

DEDICATION

This composition is dedicated to Catherine May Tweel. The person who believed - more than anyone else or anything else. Who has shown me so much about life and living. The beautiful woman that demonstrated the strength and integrity of love, trust and honesty - and the passion within them all. I thank her, for being all that she is.

Special Appreciation To:

My Mother - Miriam Ross Shirley

Making me do all those things sons do not want to and never saying, "I told you so," when I finished and realized she was right all along, only wanting the best for me.

My Father - John William Shirley

Letting me find things out the hard way but always helping me though, knowing when to be a father and when to be a friend.

My Beautiful Sister - Rose Shirley Arispe

Always knowing how to make me laugh and giving me the greatest childhood memories a brother could ask for. I look forward to never growing up with you.

My Brother - John William Shirley, Jr.

Lending a hand whenever and wherever it was needed. I admire your strength as an individual.

And to all my friends (the greatest assets I have) for all their support and belief in me, in themselves and in our friendship.

Most notably:

Dawn Jackson
Don & Marilyn Jackson
Brian Lambiotte
Jay Green
Alvin Murphy
Leigh Shady
Deb Ketz & Watt Ellerson

And of course, thank you to all the principals and co-workers at SMBW Architects.
