

Figure 1. The relationship between the macro historico-socio-cultural environment, the meso masculine interaction, role, and identity contexts, and the micro psycho-emotional states of male sexual anxiety, sexual addiction, and relational abuse. (Adapted from Bubolz & Sontag, 1993, Figure 17-1, p.432 and LaRossa & Reitzes, 1993, Figure 6-1, p. 145)

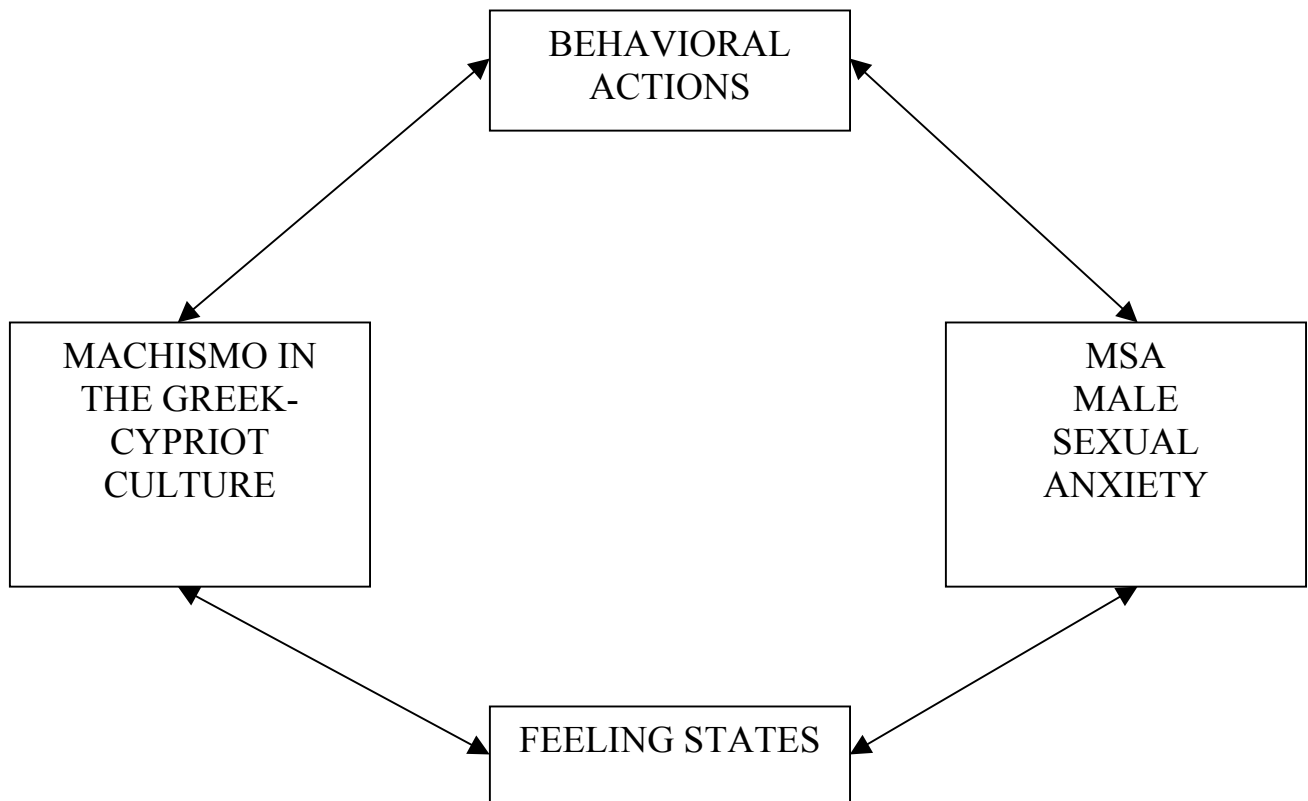

Figure 2. The relationship between the themes of machismo in the Greek-Cypriot culture and male sexual anxiety and their externalization through behavioral actions and feeling states

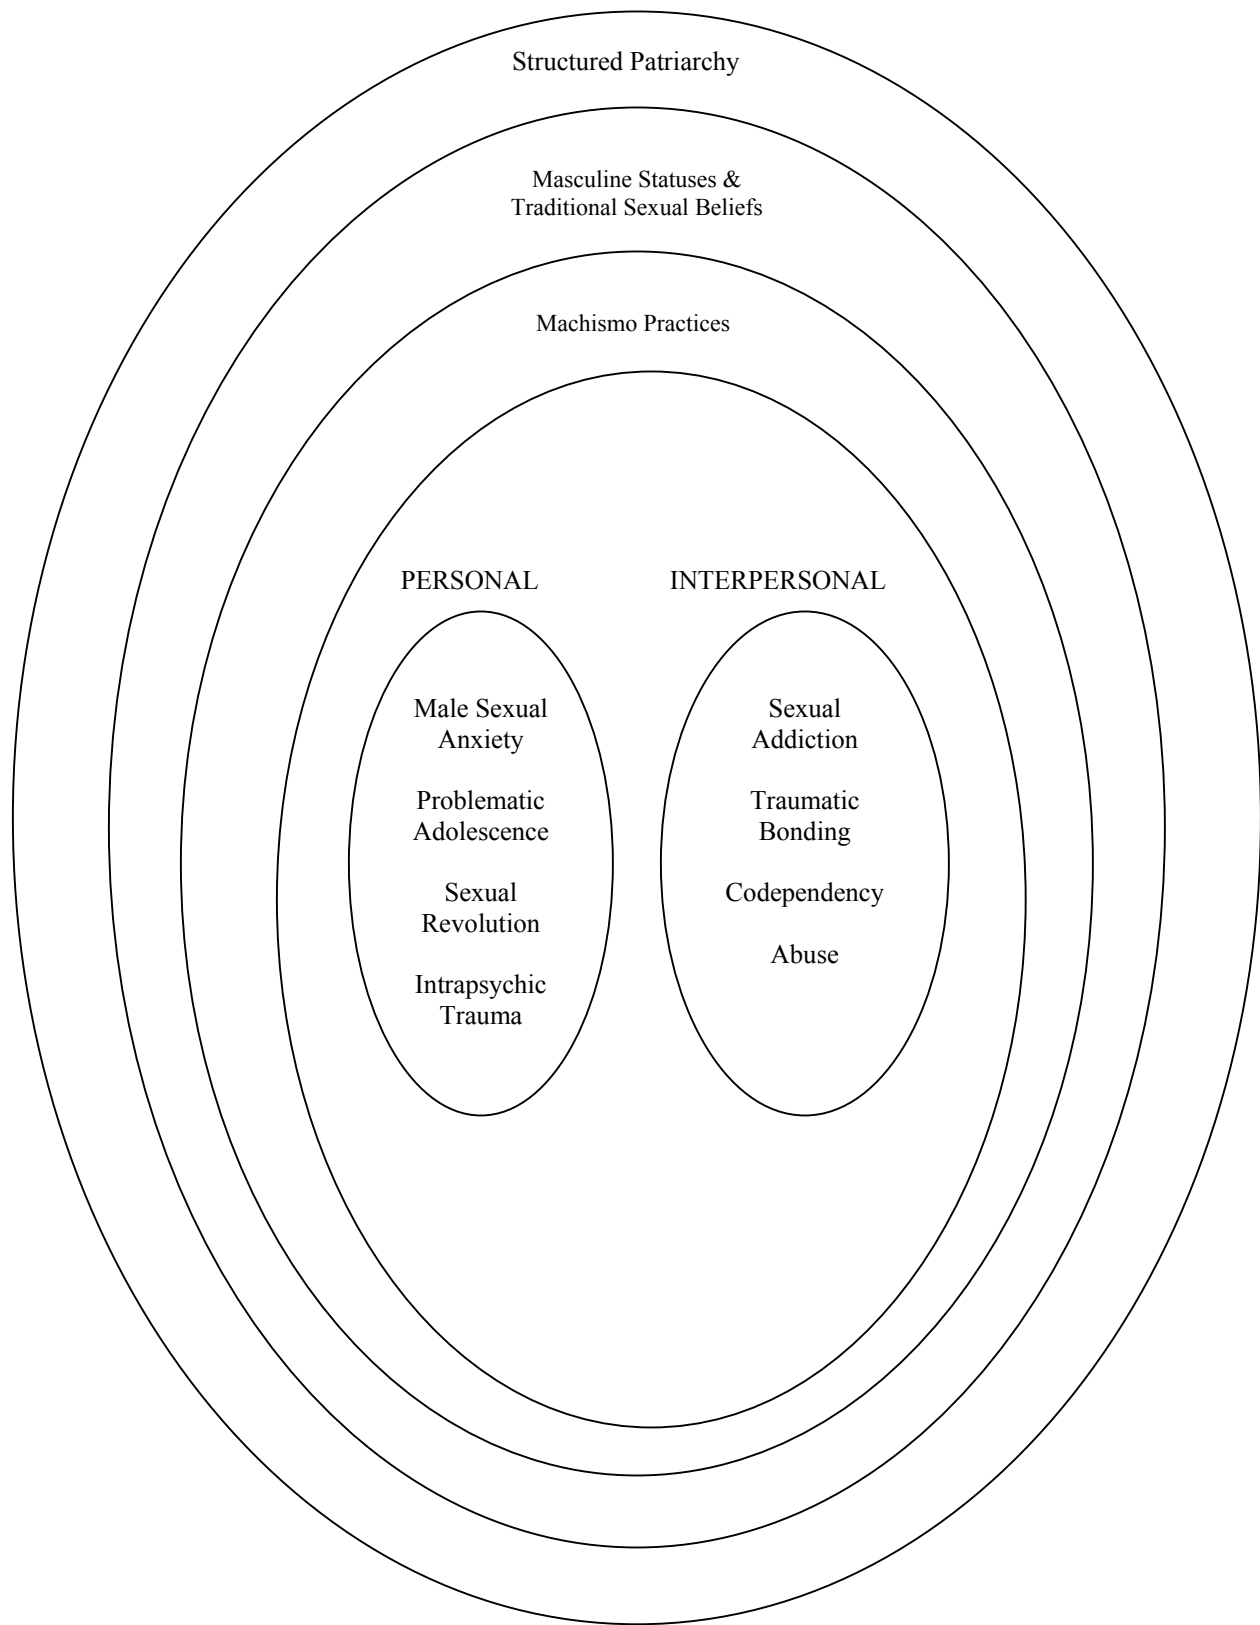

Figure 3. The relationship between the macro structured patriarchal relationships, the meso masculine statuses and traditional sexual beliefs, and the personal and interpersonal repercussions of the micro machismo ethic
