Dear Prof. Viswanath Ravi:

It is our pleasure to grant you permission **to use all or any part of** the ASME paper "Film Cooling Performance of Tripod Holes on the Endwall Upstream of a First Stage Nozzle Guide Vane," by Bharath Viswanath Ravi, Samruddhi Deshpande, Sridharan Ramesh, Prethive Dhilip Dhilipkumar and Srinath Ekkad, Paper No. IMECE2015-53133, cited in your letter for inclusion in a thesis entitled Heat Transfer Performance Improvement Technologies for Hot Gas Path Components in Gas Turines to be published by Virginia Polytechnic Institute & State Univ.

Permission is granted for the specific use as stated herein and does not permit further use of the materials without proper authorization. Proper attribution must be made to the author(s) of the materials. **Please note:** if any or all of the figures and/or Tables are of another source, permission should be granted from that outside source or include the reference of the original source. ASME does not grant permission for outside source material that may be referenced in the ASME works.

As is customary, we request that you ensure full acknowledgment of this material, the author(s), source and ASME as original publisher. Acknowledgment must be retained on all pages printed and distributed.

Many thanks for your interest in ASME publications.

Sincerely,

Beth Darchi
