

# Transfer Entropy Analysis of the Interactions of Flying Bats

Nicholas B. Orange

Thesis submitted to the Faculty of the  
Virginia Polytechnic Institute and State University  
in partial fulfillment of the requirements for the degree of

Master of Science  
in  
Engineering Mechanics

Nicole Abaid, Chair  
James Hanna  
Shane Ross  
Rolf Müller

May 4, 2015  
Blacksburg, Virginia

Keywords: Transfer Entropy, Animal Behavior, 3D Tracking  
Copyright 2015, Nicholas B. Orange

## Copyright Release

I, Nicholas Orange, as the author of the thesis, grant Virginia Tech the right to display or copy part or all of the thesis, in all forms of media, for use within Virginia Tech, and to make available the thesis to other persons or organizations being either educational or industrial, for reference purposes or for other legitimate educational purposes.

A handwritten signature in black ink that reads "Nick Orange". The signature is written in a cursive, flowing style.
