**Subject:** RE: ASME PUBLICATIONS PERMISSION REQUEST FORM SUBMISSION

Dear Mr. Collins:

It is our pleasure to grant you permission to use **Figure 3** from "The Ducted Propeller for STOL Airplanes," by

August Raspet, Paper Number 60-AV-11, 1960, as cited in your letter for inclusion in a Doctoral Thesis entitled Design of a Helicopter Slug Vehicle for Actuated Payload Placement to be published by Virginia Tech.

Permission is granted for the specific use as stated herein and does not permit further use of the materials without proper authorization. Proper attribution must be made to the author(s) of the materials, and no alterations of the materials is permitted in any material manner.

As is customary, we request that you ensure full acknowledgment of this material, the author(s), source and ASME as original publisher. Acknowledgment must be retained on all pages printed and distributed.

Many thanks for your interest in ASME publications.

Sincerely,

Beth Darchi

Subject: RE: Use of Figures in Masters Thesis

Sorry for the delay.

AIAA grants you permission to reprint Figures 1 and 21 from AIAA 1968-994 in your masters thesis at Virginia Tech. We ask that you cite the original source properly and that each figure be accompanied with the following statement: "Reprinted with permission of the American Institute of Aeronautics and Astronautics."

Let me know if you have any additional questions.

Sincerely,

Michael Baden-Campbell
