

APPENDIX B. DATA FROM PORE PRESSURE DISSIPATION TESTS IN W1

This appendix contains data plots from the pore pressure dissipation tests performed in W1 with the piezocone. The plots show excess pore pressure versus the square root of time. Figures B-1, B-2, B-3, and B-4 are for the dissipation tests performed during the soundings P1, P2, P3, and P5, respectively. The dissipation data for the test in P6 is in Figure 6-8 in Chapter 6, and is not included in this appendix.

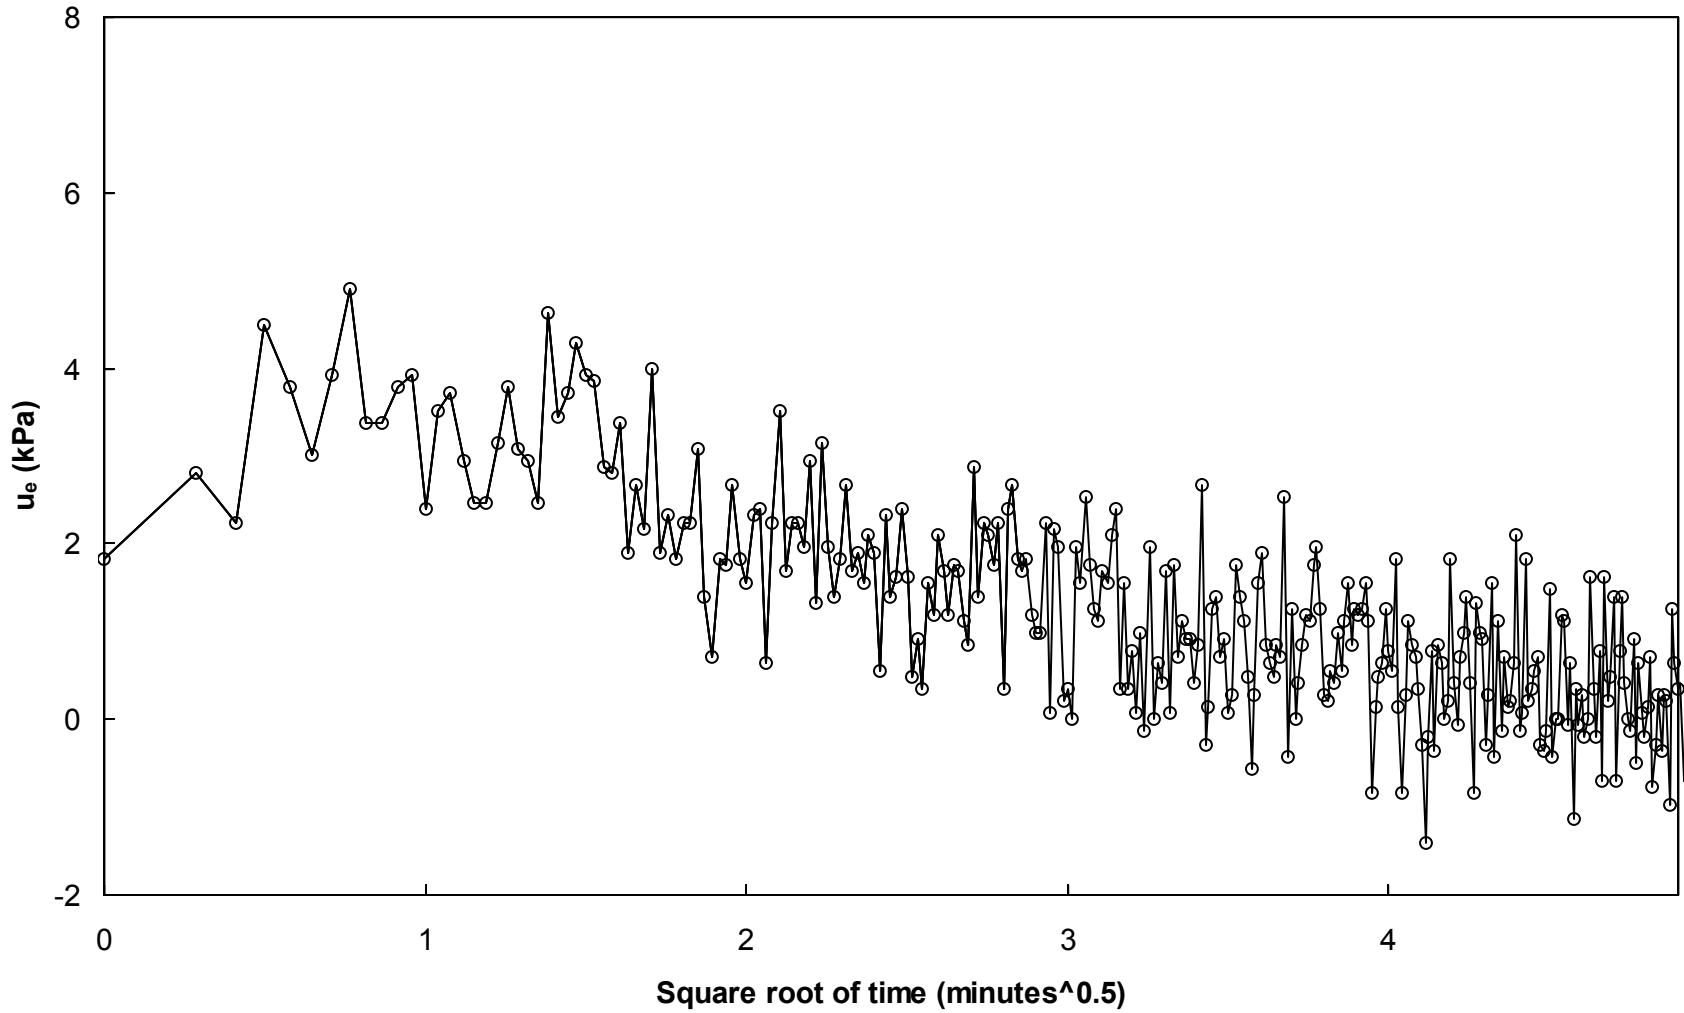

Figure B-1. Dissipation test data for P1 in W1
