

Spatial behavior during morning hours

Figure 63

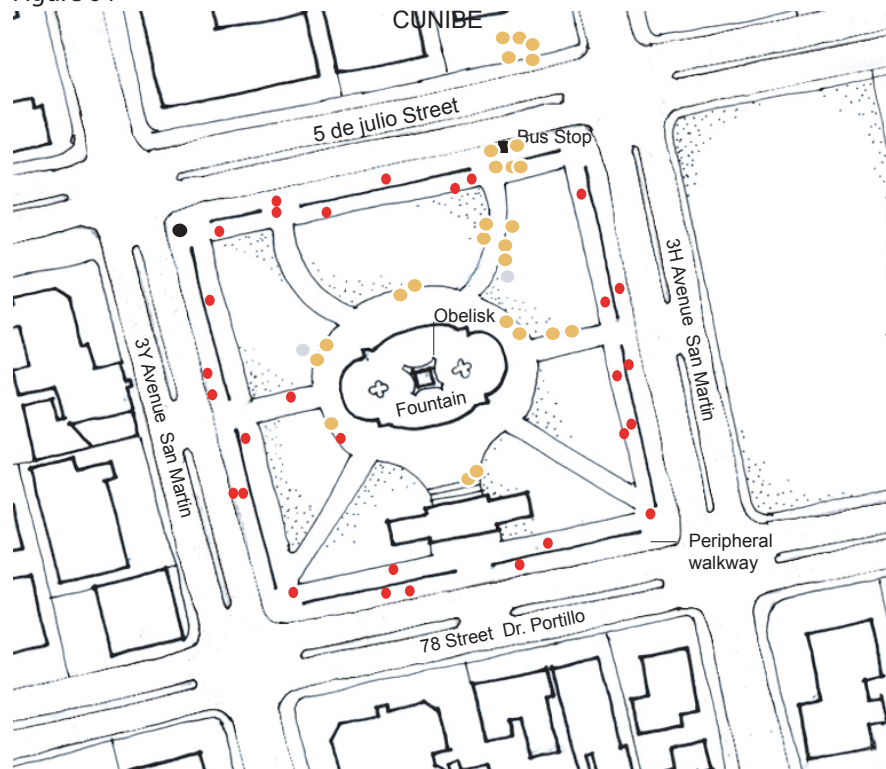

In plaza de la Madre, most people concentrate on the peripheral walkway of the plaza in order to exercise. No other activities besides exercising and maintenance work were observed at this hour.

Plaza de la Madre

LEGEND

- Adults
- Young people
- People exercising
- Maintenance workmen
- Policemen
- Informal Vendors
- Children playing
- Students

Figure 64

At this hour, most people are seen exercising, students from CUNIBE interacting, maintenance workers and some municipal police officers in the plaza. The plaza is more intensely visited than Plaza de la Madre. Scheduled activities are observed in the plaza during some mornings of the week, such as college sport classes.

Plaza de la Republica
