thrust into depths of life which may have been beyond his reach in the home environment. It is a time when he must of necessity come to grips with the forces and influences which make up his environment. In this quest for a more complete understanding of himself, he must formulate his personal concepts of his ultimate concern and his reason for being. The Baptist Student Union provides a common ground for free expression of the Christian experience as it relates to the university student. This expression takes the form of dialogue, worship, and community service.

A group of BSU students pack "Toys for Viet vets" prior to Christmas.

First Row: E. Ray Yount, Jr, Jeff Rosen, Guide; Rodney D. Anderson, Treasurer; Larry D. Swindell, Sr, Vice President; John G. Rudd, President; Kenneth W. Gallier, Jr, Vice President; Barry J. Grosman,

Guard; Tim Ungvasky. **Second Row:** E. Graham Webster, Terry White, Erick S. Johanson, William D. Minor, Eric R. Bennett, Richard G. Keeler, Richard W. Graham II, William L. Jackson.

Sigma Mu Sigma

Sigma Mu Sigma, an honorary service fraternity, is composed of students who have demonstrated, through their daily lives, the ideals of the fraternity. The fraternity strives to promote high academic standards, fellowship, and a brotherhood among members through service to school and community. The service projects of Sigma Mu Sigma include a Ring Dance car wash, a cabin party for graduating seniors, an information booth and guide service during Homecoming, and aiding the American Red Cross' Blood Drive.

Cleary, Ed Pierce, Liz Dyer, George Olde, Bill Hubbard, Tom Bell, Michael DeBernard. Third Row: Steve Nemore, Scott Crafton, Archie Dowdy, Robert Thomas, John Hill.

The Va. Tech Lifesaving Corps provides VPI with lifeguards for its swimming pool. The corps also provides instructors and assistants for swimming and lifesaving classes. The service of the corps also extends to the community and the corps works in close connection with the Va. Rescue Squad and the Civil Defense.

Life Saving Corps

Often overlooked as the key figure behind the Va. Tech Lifesaving corps is Mr. M. Buford Blair, who should receive a special salute in this his final year at VPI. As the founder of the Lifesaving corps and its faculty advisor since 1933, Mr. Blair has unselfishly given his time and effort to hold the corps together, especially during the war years. To you, Mr. Blair, we give deep appreciation and sincere thanks for your unselfish service to the Va. Tech Lifesaving Corps.

R. Hatcher, Treasurer; D. Swarthout, Vice-President and Safety Officer; S. Sawyer, Training Officer; B. Boswell, President; C. Jewell, Secretary.

Thursday-night training session in the War Memorial Gym Pool.

Va Tech Skin Diving Club

The purpose of the Virginia Tech Skin Diving Club is to bring together and train club members to be qualified divers. Any Tech student or faculty member is eligible for membership.

A prospective member must be in good physical condition and possess sufficient swimming skills to make him at home in the water. To become a member, the training course given by the club must be passed. This includes a written test and a practical test.

To gain final admittance to the club the trainee must pledge.

Pledging consists of wearing the club plaque for one week prior to final pledge night.

In addition to training new members each quarter, the club also sponsors a float in the Homecoming Parade and a Homecoming Queen's Freshman Attendant.

The club sponsors an annual trip to Florida each spring break as a highlight to the years activities, which include diving trips to Claytor Lake, Mountain Lake, Naggs Head, North Carolina, and other open water.

First Row: J. Fox, D. Swarthout, S. Sawyer, D. Russell, L. Spangler, R. Hatcher, C. Jewell. Second Row: K. Ringwalt, P. Mathews, B. Boswell, D. Bailey, L. Powers, B. Campbell, M. Russell, M. Horrell, D. Tipton, T. Pick. Third Row: T. Smith, J. Cochran, N. Blake, B. Keith, D. Laffoon, P. Pickett, K. Stone, R.

There being no Rabbi in the area, the V.P.I. Hillel club tries to give the Jewish students of Tech and Radford College a mixture of religious, cultural, and social aspects of life throughout the year. It strives to promote friendship and tolerance among the religious organizations on campus.

Hillel Club

Phillip Sporn Award

Dr. R. DeJarnette

Dr. Luther K. Brice

The Phillip Sporn Award for teaching excellence is given annually to the best freshman instructor in any curriculum and to the best instructor in the College of Engineering. Freshmen and Sophomores are polled in the spring and the votes are compiled and interpreted by two committees, one connected with the College of Engineering and one with the College of Arts and Sciences.

In 1965 Dr. Phillip Sporn, a graduate of the Virginia Polytechnic Institute College of Engineering, gave a sum of money to be used in the formation of this award. Dr. Sporn's feelings are that more good teachers should be motivated to teach freshman courses and that this award would recognize this kind of teacher.

The recipients of the 1966 Phillip Sporn Award are Dr. Luther K. Brice, Professor of Chemistry, and Dr. R. DeJarnette, Professor of Engineering.

SOCIAL CLUBS

by Pat Abbitt

SOCIAL SCENES

The Blacksburg Armory was transformed for German Club's "Rendezvous."

German Club Moves, Visits Neptune's Hideaway

Guests at Fall Formals were entertained by a pretty vocalist.

Established in 1892, the V.P.I. German Club has contributed to campus social life by sponsoring informal dances, concerts, and the renowned formals. Despite a move to the Blacksburg Armory, necessitated by the close of Squires Hall, German Club continued to maintain its high quality of decorations and entertainment at these traditional dances.

The bands of Kai Winding and Otey Warren appeared for Germans on November 11 and 12, backed by a theme of "Rendezvous." Winter Quarter brought a nautical air to Blacksburg, as the Army was transformed into "Neptune's Hideaway." The band of Lionel Hampton and the Bill Black Combo performed in a yellow submarine, surrounded by mermaids and sea creatures. "April Love" dominated Spring Quarter; Otey Warren returned with The Stylists to a garden alive with signs of spring.

"Make it about a shot and a half!"

One of the oldest organizations on campus, the Cotillion Club has been contributing to the Tech social scene since 1913. Led by President Mike Matton, Cotillion brought several fine orchestras to campus for formals. Jimmy Dorsey and Skeets Morris and their orchestras appeared at Fall Formals, backed by an "After Six" theme. Winter brought "Snowflakes and Sweethearts" to Tech, along with the Sammy Kaye and Dick Wells Orchestras. "Wonderland of Fantasy" was the Spring Formals theme; the orchestras of Larry Elgart and Burt Massengale appeared in a transformed gymnasium.

"Mother said not to."

The Jimmy Dorsey Orchestra appeared at Cotillion's "After Six" theme during Fall Formals.

Varsity Glee Club

Virginia Tech's own Varsity Glee Club in concert on Burruss Hall's stage.

This year the all-male Varsity Glee Club rates as one of the best in the country. In more than fifty concerts the versatile sounds of "Mozart" to "Are You from Dixie" have pleased audiences everywhere.

The Glee Club, under Stan Kingma, has proved that students from a nonmusical school can, and do, excel in the arts. He has developed a group of singers that have a great feel for their music. Their light-hearted manner covers the many hours of rehearsal that they invest with a feeling of relaxation that the audience can enjoy.

This year, for the first time, the club released a record of the best music in their repertoire. Included were numbers from live concerts as well as standard recordings. Through concerts and the distribution of records the Varsity Glee Club has become one of Virginia Tech's calling cards.

The Tech Sirs, the Glee Club's directing committee, gathers around a piano. Seated: Tom Whitley. Left to Right: Larry Kyle, Mickey Reneger, Ron Gargano, Carl Moravitz, Wyatt Skinnell, Jim Everett, Chuck Wilson, Ben Allen, Allan Michael, Wayne Griffith, and Ken Matthews.

University Choir

Once a week the University Choir meets in the Engineering Auditorium to practice their music.

This fall saw the beginning of an entirely new singing organization, The University Choir. With members from the town as well as the University, the choir gave a Christmas Convocation, an Easter Convocation, and the Sunrise Services at Natural Bridge, displaying great talent in spite of a limited rehearsal time. As it continues to expand, the University Choir will take its place at the head of campus activities.

Stan Kingma, director of both the Glee Club and the Choir, along with Chuck Thatcher, accompanist, work hard to get that "little extra" that makes a great choir.

The new 180-voice University Choir features a co-ed student representation, faculty members, and townspeople.

SECTIONAL CLUBS

by: George Davis

Emporia Club

With President R. T. Williams directing the group's activities, the VPI Emporia Club again contributed a great deal to the members' social plans during the '66-'67 academic year. With membership comprised of Emporia residents and students from nearby communities, the club held dances during the Christmas holiday and the Easter break. For those who also like the outdoors, the Emporia Club went on picnics both in the fall and spring. Members agreed that the club had greatly helped them to enjoy their days and nights in college.

Row One: Kenneth Michael, Francis Charrette, Tom Tiller, Treasurer; Tinker Williams, President; Jim Cook, Secretary; Larry Williamson. **Row Two:** Darwin Edwards, Greg P. Bennett, Roy Auent, Johnny Morgan, Larry Jones, William Thompson.

Shenandoah Valley Club

Out of the beautiful and pleasant Shenandoah Valley and the counties of Augusta, Rockbridge, and Rockingham, come Techmen eligible to join the Shenandoah Valley Club. The club holds seasonal parties and one at spring break in March. Besides the spring banquet, members have feasts during the earlier part of the school year to make it a three-quarter activity. Before the year is over the club holds a picnic. Students and alumni from the Valley have found that the club provides an excellent opportunity for past and present Techmen to become acquainted.

Row One: David M. Swisher, James Baird, Vice President; Jim Fink, President; Patti Gillock, Secretary; Tom Blacka, Treasurer; Trudy Knicely. **Row Two:** Thomas A. Skull, John W. Layman, Larry R. Lynch, Charles M. Shaver, Ronnie A. Coleman. **Row Three:** Jay T. Hanger, Steve Rosson, William L. Cobbs, David G. Beck.

Peanut Club

Row One: Brenda Cutchins, Sergeant at Arms; Braston Powell, Secretary; Sam Eubanks, Jr., President; Jim Everett, Vice President; Whit Whitfield, Treasurer; Dapin Edwards. Row Two: Bob Everett; Joel

Harrell III, Richard Cox III, Jack Webb, Jr., Stan G. Barlow, Elliot Whitfield, Mike York. Row Three: Donald Joyner, Steve W. Turner, Beale Rodgers, Randolph Barlow, Jr.

Braston Powell, Secretary; Whit Whitfield, Treasurer; Brenda Cutchins, Sergeant at Arms; Sam Eubanks, Jr., President; Jim Everett, Vice President.

From the "peanut capital of the world" come students at Tech who belong to the VPI Peanut Club. For Techmen living in the towns of Suffolk and Franklin and the counties of Surry, Southampton, Nansemond, and Isle of Wight, the club promotes friendship and social life both on and off the campus. Not only during the academic year, but also in the seemingly short summer, the club held dances and other gatherings. Members became better acquainted through their get-togethers and a little hard work.

One hundred miles away from the campus at Blacksburg is the city of Lynchburg. Hokies from this city and its neighboring area join together to become acquainted and unify themselves while at Tech in the Lynchburg Club. Five dances are held during the year for members and guests with the New Year's Eve blast being the climax for the club's social calendar.

By making new friends in the club which come from the Lynchburg vicinity, Techmen find it easier to find rides home for the weekend. This is a secondary, but oftentimes important, benefit which members gain by being in this sectional club.

D. Collier Jackson III, Secretary; Robert D. Simoniz, President; Barry J. Grosman, Treasurer; John E. Buckley, Vice President.

Row One: J. Conner, D. Jackson III, Secretary; J. Buckley, Vice President; R. Simoniz, President; B. Grosman, Treasurer; S. Garnsey. Row

Two: F. Daughtrey, T. Hodges, R. Murphy, E. Meeks, R. Davis, T. Elliot.

Lynchburg Club

Richmond Club

Richmond, the capital of the Commonwealth, although two hundred miles from the Tech campus, has the most number of VPI students from one area joining together in a sectional club. Maintaining this status of being the largest, the Richmond Club carried out numerous activities. Two scholarships were granted by the club to deserving Richmond area students, this being one more than given in previous years. With Tech in the Tobacco Bowl, annually played in Richmond, members prepared for a victory dance after the game. The football team did not let the title of the dance be changed as they thrashed Vanderbilt 21-6, and the Richmond Club did not fail in putting on a well-received dance.

The club provided its members with dances at Thanksgiving and Christmas. It held its infamous New Year's Eve blast at the Richmond Arena as a packed house ushered in 1967. Also on the calendar were the spring break banquet and dance and at the end of spring quarter a picnic for all members.

Cabell Lewton, Vice President; Tommy Grizzard, Secretary; Bob Kopecko, President; Hose Riley, Treasurer.

Row One: W. P. Andrews, Jr., D. R. Young, R. A. Williams, R. D. Dickerson, D. M. Hill, J. Brilliant, W. D. Gilman, Jr., R. S. Schmid, D. W. Jordan. **Row Two:** A. Dowdy, R. Petera, E. Robinson, W. Nystrom, W. Robertson, J. Pannell, P. Clary, K. W. Kent, M. Wallmeyer, R. Ward,

Good times at Capital Club functions.

Ed Altman, Secretary; Don Hulcher, Social Chairman; Steven Habeger, President; Jack Pickard, Vice President; Bob Coltrin, Treasurer.

From the populous region of northern Virginia and the Washington, D.C. area, Techmen unite in the Capital Club. While senators and representatives formulated national policy, club members, under the leadership of President Steven Habeger, created places of enjoyment during the few vacations and while at school. A dance before the opening of school and then others at Thanksgiving, Christmas, New Year's, and spring break highlighted members' days at home. A keg party in May near Blacksburg provided the club with enough energy to make it through final exams in June.

Capital Club

Students from the city of Danville and its surrounding area comprise the Danville Club. Each quarter a dance in Danville community is planned and carried out by the members where they may relax during the welcome break from studies. Sometime in the spring the club goes on a picnic to a suitable location near Blacksburg.

The Danville Club is presently instituting a project to assist those students attending the Danville Branch of VPI. Because these students frequently transfer to the Blacksburg campus after going to the branch school, the Danville Club provides an excellent opportunity for them to be absorbed into the life at VPI and become an integral part of campus activity.

Lonnie White, Treasurer; Larry Hillard, Vice President; Clarence Baynes, Secretary; Jasper Eanes, President.

Row One: Philip Wood, Obie Minter, Lonnie K. White, Treasurer; Jasper R. Eanes, President; Larry R. Hillard, Vice President; Clarence W. Baynes, Secretary; Charles H. Phelps, Jack D. Clark, Jr. **Row Two:** Tommy Scarce, Charles H. Farson, James F. Haley, Jr., John W.

Whitehead III, Norman Cook, Vincent Shelton, Jim Jennings, Donald McIver, Dick Scarce, George Harper. **Row Three:** Donald Richie, Tom Bailey, Tom Craddock, Robert Jennings, Robert Carter, Jr., David R. Smith, Neal Barker, Dennis W. Carter, Jerry A. Foster.

Danville Club

Hampton Roads Club

Row One: Richard L. Dudley, Joe Dempsey, Secretary; Ellen Cox, Philip Thomas, President; Susan Warhol, David Childress, Vice President; Mike Giguere, Treasurer. **Row Two:** Richard Brushwood, Donald Davis, John

Henderson, Allen Powell, Sam Mellar. **Row Three:** Warren Cobean, Sidney Peck, Glenn Gray, Sergeant at Arms; Edward White.

From the Tidewater area of the state come members of the Hampton Roads Club to share in the friendship and good times found at all of the club's social gatherings. Hampton Roaders come from the peninsula towns and cities of Norfolk, Hampton, Portsmouth, Newport News, Yorktown, Williamsburg, and Gloucester.

Although the club's main activities are arranging for dances before school, at Thanksgiving, Christmas, and in the spring, it also takes time to plan a picnic during spring quarter when the cold has subsided and studying in dorms becomes a much more difficult task.

The club's proudest feat this year was having member Ellen Cox become VPI's Homecoming Queen this fall.

Row One: Ed Bratton, Jerry Barnes, Treasurer: Robby Westmoreland, President: Sam Marston, Secretary: Everett Proise, Warren Green. Row Two: J. W. Vaughan, Herman Gill, Jim Cook, John Price, Band Co-ordinator: Donald Clary, Joe Berkley, Tom Green, Jim Maitland.

The purpose of the Southside Club is to coordinate and provide social recreation for Tech students from Southside Virginia. This area includes the counties of Lunenburg, Mecklenburg, Prince Edward, Brunswick, Dinwiddie, and Nottoway. The current membership re-

quirement for prospective members is that they be invited to join the club on the recommendation of old members. The club held parties during the holidays and at spring break, and then had a picnic before exams at the end of the year.

Southside Club members show that "there's one in every crowd."

Southside Club

Row One: M. E. Puckett, D. A. Assin, J. K. Montague, S. A. Shaver, D. W. Johnson, M. McNeill, B. Bryant, M. Trussell, A. Hurst, C. Hoyt, Row Two: G. W. Robertson, W. T. Kizle, T. Arrington, D. Brammer,

W. Pugh, R. Shockley, R. Anderson, J. Doss, R. Caudill, R. Watton, D. Tucker, L. Flipper, Row Three: J. Gusi, D. Lee, Hillman, D. Spenser, H. T. Webster, M. L. Robinson, D. O. Smith, B. Burnop.

Roanoke Club

If one carefully inspects a map, he will find just down the road from the city of Blacksburg the town of Roanoke. Techmen from this vicinity are eligible to join the Roanoke Club. Since it is such a short distance from the campus to the "town," Roanokees find it easy to plan activities on big weekends where other sectional clubs have to remain idle. Each Homecoming the club swings into action and lines up a dance for its members to be held in Roanoke. But then extra weekends of get-togethers do not stop them

from providing the usual blasts at Thanksgiving, Christmas, and spring break, plus parties and banquets sprinkled throughout the year.

Away from the social and toward the practical and academic, each year the club provides to an outstanding student from the area a scholarship to be used at Tech. Its short distance from VPI, its numerous social functions, and its annual scholarship make the Roanoke Club unique.

Dan Johnson, President; Jere Montague, Treasurer; Marsha McNeil, Secretary; Stephen Shaver, Vice President.

Row One: R. Thomas, M. Miller, J. Cochran, L. Turner, L. Dyer, K. Danson, K. Mayo, J. Johns, J. Drumbeller, J. Hyllton. Row Two: D. Bayse, T. Wood, B. Patterson, A. Bryant, C. Mills, Jr., B. Alvis, S. Gar-

rett, R. McDearmon, A. Foley, D. Vaughan. Row Three: N. Robertson, T. Lunsford, G. McGee, B. Mitchell, M. Stevens, D. Halms, J. Conner, R. Reid.

Northern Neck Club

Holiday dances at Thanksgiving, Christmas, New Years, and Easter keep members of the Northern Neck Club as busy during the days of vacation as they are at school planning their affairs. Members come from the Northern Neck and the surrounding counties in the northern part of the state. At these numerous dances members achieve the purpose of the club, to promote friendship and goodwill throughout the organization. During the spring the pace of activities does not slacken as the club gathers at a formal banquet and informal picnic.

Row One: Charles Ambrose, William Smith, Gene Dix, Secretary; James C. Clark, President; John R. Halle, Vice President; Leonard C. Orem, Treasurer; Jim Townsend, William Littlepage. Row Two: Danny E. Brann, Edward R. Pittman, O. C. Crowther, James B. Green, Dan Gill, Lewis Ashton, Bert Peckett, David Townsend, Randy Hudson.

**UNRECOGNIZED
ORGANIZATIONS**

Buddy Browning and Buddy Williams moving old mementos into a new house.

Spring picnic at the New River.

315 Houston Street

This organization dates back to the fall of 1961 when it was formed by the thirteen founding brothers. This brotherhood was organized on the basis of scholastic attainment and a recognized need for a social outlet at school. These basic reasons remain as the principle factors for uniting our brotherhood into a single body.

The first house was acquired the year after the brotherhood was founded, and only recently did they decide to leave it for a more favorable spot closer to campus.

The brotherhood is maintained at approximately twenty-five brothers, with new brothers coming in each

quarter. By constantly enlarging, they are able to expand their views and gain a broader outlook on life.

The organization is not solely a social outlet, but also a beneficial organization. The brothers have sponsored Christmas parties for needy children, collected for the heart fund, and performed other useful services. On campus they have participated in many activities such as Homecoming and Tech Sled, to name a few.

Although there are many different phases in such an organization, the main objective is that of brotherhood, not for the finite time they are at school but for the rest of their lives.

First Row: Doug Stencheum, Treasurer; Paul Woo, Vice-President; Neil Mayhew, President; Debbie Giles, Sweetheart; Buddy Browning, Pledgemaister; Pete Blake, Secretary. Second Row: Charlie Capel, Dust Allan, Bob Morgan, Tim Smith, Dick Brown, Glen Giles,

This brotherhood was founded April 21, 1941. It is the oldest off-campus social organization at V.P.I. Its alumni are included in many walks of life all over the country. The organization was founded to inculcate among its membership a finer spirit of loyalty, activity, and fellowship toward their Alma Mater; to develop the highest ideals of conduct and manners; and to promote a close fraternal bond through means of carefully selected associates. In short, this social organization's goals are "Dependability, Kindness, and Sincerity."

The fellowship's members were the founders of I.F.C. and had its first president, Phil Underwood. Garland Rigney, another member, is the first United Student Body President.

Prospective members must be at least second-quarter freshmen and will be voted on by all of the active members. Two dissenting votes shall be sufficient to bar a candidate from membership. There is a period of several weeks in which candidates and members become acquainted, with periodic votes by all members. This specific time is enjoyed by members and candidates alike and ends with the induction of new members.

Because of the fact that it is a social organization, the week ends are usually devoted to such endeavors. Combo parties as well as smaller parties are the rule. Costume parties are held periodically throughout the quarter with different themes. The high point of last year was the 25th anniversary. W. S. Brooks ('44), one of the founding brothers, was the guest of honor and the entire weekend was devoted to this celebration. A banquet, cocktail party, and combo party were main attractions with "breakfast at the bar" on Sunday morning. The annual picnic

First Row: C. H. Martin, Jr., Treasurer; M. L. Aliff, Secretary; O. S. Woody, President; Mix Beck, Vice President. Second Row: J. F. Cantwell, H. S. Unruh, L. B. Robison, W. H. Gordon, W. P. Vineyard, Jr., E. C. Silver II, J. W. Nethers, R. D. Clark, F. H. Bowen, B. E. Collins. Not Pictured: R. N. Anderson, J. Gearheart, E. W. Greene, M. G. Rigney, F. Underwood.

is another anticipated event. It is felt that such functions are not detrimental to a student, but help him in developing into a well-rounded individual.

Though this is a social organization, major emphasis is also placed upon other activities for the benefit of the community as well as the University. A few examples of these consist of collections for the National Heart Fund, Christmas Parties for Underprivileged Children, and specifically an award of Honorable Mention in the collection for the March of Dimes. Academic progress and achievement, the major reason for our being at Virginia Polytechnic Institute, are also stressed.

Brothers and dates enjoying a break at a Formal Dance.

Brothers take over band at Formal Dance.

The brotherhood was founded as a dorm club in 1960. Growing too large for the dorm, the organization moved into town. The club is one of four I.F.C. charter members.

Now located at 107 Turner Street, the club offers a variety of social activities to supplement school functions. Parties are one type of activity, with three or more dance weekends a quarter. Homecoming is the big weekend Fall Quarter. Winter finds the Formal Dinner Dance and Zeta Wild West weekend. The year is rounded off in spring with an informal dinner dance and I.F.C. weekend.

The club is also active in Intramural Sports, winning the town football championship this past fall and participating in most major sports in other seasons.

The club also provides a strong brotherhood for the members. The brothers of the club all exhibit a willingness to work and better the organization. The club offers a broader social life to round off the academic life at Va Tech.

Established as a dormitory club in the fall of 1957, the original organization, as such, was sanctioned by the administration of V.P.I. As a dormitory club, the organization participated in many school functions and occasionally won a little prize money for its efforts. Some of the items that belonged to the dormitory club are still in use by the present fraternity.

In April of 1961 they acquired a corporative charter from the state of Virginia. Some of their purposes, as stated in the by-laws of the corporate charter, are as follows: A) to conduct a brotherly organization that will promote the highest morals and ideals among its members. B) to cooperate with, and encourage, participation of its members in all phases of campus life at V.P.I. C) to lease and maintain a house for the use and comfort of the corporation.

After attaining the charter, the brotherhood rented a cabin at Claytor Lake. The cabin was used as a place to hold parties on the weekends and other social gatherings. In the spring of 1963 they leased what was then Jones' Funeral Home to be used as their house. The money used in securing the lease

was raised during winter quarter 1963 when the coalition sponsored a "Brothers Four" concert in Burruss Hall.

Since moving into their house, at 110 Church Street, they have totally reworked the interior. Each quarter a new project is assigned the new brothers to improve the house. In the not-to-distant future possibilities of a new house are being considered.

During each school year there are events that have become a tradition. Fall quarter is the homecoming weekend, incorporated with the school's Homecoming. In the spring is the annual parents' weekend.

Finally, the brotherhood is striving to improve itself through greater cooperation in campus activities and community functions. They are also trying to raise the academic level of their brotherhood by providing an environment conducive to academic achievement.

Chillman, House Chairman; C. Perafino, W. Shelburne.

Pineapples

A common misconception about off-campus social organizations has been the belief that the clubs are dedicated to the shallow ideals of constant drunkenness and partying. Our Brotherhood, since its conception in 1962, has been dedicated to high ideals. The group is a dynamic and many-sided organization.

Each quarter, pledges become brothers and some brothers become alumni. Each quarter, we search for new ways to fill the social gaps, be it a pilgrimage to U. N.C. for a ball game or a

grain party with one of our neighbors. In spite of the constant turnover in brothers and our seeming preoccupation with social endeavors, the "pineapples," like all of Tech's other unrecognized brotherhoods, are proudest of our spirit and lasting friendships. We can look on development and be confident that the future will be bright.

We feel confident that we and our cohorts will have a long future of prosperity at Virginia Tech.

Fisher, J. Oberholzer, R. Zahmer, M. Richards. Fifth Row: D. McNamara, G. Hite, T. Kern.

This brotherhood was founded by eleven V.P.I. undergraduates in the Spring of 1961. The charter members believed that their organization should be made up of a cross section of outstanding men from all areas of collegiate life at V.P.I. The result has been a strong brotherhood composed of students with divergent views and varied social, economic, and geographical backgrounds — all held together by the realization that, no matter what our beliefs and background may be, we can all benefit greatly learning, working, and socializing together.

The brotherhood believes in not only trying constantly to improve itself, but also the community in which we live—the town and the school. It has, in its short life, included many campus leaders—a C.S.B. President, a Class President, Corps Officers, a Cotillion Club President, Cadet and Civilian Senators, et cetera—as well as provided leadership in such activities as tutoring local high school students behind in their work. At the same time, the brothers firmly established a memorable series of annual parties—homecoming-alumni day, Christmas party, winter term roaring 20's party, Tech Festival Parents' Weekend, and Ring Dance beach party at Claytor Lake.

405 Roanoke Street

This fellowship was initiated in 1956 by members of the Shadow Lake Club. The Shadow Lake Club was formed in 1947 by World War II Veterans who realized a need for a supplement to the social life at VPI. They rented a cabin at Shadow Lake where they held their activities and social events. In 1956, the members decided to convert to a brotherhood and a constitution was written. Since the cabin had been abandoned and no house had been obtained, the first meetings were held in Patton Hall.

In January, 1958, they moved to their present address at 405 Roanoke Street. Through the years, the brothers have worked hard to build an outstanding social house. Through the addition

of a basement, a color television, new furniture, and generally comfortable living conditions the brothers have strived to obtain a friendly, home-like atmosphere and for this atmosphere to be extended to their guest and dates.

Each quarter the brothers hold several social events which contribute to the well-rounded atmosphere of education and social enjoyment. The fellowship has participated in such civic activities as the Heart Fund Drive, sponsor of the Christmas Party for Underprivileged Children, and the tutoring of below average high school students. It has also become traditional for our members to decorate the College Book Store every Homecoming.

408 Roanoke Street

Formed in 1958, this organization has broadened its activities to other aspects of student life. The organization now contributes widely to community and academic life. Community participation is highlighted by collection of money for Heart Sunday and the Christmas Party for underprivileged children sponsored by the I.F.C. Academics are stressed throughout the year for two reasons: (1) brothers are of little aid to the organization if they are not in school and (2) academics are an important factor in the awarding of the annual I.F.C. trophy (denoting the outstanding organization on campus). An active social calendar is topped by the fall Cabin and Christmas Parties, the winter Parents' Week-end and Toga Party, and the spring Picnic and Shipwreck Parties. This brotherhood was founded in 1958 by five sophomores from D Squadron. These students felt the necessity for a greater social life than that which was presented them. At the beginning of winter quarter, 1959, the first serious step in the formation was taken, a constitution was drawn up, and the present colors of blue and white were established.

In 1960, the brothers decided that an off-campus house was essential to their future. Thus, the cabin at Shadow Lake became

their first house. The cabin became inadequate and in the winter of 1962 the present house, at 408 Roanoke Street, was purchased.

The organization presently consists of 152 brothers and is headed by two outstanding faculty advisors, Dr. Robert Benoit of the Biology Department and Professor James T. Lucas of the Business Department.

The brothers feel that the year 1966-1967 has been one of the most productive in its history. In August of 1966 work was started on a much needed basement. The job was completed by the first week-end of school and has been the scene of endless parties since. During the same period a new group of brothers moved into the house and did a superb job of remodeling their respective rooms. The Super Bowl came on January 15 and the brothers decided they had to see it in color, so on January 13 they bought a color television. To conclude a successful year, the brothers have a good-sized lead in the race for the I.F.C. trophy.

The brothers plan to continue, and hope to increase, their contributions to the academic, social, and community life of Virginia Tech and the surrounding Blacksburg area.

108 Upland Road

Starting out as a dorm club in 1961, we made our first home at the then-popular resort area, Shadow Lake. In 1963, we moved into our present two-story brick house located at 108 Upland Road.

This home away from home sleeps and feeds ten brothers year around. Recently repainted and remodeled, the house boasts wall to wall carpeting and a unique card room tiled and panelled completely by the brothers. The basement is totally soundproofed, tiled and panelled, and furnished with a bar, airconditioner and juke box. The living quarters upstairs are well furnished and provide more than an adequate study area during the week.

The organization operates not only as a social outlet for its members, but more important, it offers friendship and brotherhood. Among the founders of the I.F.C., which is the governing body of all of the organizations, this organization has worked for complete recognition at Virginia Tech. The Organization also sponsors weekend dances and contributes to Tech Sled, the Heart Fund, and other community campaigns.

G. G. Markham, A. M. Jeffery, T. L. Atkins, and W. Green enjoy a cool few in the soundproof basement.

Hess, J. Hoagland, J. Simonik, E. Sellers, B. Burch, B. Browning, C. Cornish, J. Guyot.

The ideas of brotherhood long have been a part of man and society. From the republics of the ancient Greeks to the democracy of America, these concepts have guided man's spirit and progress and led him on the paths of greatness. With these thoughts in mind, fifteen Virginia Tech students banded together in the fall of 1963 to form the first local chapter.

Other than a place to go, an organization such as this, provides unity and brotherhood. Their motto is "Many Into One," and it means just what it says: A brotherhood of men closely associated and self-sacrificing for each other. Their greatest asset is the strength of the brotherhood.

They participate in everything from bridge tournaments to spring break trips to Florida and Nassau. Civic participation has been a major factor with the organization since its birth. A Christmas party for needy children has been given the past two years, along with help on the Blacksburg JC float.

The seven rings in the shield represent allegiances that should apply to everyone—God, country, state, mankind, family, brotherhood, and self. An organization such as this sacrifices for the good of others and higher ideals.

A brotherhood is one small but important part in the molding of a young man for the complicated world of today.

Friday night after party.

100 Church Street

This brotherhood, one of the original social organizations associated with the students of Virginia Tech, originated in the early 1950's. Previously a dorm club from Femoyer, the group took residence at 100 Church Street in 1960 where it has remained to this day. They are also a charter member of the I.F.C.

The social events which are considered most important to the brothers are Homecoming, in Fall Quarter, and Parents' Weekend and T.E.K. weekend in the Spring Quarter. Homecoming finds the brothers anxiously awaiting the return of alumni and the renewal of old friendships. At the Homecoming game the brothers are seen to be among the most spirited fans (front row-50-yard line the last two years in a row).

Parents' Weekend, in early Spring, which was held for the third time last year, has proved to be one of the most successful extravaganzas attempted. Most parents are genuinely interested in what their son's college life is really like; and this weekend allows the parents of the brothers to find this out. A good time is had by all and many parents return each year.

T.E.K. weekend, which is held in May, usually finds the brothers and many alumni leaving the house at 100 Church Street for a cabin on some lake in order to celebrate the ending of the school year and the beginning of summer. Many alumni attend this affair and thus add to the merry-making.

There are many other weekends throughout the year which are important to the brothers. Parties held on formals weekends

and a Christmas Party for the brothers are always eagerly attended. During many of these and other remaining weekend the brothers happily open their doors to students at Tech. The house, which has two party rooms, bar room, living room with 25-inch color TV, bathroom, and kitchen with all facilities, plus living quarters for ten brothers, is large enough to accommodate a good-sized crowd.

The social function of the organization has another important aspect—brotherhood. This quality is an essential component found in any good organization. The brothers look upon each other as worthwhile friends who may confide in one another and who work together.

The brotherhood has developed a service function to match its social function. Fall Quarter, they and two other similar groups coordinated a Christmas party for needy children. Also, during Fall Quarter they helped in the Tech Sled campaign. Not only contributing a considerable sum themselves, they also helped in the collection from the residents of Blacksburg.

In conclusion, it may be said that this organization aids in developing well-rounded citizens because the brothers become aware of their duties, obligations, and responsibilities to each other, to the college, and to the community.

Fourth Row: Henry Holeswade, John Irvin, Steve Ham, Mark Londner, John McLaughlin, Jim Miller, Bill Emerson. Not Pictured: Dennis Moody and Bob Dawes.

First Row: Mary Anne Marshall, Joey Silk, Mary Kay Gruenhagen, Sally Starbuck [Alum.], Second Row: Linda Lawhorne, Mary Ann Tuck, Lynn Moore, Rosemary Duncan, Gaye Iroler, Darlene Thomas, Third Row: Dr. R. H. Gruenhagen, Bobbie Royston, Kay Denson, Kathleen Mundie, Molly Warriner, Candy Flagg, Lis Turner, Marsha McNeil, Sharon Topping, Mrs. R. H. Gruenhagen.

Having the unique opportunity of becoming the first women's social organization to exist on the Tech campus was quite an experience for those girls. It was founded in the spring of 1966 by six charter members, and soon grew to a membership of sixteen when the girls of the first pledge class became sisters. During spring quarter, a constitution was formulated and definite organization of the sorority was begun. The sisters also enjoyed a hayride which was held just before exams.

In the fall of 1966 their many activities included a pledge-active party, a slumber party, and aiding other organizations in their contributions of Christmas gifts for underprivileged children. Five new sisters were also taken in.

The pin design was chosen and ordered during winter quar-

Roach Turner, Roach Silk, Roach Marshall, Roach Flagg, Rosemary Duncan (sister), Roach Warriner.

First Pledge Class of '66.

ter, 1967. Also, the members helped with the community blood-mobile, raised funds by having a bake sale, and competed in intramural basketball. A banquet was held in January to welcome new members.

The sisters feel that their purpose is a strong one with a definite place on the Tech campus—that of encouraging and inspiring sisterly feeling and cooperation and forming unselfish and loyal friendships among its members. In order to become a member of this select group, a girl must be at least a third-quarter freshman or second-quarter transfer student, have a 2.00 overall Q.C.A., and possess certain desirable personal qualities.

The able guidance of the advisors, Dr. and Mrs. R. H. Gruenhagen, has been an invaluable aid to the sisterhood organization.

IFC

The IFC was organized to coordinate the functions and supervise the activities of the various social organizations at Va. Tech. It accomplishes these goals by setting standards, organizing competitions, and conducting projects. Some of the activities of the IFC are the intramember competition for the highest QCA, IFC weekend, publishing a newspaper, organizing members for Tech Sled, and presenting a unified front in the goal of recognition of the member organizations. The members each have one representative in the IFC.

CORPS

Physical training is an active part of the Corps.

This year the Virginia Tech Corps of Cadets has experienced a year of continued change and progress. Although the Corps has continually diminished in size over a period of the last three years, the quality of its members has quite evidently improved. The freshmen who elected cadet status this year saw obvious changes made while they were undergoing the "rat system."

The Virginia Tech Corps of Cadets consists of one cadet regiment which in turn is made up of two battalions and two groups. The sixteen companies and squadrons, plus Band Company and the Athletic Company, give the entire Corps a strength of 1300 men. The Corps is commanded exclusively by cadets with the advice and assistance of the Commandant, the Deputy Commandant, and the four Assistant Commandants. By means of a strictly adhered to chain of command, the Corps is a highly efficient military organization.

The purpose of the freshman system is to set the incoming freshmen initially on an equal footing. Accordingly, the "rat" is subjected to a rather disciplined life, and is expected to assimilate in a relatively short time the essence of military living. Throughout his college career the cadet continually accepts further responsibilities until his senior year when the responsibility of running the entire Corps becomes part of his duty.

Virginia Tech Corps of Cadets

The Gregory Guard performs during the Homecoming Parade.

Beginning with the Winter Quarter, the freshmen no longer found themselves in this uncomfortable position.

The Regimental Adjutant observes the line of march at a review.

Cadets watch with interest as fellow cadets take part in the physical testing program established by the Army ROTC Detachment.

BRIG. GEN. MARION W. SCHEWE
Commandant of Cadets

The Commandant of Cadets

Brigadier General Marion W. Schewe assumed the duties of Commandant of Cadets at Virginia Polytechnic Institute in July of 1961. This year will mark the end of six years of dutiful leadership by the general. Under his guidance the Virginia Tech Corps of Cadets has grown with the expanding university, and has met the challenge of the changing times.

Gen. Schewe's impressive record as a military man began when he was commissioned as a 2nd Lieutenant in the United States Army Reserve upon graduation from the University of Nebraska. Throughout his Army career he assumed many command positions. In August 1955, he became Chief of Staff, V Corps, U.S. Army Europe. Following posts in the Far East, Gen. Schewe assumed the command of the U.S. Army Garrison, Fort Polk, Louisiana, remaining there until June 1959, at which time he was reassigned to the Department of the Army General Staff in Washington and assumed the duties of Deputy Assistant Chief of Staff for Reserve Components. This is but a portion of his remarkable career.

It is with sincere thanks and a feeling of regret that the Virginia Tech Corps of Cadets bids farewell to Gen. Schewe. The Corps has benefited greatly under his guidance.

MR. ELMER H. CREASEY
Secretary to the Commandant

COL. THOMAS M. LARNER
Deputy Commandant

THE COLOR GUARD

Each year the Corps of Cadets presents many colorful reviews and other various parades and formations. Of course, an integral part of these functions is the Color Guard. The Color Guard consists of five junior color corporals, who are chosen on the basis of their proficiency in military bearing. The Color Guard is always made up of the sharpest junior cadets to be found in the entire Corps, and it is quite an honor to be chosen for this position.

Regimental Staff

The Virginia Tech Corps of Cadets is organized into one regiment of approximately 1300 men. The Corps is entirely run within its own organization, and therefore needs able leadership to survive the batteries of problems which present themselves throughout the year. This year the position of Regimental Commander was held by Randy W. Sinclair, an able military leader as well as a leader in university-wide activities. Second-in-Command was Erick S. Johanson, who performed the duties of Executive Officer on the regimental level. All of the officers who made up the Regimental Staff this year were leaders of the highest caliber. Consequently, the Corps experienced many new changes throughout this year which undoubtedly improved its organization and maintenance. The Regimental Staff works in conjunction with the Commandant and the Regimental Special Staff in formulating Corps policy. It takes a rare combination of individuals to work together in such a way as to come up with a highly organized and efficient cadet corps. This year the Corps was fortunate to have such a rare combination.

Regimental Special Staff

Regimental Special Staff is composed of the Commandant's Aide, Scholastics Officer, Chief Justice of the Honor Court, Honor Council Chairman, Defense Attorney, and Prosecuting Attorney. These positions are part of a separate staff where each member can operate independently and mutually benefit the Corps of Cadets. The members of the staff carry out those tasks which are subsidiary to Regimental Staff, and are essential to the operation of the Corps.

Special Staff is just a few years old, but the existence of such a unit is necessary so that the independent tasks of the staff can be more effectively performed.

REGIMENTAL SPECIAL STAFF—Front Row: M. N. Matton. Second Row:

Corps Executive Committee

The honor and respect of the Virginia Tech Corps of Cadets is maintained by the Executive Committee. The Executive Committee is made up of representatives from each class in the Corps, the freshman class also being represented. Throughout the year the Executive Committee conducts investigations and inquiries in order to maintain the image which the Corps of Cadets puts forth. This year as always, the Executive Committee remained a dominant influence on the bearing of the Corps.

Cadet 2nd Lt. Emmett B. Kitchen	Chairman
Cadet Capt. Donald C. Robertson	Vice Chairman
Cadet Cpl. Talbot A. Steel	Secretary

The Virginia Tech Regimental Band is the pride of our university. It is also the finest band of its kind in the country. How many marching bands can truthfully and proudly boast that they have won the honor of best marching band in three consecutive Presidential Inauguration Parades? In addition to being the finest marching band, the Highty-Tighties also present the finest in concert listening every year at the annual spring concert.

This year, like every other, has been a rewarding year for the band. Viewers throughout the state, and the surrounding states as well, have been thrilled by the band's precision. The biggest event of the year was the band's appearance on nation-wide television at the Liberty Bowl in Memphis, Tennessee. Flawless performances were also carried out before the audiences at the University of Virginia and Kentucky. The members of the band will never forget Formals Weekend of Fall Quarter. The entire band, with dates, was transported to Williamsburg at the express request of the football team—a rewarding experience, both for the band and the team.

Commanded by Cadet Captain Charles O. Cornelison, the Regimental Band has this year experienced a year of change, like all the other units of the Corps of Cadets. The move from Lane Hall, the band's historic home for many years, was carried out with a certain amount of regret and reluctance. Everything considered, however, this has been a great year for the Highty-Tighties.

CHARLES O. CORNELISON
Commander

Regimental Band Company

The Regimental Band entertains alumni before impressing the Kentuckians.

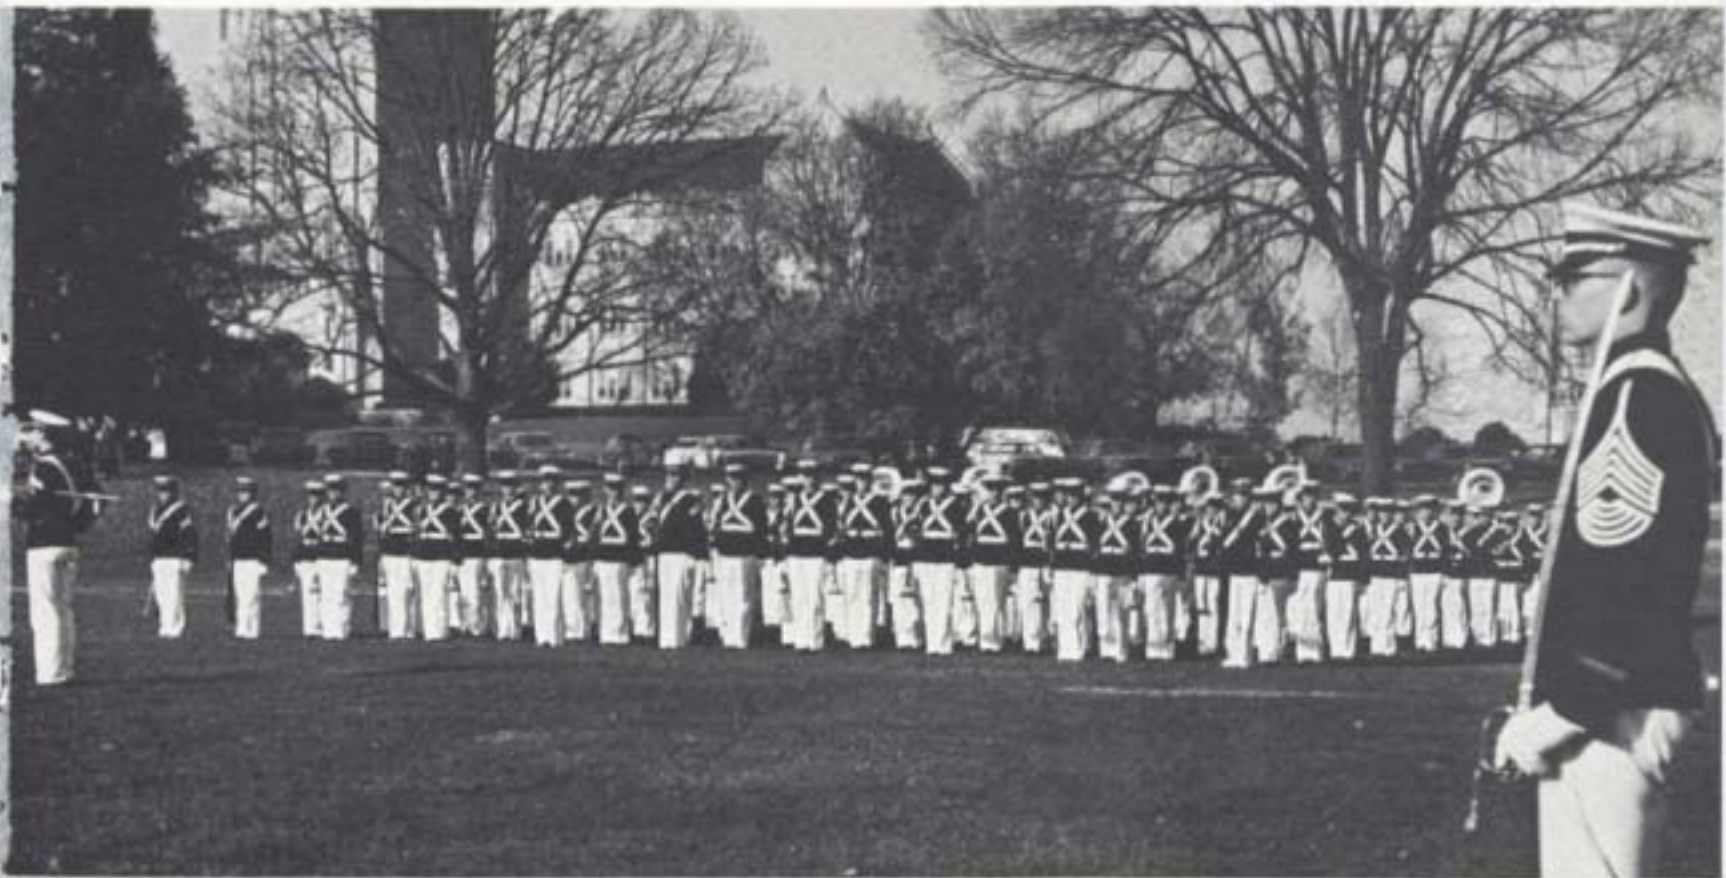

The flag is lowered at Lane Hall, Band Company's former home.

Squadron "A" prepares for dinner.

"A" Squadron, formed in 1872, has the most impressive unit history in the Corps. In 1898 "A" Squadron, representing the Corps, won a competitive drill in Norfolk, Virginia. With the trophy money two cannons were purchased and donated to the Corps. "A" Squadron was the honor squadron in 1963-64 and has won the citation cord more often than any other unit at the university.

Some of "A" Squadron's previous members include: J. R. Castleman, a World War I ace; Sergeant Earl Gregory, the first Virginian to receive the Congressional Medal of Honor; and, Major Lloyd Williams, who gave the Marines their motto, "Retreat hell, we just got here."

Sophomores—First Row: K. M. Foley, R. H. Sedgley. Second Row: R. W. Arthur, E. D. Lorton, B. W. Beard, D. A. Day. Third Row: T. H. Mitchell, E. L. Linberg, J. H. Allen, J. A. Campbell. Fourth Row: P. J. Lowry.

B Squadron played in the University Intramural football championship playoff.

Squadron "B" shares the distinction of being the oldest military unit at Virginia Tech. Squadron "B" started out as Company "B" in 1872, the year the college opened, and has continued to excel since that date. The members of Squadron "B" feel that the goal of life here at Tech is to become a scholar, a gentleman, and most of all a man. To attain this goal, a perfect balance of social, intramural, extracurricular, and military activities must be reached. As young men about to enter the ever-changing world in which we live, we pledge ourselves to become citizens who will bring credit upon our country, the university, and ourselves.

SOPHOMORES—First Row: T. D. Taylor, Second Row: M. H. Jenkins, D. D. Armistead, J. B. August, C. R. Ibach, J. L. Donnelly, Third Row: A. J. Heuss, E. A. Strickland, W. G. Peterson, W. N. Bissell, D. It is Hearts for a dreary winter afternoon.

Recognized throughout the Corps as the unit most proficient in military activities, Squadron "D" is again this year "the unit to beat" in the First Group. No one is tougher in competition than is "D." This can be traced to the hard-nosed discipline of the men of "D," and to the phenomenal sense of spirit, loyalty, and brotherhood. Squadron "D" is not content to rest on its laurels, but is again giving new meaning to its motto, "Præbete Exemplum"—Set the Example."

SOPHOMORES—First Row: W. H. Ball, T. A. Barr, C. D. Boane. Second Row: D. D. Firestone, R. M. Holt, B. A. Brown, S. G. Clark. Third Row: T. F. Hanifan, C. M. Houser, T. S. Thurmond, E. W. Blackwell. Commander

JUNIORS—First Row: J. W. Grubb. Second Row: B. J. Grosman, R. G. Hatch, R. M. Harmsted, C. P. Davis, C. A. Gibbens. Third Row: R. C. Harris, J. T. Hanger, T. A. Fletcher, J. M. Hagy, J. P. Dempsey. Fourth Row: C. P. Forrest, F. D. Hall, S. W. Greer, R. F. Haynes, G. S. Harding, W. G. Ferguson.

Reading the bulletin board is an integral part of the Corps organization.

Organized in 1893 as the first battery in the Corps of Cadets, Company E continues in tradition and spirit. This year they are wearing the Battalion Cord for achieving excellence in all phases of cadet life for the second consecutive year as well as being the holders of the "Battalion Broom for good housekeeping." Under the leadership of J. K. Nelson and E. B. Kitchen, they are out to win again this year.

"Ole E," as they have been called in the past, leads the Corps in other phases of cadet life. Though not known for marching, they usually managed to place in the graded reviews. They are also responsible for leading the Corps in its famous Hat Tricks at the football games. The men in Company E are always up to something and Regimental Staff is always up on fourth floor of Rasche Hall, but then their motto "Illegitimus Non Carborundum" seems to rise to the occasion.

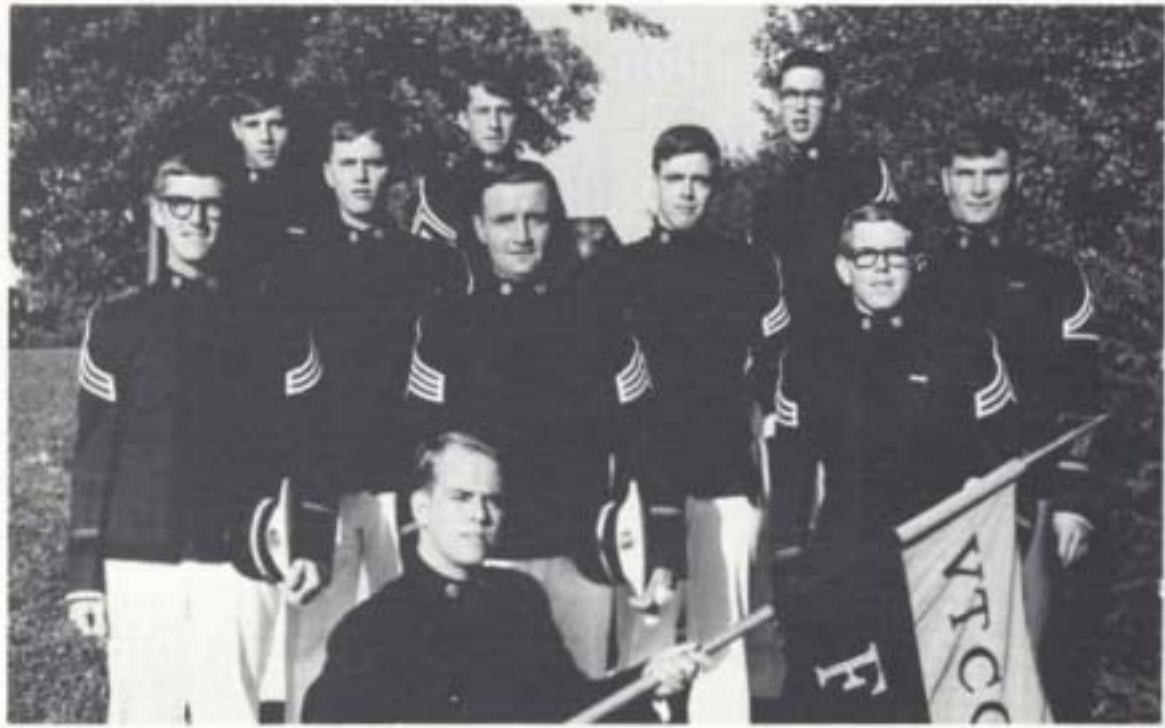

SOPHOMORES—First Row: J. L. Mead. Second Row: M. C. Zumwalt, A. J. Hayes, J. B. Byers, F. C. Nuckols, A. D. Pickard. Third Row: M. W. Bates, D. M. Lanigan, C. T. Snellings, H. C. Walker, M. E. Gleason. Fourth Row: J. B. Wright, D. J. Cleary, W. B. Jones, J. H. Whelan, B. A. Elmore, M. J. Giguere.

COMPANY F

FRANK D. MUIRE
Commander

JUNIORS—First Row: R. A. Gargano. Second Row: W. T. Phelps, A. D. George, W. A. Fry, B. Dowling. Third Row: B. L. Dickenson, A. K. Gilmer, R. F. Doty, R. R. Givens. Fourth Row: D. R. Gilliland, L. A. Vecellio, J. W. Donahower. Fifth Row: D. J. Gill, D. B. Russell. Not Pictured: H. E. Dix, E. W. Griffith.

An occasional chew session is good for the discipline.

The members of Company F insist that their unit consists of only fine athletes, accomplished lovers, and worthy scholars. "F" is very proud of its fine heritage, and does not attempt to hide the fact. The particular pride of "F" is its unusual ability in winning the Homecoming Display competition. The greatest aim of the men of "F" is to repossess the gold cord.

SOPHOMORES—First Row: H. C. VanDyke. Second Row: R. H. Goss, R. W. Carlisle, R. H. North, B. Klein. Third Row: D. Nash, W. A. Gray, E. D. Pierce, C. E. Roberts, W. G. Savage. Fourth Row: E. A. "G" indulges in its annual beer blast.

Since its forming in 1922, Company G has experienced two disbandings and two reformations. Such little pranks as stealing the "Skipper" from the Old Military Building, blowing off the end of Rasche Hall with TNT, and staking live goats in front of the mess hall are typical of her fun-loving members. However, this is not to say that Company G cannot function efficiently as a military unit. She has long since thrown off the nickname "Route Step Detail," and has finished high in the battalion repeatedly. While proving herself as a proficient company, "Turner's Troopers" still keep in mind their faithfully followed motto: "Wine, women, and song."

SOPHOMORES—First Row: J. R. Inge, Second Row: W. C. Jones, P. R. Rorabaugh, C. W. Kluge, Third Row: B. W. Bergmann, J. T. Naste, C. F. Desmond, Fourth Row: J. D. Jenkins, M. C. Carpenter, Not Pictured: J. D. Caske, W. A. Steiger, G. C. Wade, W. B. Wilkinson.

JAMES D. WEST
Commander

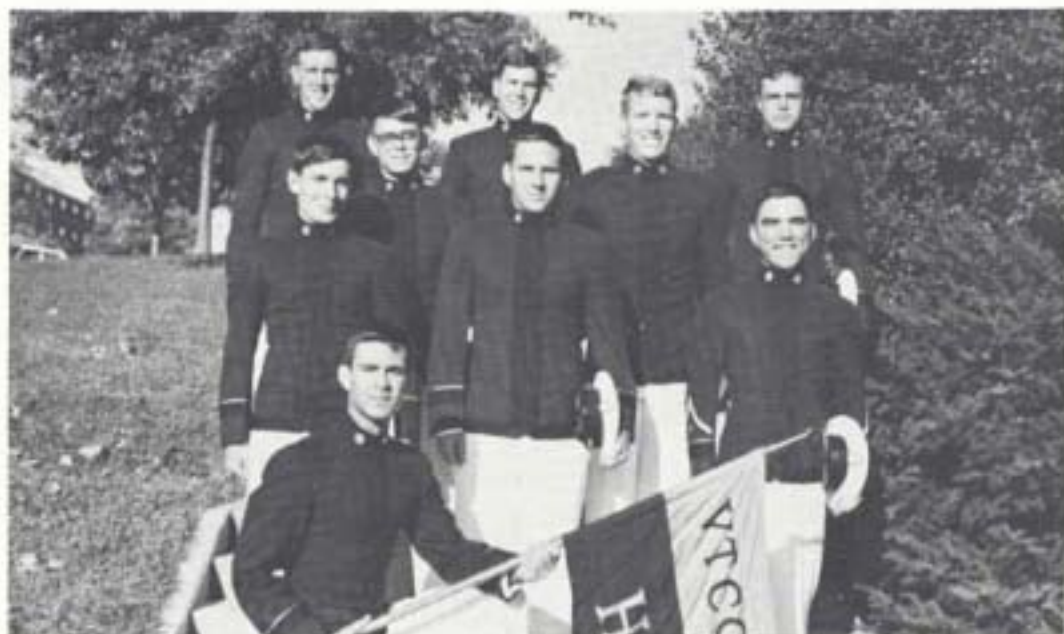

JUNIORS—First Row: K. A. Greene. Second Row: T. R. Wyster, T. H. Woteki, F. E. Zepf, S. V. Givens. Third Row: F. L. Eargle, C. D. Foster, W. A. Goodhart. Fourth Row: P. F. Goad, R. V. Cressy. Fifth Row: J. F. Wheeler, R. R. Burgess. Not Pictured: P. R. Eusner, E. R. Yount.

The fun-loving members of Company "H" play a friendly little prank on the editor-in-chief of the BUGLE, also of Company "H."

Company "H" became a part of the Corps of Cadets in 1922 as an Infantry Company of the Second Regiment. In 1932, the Company became an Engineer Section, and in 1934 the designation was dropped with a Corps reorganization. Not until 1962 was any unit designated "H" (except the athletic company for administrative purposes for a short time).

Since its rebirth five years ago, Company "H" has earned many honors. In her first year, the men of "H" won the Best-in-Battalion award, and since then have had spirit and determination second to none. The same award was taken again in her second year, and the next three years brought three Best-in-Corps awards for Sophomore Drill Competition, Kohler Cup and Eager Squad First Places make the history of Company "H" an impressive one. The Company, "Big H," continues to march forward with our motto "H Forever, Hell-Bent for Leather."

SOPHOMORES—First Row: P. N. Sims. Second Row: B. A. Johnson, T. R. Elmore, M. J. Burdell. Third Row: D. E. McColman, J. S. Smythers. Fourth Row: G. E. Matius, J. Schickling, L. A. Gates. Not Pictured: S. D. Cassell.

THIRD BATTALION STAFF—First Row: R. H. Harrison. Second Row: R. B. Fish, T. D. Johnston, H. H. Gilliam, S. H. Veasey, B. K. Davis.

The Third Herd contributes many men to the Ranger Company.

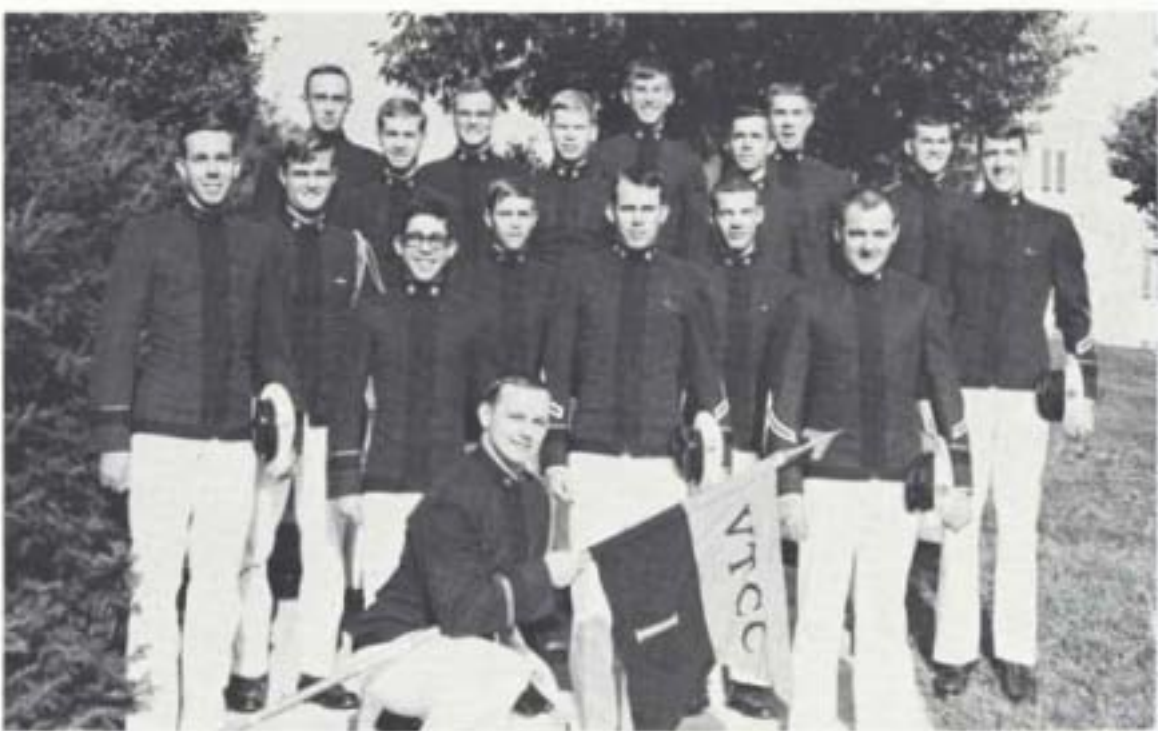

Seniors—First Row: R. A. Fesold. Second Row: K. E. Spitzen, N. R. Jamison, H. D. Fulcher, J. F. Shannon. Third Row: J. C. Fears, W. D. Erickson.

COMPANY I

NICKY R. JAMISON
Commander

Juniors—First Row: J. M. Anthony. Second Row: J. R. Goodall, R. L. Miller, J. J. Miles, J. M. Gillikin. Third Row: L. E. Wertz, L. M. Sanford, F. G. Sloop, J. H. Peoples. Fourth Row: D. M. Schwabel, J. T. Morris, K. F. Wood. Fifth Row: D. B. Menden, F. I. Whitten, R. D. Mitchell, J. R. Moleworth, T. M. Miller.

The seniors take in a little entertainment of the television variety.

Formed in 1927, Company "I" has a heritage of which it most certainly can be proud. In her thirty-nine year history Company "I" has taken more than her share of honors which include the Kohler Cup and the coveted Beverly S. Parrish Award. In the year 1964-1965 "I" proved her excellence by winning the Gold Cord for the second consecutive year, an accomplishment matched by only one other unit in the Corps.

This year, under the command of Cadet Captain Nicky R. Jamison, "I" Company again found herself in a place of prominence, having won first place in the school for her Homecoming display. With all classes striving to uphold the company's motto of "Strength, Excellence, and Unity," Company "I" shall continue to rank among the most outstanding units in the Corps of Cadets, and shall, with the completion of the current year, find herself where she belongs—on top.

Sophomores—First Row: R. A. Archer. Second Row: R. B. Roller, W. Y. Roper, J. V. Cornelius, E. S. Fretell. Third Row: D. E. Little, C. L. Horner, R. M. Myron. Fourth Row: W. H. Bamford, V. R. Daniels, S. C. Van Kesteren, J. C. Carson. Fifth Row: S. L. Jamison, K. P. Giedd, S. M. Burrows. Not Pictured: R. Powell.

Hearts—Company "K's" favorite pastime.

Company "K" was organized in 1927 as the 10th Company in the Virginia Tech Corps of Cadets. The "Golden K" has had a long, distinguished history as being one of the top companies in the Corps. In the ten-year history of the Beverly S. Parrish Award, the Gold Cord, given to the company or squadron massing the most points in Corps competition, Company "K" is the only company to have won this award four times.

Company "K" is currently wearing the Battalion Cord, which signifies that it is the top company in the Third Battalion. The men of Company "K" are constantly striving to build upon this fine heritage and to carry it into the future.

SOPHOMORES—First Row: J. W. McClellan, Second Row: W. J. Nanna, G. T. Newbill, J. M. Ross, J. J. Sugrue, Third Row: P. A. Bennett, C. W. West, E. D. Thayer, Fourth Row: M. L. Lovern, B. S. Dodson, Fifth Row: S. M. Coleman, T. W. Kilpatrick, P. W. Nichols.

Seniors of "L" take a break at drill.

"Love, liquor, and laughter" is the motto of Company "L." Known throughout the Corps as "ye old country club" and for her indulging attitude in Corps matters, Company "L" provides the type of environment in which lifelong friendships grow.

The spirit manifested in Company "L" is known best to her members, and provides the motivation and insights necessary for becoming better leaders and citizens. Whether on the drillfield or at "Big Baldwin's," Company "L" always presents a unified effort.

Besides leading the Corps in social innovations, "L" also excels in the classroom and on the athletic field. This year's football and volleyball teams took first places in Army competition. The reduction in size of this year's "company tube room" resulted in increased QCA for all.

It is no wonder that Company "L" always has a large number of alumni returning each year for Homecoming. We are proud of our unit, and our pride remains, even after graduation.

Sophomores—First Row: W. J. O'Donnell, C. J. Helms, K. H. Baecker, W. A. Grigg, D. E. Belanger, P. W. Noble, Second Row: H. M. Rauscher, H. S. Gibson, S. M. Aronson, J. H. Ford, Third Row: T. M. "Big Mike" heading out to practice for the Thanksgiving Day Formation.

Since Company "M" was first established in 1928, the unit has accomplished its purpose by producing men of high caliber having such qualities as leadership, fellowship, and character. Under the leadership of a very fine and capable group of officers, who carry the spirit as well as the discipline for a good company. "Big Mike," whose motto is "All The Way," through the years has been considered a company with ambition, cooperation, and spirit. "M" Company's ambition is to obtain not only military honors but academic and athletic honors as well.

On arrival last fall the men of "M" all knew that they had a lot to learn and they have learned the meaning of friendship, cooperation, and teamwork. Now as the school year comes to a close, each of them feels justifiably proud of the organization known as "Big Mike."

SOPHOMORES—First Row: F. C. Belen. Second Row: R. A. Lorenzetti, A. B. Carey, D. W. Spigelmyer, T. O. Cunningham. Third Row: B. S. West, E. A. Hanes, R. J. Deaton. Fourth Row: S. A. Forcey, R. B. Twisdale, R. H. Swider.

Upperclassmen can always find the time to provide freshmen with the correct type of discipline.

"N" Squadron has made many noteworthy contributions both to VPI and to the VTCC in the past several years. The leadership it has provided the Corps of Cadets within this time is unequalled by any other unit. Ever since the Class of 1967 entered Tech, a member from "N" Squadron has been on Regimental Staff. Last year Ranny Dixon, Regimental Commander, was "N" Squadron's contribution. Once again this year, "N" Squadron has shown its superiority by giving the Corps another fine Regimental Commander, Randy Sinclair.

"N" Squadron's contributions to VPI can easily be seen when one notes that many of their men belong to several of the various curricula and service organizations on campus.

The men of "N" Squadron take pride everyday in the unit to which they belong. Stressed above all other things in "N" Squadron are pride and self-respect—characteristics which go into the making not only of a good cadet, but also of a good Techman. This year "N" Squadron was faced with the large task of rebuilding. The men of "N" Squadron recognize that they cannot merely rest on their laurels, but must work hard. With this motto, "Spiritus et Unitus" in mind, "N" Squadron is a unit to watch in the future.

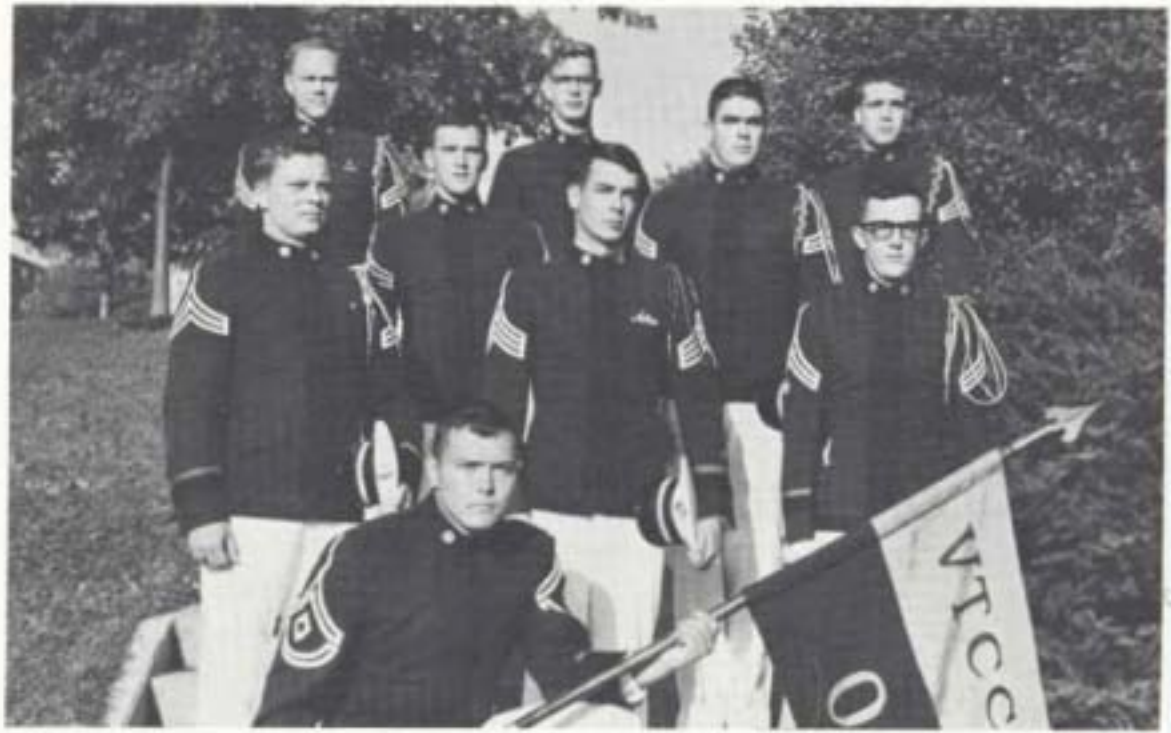

SOPHOMORES—First Row: J. M. McClenon, Second Row: E. E. Harrington, G. W. Greiner, G. N. Crandall, Third Row: C. R. Schellenger, J. R. Alvis, J. C. Rendler, Fourth Row: K. W. Hester, K. S. Branum, D. E. Jennings, D. F. Carruth, Not Pictured: C. M. Gray.

And then she said, "Which Corps?"

Since her founding in 1950, Squadron "O" has had a continuous history of high achievement and tremendous pride. Through her ranks have passed some of the ablest men of Virginia Tech, who have enabled Squadron "O" to win the Fourth Group Citation Cord more than any other unit. This year has been no exception to the Squadron "O" tradition. Under the leadership of Captain Richard Richman, First Lieutenant William Brubaker, and a particularly proficient senior class, and with the help of three fine underclasses, she has perpetually placed high in all phases of cadet life. Ranking high in the homecoming display projects, academics, intramurals, and general military competition, Squadron "O," 1966-67, has assured herself of a memorable place in the never-ending list of achievements of one of the finest units in the Virginia Tech Corps of Cadets.

Sophomores—First Row: K. W. Hinson. Second Row: C. M. Grace, W. A. Cassels, R. J. Weiler, R. M. Dowdy. Third Row: C. E. Maxey, W. T. Kurylo, M. W. Price. Fourth Row: R. H. Smith, P. E. Hutchens, M. T. Vest. Fifth Row: H. J. Cain, D. A. Elder. Not Pictured: M. Kaul.

Three blind dates coming up!

"R" Squadron was formed in 1962 and has been distinguishing itself and the cadet corps ever since. During the past year "R" won the Group Citation Cord symbolizing supremacy and excellence in the Fourth Group. Last spring, the Squadron was named the best drilled Air Force squadron on the basis of its display of drill superiority in competition by winning the Corps Eager Squad competition and the Kohler Cup. This year the squadron has kept up its winning tradition by placing first in the Corps Homecoming display contest with its "Spad R."

Squadron "R" truly exemplifies the spirit of the Corps of Cadets by maintaining high standards of military training, leadership, and academic excellence. The men of "R" have constantly upheld this tradition and the reputation of being fine athletes, worthy scholars, and accomplished lovers (?).

Report rat duty is an educational experience.

Squadron "S," although organized only nine years ago in 1957, has established itself as being one of the most closely knit and best-drilled units in the Virginia Tech Corps of Cadets. Displaying an extraordinary amount of team effort, "S" Squadron succeeded in winning the Homecoming Display for three consecutive years, in 1960, 1961, and again in 1962. Consequently, in 1963 they were presented the "Esprit de Corps" award. Demonstrating superior knowledge of drill techniques, the Squadron was awarded the "AFROTC Best Drilled Trophy" for 1964. The pinnacle of success was attained when "S" Squadron won the Kohler Cup in the spring of 1964. Squadron "S," fielding superior sophomore flights, won Sophomore Flight Competition in the Fourth Group in the fall of 1965 and again in 1966.

SOPHOMORES—First Row: H. K. Parks, W. H. Huff, D. E. Owens. Second Row: B. T. Whittemore, R. W. Donahoe, A. H. Saunders, J. J. Stahl. Third Row: C. E. Clements, P. W. Nonn, P. A. Tucker, D. E. RANGER COMPANY

EDWARD J. WEIHS
Commander

Established in 1966 by the AUSA, the Ranger Company now operates as a separate unit. Qualifications for membership are based on OCA, military bearing, physical proficiency, and enthusiasm for military service.

The purpose of the company is to produce future officers who are both desirous and capable of participating to the utmost in rigorous Army operations with the confidence necessary for good officers. To achieve this, a diversified year-round program of physical training is carried out, and instruction is provided in unconventional tactics, hand-to-hand combat, and basic combat-oriented skills.

Though still very much in the growing stage, the unit's future is very promising. Pride, spirit, and 100% support by the Army ROTC Detachment will enable the Ranger Company to secure a prominent place among Tech's military societies.

Senate

Student Government Officers—(left to right): Frank Smith, Wade Ogg, Mark Cardoza, Sam Markman, Garland Rigney.

The Senate is the Legislative branch of the Student Government Association of Virginia Polytechnic Institute. It is composed of more than 70 elected senators, each representing 100 students, both dormitory and town.

Student Government Vice-President Mark Cardoza is the President of the Senate, and presides over its weekly meetings.

The SGA Senate is the strongest official link between the student body and the Administration. The Senate presents student problems to the Administration and works with it toward a solution.

Student social and cultural life is also of great concern to the Senate. The senators, through their committees, arrange to present various entertainers on our campus. In addition, the Senate brings well-known speakers here for its convocations.

The Senate, along with the entire Student Government Association of VPI, has come a long way in the past year towards being an effective advocate of student welfare and self-betterment, and an integral part of our university.

Cadet Honor Court

Warren V. Knight (Associate Justice), James L. Smith (Chief Justice), S. Richardson Carpenter (Associate Justice).

Gary E. Bray (Associate Prosecuting Attorney), Don Johnson (Honor Council Chairman), Thomas H. Graves (Chief Prosecuting Attorney), Schust, A. P. (Defense Attorney).

"To trust a man is to make him worthy of that trust." This one sentence forms the basis for our honor system. The students of VPI feel that a college graduate should be an upstanding gentleman and that a gentleman does not lie, cheat, or steal. Since 1906, our honor system has been administered by the students themselves through the honor court. Since this responsibility of upholding the system is placed on the students themselves, the system is a living, working force on the Tech campus.

Patrick A. Tucker (Recorder), Thomas H. Woteki (Secretary), Joel W. Campbell (Sergeant at Arms).

The Bench: Grayson W. Walker (Associate Justice), J. Thomas Bobbitt (Associate Justice), E. Mitchell Spencer (Chief Justice), J. Philip Mahaney (Associate Justice).

The Civilian Honor Court is responsible for investigating alleged violations of the University's Honor Code by civilian students. The work of the court is carried out by the following staff: the Bench, which hears all cases before the court and renders a decision as to punishment; the Prosecution Staff, which is responsible for upholding the Honor Code by prosecuting all violators; the Defense Staff, which is responsible to the defendant in each case and sees to it that all evidence in his favor is presented; and the Clerk of Court Staff, which is responsible for the records and correspondence of the court.

Civilian Honor Court

The Honor Council: Larry Aaron (Associate Chairman), Laurence Stevens (Associate Chairman), Greg Bennett (Associate Chairman), Paul Loughton (Honor Council Chairman).

The Defense: Ronald Sharpley (Associate Defense Attorney), Michael Peck (Defense Attorney), Thomas Fishow (Associate Defense Attorney), Neil Aronov (Associate Defense Attorney).

Not Pictured: Merle Valotto (Prosecuting Attorney), Robert Fisher (Associate Prosecuting Attorney), Elizabeth Snodgrass (Clerk of Court).

Board Of Visitors

Members of the Board of Visitors: H. C. Wyatt, Rector; W. A. Williams, Vice-Rector; E. D. Redding, Clerk; E. Shewalter, J. W. Hancock, M. M. Gibbs, W. T. Rice,

G. M. Cochran, W. J. Erwin, C. A. Cutchins, A. S. Johnson, D. Wilhelm, J. W. Landis, W. G. Miles.

The Board of Visitors is the governing body of Virginia Polytechnic Institute. The members of this board are appointed by the governor upon recommendation by the Alumni Association and the Administration. They meet quarterly to approve budgets and capital outlay and to establish and review the policies that control our University.

Civilian Interdormitory Council

Seated: Dean Marquis, S. Markman, Treasurer; W. Emerson, Vice-President; S. Shertzer, E. Pulley, Activities Chairman. Standing: T. Dillard, C. Graybeal, R. Nelson, K. McGrath, S. Mawyer, F. Duis, B. Via, R. Wright, L. Atwood, S. Sege, K. Wood. Not Pictured: W. Drake, President; J. Oliver, Secretary;

R. Hutter, Athletic Chairman; T. Alanson, Cultural Chairman; P. Shuffie, Scholastic Chairman; A. Cook, Librarian; K. Loflin, D. Davison, R. Nutt, R. Ramseur, D. Warwick.

Student Activities Committee

Seated: Dr. J. W. Dean, Dean Brown, C. Linthicum, C. Flagg, R. Sinclair. Standing: Dr. T. J. Horn, Professor L. Padis, General M. W.

Schewe, M. Cardoza, M. Musick, Dr. Martin, W. Drake, G. Anderson, G. Rigney, R. Keith.

The Student Activities Committee is a standing committee of the President of the University and serves as a subcommittee of the University Council (formerly the Academic Council). This student-faculty-administrative committee was developed in the mid-fifties under the direction of President Walter S. Newman. During the fifties and the early part of the sixties, the Chairman of the Student Activities Committee was the late Lewis Pardue (Vice-President of the University). Prior to 1964-65 the Student Activities Committee had a membership of ten. The control of student life through student organizations, including Student Life Policies, was accessed through the Student Activities Committee.

This history of this particular group has probably aided and directed student freedoms and organizations, finances, politics and services more than any other single ingredient within the University. Initially, it had three faculty members plus the Commandant of Cadets, Director of Student Activities, the Vice-President and four students. In 1964-65, the Student Activities Committee added the president of the sophomore class to the membership. In 1966-67, the Student Activities Committee allows for the three class presidents, a representative of the Publications Board, President of the Student Government Association, Vice-President of the Student Government Association, Colonel of the

Corps, a woman representative, President of the Civilian Interdormitory Council; three faculty members—Dr. Philip Martin, Dr. T. J. Horne, Prof. Leo Padis; and the Dean of Women, the Dean of Men and the Commandant of Cadets. Dr. Warren W. Brandt, Vice-President, serves as Chairman, and Dr. James W. Dean, Dean of Students, serves as Secretary. Dr. Brandt is authorized to vote only in the case of a tie and Dr. Dean, serving as secretary, is without vote.

The Student Activities Committee meets on the average of twice each month during the nine-month academic period. With the press of business, this organization has had to meet on the average of once a week for the past two years. Any program sponsored by any individual representing a group may petition by letter for a place on the agenda to be heard in regard to requesting approved status or other significant student life improvement. The results of the Student Activities Committee are forwarded to the President's Office and may be accepted or rejected as the University standing committee. Matters concerning the welfare of faculty, students and administration are forwarded directly to the University Council for ratification; i.e. student government constitution, changes in the calendar, approval of the calendar, Student Life Policies, etc. Borrowing a phrase from Sir Winston Churchill:

Board of Visitors

A scene on the expanding campus entrusted to our Board of Visitors.

The Board of Visitors meets annually in August. Among its actions at the 1966 meeting was approval of the Bachelor of Arts degree now awarded in some colleges at Tech. The Board also voted on the present budget for the eight divisions of the University and on the capital outlay program. These actions are made public at the annual budget hearings in Richmond.

Members of the Board are, left to right: Mrs. Donald Wilhelm, John W. Landis, Adger S. Johnson, John W. Hancock, Jr., William J. Erwin, Mrs. English Showalter, Mrs. H. R. Redding, clerk; Harry C. Wyatt, rector; Waldo G. Miles, Clifford A. Cutchins, III, Charles W. Wampler, Jr., George M. Cochran, Mrs. Mavis M. Gibbs, and Wyatt A. Williams, vice-rector. **Not Pictured:** W. Thomas Rice.

Dr. T. Marshall Hahn

President

Dr. T. Marshall Hahn has been president of V.P.I. since 1962. During this time the university has seen great changes—expanded and broadened curricula, larger enrollment, rapid and ambitious construction of new facilities.

A native of Lexington, Kentucky, Dr. Hahn received his B.S. in physics from the University of Kentucky in 1945 and his Ph.D. from M.I.T. in 1950. He has served as a physicist in the U.S. Naval Ordnance Lab and as a research assistant at M.I.T. He then taught Physics and was director of graduate studies in physics at the University of Kentucky, where he also directed the Nuclear Accelerator Labs. In 1954 he became head of the physics department at Tech; in 1959 he left to become Dean of Arts and Sciences at Kansas State

University, where he remained until he became president of V.P.I.

Dr. Hahn has served many corporations in industry, including North American Phillips Co., Reynolds Metal Co., Leeds and Northrup Co., and the Atomic Energy Commission. He is a director of the First National Exchange Bank of Virginia.

He is a fellow of the American Physics Society and a member of the American Association of Arts and Sciences, American Association of Physics Teachers, Phi Beta Kappa, Sigma Xi, Omicron Delta Kappa, Sigma Pi Sigma, and Pi Mu Epsilon.

He is married to the former Margaret Louise Lee.

Dr. Warren W. Brandt, Vice-President

Dr. Warren W. Brandt

Vice-President For Academic Affairs

Dr. Warren W. Brandt has been vice-president of V.P.I. since 1963. He received his B.S. in chemistry from Michigan State University in 1944, his postgraduate degree in 1946, and his Ph.D. from the University of Illinois in 1949. He served as a teaching assistant at Michigan and Illinois and was a university fellow at Illinois. He has taught at Purdue and was head of the department of chemistry at Kansas State University, where he was also Associate Dean of Arts and Sciences. He went to Oxford as a Guggenheim Fellow in 1958. He was dean of the Graduate School at V.P.I. from 1963-65.

Dr. Brandt is a member of the American Chemical Society, the American Association of Arts and Sciences, Phi Lambda Upsilon, and Alpha Chi Omega.

He is married to the former Esther Mae Cass.

Stuart K. Cassell, Vice-President

Stuart K. Cassell

Vice President for Administration

Mr. Stuart K. Cassell graduated from V.P.I. in 1932, majoring in animal husbandry and having the highest academic record in his class in the School of Agriculture. He was awarded a fellowship and received his M.S. in agricultural economics the following year with honors.

He worked for the Agricultural Extension Service, starting in 1933 as an assistant county agent. He helped to organize the Agricultural Adjustment Administration in several counties; in 1939 was appointed State Executive Officer of the AAA.

At V.P.I., Mr. Cassell served as assistant agricultural economist in the department of agricultural economics. In 1945 he was appointed finance and business manager; he held this position until August, 1966, when a major reorganization of the administrative structure of the university made him vice-president for administration.

Mr. Cassell is a member of Alpha Zeta and Phi Kappa Phi honoraries.

Deans

Dr. James W. Dean
Dean of Students

Dr. Dean is concerned with all phases of student life, from individual problems to policies affecting the entire student body.

Mr. James G. Brown
Dean of Men

To Dean Brown is entrusted the supervision of all aspects of male student life at Tech.

Miss Martha Harder
Dean of Women

Dean Harder came to Tech this year as dean of our growing coed population.

Mr. Albert W. Crawford
Assistant to the Dean of Students

Dean Crawford handles Selective Service problems and financial matters.

Cockroaches? Well, to each his own!

Wilson S. Bell, Dean

Horticulture students conduct experiments in modern greenhouses.

College of Agriculture

Agriculture was, of course, one of the first courses offered at Virginia Agricultural and Mechanical College, and at the modern Virginia Tech, the College of Agriculture continues to expand and to offer to its students the most up-to-date education possible in their field. Courses are offered in agricultural economics, agricultural education, agronomy, animal science, biochemistry and nutrition, dairy science, entomology, extension education, forestry, horticulture, plant pathology and physiology, and poultry science.

The College has far-reaching influence through its Extension Service. Through county agents and home demonstration agents, this service brings information about modern methods and practices to people throughout the State of Virginia. The experiment station program is conducted in order to carry on further research and to be continually abreast of the most advanced methods in modern agriculture.

College of Architecture

The College of Architecture was established in 1964 with an enrollment of 135. By 1970 this enrollment is expected to double to about 660. The College would be larger at present except for space limitations and is eagerly anticipating the construction of a new building. According to Dean Burchard, the rapidly increasing enrollment "reflects the new emphasis being given to programmed design for man's environment on the national level."

The College is divided into four departments; architectural engineering, architecture, building construction, and urban and regional planning.

An example of the expanding scope of the College of Architecture is the Urban Studies Program, under which students spend a quarter at George Washington University in Washington, D.C. While there, they have the opportunity to meet and work with planners who are working on programs throughout the country.

Charles D. Burchard, Dean

"Where's the Bathroom?"

The College of Architecture offers courses in oil and water-color painting and sculpture.

The honors seminar is a new and very successful experiment in the College of Arts and Sciences.

Well-equipped language labs aid comprehension and pronunciation.

College of Arts and Sciences

The College of Arts and Sciences was originally intended to provide a background for students in engineering and technical courses. Now it is the second-largest college at VPI, carrying half of the University's teaching load and having more than 1500 students in Arts and Sciences curricula.

A recent innovation in the College of Arts and Sciences is the honors program, which allows outstanding students to pursue certain subjects in depth. An honors seminar is also offered; in this course the student reads widely and is encouraged to formulate his own views concerning the humanities and social and natural science.

New offerings in the College of Arts and Sciences include the Master of Arts degree in English and History and undergraduate majors in health-physical education and philosophy.

DR. LESLIE F. MALPASS
Dean

College of Business

The College of Business was accredited last summer by the American Association of Collegiate Schools of Business. The College was accepted to membership when it received its accreditation, an honor which belongs to only 120 of the nation's 600 departments, schools, and colleges of business. With accreditation comes the privilege of forming chapters of two national scholastic honoraries on campus: Beta Gamma Sigma for business, and Beta Alpha Psi for accounting students.

Virginia Tech has offered degrees in business since 1925. In 1961 the School of Business was formed; in 1964 all Schools were designated Colleges.

There are three departments in the College: business administration, accounting, and economics. Majors are offered in accounting, business administration (including finance, management, and marketing), economics, business education, and public administration. The master's degree in business is also offered.

Accounting labs give students experience in dealing with the problems encountered in operating a business.

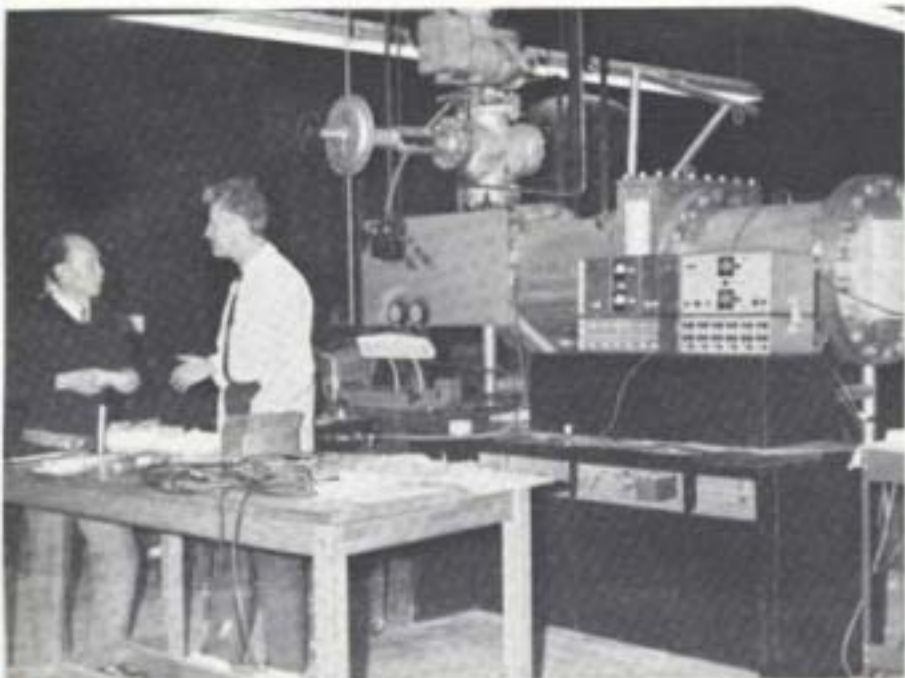

H. H. MITCHELL, Dean

Young businessmen in training.

College of Engineering

The College of Engineering is the largest in the University, having an enrollment of 3500 students, and it is well-known throughout the country as an excellent engineering school. Courses are offered in aerospace, agricultural, architectural, ceramic, chemical, civil, electrical, industrial, mechanical, metals, and mining engineering, as well as in engineering mechanics and materials engineering science. The College of Engineering recently began a series of Effective Teaching Seminars which are held weekly, primarily to benefit young teachers who have been on the faculty for less than three years. Speakers are featured from the faculty and from elsewhere, and the seminars have proved helpful to new and old teachers alike.

Many engineering students benefit from the cooperative program. By alternating quarters of work and study, they are able to acquire practical job experience which is a definite asset after graduation.

A possession of which the College of Engineering is very proud: the wind tunnels.

Willis G. Worcester, Dean

A ceramics lab.

"Sweep it up, Cinderella."

Students in the Home Management House manage a home for an entire quarter.

College of Home Economics

There are five curricula offered in the College of Home Economics: Clothing, Textiles, and Related Arts; Human Nutrition and Foods; Management, Housing, and Family Development; Home Economics Education; and General Home Economics. These courses prepare students for a variety of careers as housewives, home demonstration agents, and many positions in the food and textile industries and in management and teaching.

Many advantages to study are available on the campus, such as the nursery school, a great help to students of child development, and the Home Management House. Students live together in this house for a quarter to gain practical experience in the management of a home.

The College of Home Economics is looking forward to the completion of its new building, which will be a two-story structure to which new additions can be made as they become necessary.

Dr. Laura J. Harper, Dean

SENIORS

The Graduating Class of 1967

All freshmen have their enthusiasm, their apprehensions, their goals. The class of 1967 was not unlike other freshman classes. Our families left us in empty rooms to be settled, new faces to be known, and . . . registration. We rationalized by thinking that registration was only another new experience which improved with time . . . some things never change.

We were led, almost dazed, through the freshmen camp and orientation program. Then came the realization that, as much as others could lead us, we had to take the responsibility for leading ourselves. It was up to us.

Amid the excitement and fun of pep rallies and football, came the day—November 22, 1963. As freshmen, perhaps we felt the impact more keenly, because suddenly we were to face this crisis not as children but as adults. The Corps of Cadets assembled on the drill field for a Formal Retreat and they sounded the 50-gun salute.

Thanksgiving brought victory over V.M.I. setting a precedent not broken during our college career. December came with our first set of college finals. We learned the true meaning of the cliché "midnight oil." We also acquired the practice of existing on vast quantities of coffee and No-Doz. Somehow we survived. And we were proud.

After a well-deserved vacation, we returned to "good ol' Blacksburg." Winter became Spring; we exchanged snowshoes for tennis rackets and looked forward to summer vacation. However, for some of us, there was summer school.

Our prime objective Sophomore year, aside from studying, was the election of class officers and the formation of ring dance committees. '67 survived the "sophomore slump" and began anticipating the excitement of Junior year.

Fall 1965 . . . **We** were upperclassmen! The details of Fall and Winter quarters became insignificant as we focused our attention on May 6-7. Somehow, amid the excitement of ordering rings and planning our dance, we acquired interview data sheets and thought ahead to our Senior year.

1966-1967 has seen many significant firsts at our university—one of the most important being the unified student body. Against the backdrop of a rapidly expanding campus, the Hokies won their way to the Liberty Bowl and national recognition. The '67 basketball squad brought another first for Virginia Tech—the NCAA bid.

Between concerts Winter quarter, we have found time for job interviews. We are now aware again of apprehension—not of college but of what comes after.

Virginia Tech has grown. So have we. High-rise dorms, the stadium, the over-all expansions under President Hahn perhaps parallel our growth inside. Generalizations about our individual minds, our individual experiences cannot be made. Yet we all know the changing and the growing. The members of the Class of 1967 may have reached a goal—a most important goal of becoming mature, aware adults who along the way, also graduated.

The officers of the Class of 1967 are, from left to right: Robert Keith, President; Jenks Robertson, Advisor; Robert Fennema, Civilian Member-at-Large; Thomas Johnston, Cadet Member-at-Large; Patty Maxey, Secretary; Thomas Graves, Vice President; Erick Johanson, Treasurer; Geoffrey Hintze, Historian.

Our man on the spot—'67 could not have made it without him.

Some wise old upperclassmen found unexpected talents in innocent freshmen.

Completion of new dormitories forced many freshmen into midyear moves.

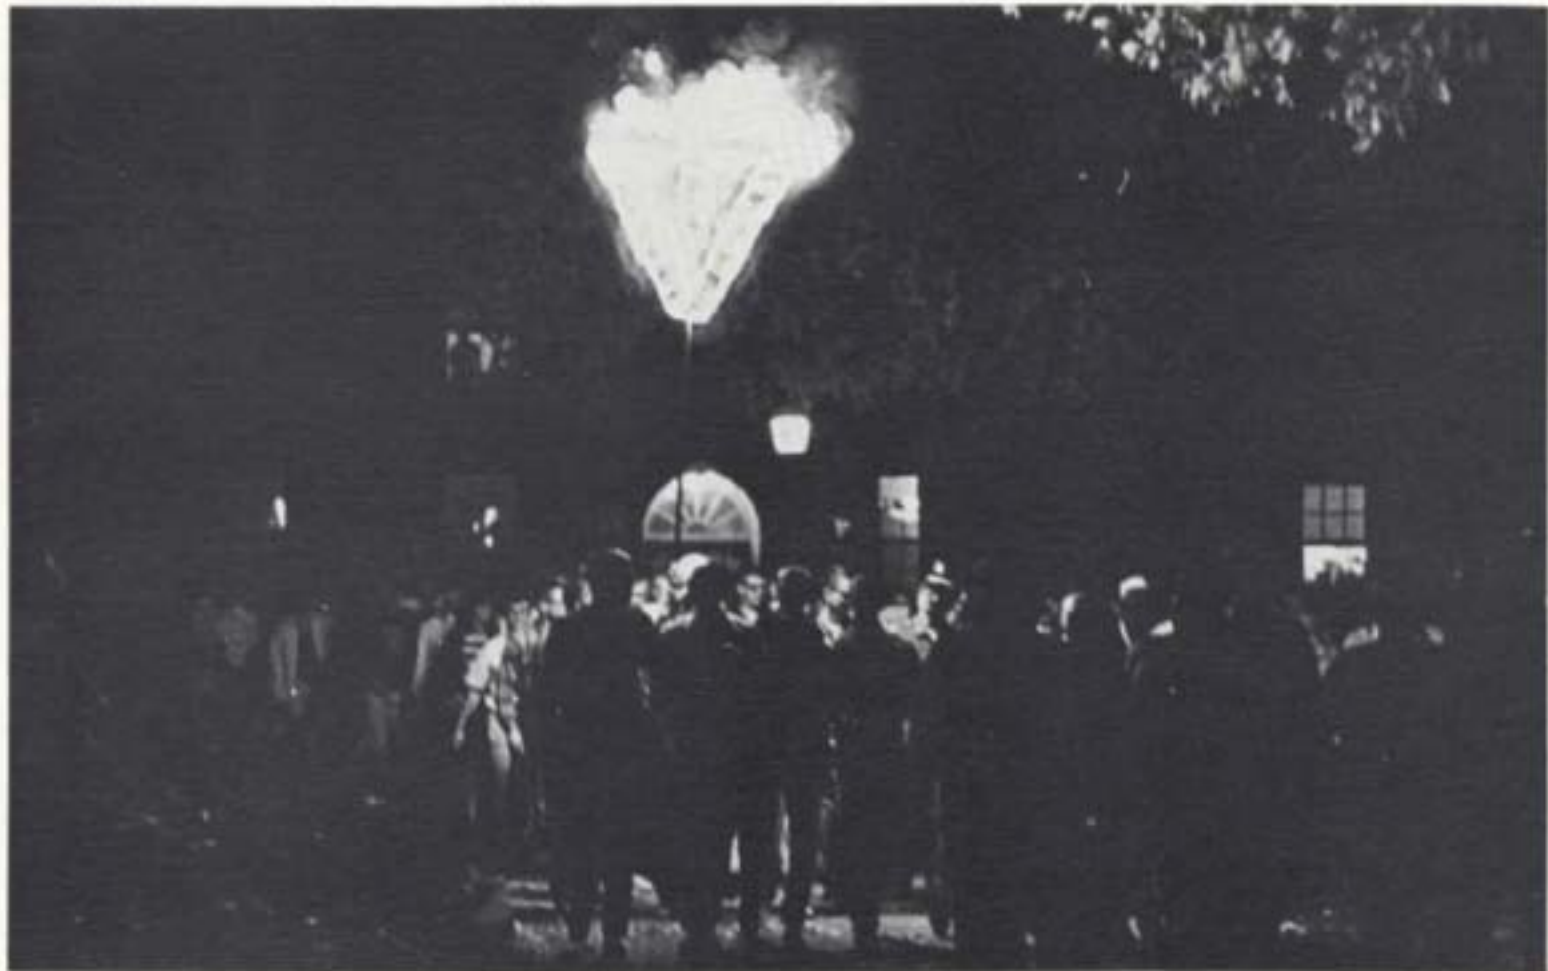

Newcomers to campus found Tech had facilities for discussing in the sun anything under the sun.

The Class of 1970

The Class of 1970 entered a rapidly changing world in V.P.I. The campus building program, academic improvement, developing areas of student

life, all give the freshmen a bright future. Here freshmen, with other Techmen, lead a pep rally.

Newcomers to Tech can look forward to moments without studies, such as those spent in the infirmary . . .

. . . or in good, constructive "Happenings" . . .

. . . or with a few friends around an Owens meal.

Like so many other organizations, WUVT had to find a new home after the SAB closed.

The new Continuing Education Center is one of the major projects underway on campus.

Workmen, a now-familiar sight on campus, pack up after another day.

Lights burned all night in the BUGLE office as the final deadline approached.

... exploring new ways, creating new tools, testing the unorthodox
... is a way of life at Poly-Scientific.

Poly-Scientific, Division of Litton Industries, specializes in the design and manufacture of precision systems' components. Included are slip ring and brush block assemblies, commutators, rotary switches, electro-mechanical choppers, and programming devices. These instruments are used in gyroscopes, accelerometers, stabilized platforms and inertial navigational systems of missiles, manned aircraft and ocean vessels.

The company has grown from a small laboratory-shop in 1953 until today we are the world's leading slip ring manufacturer and employ 525 individuals. In 1962 we became a division of Litton Industries, Inc.

Virginia Tech graduates play key roles in every phase of Poly-Scientific's success story. Currently there are ten V.P.I. grads on the P.S. staff:

Al Bowman, B Ad '58 (Finance)
Steve Cole, Met. E. '63, MS '66 (Lab)
Bob Gardner, EE '68 (Sales)
Jax Glasbrander, Phys '49, MS '57 (Eng.)
Harold Hankins, IAED '57 (Mfg. Eng.)
Kerry Hay, EE '57 (Sales)
Wendell Hansley, Met. E. '61 (Lab)
Chris Lyne, ME '61 (Eng.)
Phil Reed, EE '64 (Eng.)
Wayne Starkey, IAED '52 (Mfg. Eng.)

Poly-Scientific employs approximately fifty-five graduate engineers, scientists and technicians in all. Our company has enjoyed significant growth and has still been able to maintain an informal work atmosphere. We maintain a policy of promotion from within wherever possible. However, our steady growth and the broadening of research and development programs are creating new opportunities for both bachelor and advanced degree graduates.

**There's
a career for you
in
paper**

Today there are more than 100,000 different uses for paper . . . and the search for new uses never ends. That is why this fast-growing industry is now among the ten largest in the country . . . and why it needs engineers, researchers and technicians for future growth. Our company, a pioneer kraft paper manufacturer, offers college scholarships for study in electronics and in pulp and paper technology. It offers jobs for skilled college graduates in many other fields. For information, write Personnel Department—

ELECTRICITY: MUSCLE OF INDUSTRY

Behind the great industrial might of America stands a "giant workman" — electric energy. It would require the muscle energy of 70 men working 40 hours a week for one whole year to equal 10,000 kilowatt hours of electricity — less than the average annual consumption of two Vepco residential customers. Yes, electricity is the "muscle" behind our power and prosperity.

NEW YORK, SATURDAY, JANUARY 1, 2000

U.S. INAUGURATES DAILY SHUTTLE SERVICE TO MOON

2000 A. D. is just around the corner. Where do you figure you'll be then?

Come the year 2000, you'll be about to retire, for one thing. Will you look back on your career with satisfaction? Or with second thoughts? It'll depend a lot on how you begin your career. And where.

At G.E. you get off to a fast start. Big responsibilities come early.

You may find yourself at Cape

Kennedy, checking out the Apollo moon shot. In India, installing a nuclear power plant. Or in a laboratory, looking for applications for a new silicone membrane that lets a submerged man breathe oxygen directly from the water around him.

This is a worldwide company that's helping to change the world.

And that's changing with it. Well over half of the 250,000 products General Electric makes today didn't exist ten years ago!

If you think you have what it takes to play a key role in one of the important fields of your time, talk to the man from General Electric.

We'll make our first 2000 together.

Progress Is Our Most Important Product

CONGRATULATIONS

to the

Class of 1967

The staff of the 1967 BUGLE wishes to congratulate the members of the class of 1967 on completion of their work at VPI. We hope that the future will bring the best to each and every member of the class.

THE 1967

BUGLE

A Memorable Year

- Congratulations to the Student Body and Faculty of VIRGINIA TECH upon the completion of another outstanding year of accomplishments.

- The Staff of your annual has worked exceedingly hard to give you a superb book that portrays the highlights of memorable activities. To preserve this excellent literary and photographic record, the best grades of material have been combined with skilled workmanship to provide the finest quality yearbook.

- We are very proud that the 1967 Staff selected us to print and bind the BUGLE. We have earnestly endeavored to fulfill the confidence placed in us.

-
-
-

Editor's Wrap-Up

The time is 8:37 p.m., March 10, 1967. At this time four hundred and fifty-eight pages out of the four hundred and sixty in the 1967 **BUGLE** have crossed this desk and have been individually checked and rechecked for appropriateness and accuracy. Two pages remain to be compiled, laid out, and drawn up in order to complete the 1967 **BUGLE**. Those pages are the two you are presently looking at. My eyes still smart from the glare of the flash which conceived the picture on the facing page. But my mind smarts even more from the struggle of trying to find appropriate words to describe the experience of being a yearbook editor. The experiences and lessons gained through my position lie almost entirely within a single frame of reference—that of dealing with people.

The alleged purpose of this particular write-up is to acknowledge those students whose efforts over the past several months merit recognition. But I personally am not in favor of this practice in this case simply because every member of this staff, without exception, has done an outstanding job and deserves recognition, and if individuals are singled out, one or two are likely to be inadvertently omitted. I only wish that every student on this campus could experience the spirit of cooperation, not only from students, but from the faculty and administration also, that I have enjoyed this past year, as well as the "moment's notice" aid and cooperation from concerns outside the school, such as Gentry-Gilbert Photographers in Blacksburg, and C. W. Warthen Company of Lynchburg.

I view the wrapping-up of this year's **BUGLE** with mixed emotions. Editing the **BUGLE** has demanded an unbelievable amount of time and work, yet this has unquestionably been the most rewarding year of my life. My goal this year has not been to win a piece of paper telling me that the 1967 **BUGLE** is an outstanding yearbook; these awards are based on journalistically correct practices, some of which are so stiff and inflexible that strict adherence detracts more from the book than it adds. College annuals are produced for students, not judges, and my goal has been to produce a book which you, the students, will feel is the best book ever to hit this campus. If you enjoy possession of this book one-half as much as my staff and I have enjoyed putting it out, we will have succeeded.

Thank you,

E. Ray Yount, Jr.

Editor, 1967 **BUGLE**

Editor wraps up the last two pages of the V.P.I. BUGLE, 1967.
