

Vita

Vikram Ganesan was born on November 20, 1974 and grew up in Bombay, India. In 1997, he earned his Bachelor's degree in Mechanical Engineering from KES college of Engineering, Sangli. While working towards his Bachelor's degree, he worked as a Project trainee for one year in the Department of Remote Handling and Robotics at the Bhabha Atomic Research Center, Bombay. In August 1997, he joined Virginia Polytechnic Institute and State University to pursue a Master's degree in Ocean Engineering. During this time, he had the opportunity to work as a research assistant in a research team at the Aerospace and Ocean Engineering department at Virginia Tech. He earned his Master's degree in Ocean Engineering in July 1999. He plans to continue working towards achieving his academic and professional goals.
