

## Copyright Release for Chapter 2 in Thesis

Mr. Bergen,

I submitted the paper "Reagents In Coal Preparation: Where Do They Go?" to COM 2012. This work was completed as part of my MS research and I'd like to include the finalized version of the paper in my thesis as a stand-alone chapter.

I hope to hear from you soon.

Thanks,

Josh Morris

Dear Mr. Morris

There is no issue with including the work in your paper. You are required however to give proper citation:

"Paper originally published in (name of publication), (date), Vol. x, No. x, pp. x-xx. Reproduced with permission of the Canadian Institute of Mining, Metallurgy and Petroleum. [www.cim.org](http://www.cim.org)"

### Copyright Release for Chapter 3 in Thesis

Dr. Craynon,

I submitted the paper "Diesel Range Organics In Coal Preparation" to the ARIES conference next week. This work was completed as part of my MS research and I'd like to include the finalized version of the paper in my thesis as a stand-alone chapter. Can you please direct me to who I should talk with at SME?

I hope to hear from you soon.

Thanks,

Josh Morris

**Subject:** Re: Copyright Release for ARIES Conference Next Week - Diesel Range Organics In Coal Preparation

He can submit to Mining Engineering or Transactions for review. Georgene can assist. We had a bad snowstorm here so our offices are closed today but she can get with him tomorrow.
