**To:** Kunc, Vlastimil  
**Subject:** Re-use Permission

Vlastimil –

Please consider this email as official permission to use the referenced material in the manner described below.

Dear Tom:

This email will confirm our recent telephone conversation. I am completing a doctoral dissertation at Virginia Polytechnic and State University entitled " Structure-property relationships in flow formed discontinuous fiber reinforced composites." I would like your permission to reprint in my dissertation excerpts from the following:

Kunc, V., Observation of Composite Materials Using Coupled Mechanical Testing and

Computed Tomography, in SEM XI International Congress & Exposition on

Experimental and Applied Mechanics. 2008: Orlando, FL

The requested permission extends to any future revisions and editions of my dissertation, including non-exclusive world rights in all languages, and to the prospective publication of my dissertation by UMI Company. These rights will in no way restrict republication of the material in any other form by you or by others authorized by you. Your signing of this letter will also confirm that you SEM the copyright to the above-described material. If these arrangements meet with your approval, please sign this letter where indicated below and return it to me in the enclosed return via email. Thank you very much.

Sincerely,

Vlastimil Kunc
