Dear Elsa,

Thank you for your request. Permission is granted to use material from your accepted article provided that the attribution indicates that this material is pending publication.

Please let me know if you have any further questions.

Best wishes,

Paulette Goldweber

Subject: FW: Permission to print manuscript in thesis

Hi Paulette,

A Wiley author needs permission to use an accepted article in her Master's thesis, and can't use the RightsLink system because her article hasn't been published yet. Can you help her to obtain permission, or forward to someone who could? More details in the email chain below.

Thanks,

Julianne Hopkins
