Virginia Tech ETD Fair Use Analysis Results

This is not a replacement for professional legal advice but an effort to assist you in making a sound decision.

Name: Rudy Andriani

Description of item under review for fair use: R. L. Hood, J. H. Rossmeis, R. T. Andriani, A. R. Wilkinson, J. L. Robertson, and C. G. Rylander, "Intracranial hyperthermia through local photothermal heating with a fiberoptic microneedle device.," *Lasers Surg. Med.*, vol. 45, no. 3, pp. 167–174, Mar. 2013.

Report generated on: 08-20-2014 at : 15:56:13

Based on the information you provided:

Factor 1

Your consideration of the purpose and character of your use of the copyright work weighs: *in favor of fair use*

Factor 2

Your consideration of the nature of the copyrighted work you used weighs: *in favor of fair use*

Factor 3

Your consideration of the amount and substantiality of your use of the copyrighted work weighs: *in favor of fair use*

Factor 4

Your consideration of the effect or potential effect on the market after your use of the copyrighted work weighs: *against fair use*

Based on the information you provided, your use of the copyrighted work weighs: *in favor of fair use*
