

VITA

Subramanian Vivek was born on 4 June 1970 in Madras, India. He received his primary education in St. Paul's School in Rourkela, a small industrial town in the eastern part of India. After completing his High School, he enrolled himself in the Mining Engineering Program at the Indian Institute of Technology (IIT), Kharagpur. He received his Bachelor's degree in the Spring of 1992. In Fall 1992, he was awarded a research assistantship and enrolled in the master's program for Mining Engineering at Virginia Polytechnic Institute and State University. Two years later, he was promoted to the doctoral program in the department of Material Engineering Science at Virginia Tech. He is a member of the Society of Mining Engineers and the American Chemical Society. He has accepted an offer as a Post Doctoral Research Assistant with Dr. William Ducker in the Department of Chemistry at Virginia Tech.
