

List of Tables

<u>Table</u>	<u>Page</u>
4.1 Average yield and soil erosion of five conservation tillage flue-cured tobacco production systems and conventional tillage.....	78
4.2 Solution phosphorus and turbidity of five conservation tillage flue-cured tobacco production systems and conventional tillage in 1996 and 1997.....	79
4.3 Grade index and market price of five conservation tillage flue-cured tobacco production systems and conventional tillage in 1995, 1996 and 1997.....	80
4.4 Average total plant leaf area and area of the third leaf from plant apex of five conservation tillage flue-cured tobacco production systems and conventional tillage in 1996 and 1997.....	81
4.5 The number of days to flower of five conservation tillage flue-cured tobacco production systems and conventional tillage in 1995, 1996 and 1997.....	82
4.6 Air dry root weight, stalk diameter, and plant height of five conservation tillage flue-cured tobacco production systems and conventional tillage in 1996 and 1997.....	83
4.7 Total alkaloid and reducing sugars content of five conservation tillage flue-cured tobacco production systems and conventional tillage in 1995, 1996 and 1997.....	84
4.8 Monthly rainfall received between fall bed preparation and tobacco harvest completion in 1995, 1996 and 1997.....	85
5.1 Grade index and market price of eight Virginia dark-fired tobacco conservation tillage production systems and conventional tillage in 1996 and 1997.....	120
5.2 The number of days to flower of eight Virginia dark-fired tobacco conservation tillage production systems and conventional tillage in 1996 and 1997.....	121

5.3	Surface area of the second leaf from the plant apex prior to harvest of eight Virginia dark-fired tobacco conservation tillage production systems and conventional tillage in 1996.....	122
5.4	Plant lodging and the occurrence of ground suckers of eight Virginia dark-fired tobacco conservation tillage production systems and conventional tillage in 1996 and 1997.....	123
5.5	Hay yield and quality determined in 1996.	124
