Type of Use	reuse in a thesis/dissertation
Portion	full article
Format	both print and electronic
Are you the author of this Elsevier article?	Yes
Will you be translating?	No
Title of your thesis/dissertation	Plant aromatic amino acid decarboxylases: Evolutionary divergence, physiological function, structure function relationships and biochemical properties.
Expected completion date	Jun 2014
Estimated size (number of pages)	130
Elsevier VAT number	GB 494 6272 12
Permissions price	0.00 USD
VAT/Local Sales Tax	0.00 USD / 0.00 GBP
Total	0.00 USD

Copyright Permission Policy

These guidelines apply to the reuse of articles, figures, charts and photos in the *Journal of Biological Chemistry*, *Molecular & Cellular Proteomics* and the *Journal of Lipid Research*.

For authors reusing their own material:

Authors need **NOT** contact the journal to obtain rights to reuse their own material. They are automatically granted permission to do the following:

- Reuse the article in print collections of their own writing.
- Present a work orally in its entirety.
- Use an article in a thesis and/or dissertation.
- Reproduce an article for use in the author's courses. (If the author is employed by an academic institution, that institution also may reproduce the article for teaching purposes.)
- Reuse a figure, photo and/or table in future commercial and noncommercial works.
- Post a copy of the paper in PDF that you submitted via BenchPress.
- Link to the journal site containing the final edited PDFs created by the publisher.
