

ACKNOWLEDGMENTS

I would like to express my gratitude to my committee chair Dr. Susan Magliaro. Her kindness, support and knowledge helped me through this process. Dr. Thomas Williams, thank you for agreeing to be on my committee as I cried begging for support. You helped to make this possible. I would be remised if I did not thank Ms. Vanessa Scott, Administrative Assistant, because when I could not find a committee member to serve on my committee she consoled me and pointed me in the right direction. You were an angel when I needed one the most. Dr. Rosalie Martin and Dr. Carol Whitaker, thank you for your suggestions and insight provided during the writing process.

I would like to thank my husband, David, for the trips to Blacksburg and the encouragement that he always offered. You have always given me a push when I need it most, even when I didn't acknowledge your kindness. From the day that we met, I knew you were the one.

To my loving children DaLynn and David who allowed mom to follow her dreams. I am all yours now.

To my parents, Leamon and Jeannie Clayton, you never gave up on your dream for me, your encouragement, love, support and prayers have guided me through this process. Thank you for always putting us first. It has taught me to give back unselfishly. Continue to pray for me and my family, to help us remain focused and enjoy the goodness that God has given us.

To my sister, Cynthia who always had a good conversation and encouragement when she knew that I did not want to write. I am ready to read a good book now.

To my mother and father in-law, Jackie and June Prince, thank you for the conversations when I was down and wanted to give up, and the meals when I just did not want to cook. You can tell the world-***It is official!***

I would like to thank Powhatan County Public Schools for their support during this process. Pocahontas Elementary and Middle School has been a wonderful and encouraging family.

To Mary Mann, a good friend and great secretary that I lost to cancer during this process, I miss you dearly.

To the awesome Technology staff in Powhatan County Public Schools, especially Dixie Renger and Amy Carlson your help in this process has been priceless.

Bill Craig, Rose M. Studivant and Ro Gammon, I could not have asked for better colleagues, mentors and friends to be supportive during this process.

"Each of us has something truly unique to offer the world if only we have the courage to dream and the determination to make our dreams come true"
