

ACKNOWLEDGMENTS

I am very grateful to Dr. E. Scott Hagood, Jr. for his mentoring and friendship. He provided the opportunity for me to pursue an advanced degree, something I had desired for twenty years. My time at Virginia Tech has been a truly rewarding and wonderful experience. I appreciate the risk he took underwriting my 'non-traditional' graduate experience. I will be forever indebted to Scott. I would like to thank committee members Dr. Marcus M. Alley and Dr. Henry P. Wilson for their knowledge and guidance. They have helped me with many aspects of this project and allowed the development of a personal relationship that will be invaluable in the future. I would be remiss to not thank Dr. L.D. Moore, Department Head when I started and Dr. K.K. Hatzios, presently in that position, as well as Peni, Patti, the two Judy's and Arleta. I would also like to thank Jean and Jay for breakfast and stimulating conversation each morning. I am very grateful to Mr. Claude Kenley for his hard work planting, maintaining, harvesting, evaluating data, and just putting up with me in general. I extend a special thanks to Mr. Kevin Bradley. Kevin and I went through our programs together under Scott, and without his help in the classroom and in the field this degree would probably not be conferred. I would also like to thank my graduate student 'buds'. Kevin, Mike Brosius, Bruce Jones, David Langston, Ivan Morozov, Dan Poston, Steve Rideout and I ate together, studied together, and practically lived together for 3 1/2 years. I extend a special thanks to my close friend Phil Keating, who has been there for me for 26 years, three colleges, and two degrees. If I wait as long to do the third, we'll be old men.

A final acknowledgment to a very special person and my best buddy for over three years, Angelia Goodwin. Without her friendship, encouragement, and devotion I would not have been in Blacksburg for that fateful encounter with Scott, and the last 3 1/2 years would never have occurred.

TABLE OF CONTENTS

	PAGE
ABSTRACT	
ACKNOWLEDGMENTS	v
TABLE OF CONTENTS	vii
LIST OF TABLES	x
CHAPTER 1.0 INTRODUCTION AND LITERATURE REVIEW	
1.1 Corn Acreage, Importance, and Economics in Virginia	1
1.2 Bermudagrass: Introduction, Adaptation and Biology	2
1.3 Bermudagrass as a Weed in Corn	4
1.4 Bermudagrass Control in Corn	7
1.5 Development of Graminicides	9
1.6 Sethoxydim	12
1.7 Herbicide Tolerant Crops: Interest and Development	15
1.8 Characterization of Sethoxydim Tolerant Corn	20
1.9 Literature Cited	23

CHAPTER 2.0 EVALUATION OF GRAMINICIDES FOR BERMUDAGRASS

(CYNODON DACTYLON) CONTROL IN SETHOXYDIM-TOLERANT

CORN (ZEAEA MAYS)

2.1 Abstract	31
2.2 Introduction	34
2.3 Materials and Methods	37
2.4 Results and Discussion	39
2.5 Literature Cited	46

CHAPTER 3.0 EVALUATION OF EFFECTS OF HERBICIDE COMBINATIONS

ON WEED CONTROL AND CROP TOLERANCE IN SETHOXYDIM-

TOLERANT CORN (ZEAEA MAYS)

3.1 Abstract	50
3.2 Introduction	52
3.3 Materials and Methods	55
3.4 Results and Discussion	57
3.5 Literature Cited	61

CHAPTER 4.0 EVALUATION OF THE EFFECT OF GRAMINICIDES ON
SETHOXYDIM-TOLERANT CORN (ZEA MAYS) HYBRIDS

4.1 Abstract	63
4.2 Introduction	65
4.3 Materials and Methods	67
4.4 Results and Discussions	70
4.5 Literature Cited	74
APPENDICES	76
VITA	99

LIST OF TABLES

Appendix	Table	Title	
2	2.1	Edaphic information for field experiments conducted in 1996 and 1997.	77
	2.2	Planting, application, and crop and weed information for field experiments conducted in 1996 and 1997.	78
	2.3	Herbicide application effect on bermudagrass control, crop injury, and corn yield - Isle of Wight Co., VA, 1996.	79
	2.4	Herbicide application effect on bermudagrass control, crop injury, and corn yield - James City Co., VA, 1997.	80
	2.5	Herbicide application effect on bermudagrass control, crop injury, and corn yield - Augusta Co., VA , 1996.	81
	2.6	Herbicide application effect on bermudagrass control, crop injury, and corn yield - Augusta Co., VA, 1997.	82
	2.7	Herbicide application effect on bermudagrass control, crop injury, and corn yield - King William Co., VA, 1996.	83
	2.8	Herbicide application effect on bermudagrass control, crop injury, and corn yield - King and Queen Co., VA, 1997.	84
	2.9	Herbicide combinations and effects on bermudagrass control, crop injury, and corn yield - Augusta Co., VA, 1996.	85

Chapter	Table	Title	
2	2.10	Herbicide combinations and effect on bermudagrass control, crop tolerance, and corn yield - Augusta Co., VA, 1997.	
3	3.1	Herbicide application effects on weed control in sethoxydim-tolerant corn, Blacksburg, VA, 1996.	87
	3.2	Herbicide application effects on weed control in sethoxydim-tolerant corn, Blacksburg, VA, 1996.	89
	3.3	Herbicide application effects on weed control in sethoxydim-tolerant corn, Blacksburg, VA, 1997.	91
	3.4	Herbicide application effects on weed control in sethoxydim-tolerant corn, Blacksburg, VA, 1997.	93
4	4.1	Herbicide application effects on injury and yield of sethoxydim-tolerant corn hybrids, Blacksburg, VA, 1995.	95
	4.2	Herbicide application effects on injury to sethoxydim-tolerant corn hybrids-24 DAT, Blacksburg, VA, 1996.	96
	4.3	Herbicide application effects on injury to sethoxydim-tolerant corn hybrids-53 DAT, Blacksburg, VA, 1996.	97
	4.4	Herbicide application effects on the yield of sethoxydim-tolerant corn hybrids, Blacksburg, VA, 1996.	98
