

## VITA

The author, Sihua Wen (Simon), was born in Xinjiang, China, in Jan 1975 to Mrs. Shuying Sun and Mr. Jingming Si. He graduated in June 1997 from Tsinghua University, Beijing, China with a B.S. degree in Materials Science & Engineering. Sihua Wen received his M.S. degree in Department of Materials Science & Engineering in Dec. 1999 from Virginia Polytechnic Institute and State University. While working at the Center for Power Electronics Systems (CPES), Virginia Tech, he graduated in August 2002 with a Ph.D. degree from Department of Materials Science & Engineering. Sihua Wen's research interest include three-dimensional device-level interconnect design, Ball Grid Array and flip chips design and processing, integrated optoelectronics sensor and laser fiber optic module design, and microelectronics packaging materials characterization and reliability. He has worked as an instructor for undergraduate computer aided design course at the Electrical and Computer Engineering Department and the Materials Science and Engineering Department for 2 years. Sihua Wen is a member of the IEEE-Components, Packaging and Manufacturing Technology and the International Microelectronics and Packaging Society.
