Dear Zach Yokley and Virginia Tech

I give permission to Zach Yokley to use my original figures from my Virginia Tech Dissertation:

"Science and Technology of a Low-Energy Solar Neutrino Spectrometer (LENS) And Development of the MiniLENS Underground Prototype" by Steven Derek Rountree

with proper acknowledgement "is take from [Reference] with permission"

Hi Derek,

Could you change "figures" to "figures and tables", since I would like to use a couple of tables from your dissertation as well.

Thanks
