Kazuhiya Kabeya was born on September 12, 1965 in Tokyo, Japan. He received his Bachelor of Engineering in March, 1988 and his Master of Engineering in March, 1990 from the University of Tokyo, Japan, respectively. He has been working for NKK Corporation, Japan as a research engineer since April, 1990. His research activities at NKK focused on vibration and noise control for heavy industries. NKK gave him an opportunity to study abroad and he came to Virginia Tech in August, 1996. He has been pursuing his Master of Science in the Mechanical Engineering Department since then. Upon the completion of his Masters degree, he will go back to Japan and will work for NKK as a senior research engineer.
