Dear Larissa Smith,

On behalf of Allen Press Publishing Services, I am pleased to grant permission to you for the reprinting of the following:

“The Relative Risk of Invasion: Evaluation of *Miscanthus × giganteus* Seed Establishment” by Smith and Barney appearing in *Invasive Plant Science and Management Ahead of Print* (2013).

For use in a dissertation by Larissa Smith.

This permission is a one-time, non-exclusive, electronic worldwide grant for English language use as described in this letter, and is subject to the following conditions:

1. No payment required.
2. Each copy containing our material that you reproduce or distribute must bear the appropriate copyright information, crediting the author, journal, and publisher (*Invasive Plant Science and Management*, Allen Press Publishing Services).
3. The original author’s permission must also be independently obtained before permission is granted.

If these terms are acceptable, please sign and date, and fax back to my attention at 785-843-1853. This permission will be effective upon our receipt of the signed contract. If applicable, when sending payment, please make clear reference to our title and author. Materials should be addressed to *Invasive Plant Science and Management*, c/o Nicole Richter, P.O. Box 1897, Lawrence, KS 66044.

Sincerely,

Nicole Richter
