Subject: RE: Permission to use the Four Study Phases of an IND table

Mr. Wolfgang,

You have my permission to use the referenced table from my thesis document for the purpose you have described below.

Kind regards,

Darlene Martin

Subject: Permission to use the Four Study Phases of an IND table

Ms. Martin,

As discussed, I would like to use your "Four Study Phases of an IND" table in my research dissertation "A Systems Approach to Understanding the History of U.S. Pediatric Biologic Drug Research and Labeling" from your master's thesis titled "A Comparison of the Food and Drug Regulations That Provide the Framework for How Probiotics are Regulated in the United States". I will use this table to help describe the four phases of clinical trials for drug development. Is this permissible?

Thank you,

Edward Wolfgang
