DEDICATION	iv
ACKNOWLEDGEMENTS	v
LIST OF TABLES	x
LIST OF FIGURES	xiii

<u>Chapter</u>	<u>Page</u>
I INTRODUCTION	1
II REVIEW OF LITERATURE	4
A. Background	4
B. History of Shellfish Industry	5
C. Shellfish Growing Waters	7
D. Shellfish Diseases and Pollution	9
E. Monitoring and Source Tracking In Shellfish Embayments	12
III MATERIALS AND METHODS	17
A. Research and Site Description	17
B. Construction of the Known Source Library	18
B.1. Known Source Sample Collection	18
B.2. Isolation of <i>Escherichia coli</i>	19
B.3. Antibiotic Resistance Analysis	19
C. Storage of Isolates of Known Origin	20
C.1. Freezing Known <i>Escherichia coli</i> Cultures	20
D. Statistical Analysis	21
IV RESULTS AND DISCUSSION	26
A. Classification of Known Isolates (Library Comparison)	26
B. Coan River Watershed Results	29
B.1. Division of Shellfish Sanitation Stations	29
C. Analysis of Coan River Watershed Samples	31
C.1. <i>Escherichia coli</i> Enumerations	31
C.2. Classification of Antibiotic Resistance Analysis	34
C.3. Comparison of Source Tracking Results with Site Description	41
C.4. Comparison of 6-Hour and 24-Hour Samples	42
C.5. Probabilities and Uncertainty	43
D. Little Wicomico River Watershed Results	44

D.1. Division of Shellfish Sanitation Stations	44
E. Analysis of Little Wicomico River Watershed Samples	46
E.1. <i>Escherichia coli</i> Enumerations	46
E.2. Comparison of Source Tracking Results with Site Description	48
E.3. Classification with Antibiotic Resistance Analysis	54
E.4. Probabilities and Uncertainty	54
F. Classifications and Number of Isolates	55
V SUMMARY AND CONCLUSIONS	57
VI LITERATURE CITED	61
VII APPENDIX	65
VIII VITA	105
