Numerical Simulations, Pressure Fluctuation Analysis

Dear Mr. Deza:

It is our pleasure to grant you permission to use the following ASME papers:

CFD Modeling and X-Ray Imaging of Biomass in a Fluidized Bed, by Mirka Deza, Nathan P. Franka, Theodore J. Heindel, and Francine Battaglia, Journal of Fluids Engineering, Volume 131, 2009

Effects of Mixing Using Side Port Air Injection on a Biomass Fluidized Bed, by Mirka Deza, Theodore J. Heindel, Francine Battaglia, Journal of Fluids Engineering, Volume 133, 2011

as cited in your letter for inclusion in a Doctoral Thesis entitled Modeling the Hydrodynamics of a Biomass Fluidized Bed to be published by Virginia Polytechnic Institute and State University.

Permission is granted for the specific use as stated herein and does not permit further use of the materials without proper authorization. Proper attribution must be made to the author(s) of the materials, and no alterations of the materials is permitted in any material manner.

As is customary, we request that you ensure full acknowledgment of this material, the author(s), source and ASME as original publisher. Acknowledgment must be retained on all pages printed and distributed.

Many thanks for your interest in ASME publications.

Sincerely,

Beth Darchi
