# Annual Report Executive Summary, 2006-07

## Department of Psychology

### **Learning: Undergraduate**

- We continued to offer a range of courses to serve our 900+ majors, along with seven Area 3 core courses serving the broader university.
- More than 130 undergraduates were enrolled in field study and undergraduate research credits and participated in community and research opportunities.
- Tamer Desouky, a graduating senior, was named the 2007 Outstanding Psychology Senior.
- Six psychology majors received 2007 Research Awards: Tamer Desouky, Corey Detrick, Christina Goodwin, Michelle Patriquin, Sara Williams, and Heather Wright.
- Ryan Clark and Kecia Foster received Department Awards for Outstanding Service.
- Roseanne Foti received the Society of Industrial and Organizational Psychology (SIOP) Distinguished Teaching Award
- David Harrison received the Alumni Students' Choice for "Favorite Professor Award" sponsored by the Student Alumni Association at Virginia Tech
- Kurt Hoffman was awarded a Certificate of Teaching Excellence and was inducted into the University Academy of Teaching Excellence

### **Learning: Graduate**

- The Clinical, Industrial/Organizational, and Developmental and Biological Psychology doctoral programs had 76 graduate students.
- Sixteen new graduate students accepted admission offers for August 2007. They had impressive qualifications (Median GPA=3.7, GRE-V=585, GRE-Q=630).
- Seven students received the M.S. and ten students received the Ph.D during 2006-07.
- Six students received clinical internships at highly selective research institutions.
- Five graduate students received GRDP Research Awards, ranging from \$150–\$375.
- Michael Knepp received the College of Science Roundtable Scholarship for Graduate Study, \$1000
- Philip Lehman received the Graduate Teaching Assistant Excellence Award for 2006-2007.

### **Discovery**

- The faculty and graduate students were authors on 46 peer-reviewed journal articles published in 2006 with another 49 articles in press at the end of the 2006.
- They also published 24 book chapters with another 36 chapters in press and were authors on numerous other published abstracts, technical reports, and brief research reports.
- Nine faculty had active grants or contracts during FY07 with over \$2.7 million in research awards.
- Two research faculty were supported on grants and two postdoctoral associates joined the faculty in 2006-07.
- The Department sponsored or co-sponsored 16 colloquia and workshops given by national and international scholars.
- Matthew Fritz was successfully recruited as an Assistant Professor with a specialty in developmental methodology to begin in 2007-08.

### **Engagement**

- Russell Jones was nominated for a University Outreach Award for his work in the aftermath of Hurricane Katrina.
- Ryan Clark and Kecia Foster, undergraduate psychology majors, received Department awards for outstanding service for their many hours of volunteer work with various local and national agencies.
- The Psychological Services Center and Child Study Center provided psychological services to over 100 local community residents.
- Faculty were editors or associate editors of 11 peer-reviewed journals and were on editorial boards of 16 other journals.

### **Diversity**

- Four faculty were involved in AdvanceVT workshops or programs designed to foster and support women in academic positions.
- At least nine faculty are actively involved in McNair, MAOP, and VTPREP programs to promote the recruitment and success of minority students at both the graduate and undergraduate levels.
- The Department supports a chapter of the Association of Black Psychologists.
- Two faculty traveled to predominantly black universities or professional association meetings to give talks promoting our graduate programs.
- Three faculty sit on College of Science or University Committees promoting diversity in the students and faculty.
- Successfully recruited five new graduate students for 2007-08 from underrepresented racial and ethnic groups.

### **Goals for 2007-08**

- Improve the consistency of undergraduate education by restructuring the faculty and graduate student teaching responsibilities for 4000-level lectures and laboratory classes.
- Improve graduate student core training in research methods and statistics by expanding our research methods class to two semesters.
- Increase grant submissions and research productivity through selected faculty participation in grant writing workshops and teaching load reductions.
- Continue active outreach and efforts to increase diversity in all areas of the Department.

## **UNDERGRADUATE STUDENT AWARDS**

### **2007 OUTSTANDING PSYCHOLOGY SENIOR**

Tamer Desouky

Tamer holds a 3.9 GPA in his major and is a member of four honor societies. He demonstrated leadership and community service via his work with the Muslim Student Association. Tamer was also an active member of five different research teams in Psychology and conducted two separate studies independently. He has presented his work at national and regional conferences.

### **2007 UNDERGRADUATE RESEARCH AWARDS**

Tamer Desouky

Tamer completed a study with Dr. Martha Ann Bell comparing the effectiveness of study techniques that involve procedural or declarative memory.

Corey Detrick

Corey conducted a variety of studies with Dr. Scott Geller focusing on driver safety, and attitudes of medical students towards service to the community.

Christina Goodwin

Christina conducted a variety of studies with Dr. Scott Geller examining driver safety, identity theft prevention, and factors affecting alcohol consumption among college students.

Michelle Patriquin

Michelle developed and completed a project with Dr. Angela Scarpa and Dr. Bruce Friedman investigating the effects of internet use on mood and heart rate.

Sara Williams

Sara completed an honors thesis with Dr. Jungmeen Kim examining childhood maltreatment and other risk factors for substance abuse in teens.

Heather Wright

Heather worked in Dr. Thomas Ollendick's lab assisting on a number of projects investigating cognition, emotion, and behavior in clinic-referred children.

**2007 AWARD FOR OUTSTANDING SERVICE**Kecia Foster

Kecia was actively involved in Psi Chi, the Psychology Honor Society serving as the Philanthropy Chair. She was also a long-time volunteer and manager at the Raft Crisis Hotline and, in the past year, she devoted over 600 hours of her time to the Cornerstone Housing Program of the Women's Resource Center, working with children of domestic violence.

### GRADUATE PROGRAM (AREA) DIRECTORS

Richard A. Winett, Director, Clinical Psychology Graduate Program  
 Roseanne J. Foti, Director, Industrial/Organizational Graduate Program  
 Robin Panneton, Director, Developmental and Biological Psychology Graduate Program

### CENTER DIRECTORS

Center for Applied Behavior Systems: E. Scott Geller  
 Center for Research in Health Behavior: Richard A. Winett  
 Child Study Center: Thomas H. Ollendick  
 Psychological Services Center: Lee D. Cooper

### ASSOCIATED FACULTY

Faculty who received their doctorate in Psychology and hold rank in other departments on campus are recognized by our department. In addition to their respective departments, the following faculty carry the title of the Department of Psychology:

David C. Brinberg (Marketing)  
 Kevin D. Carlson (Management)  
 Bradley H. Klein (Biomedical Sciences and Pathobiology)  
 Robert S. Schulman (Statistics)  
 Tonya Smith-Jackson (Industrial and Systems Engineering)  
 Deborah Tatar (Computer Science)  
 James B. Weaver, III (Communication)  
 Robert C. Williges (Industrial and Systems Engineering)

### ADJUNCT FACULTY

Psychologists who are associated with the Department of Psychology through teaching, research, or outreach activities hold adjunct appointments. The following faculty hold adjunct appointments:

Bruce V. Corsino, Adjunct Associate Professor  
 W. David Crews, Jr., Adjunct Assistant Professor  
 Roy H. Crouse, Adjunct Assistant Professor  
 Sigrid B. Gustafson, Adjunct Associate Professor  
 A. David Hamilton, Adjunct Assistant Professor  
 James Horton, Adjunct Associate Professor  
 Cynthia A. Lease, Adjunct Assistant Professor  
 Robert Lickliter, Adjunct Professor  
 Richard W. Seidel, Adjunct Assistant Professor  
 Douglas R. Southard, Adjunct Associate Professor

### INTER-AREA FACULTY

Over the past few years, faculty members have indicated an interest in working with students and faculty in programs other than their own. In fact, several faculty members have directed theses and dissertations of students in areas outside of their own. Such interactions are encouraged and interested faculty members should consult with the appropriate Area Director.

### FIVE-YEAR REVIEW COMMITTEE

The Five-year Review Committee was scheduled to conduct the internal portion of the department's five-year review during 2001-02. However, due to restructuring and changes in the Dean's Office, the review committee was not charged and did not begin the review process. The College of Science will address departmental reviews and schedule the next Psychology review. The internal committee includes three faculty members from the department and two from other departments. The internal committee is appointed by the Dean of the College of Science, with input from the department chair. Their responsibility is to follow college procedures for conducting a departmental review. The internal review committee will also assist in identifying external reviewers, who will be invited by the Dean to conduct the external review of the department when the review is scheduled. The Dean will charge both committees and will receive the written reports. The committee in 2001-02 was: George A. Clum, Chair; Martha Ann Bell; John Donovan; Fred Piercy, Department of Human Development; and a Graduate School representative who was not appointed.

### DEPARTMENTAL EXECUTIVE COMMITTEE

Robert S. Stephens, Chair  
 Martha Ann Bell, Elected Representative  
 George A. Clum, Elected Representative  
 Roseanne J. Foti, Elected Representative  
 Kirby Deater-Deckard, Director of Graduate Programs  
 Kurt A. Hoffman, Director of Undergraduate Studies  
 Richard A. Winett, Associate Department Chair

This committee will serve to advise the Chair in matters regarding the goals and objectives of the department. The committee will consist of six or more persons, including the Chair of the Department who will chair the committee, and the Associate Department Chair, who will serve ex officio and will assume the Committee Chair when the Department Chair is absent. The other members will be the Director of Graduate Programs, the Director of Undergraduate Studies, and representatives elected by the faculty. Note: For graduate program representation, the top vote-getter from each graduate program will be appointed. During fall 2004, faculty members voted that elected Executive Committee members will serve a two-year term, and the term will be based on calendar years. Elections were last held in December 2006 for the calendar years 2007 and 2008. The next election will be for a term that begins in January 2009.

### PERSONNEL COMMITTEE

Martha Ann Bell  
 George A. Clum  
 Roseanne J. Foti  
 E. Scott Geller  
 Angela Scarpa  
 Richard A. Winett

The 2005-06 Departmental Personnel Committee conducts the departmental review for promotion and tenure in accordance with the procedures described in the Faculty Handbook, which indicates that the departmental committee shall consist of the Department Chair and an appropriate faculty representation. For purposes of tenure recommendations, the Personnel Committee in the Department of Psychology shall consist of the Department Chair plus six other tenured faculty members; three elected by the full-time faculty and three appointed by the Department Chair after the election. Additional members may be appointed by the Department Chair to represent specialty areas for any year in which promotion or tenure is being considered. The committee composition will be announced in a manner which disregards the elected or appointed status of its membership. Based on faculty discussion and vote, and, consistent with the College of Sciences' Promotion and Tenure Committee, the "peel-off-by-rank" system will no longer

be used for promotion to Professor. The Department Chair and the Personnel Committee may choose to meet with Professors to discuss promotion considerations for candidates being considered for promotion to Professor.

The Departmental Personnel Committee shall be responsible for making recommendations for any new faculty appointments that will involve an entering tenure appointment and/or rank above assistant professor. The Departmental Personnel Committee will also be responsible for providing the Department Chair with an assessment of the degree to which the committee feels that each faculty member (below the rank of Professor) is progressing satisfactorily within rank. This is not to be confused with the assessment that the Annual Review Committee makes of the annual Faculty Activities Reports by the faculty. The former involves a review of the entire career of a faculty member, while the latter is an assessment of the productivity for one year. Both assessments will be shared with the faculty member at the time that the Department Chair provides the annual performance evaluation. The PROMOTE process was implemented by the Personnel Committee during 1998-99, and will be continued during the current academic year. The PROMOTE process is available in a separate document. The Personnel Committee also serves as the department's Post-tenure Review Committee, should a post-tenure review be required consistent with department and university policy.

During fall 2004, faculty members voted that Personnel Committee members will serve a two-year term, and the term will be based on calendar years. The last elections were held in December 2006 for the calendar years 2007 and 2008. The next election will be for a term that begins in January 2009.

#### ANNUAL REVIEW COMMITTEE

Kirby Deater-Deckard  
Russell T. Jones  
Thomas H. Ollendick

The Department established the Annual Review Committee during spring 1998. Three full professors are elected to review the FARs of all faculty members and provide comments and ratings. These ratings and comments are advisory comments to the Department Chair, who will convey the information along with the Department Chair's rating and comments. Only the Department Chair's ratings and comments will be forwarded to the Dean for the annual review. Because the Personnel Committee serves as the Department's PTR Committee, full professors who are members of the Personnel Committee may not serve on the Annual Review Committee. The election plan approved at the Spring 1998 faculty meeting was to alternate the highest ranked full professors across the Annual Evaluation Committee and Personnel Committee. This plan was followed in constituting this year's committees.

During fall 2004, faculty members voted that Personnel Committee members will serve a two-year term, and the term will be based on calendar years. The last elections were held in December 2006 for the calendar years 2007 and 2008. The next election will be for a term that begins in January 2009.

#### DIRECTOR OF GRADUATE PROGRAMS

Kirby Deater-Deckard

Dr. Deater-Deckard will be responsible for coordinating the graduate programs so that there is uniformity with regard to the meeting of University and Department requirements. In this capacity, he will serve as Chair of the Graduate Admissions and Support Committee and also as Chair of the Core Curriculum Committee.

### CORE CURRICULUM COMMITTEE

Kirby Deater-Deckard, Chair  
 Danny K. Axsom  
 Robin Panneton  
 David W. Harrison  
 Neil M. A. Hauenstein

This committee is composed of faculty who teach one of the courses in the former graduate Core Curriculum. During the Department's transition to a breadth requirement the committee will continue to meet as an advisory group to the Director of Graduate Programs and Department Chair. Their functions will be to assure that the goals of the core and breadth requirements are achieved. The committee will also consider proposals for new graduate courses (both within and outside of the core curriculum). It will be required to meet a minimum of at least once each semester and will work closely with the Director of Graduate Programs.

### GRADUATE ADMISSIONS AND SUPPORT COMMITTEE

Kirby Deater-Deckard, Chair  
 Roseanne Foti, Director of Industrial/Organizational Psychology  
 Robin Panneton, Director of Developmental and Biological Psychology  
 Richard Winett, Director of Clinical Psychology

The Graduate Admissions and Support Committee consists of the Director of Graduate Programs and the Directors of each of the doctoral programs in psychology. It is their responsibility to insure that only those applicants who meet the high standards of this department are admitted. This committee also will coordinate offers of graduate assistantships to incoming students. The graduate admissions procedure will be as follows:

1. As applications are received from the Graduate School, they will be logged into a data-based computer file and will be placed in a separate folder kept in a central location.
2. It will be the responsibility of each area representative to insure that the folders for each area are available to the faculty and are not misplaced.
3. Program faculty will rate the appropriateness of each applicant and the Director of each program will submit requests to admit candidates to the Director of Graduate Programs based on the ratings.
4. The Director of Graduate Programs will make a recommendation regarding admission to the Department Chair.

### GRADUATE STUDENT COMMITTEE FOR LIAISON WITH THE DIRECTOR OF GRADUATE PROGRAMS

To be elected, Developmental and Biological Psychology  
 To be elected, Industrial/Organizational  
 To be elected, Clinical

It is the responsibility of this Committee to provide a formal, effective, and meaningful vehicle for graduate student input. The Committee will consist of three representatives who are elected by the graduate students. (Additional students may be elected by the graduate student body, if so desired.) The representatives will meet regularly with the Director of Graduate Programs in an attempt to identify and work toward solutions of issues which are of legitimate concern to the Department's graduate student body. These elected students will also serve as representatives to the Graduate Student Assembly, with only two of the three (to be determined by the three representatives for any given GSA meeting) having voting privileges for GSA votes.

DIRECTOR OF UNDERGRADUATE STUDIES

Kurt A. Hoffman

The Director of Undergraduate Studies will be responsible for the conduct of activities related to the undergraduate program and will be the chair of the Undergraduate Activities Committee. The position of Director of Undergraduate Studies is a two-year term.

UNDERGRADUATE ACTIVITIES COMMITTEE

Kurt A. Hoffman, Director of Undergraduate Studies  
 Danny K. Axsom, Honors Program  
 Bruce H. Friedman, Psi Chi/Psychology Club  
 Robert J. Harvey, Faculty Representative  
 President of Psychology Club/Psi Chi (ad hoc)  
 Cindy Koziol, Academic Advisor (ad hoc)

The Undergraduate Activities Committee is responsible for the activities of undergraduate majors, honors, research, field work, and independent study. They will also assist as necessary with planning and approvals for Psychology 2974, 2994, 4964, 4974, 4994, and will serve as the Undergraduate Curriculum committee for new and revised undergraduate course proposals. Faculty members on this committee will seek input from the President of the Psychology Club/Psi Chi and Cindy Koziol as needed.

ACADEMIC ADVISING OFFICE

Cindy Koziol, Academic Advisor  
 Kurt A. Hoffman, Director of Undergraduate Studies

This office is supervised by the Director of Undergraduate Studies and is maintained on a 40 hr. per week basis. While the main function of the Academic Advising Office is to assist in undergraduate advising, it may be called upon to complete a variety of undergraduate functions.

COMMITTEE ON DIVERSITY

Thomas H. Ollendick, Chair  
 Joseph Germana  
 Russell T. Jones  
 Julie Dunsmore

The Committee on Diversity will be involved in the recruiting and retention of minority undergraduate and graduate students. It will also assist faculty search committees in the recruitment of minority faculty. When charged by the College of Science or the University, the Committee on Diversity will review the department's diversity plan and oversee its updating, revision, and implementation.

COMMITTEE FOR TEACHING EXCELLENCE

Robin Panneton, Chair  
 Roseanne J. Foti  
 E. Scott Geller  
 Joseph Germana  
 David W. Harrison

The Committee for Teaching Excellence is responsible for the coordination of materials that relate to teaching effectiveness. It will nominate faculty and graduate students for college, university, and state awards and will implement the departmental peer review and evaluation of faculty teaching.

### DEPARTMENTAL ETHICS COMMITTEE

Thomas H. Ollendick, Chair  
 Susan M. Anderson  
 Martha Ann Bell  
 David W. Harrison

The Departmental Ethics Committee was formed during the Spring Semester of 1993. The purpose of this committee is to receive complaints/concerns from faculty, staff, graduate student and undergraduates regarding possible cases of unprofessional behavior. This committee may also be required to develop and disseminate educational information regarding professional ethics. The members of this committee shall serve in a purely advisory capacity with no investigative or decision-making power or function.

This committee is composed of at least three tenured faculty and one member of the classified staff. At least one member shall be a full professor.

### HUMAN SUBJECTS COMMITTEE

David W. Harrison, Chair  
 Danny K. Axsom  
 E. Scott Geller  
 Robert J. Harvey  
 Gayle Kennedy, Staff Liaison

The responsibilities of the Human Subjects Committee fall under the major categories: (a) concern with rights of subjects participating in research, including but not limited to matters of confidentiality and informed consent; and (b) approval of studies that will draw on the departmental subject pool for research. This committee will serve as liaison to the University Institutional Review Board and will conduct the appropriate experimental reviews in accordance with University and professional standards. Review by the department Human Subjects Committee is the first step in receiving IRB approval; all proposals must be forwarded for approval to the University IRB. IRB submission packets should be completed and submitted to Gayle Kennedy, who keeps a log of submissions for Dr. Harrison.

### COLLOQUIUM COMMITTEE

Robin Panneton  
 Neil Hauenstein  
 Richard A. Winett

The responsibility of coordinating colloquium series speakers resides with the Colloquium Committee. Each area will propose speakers to be invited and will consult with the Department Chair for scheduling and financial arrangements.

### HONORIFICS COMMITTEE

George A. Clum, Chair  
 Martha Ann Bell  
 Russell T. Jones  
 Thomas H. Ollendick

This committee will recommend and prepare dossiers for honors and awards that pertain to the faculty. Awards for excellence in teaching will not be considered by this committee but rather by the Committee for Teaching Excellence.

DEPARTMENTAL REPRESENTATIVE TO THE LIBRARY

Kurt A. Hoffman

WILLIAMS 203

Ben Pfountz

Ben Pfountz will be responsible for maintaining the operations of the computer laboratory in Williams 203. Guided by departmental policies related to priorities, Pfountz will schedule the use of the room and evaluate the knowledge and skills of all person(s) wishing to use the computer equipment in Williams 203. The top priority for use of the equipment is the teaching of undergraduate and graduate classes. The second priority is the facilitation of masters and dissertation research for students who wish to collect group data via computer interaction.

NEUROSCIENCE INITIATIVE

Martha Ann Bell  
Bruce H. Friedman

The Neuroscience Initiative is one of the five initiatives of the Institute for Biomedical and Public Health Sciences (IBPHS) and involves collaborative efforts of faculty members in the College of Science, College of Veterinary Medicine, and College of Agriculture and Life Sciences.

PUBLIC AFFAIRS REPRESENTATIVE

Susan Anderson

COMPUTER SUPPORT (PSYCHELP)

Kim Raymond, Coordinator  
Ben Pfountz, Systems Analyst

The Coordinator of Computer Support will coordinate support for faculty and graduate students for all departmental equipment and software. Furthermore, computer support will be provided to undergraduate students who use departmental webpages and course-related computer technology. E-mail messages requesting help with problems or training should be sent to psychelp@vt.edu to enter a request into the job list. Ben Pfountz, Systems Analyst, will provide management of computer purchasing and support, supervision of webpage development, and development/maintenance of information security systems.
