Science Department

Kevin Elam
Environmental Engineering
Virginia Tech University
Blacksburg, Virginia 24061

Dear Mr. Elam:

We at SolarBee, Inc., are pleased that you chose to conduct research on the water flow induced by one of our SB10000v12 solar-powered water circulators for your masters thesis. You have our permission to use the image on page 34 of the SB10000v12 users manual in your thesis.

Please let me know if I can be of further assistance to you.

Sincerely,

H Kenneth Hudnell, PhD
Vice President & Director of Science
SolarBee Inc.
