University of Virginia; Charlottesville, VA
Bachelor of Science in Architecture, May 1992

PROFESSIONAL EXPERIENCE:

Bowie Gridley Architects; Washington, DC
Project Architect /Job Captain

May 2000 - Present

As Project Architect, Managed a two person design team from schematic design through construction administration on renovation projects for private schools in the Washington area and in Massachusetts. As a Job Captain on larger construction projects, I worked within a six person team. Managed the construction detailing, exterior wall sections, design of elevations and structural coordination. Performed code, specifications, materials and product research. Further responsible for construction administration, coordination of consultant design and participation in client meetings. Gained extensive experience in computer aided design using Microstation J, Photoshop and Pagemaker.

Final Model: View of Residence and Sacred Wing

Beery-Rio and Associates; Springfield, VA
Project Architect (January 2000 – May 2000)

April 1996 – May 2000

Job Captain/Intern (April 1996 – Feb. 2000); Part-Time Employee (August 1996 – October 1998)

As Project Architect, managed three person design team responsible for speculative research and development offices in Fairfax County, Virginia. As a Job Captain, member of a team of designers on renovation and construction projects for Fairfax County and Arlington County Public Schools. Responsible for coordination of engineering consultant design. Produced Construction and Presentation drawings using AutoCAD release 14, Cadvance, Microsoft Excel, Quark Express, Photoshop, Power Point and Pagemaker

Peck, Peck and Associates; Woodbridge, VA
Intern Architect

August 1993 – April 1996

Member of a team of designers for Federal office buildings and military base housing renovations. Assisted Project Architect with: production of drawings; cost estimation; survey work; construction of models; interior design; coordination with consultants; client meetings; product research. Received Peck, Peck and Associates “Best Architectural Project” team award in 1994 for the FMSS State Department renovation.
