

## **Vita**

Hai Xiao

Hai Xiao was born in Ningdu, Jiangxi Province, P. R. China. He received two B.S. Degrees in Precision Engineering and Technological Economics respectively from Tianjin University, China, in 1991. He continued his graduate study in the Department of Precision Instrument and Optoelectronic Engineering of Tianjin University, where he worked on computer vision technologies and received his Master's Degree in 1993. Thereafter, he joined the National Key Laboratory of Precision Testing Technique and Instrumentation of China, where he worked as a research fellow in the areas of machine vision, optical fiber sensor, and optimal industrial control.

In 1996, Hai Xiao started his Ph.D study in the Bradley Department of Electrical and Computer Engineering of Virginia Polytechnic Institute and State University, where he also worked as graduate assistant, senior graduate assistant, project technical manager, and senior research associate. Upon completing his Ph.D study, Hai Xiao will be working with the Opto Electronic Center of Lucent Technologies in Breinigsville, Pennsylvania.

Hai Xiao is a member of IEEE, OSA, and SPIE. He authored or co-authored more than 30 technical papers and held one U.S. patent.
