BLACKSBURG, VIRGINIA

Extension Division
Virginia Polytechnic Institute
and State University
and
Virginia Division of
Forestry

MT - 21C
September 1980

1980 Edition Prepared by
Marshall S. White,
Extension Specialist Forest Products
VPI&SU
and
Elvin D. Frame, Supervisor-Forest Products
Virginia Division of Forestry

25

Issued in furtherance of Cooperative Extension work, Acts of May 8 and June 30, 1914 and September 30, 1977, in cooperation with the U.S. Department of Agriculture. W. R. Van Dresser, Dean, Extension Division, Cooperative Extension Service, Virginia Polytechnic Institute and State University, Blacksburg, Virginia 24061; M. C. Harding, Sr., Administrator, 1890 Extension Program, Virginia State College, Petersburg, Virginia 23803.

The Virginia Cooperative Extension Service by law and purpose is dedicated to serve all people on an equal and nondiscriminatory basis

An Equal Opportunity/Affirmative Action Employer

FOREWORD

This publication updates the original *Wood Products Directory* for Virginia which was written by Donald A. Stumbo and Richard T. Marks in 1969. The original publication was based on a comprehensive survey of the Commonwealth's forest based industries conducted by the authors. The data obtained in the survey was computerized and the computer file was continually updated by the original authors while on the Extension staff of VPI&SU.

Plans for the updated publication were prepared and initiated by Mr. Stumbo with the cooperation of Elvin Frame of the Virginia Division of Forestry. This work was continued by Robert L. McElwee, Marshall S. White, and Elvin Frame after Mr. Stumbo left the University. Several additional categories of industries have been incorporated in the update. Information on these firms was obtained from the Virginia Division of Forestry's files, additional surveys, and other available sources. The preliminary listings were reviewed and corrected by the Virginia Division of Forestry's staff in each county prior to finalization for publication.

The explanation of the directory on pages ii and iii has been used as it was written in the original directory with slight modifications to accommodate the expansions. The concepts, layout and computer program used in the original publication were also used for this update.

The update incorporates the changes in the industry that have occurred since 1969. It identifies the location of the firm, type of industry by classification, method by which the timber is purchased, annual productions, species purchased, and products sold.

If any mistakes or omissions are noted in this publication, please notify Forestry Extension or the Virginia Division of Forestry.

ACKNOWLEDGEMENTS

Appreciation is expressed to all of the Extension Agents in counties and cities of Virginia who assisted in the original survey. The Division of Forestry, Soil Conservation Service, U. S. Forest Service, Tennessee Valley Authority, Lumber Manufacturers' Association of Virginia, Inc., and the wood products firms in Virginia gave freely of their time and knowledge. Ed Gill (now retired), Mike Shannon, and Roger Ford, VPI graduate

students also assisted in obtaining data and assembling the original directory. The VPI&SU computer center assisted in developing the computer program used in the original and subsequent directories.

Appreciation is due the Virginia Division of Forestry's staff for their efforts in verifying and correcting the data used in this publication, to Fred M. Lamb and Marshall S. White for their assistance, and to Donald A. Stumbo and Richard T. Marks who authored the original directory as well as parts of the updated directory and in addition were responsible for the computer program and concepts that made this publication possible.

1980 Edition edited and assembled by Mary Ellen Parmer.

The Directory

This directory of the forest industry is arranged in 2 sections. The first section lists the companies by industry type and the second section lists companies by location. The industry type listing contains the total information that has been recorded for each company while the second section lists only the name, address, and industry type.

Information Contained In The Directory

COMPANY NAME AND ADDRESS - This is the mailing address of the company or owner and may be different from the location.

COUNTY - This is the county in which the plant is located if it is a permanent location or the county corresponding to the mailing address for portable operations that are moved from county to county. Independent cities are mainly listed with the county in which they are located or with which they are primarily associated.

INDUSTRY TYPE - The forest products industries in Virginia have been subdivided into 24 industry divisions. Many companies are involved in more than one of these industry types and these have been listed in each industry type in which they are involved. The 24 industries are listed below with explanations where needed.

1. Bark Processors - Self-explanatory.

2. Box or Container Plants - This listing comprises plants manufacturing wood or veneer boxes or containers. Paper boxes and containers are listed under Pulp and Paper Products.

3. Charcoal Plants - Plants producing raw charcoal or charcoal briquettes.

4. Dimension Plants - Industries producing glued, dried, cut to size hardwood and softwood components from lumber.

5. Excelsior Plants - Self-explanatory.

6. Flooring Plants - Plants manufacturing flooring as a major product. Many sawmills and planing mills produce flooring along with their other products and these are listed under sawmill or planing mill with flooring identified as a product.

7. Furniture Plants - Plants producing wooden or partially wooden furniture or plants producing wooden parts for furniture.

8. Handle Plants - Self-explanatory.

9. Homes and Components - Plants producing prefabricated, component, or mobile homes and buildings; or plants producing components for homes and buildings.

10. Loggers - Self-explanatory.

11. Millwork Plants - Self-explanatory.

12. Novelty Plants - Self-explanatory.

13. Pallet Plants - Self-explanatory.

14. Particle Board Plants - Plants producing board products from wood chips, shavings, or other wood particles. Plants producing boards from fiber are listed under Pulp and Paper Products.

15. Planing Mills - Planing mills that are not a contiguous part of a sawmill or other processing plants.

16. Plywood and Veneer Plants - Self-explanatory.

17. Post & Pole Yards - Industries preparing roundwood posts and poles treated or untreated.

18. Pulpwood Concentration Yards - Self-explanatory.

19. Pulp and Paper Products - Pulp mills, paper mills or plants producing paper boxes, boards, containers, etc., re-manufactured from paper. Also included are plants producing fiber boards and construction boards produced from fiber.

20. Sawmills - All commercial sawmills producing wood for re-sale or consumption in a re-manufacturing plant. Mills sawing only for personal use such as farm-operated mills producing lumber for use on the premises are excluded from this directory.

21. Stave Mills - Mills producing barrel staves or barrel headings.

22. Veneer Concentration Yards - Self-explanatory.

23. Wood-treating Plants - Plants treating wood with preservatives, fire retardants, or other special chemical treatments.

24. Miscellaneous Wood Products - All plants not included in the above listing but producing wood or partially wood products.

SPECIES - The primary species produced or utilized by the companies are listed in this section. The codes for species are:

AAH	- All Available Hardwoods
AAP	- All Available Pines
ASH	- Ash
BAS	- Basswood
BE	- Box Elder
BEE	- Beech
BIR	- Birch
BUT	- Butternut
CHE	- Chestnut
CHR	- Cherry
CYP	- Cypress
ELM	- Elm

FIR	- Douglas Fir
GUM	- Gum
HAC	- Hackberry
HDWD	- Hardwoods
HEM	- Hemlock
HIC	- Hickory
IC	- Incense Cedar
LOC	- Locust
MAH	- Mahogany
MAP	- Maple
OF	- All Foreign Woods (other than mahogany)
PEC	- Pecan
RC	- Red Cedar
RED	- Redwood
RO	- Red Oak
SA	- Sassafras
SP	- Southern Pine
SPR	- Spruce
SYC	- Sycamore
WAL	- Blackwalnut
WC	- White Cedar
WO	- White Oak
WP	- White Pine
YP	- Yellow Poplar

Charcoal plants and excelsior plants are reported in tons.

- 09 - 5,000 tons or over
- 10 - 1,000 to 4,999 tons
- 11 - 500 to 999 tons
- 12 - 0 to 499 tons

Plywood and veneer plants are reported in square feet.

- 13 - 0 to 40,000,000 square feet
- 14 - 40,000,000 square feet and over

Additions Or Corrections

The information for each plant has been coded on computer cards and this file will be updated and corrected as new information is received. Computer printouts of the up-to-date information will be available for each county at the VPI&SU Extension office and complete listings for the state will be maintained in the Extension Forestry and Wildlife Office, Extension Division at Virginia Polytechnic Institute and State University, Blacksburg, Virginia, and in the District Offices and Headquarters of the Virginia Division of Forestry, Charlottesville, Virginia.

PRODUCTS PURCHASED - This section identifies the type of product purchased as raw material for the plants operation. R LUMBER is rough lumber and D LUMBER is dressed lumber.

PRODUCTS SOLD - Lists the major products manufactured by the plant.

AN. PROD. - This section provides information on the volume of material produced or consumed by the operation per year. The coding used is:

Box or container plants, flooring plants, furniture plants, handle plants, homes and components, millwork plants, pallet plants, planing mills, concentration yards (also reported in cubic feet - see below), sawmills, stave mills, and miscellaneous plants are reported in board feet.

- 01 - 2,000,000 board feet or over
- 02 - 1,000,000 to 1,999,999 board feet
- 03 - 500,000 to 999,999 board feet
- 04 - 100,000 to 499,000 board feet
- 05 - 0 to 99,999 board feet

The letters C or DC in the annual production column denotes the use of a chipper or debarker and chipper, respectively, at the mill. Wood-treating plants and some concentration yards are reported in cubic feet.

- 06 - 1,000,000 cubic feet or over
- 07 - 500,000 to 999,999 cubic feet
- 08 - 0 to 499,999 cubic feet
