Dear Zachary Yokley,

Thank you for providing confirmation that you have received the consent of the authors to reproduce content from AAS journals.

I am happy to confirm that permission is granted and you need take no further action.

Please include the following alongside the material:

- o the source of the material, including author, article title, title of journal, volume number, issue number (if relevant), page range (or first page if this is the only information available) and date of first publication. This material can be contained in a footnote or reference.
- o for material being published electronically, a link back to the article (via DOI)
- o if practical and IN ALL CASES for works published under any of the Creative Commons licences the words "© AAS. Reproduced with permission".

If you have any questions, please feel free to contact our Permissions team at this address.

Kind regards,

Kathryn Shaw

Subject: Copyright permission for Astrophys. J., vol 555, pp990-1012, 2001.

To whom it may concern,

I have contacted Prof. Marc Pinsonneault for permission to reproduce Fig. 8 from

- J. N. Bahcall, M. H. Pinsonneault, and S. Basu, "Solar models: Current epoch and time dependences, neutrinos, and helioseismological properties," *Astrophys. J.*, vol. 555, pp. 990–1012, 2001.

for my dissertation "Solar and Sterile Neutrino Physics with the Raghavan Optical Lattice." The figure will appear in a discussion on solar neutrinos. Please find attached a copy of our correspondence.

Sincerely,

Zach Yokley
