Hello Dr. Chelladurai,

I hope you are doing well. My name is Tim Sykes and I am a doctoral student at Virginia Tech. I am currently going through the stages of writing my dissertation titled, "The Effect of Training Protocols on Satisfaction and Performance of College Distance Runners".

The theoretical model that I am utilizing to help explain the relationship among my variables is your Multidimensional Model of Leadership. Therefore, I am requesting your permission to use your copyrighted MML figure that is located in:

Chelladurai, P. (2006). *Human Resource Management in Sport and Recreation* (2nd ed.).
Champaign, IL: Human Kinetics.

If permission is granted to use your MML figure, I will only be utilizing the diagram once in my Chap 2- Review of Literature.

Thanks for your time and I anticipate your response back as I go through this exciting dissertation journey.

If you have any questions, please do not hesitate to ask.

Sincerely,

Tim Sykes
