Dear Dr. Tanim,

I am a PhD student at ECE department in Virginia tech. I request a copyright permission to use Figure 10 from your paper entitled "Global Spectrum Observatory Network Setup and Initial Findings" in my thesis.

You cooperation is much appreciated.

-Mohamed

Hello Mohamed,

You have my permission to re-use the Figure 10 from that paper in your thesis, with the condition that you properly reference the paper, and the research done at IIT and Turku university.

For your use, I have attached a higher resolution version of that image.

Good luck on your PhD!

Regards,
