Joe,

I am writing to ask for formal permission to use two of your images in my PhD dissertation. One is a picture you took of THOR, and the second is a rendering of the THOR SEA. I've attached both of them in this email.

I would just need a simple email reply stating that I may "use the image with permission".

Thanks,

Good afternoon Viktor

You are absolutely welcome to use both images in your dissertation with permission.

It's been awesome to see the YouTube videos of THOR walking. I know I've said it before, but you guys have done some incredible work... wish I could be there to see it in person.

Good luck with your dissertation! Let me know if there's anything else I can do to help!

Merry Christmas (well, early Christmas) Viktor!

Joe

Dr. Pratt,

I am a PhD student at Virginia Tech in the TREC Lab, and I am writing to ask for formal permission to use an image from one of your papers in my PhD dissertation.

The specific image is from Figure 6 of your "Design of a Bipedal Walking Robot", which is a picture of your linear SEA for M2V2. I have attached a copy of that paper.

I would just need a simple email reply stating that I may "use the image with permission".

Best regards,

Viktor,

Yes. Permission granted to use that image, or any other image in that paper or any of my other papers for your PhD Thesis. Good luck.

If you remember, could you send me a pdf of your thesis once it is finished.

Thanks,

- Jerry
