## Acknowledgements

First, I will be forever grateful to my advisor, Professor Harry W. Gibson for his patience, understanding, encouragements, inspiration, and guidance through this work, and for the opportunity to work in his world-first-class research group. His profound knowledge, enormous enthusiasm, and keen insight in organic and polymer chemistry gave me a deep impression and have been a great treasure to me. I have utmost respect for his professionalism and kindness.

Second, I would like to thank my committee members: Professors Richey M. Davis, Harry C. Dorn, Richard D. Gandour and James M. Tanko for their comments, suggestions and constant support.

Third, I want to give special thanks to Dr. Frank R. Fronczek (LSU), Prof. Arnold L. Rheingold (UCSD), Dr. Carla Slebodnick, and Dr. Lev N. Zakharov (UCSD) for their very valuable and professional assistances in X-ray crystallography.

Fourth, a sincere and immense debt of gratitude is owed to the following colleagues and mentors for kind help during my graduate career at Virginia Tech: Prof. Mark R. Anderson, Prof. Ross Angel, Dr. Mehdi Ashraf-Khorassani, William Bebout, Prof. Michael Berg, Dr. Susmita Bhattacharjee, Jeffrey Bowers, Anne Campbell, Wilson Chau, Prof. Paul Deck, Dr. Aurica A. Farcas, Amy Fletcher, Dr. Zhongxin Ge, Tom Glass, Prof. James A. Golen (UMASS), Dr. Caiguo Gong, Dr. Ilia Guzei (UWISC-Madison), Bradley Habenicht, Kim C. Harich, Dr. Jason W.
