The Splinter Super Car was a huge draw under the tent during the Career Fair!

Thanks to Joe Harmon and his colleagues Aaron and Joe for bringing the car to campus.

A graduate student in industrial design at NC State, Joe and a team of 12 have been working on the car for two and a half years.

Dan Fore, undergraduate Wood Enterprise Institute (WEI) member, discusses the bookshelf product design, constructed and marketed by the WEI with Dr. Oliver McBride, Director of the Crossroads Institute in Galax Virginia.
