To: 'Brandon Thorpe'
Subject: RE: Request for permission - use of article in dissertation

Dear Brandon

The Royal Society of Chemistry (RSC) hereby grants permission for the use of your paper(s) specified below in the printed and microfilm version of your thesis. You may also make available the PDF version of your paper(s) that the RSC sent to the corresponding author(s) of your paper(s) upon publication of the paper(s) in the following ways: in your thesis via any website that your university may have for the deposition of theses, via your university's Intranet or via your own personal website. We are however unable to grant you permission to include the PDF version of the paper(s) on its own in your institutional repository. The Royal Society of Chemistry is a signatory to the STM Guidelines on Permissions (available on request).

Please note that if the material specified below or any part of it appears with credit or acknowledgement to a third party then you must also secure permission from that third party before reproducing that material.

Please ensure that the thesis states the following:

Reproduced by permission of The Royal Society of Chemistry

and include a link to the paper on the Royal Society of Chemistry's website.

Please ensure that your co-authors are aware that you are including the paper in your thesis.

Regards

Gill Cockhead

Subject: Request for permission - use of article in dissertation

To whom it may concern,

I am trying to obtain permission to use my full communication (Thorpe, S.B.; Guo, X.; Santos, W.L., Chem. Commun. 2011, 47, 424-426) in my Ph.D. dissertation. My university allows a manuscript-based dissertation, therefore, will you grant me permission to reuse the entire article?

Thank you,

S. Brandon Thorpe
