Copyright Release

I, Jiaqing Yi, as the author of the dissertation, grant Virginia Tech the right to display or copy part or all of the dissertation, in all forms of media, for use within Virginia Tech, and to make available the dissertation to other persons or organizations being either educational or industrial, for reference purposes or for other legitimate education purpose.

Chapters 2 and 3 have been published in Behavioural Brain Research (Yi J, Gilbert ER, Siegel PB, Cline MA. Fed and fasted chicks from lines divergently selected for low or high body weight have differential hypothalamic appetite-associated factor mRNA expression profiles. Behav Brain Res. 2015;286:58-63) and Journal of Neuroendocrinology (Yi J, Delp MS, Gilbert ER, Siegel PB, Cline MA. Anorexia is associated with stress-dependent orexigenic responses to exogenous neuropeptide Y. J Neuroendocrinol. 2016: 10.1111/jne.12378), respectively.
