

## ACKNOWLEDGEMENT

Funding for Section I of this research was provided by UTD Inc., Manassas, VA. The research on sulfide corrosion (Section II) was funded by Edna Bailey Foundation and sponsored by Charlie Maus of Peppers ferry regional wastewater treatment authority (PFRWTA), Radford, VA.

I am very grateful to my committee members: Drs N. G. Love, J. T. Novak and J. C. Little for their immense contribution and advice.

I also acknowledge the assistance of the following people: Julie Petruska and Jody Smiley (Environmental Engineering department), Dr. Brian Love and Sumitra (Material Science and Engineering, Virginia Tech), Radva, Radford, VA and Waterlink Inc., USA, Jeremy Rhodes and the staff of UTD Inc. and PFRWTA.

Finally, I thank God for His support and strength.
