REACTION SYNTHESIS OF HfB_2 IN A VARIETY METALLIC ENVIRONMENTS

By

C. Patrick Dykema

Thesis submitted to the faculty of the
Virginia Polytechnic Institute and State University
in partial fulfillment of the requirements for the degree of

Master of Science

in

Materials Science and Engineering
Stephen L. Kampe, Chair
Alexander O. Aning
Gary R. Pickrell

July 30, 2009
Blacksburg, VA

Keywords: Reaction Synthesis, SHS, hafnium dibroide,

To Whom It May Concern,

LumaSense Technologies, Inc., grants permission to Virginia Tech University to use Table 3 (only the table not the entire document) of our MIKRON brand Understanding Two Color Accuracy for the Thesis entitled, “Reaction Synthesis of HfB2 in a Variety of Metallic Environments” by Patrick Dykema.

Please note permission is for Table 3 only and only for the requested thesis.

Thank you,

Kristi Ashton

von KARMAN INSTITUTE FOR FLUID DYNAMICS INPA
INSTITUT von KARMAN DE DYNAMIQUE DES FLUIDES AISBL
von KARMAN INSTITUUT VOOR STROMINGSDYNAMICA IVZW

Permission to Publish an Figure provided by the von Karman Institute for Fluid Dynamics

Title ("the ARTICLE"): Reaction Synthesis of HfB_2 in a variety of
Authors(s): Patrick Dykema Metallic Environments
The Publisher: **Virginia Tech**
The Publication: ~~E. Gartenberg, Infrared Thermography VKI LS 1996-07~~
Reference of the publication: ~~on Temperature Measurements VKI~~ April 22-26 1996

Reference of the Figure to be published:
Figure 1 "Planckian curves of spectral radiant power, for different blackbody temparatures" included in E. Gartenberg, Infrared Thermography, VKI LS 1996-07 on Temperature Measurements, von Karman Institute for Fluid Dynamics, April 22-26, 1996.

1. The von Karman Institute for Fluid Dynamics aisbl whose registered office is at 72 Chaussée de Waterloo, 1640 Rhode-St-Genèse, Belgium, owns the copyright in the Article.
2. The Article does not, to the best of von Karman Institute for Fluid Dynamics's knowledge, contain anything that is libellous, illegal, or that infringes a third party's intellectual property rights or rights of confidence.
3. The von Karman Institute for Fluid Dynamics's grants the Publisher a sole right to publish the figure in the Publication throughout the world in printed, electronic and any other medium or form, and in turn to authorise others to do the same as part of the Publication. Notwithstanding the rights granted above, von Karman Institute for Fluid Dynamics reserves the right to use the Figure in any other article it may wish to publish in the future either by itself, through the Publisher, or by any third party.
4. By publishing the Figure you expressly agree that:
4.1 The copyright in the Figure will always belong to von Karman Institute for Fluid Dynamics. As such, the Publisher will ensure the following legend is prominently displayed next to the Figure:
"*E. Gartenberg, Infrared Thermography, VKI LS 1996-07 on Temperature Measurements, von Karman Institute for Fluid Dynamics, April 22-26, 1996.*"
4.2 The von Karman Institute for Fluid Dynamics reserves the right to use the Figure for internal education or other internal business purpose including use on its website.
5. NO WARRANTY: The Figure is supplied "as is" without any warranty of any kind and the von Karman Institute for Fluid Dynamics has no liability with respect to any lack of accuracy, completeness, suitability or adequacy of the Figure or anything derived from it and any act or omission by the Publisher in reliance upon the Figure is entirely at the Publisher's own risk.
